EARLY RISING AND PRAYER.

BERNARD BARTON.

1

When first thy opening eyes receive
The glorious light of day,
Give thy awakening spirit leave
To be as blest as they.

2

Our outward organs well may teach
Its duty to the soul; [speech
And thoughts ascend, that need not
Unto their heavenly goal.

3

For hearts, whose love to God is true,
Should open with the day: [dew,
As flowers impearl'd with morning
Their tenderest tints display.

4

Give God thy waking thoughts, that He,
Throughout the day, may keep
Thy spirit company, and be
Its guardian while asleep.

5

Yet sleep *not* when the sun has risen,
For Prayer with day should rise; [on,
And holiest thoughts, set free from pris-
Should soar above the skies.

6

There are appointed hours between
Our souls and Love Divine;
Nothing of Earth should intervene,
To mar their blest design.

7

The manna's heavenly charm was gone
With morning's stainless dew; [and
And flowers on which the sun has shone,
Their sweetest perfume lose !

8

Then let not needless slumber glut
Morn's glories by its sin; [shut,
When this world's gates are closest
Heaven's open :—Enter in !

9

Walk out beneath the roseate skies,
Eye, ear, and heart awake;
Liet to the melodies that rise
From tree, from bush, and brake.

10

Each flutt'ring leaf, each murm'ring
The great I AM doth own; [spring,
To Him the soaring sky-larks sing,
In music's sweetest tone.

11

Can'st *thou* not sing? Oh! leave thy cares
And follies; go thy way ! [ers,
And morning's praises, morning's pray-
Go with thee through the day !

12

Serve God *before* the world below;
Nor suffer, unimplored,
That blessing from thy path to go,
He only can afford.

13

This done, to Him resign thy will,
Who never will forsake,
Those who, like Jacob, wrestle still,
As day begins to break.

14

Weep for thy sins,—to Him apply
Who can those sins forgive;
But know that self and pride must die,
Before thy soul can live.

15

Mornings are emblems, shadowing
Unto the spirit's eye. [forth,
Man's resurrection, and the birth
Of hopes that cannot die.

16

The glorious star which speaks them
Like that of Bethlehem, [near,
Is life and light !— its rise more dear,
Than crown or diadem.

17

But when the morning's prime is past,
And worldly cares are rife,
May thy soul's harmony outlast,
The daily din of life !

18

Keep well thy temper;—mingle not
With aught that thou shalt find,
Which may its lingering brightness
Or chase it from thy mind. [blot,

19

Despatch whatever *must* be done;
Life hath a load to bear,
Which *may be borne*; a path to run,
Beset with many a care.

20

Keep such *without*; and let thy heart
Be still thy God's alone;
And He, thy spirit's better part,
Shall *bless* thee as *His own*.

CHRONICLE OF EVENTS IN 1873.

EUROPE.

THIS has been a year of royal congratulations in Europe. The Emperor of Germany returned the recent visit of the Czar to Berlin, by going to St. Petersburg on April 27; and in October he visited the Vienna Exhibition and his brother of Austria. In the middle of the year the SHAH OF PERSIA did the grand tour; and the King of Italy also visited Austria and Prussia during September. The object of these visits is believed to be the promotion of a friendly understanding calculated to establish enduring peace in Europe; and to make the Ultramontane party perceive that Eastern Europe is banded against them.

Recent events having placed Germany in the first position in Europe, we commence our Summary by recording the great event of that country, which was the unveiling of the monument of Victory, on the Koenig's Platz, Berlin, on the anniversary of the battle of Sedan (Sept 2). The heroic old king was present, with the field-marshal and generals engaged in the late war, and was welcomed with hearty good-will. Prince BISMARCK was, however, the lion of the day. The author of Germany's unity and the champion of her state rights, received the thanks of a grateful nation, at the crowning ceremony of his great work. Shortly before (in June) Prince BISMARCK had given offence to his Government by a new Army Bill and a Press Bill, neither of which would be even listened to by the Parliament. He accordingly retired from the Cabinet; but towards the end of the year was re-appointed Prime Minister.

The largest International Exhibition that the world has yet seen was opened at Vienna on May 1, and by the employment of 30,000 workmen, nearly everything was in place by the appointed day. Scarcely had the Exhibition opened than a financial panic fell upon Austria. The Bank Act had to be suspended, and general bankruptcy seemed imminent. This time, however, the crash was confined to private establishments; but the effects were very disastrous.

The year had scarcely commenced before he who so recently was the foremost man in France and in Europe, was laid to rest in an exile's grave. NAPOLEON III., after enduring much torture, submitted to the operation of lithotripsy, from the exhaustion consequent upon which he died on January 9. On January 14 he lay in state and was visited by thousands of people prompted by the kindest sympathy. On Wednesday the 15th he was buried, and was followed to the little chapel of St. Mary's, Chiselhurst, where he now reposes, by nearly 3,000 Frenchmen in all ranks of life, and upwards of 30,000 English friends. Soon after M. THIERS commenced the session in the French Assembly with a bolder and more republican speech than he had ever before ventured on. He found, however, that he had miscalculated, and had to explain his speech into something much milder than its obvious import. M. THIERS thought the time had come for settling more definitely the form of government; and proposed to bring in a Bill which would have made France a republic of an exceedingly conservative type. The Monarchical party were determined to thwart this, and at last succeeded. On May 24—the anniversary of the day on which the Commune was subdued by M. THIERS—the Assembly carried a vote of censure against the Government by a majority of 16 (360 against 344) and M. THIERS resigned. The Royalist

party, under Marshal MACMAHON and the Duke of BROGLIE, then came to the front, and a restoration of the Monarchy seemed inevitable. The Duke of CHAMBORD was, apparently, willing to grant all that could reasonably be asked of him. At length he had the wisdom to see that the country was against him, and by his famous letter of October 27th made his acceptance by France impossible. After some vacillation the Assembly ultimately decided to preserve the existing state of things, and by a majority of 66 conferred the executive power on Marshal MACMAHON for a term of seven years.

Three years from the time of entering France the German army finally departed, and with the exception of the ceded districts, France regained possession of her soil on September 16, having paid the whole of the indemnity 18 months before it became due. Only a few days after, on October 6, the trial of Marshal BAZAINE began. This promises to be a formidable affair, and to throw much light on French politics, and military discipline. With 6,000 officers and 170,000 men under his command it is thought that the Marshal ought to have done much more at Metz than he accomplished.

Having long attempted to govern Spain in a constitutional manner, even at the risk of his life, King AMADEUS at length found the task impossible, and, refusing to employ force to maintain his authority, he chose the nobler course of resigning the crown. On Feb. 11 the Spanish people sank to the lowest depths of degradation when the young and high-spirited king of their choice resigned his power into the hands of the Cortes, because the people would not conduct themselves like men. Eager to assume a responsibility the burden of which they could not comprehend, the Cortes immediately declared Spain a republic by a vote of 236 to 32. In a few days King AMADEUS was conducted to the frontier by a guard of honour, and must have felt truly thankful to be quit of his disagreeable task. Upon the declaration of the republic society in Spain rapidly dissolved into elements. After a few sickly attempts at administration a final blow was given to nationality by the abolition of all supreme authority, by the declaration of what is called a Federal Republic on June 7. One of the first acts of PI Y MARGALL, chief of the Federalists, was to demand from the Cortes necessary power for maintaining order: the Republicans themselves finding that order takes precedence of freedom. The PI Y MARGALL administration lasted only three weeks. The cabinet was then again reconstructed, the progress of anarchy in the meantime being rapid and uninterrupted. At Alcoy the agents of the International organized an insurrection, which was conducted with more than Spanish ferocity. A body of rebels also under General CONTRERAS seized the town of Carthagená in July. Barcelona began to assert its independence, indeed one town after another rose in insurrection, not so much against the Government and the Cortes, as against any constituted authority. The Carlists meanwhile established themselves firmly in the north, and the rapid disintegration of the rest of the country made it impossible for those endeavouring to administer affairs at Madrid to offer any serious resistance to the royal pretender. Upon the downfall of PI Y MARGALL the out-and-out republican Castelar assumed office. His government promises a really great national effort to put down Carlists on the one hand, and the dismemberment of the country on the other.

HOME—POLITICAL.

The question that was to seal the fate of the GLADSTONE ministry came on for discussion on March 3, in the shape of a project for the improvement of education in Ireland, called the Irish University Bill. The object to be achieved was to conciliate diametrically opposed interests, and to satisfy two

parties, each of which demands that itself shall be the sole beneficiary under any scheme that may be devised. The scheme proposed by Mr. GLADSTONE had the misfortune to please nobody, so that the second reading of the Bill was negatived by a small majority of *three*, 284 being for the Bill, and 287 against it. Hereupon a singular complication arose. Mr. GLADSTONE resigned, and Mr. DISRAELI was summoned to the royal presence; but that gentleman excused himself from attempting government in the existing House of Commons. Mr. GLADSTONE was, therefore, forced to retain power with an increasing majority against him. This state of things reduced the session to a very tame affair; nothing but formal business was attempted, varied by blunders which brought the Liberal administration lower and lower in even the popular estimation. It became a year of negations more than of positive results, and bill after bill, both public and private, was proposed merely to be rejected by more or less crushing majorities. Meanwhile the growth of a Conservative feeling showed itself whenever a seat fell vacant, almost all the elections going in favour of that party. This is somewhat remarkable, as voting by ballot was specially designed to release the timid voter from the unfair influence of the upper classes; but it really seems to have relieved them from the terrorism of the lower rowdies, for the Conservative party has been gaining seats ever since the commencement of secret voting.

The budget brought no novelty except the pleasure of finding a surplus of £5,894,000, half of which was appropriated to the payment of half the Geneva award, and the rest reduced the Income tax a penny in the pound. As it left things much as they were, the great event of the year passed off with scarcely any attention.

No sooner had the House closed than the Cabinet was entirely remodelled. Mr. LOWE was removed from the Exchequer, and not wishing for another failure in that department, Mr. GLADSTONE undertook the Chancellor of the Exchequer's duties himself together with those of the Premiership. To lighten his work Mr. DOBSON was made Financial Secretary to the Treasury, and Mr. ARTHUR PEEL took the Parliamentary Secretaryship. As Mr. LOWE would be a disagreeable member out of work, he was removed to the Home Office; and Mr. BRUCE, as the reward of his incapacity, was raised to the peerage as Lord ABERDARE, and was moved from the Home Office to the Presidentship of the Council, from which office Lord RIPON retired through urgent private affairs. Mr. CHILDERS also retired; but, on the other hand, subordinate places were found for Lord F. CAVENDISH and Mr. GREVILLE. Mr. W. P. ADAM was made Chief Commissioner of Works, the office in which Mr. AYRTON had so long made himself obnoxious; and, with a touch of satire, the latter personage was created Judge Advocate General, an office recently abolished as a sinecure. Mr. AYRTON will now have no duties to perform, and only one clerk to be disagreeable to. Mr. BRIGHT again entered the Cabinet as Chancellor of the Duchy of Lancaster, the only duties connected with which are occasional presentations to forty church livings, a very inappropriate duty for a Quaker to perform. The changes leave the Cabinet more Gladstonian than ever, and it is believed that the Premier hopes to re-establish himself in the favour of the country by some masterly strokes of financial policy.

The abolition of the slave trade on the east coast of Africa is one of the events of this year which it may be hoped will tend towards good. Sir BARTLE FRERE started from England on his philanthropic mission at the end of last year, and had his first interview with the SULTAN of ZANZIBAR on January 14. Slavery was, however, too good a source of revenue for the SULTAN to care to meddle with it. His Majesty, therefore, declined to sign

any treaty for its suppression, until Admiral CUMMING took the British fleet to Zanzibar in May. The demonstration was enough. The treaty was then signed; but whether it will be honestly carried out remains to be seen. In connection with the suppression of slavery on the African coast, arose the extraordinary case that was the immediate cause of the downfall of Mr. Lowe as Chancellor of the Exchequer. It caused the greatest surprize because occurring under an economical Government. Two companies tendered to perform the postal service on the east coast of Africa, the Union Company for £15,000 a year, and the British India Company for £16,315. Afterwards fresh negotiations were entered into with the object of joining the service on the western coast in the same contract. Ultimately this idea was dropped; but in the interim the Union Steamship Company had commenced the work. Forgetful of the former offers Mr. Lowe concluded a contract, on May 8, with this Company to carry on the eastern service alone for £26,000 a year for six years. Parliament, however, got scent of the transaction, refused to ratify the contract, and the price was finally reduced to £20,000 a year. The colonial contributories to this sum, however, do not feel disposed to let the matter rest here, so that further complications are expected.

The Geneva award was paid at Washington on September 9. So ends that discreditable transaction.

War has broken out between England and his Majesty of ASHANTEE, on what grounds will not be accurately known for some time to come. It is certain to prove a much more serious affair than that of Abyssinia, for the Ashantees are a warlike and disciplined race, who have learned to despise us from former successes. In 1824 they were completely victorious, and annihilated the force we sent against them. In 1826 we gained a barren victory, being without the means of following the retreating enemy. We shall now have to fight every step we advance against an active and sturdy foe, who sets no value on life so long as his purpose is gained. The two or three boat surprizes at the beginning of the present enterprize have lowered the English in the eyes of the savages, and now the whole coast is against us. Soon after Sir GARNET WOLSELEY arrived on the Gold Coast the successful attacks he led against several villages occupied by large bodies of Ashantees dispelled all gloomy forebodings, and give promise of a speedy termination of the war.

SOCIAL.

The social topic first in interest is the forthcoming marriage of the Duke of EDINBURGH with the Grand Duchess MARIE ALEXANDROVNA of Russia. The marriage, which is one purely of affection, it is believed, will take place in January, and a vote had to be taken before the rising of Parliament. The annuity proposed and voted is an addition of £10,000 to the £15,000 a year granted when the Duke came of age, making a fitting income of £25,000 a year. Should the Grand Duchess survive him, £6,000 a year is provided for the support of her royal dignity during widowhood. It is pleasant to enter on such friendly relations with a power we have almost habitually distrusted; and although, from our Parliamentary institutions, the alliance is entirely destitute of political significance, yet it cannot fail to have its effect in removing jealousies between the two countries.

On April 19 the SHAH OF PERSIA started from Teheran on a tour he had long projected, the object of which was to gain personal knowledge of European states. Beginning with Russia he reached Moscow on May 19 with about 40 attendants, and was received with much courtesy. Reviews and entertainments were provided on a grand scale, and everything done to gratify him.

At the beginning of June the SHAH entered Prussia, and a spirit of emulation seemed to seize on the nations; for the further he advanced westwards the more demonstrative became his receptions, and only reached their culminating point in the British Isles. On the celebrated 18th of June the SHAH left Brussels, and crossed over to England, where he was met with an unusually cordial reception. The royal Princes conducted him from the coast to Buckingham Palace, where he became the guest of the Queen. The ten days spent in England were a round of entertainments. He saw a review, visited Woolwich, the House of Commons, a grand ball at Guildhall, the Italian Opera, where he was delighted with the twinkling feet of the coryphées. He also paid two visits to the Crystal Palace, a place which specially delighted him. Business was, in some little way, combined with pleasure, by taking him to the great manufacturing centres of England, and to Liverpool, where he saw the vastness of our commercial enterprises; and a review of iron-clads off Spithead was significant, especially when followed by a visit to the Bank of England, where he was shown such wealth—"as ne'er did he even in thought behold"—before that happy day. After undergoing numerous other festivities, he left England for France on July 5, where he was again feasted and made much of. In similar manner he passed through Italy, Austria, and Turkey, every sovereign giving him a hearty welcome, and finally arrived safely at Euzelli, a seaport on the Caspian Sea, on September 7, and started for Teheran on the 9th of that month. What was the cause of his extraordinarily good reception it is difficult to imagine; but it is clear that he has now an opportunity of taking fortune at the flood, which it is to be hoped he will utilize.

On April 23 began, in the Court of Queen's Bench, the stupendous trial of the claimant of the Tichborne estates, for perjury and forgery. It is not necessary that we should enter into any particulars of this world-renowned case. He is charged as THOMAS CASIRO *alias* ARTHUR ORTON, but it seems a great puzzle to know who he is; indeed his counsel appears to argue that the claimant hardly knows who he is himself. After an opening address of six days' duration, upwards of 200 witnesses were called to prove that he was unquestionably ARTHUR ORTON. At the end of 56 days the prosecution came to an end, and on July 22 the counsel for the claimant commenced his address, which stretched over 21 days. The line of defence adopted by Dr. KENEALY was novel and ingenious. The claimant had sworn to so many contradictory things, and had shown such an utter disregard of truth, that his counsel argued that the life he had led must have undermined his mental vigour and character. The jury were not asked to acquit him on the ground of insanity, but to dismiss many of his avouchments as foolery. His statements were so absurd that it was impossible to accept them as true, or as coming from an impostor, as an impostor would not say and do such silly things. The case dragged its slow length along until Oct. 14, when JEAN LUTE, steward of the now famous "Osprey," was examined. Chance led LUTE to England three months before, and he then heard of the trial for the first time. He gave an agreeable turn to the fortunes of the claimant by the light he threw on obscure circumstances, and by his unhesitating identification of the claimant as the Mr. ROGER he picked up from the "Bella." So material was this witness's evidence that the case was shortly after adjourned to allow the prosecution time to meet it.

Mr. PLIMSOLL, the member for Derby, published a book wherein he called attention to the reckless manner in which ricketty tubs are sent to sea, overloaded and thoroughly unseaworthy, resulting in the wreck and foundering of

numerous ships, and the loss of thousands of valuable lives. This he followed up by moving in the House of Commons on March 4 for the issue of a Royal Commission to inquire into the state of the merchant navy; and he showed so strong a case that his motion was at once agreed to, and the whole affair is creating a great stir. Mr. PLIMSOLL's course is not altogether a smooth one, for he is threatened with actions at law on all sides by the ship-owning interest; one action actually was tried on June 14, and resulted in a qualified victory for Mr. PLIMSOLL. In October the Royal Commission issued a preliminary report in which they admitted that the statements of Mr. PLIMSOLL were in the main proved; and that the establishment of registry societies and salvage associations proved that there existed "a well-founded conviction that many ships were unseaworthy." The astounding revelations brought out in this inquiry are causing general consternation.

During the latter half of last, and the beginning of this year, an astonishing swindle combining fraud and forgery was successfully practised against the Bank of England, by a party of four Americans, who, finding that it was not the custom in England to get the acceptors to initial bills offered for discount, conceived a scheme by which they ultimately succeeded in possessing themselves of £102,217 of the Bank's money, and would have got clear off, but for an oversight on their own part. Happily this oversight led to their detection, a great part of the money was recovered, and the four operators, on August 26, were sentenced to penal servitude for life.

RELIGIOUS.

The low church party made a grand move this year by presenting a memorial to the two Archbishops, signed by 60,000 people. The memorialists demanded that Ritualism should be put down with a strong hand; and the Archbishops felt it necessary to take some action on so marked an expression of opinion. They promised that illegal ceremonies and practices should be suppressed, superstitious ornaments should be banished from churches, and that candidates who teach doctrines subversive of the principles of the Reformation shall be excluded from Holy Orders. They coupled these announcements, however, with the assertion that their power in these matters is very small, and that the body against whom action would be directed are the most zealous members of the establishment, and that now the establishment is being vigorously attacked from the outside it is of some importance that there should be a zealous party within it. Thus both parties are much about where they were; but we learn from the circumstance that the Evangelical party is organizing itself earnestly.

As one item of religious news we must mention that Father IGNATIUS has sought to spread monasticism in England by inducing young people to join his institution at Llanethony Abbey, Abergavenny. A merchant in the city, however, determined not to lose his son easily, and so invoked the aid of the Court of Chancery. The reverend father disregarding the direction of the Court was brought up by the sergeant-at-arms, and after a severe reprimand was ordered to desist from any attempt by word or letter to induce the youth to re-enter his establishment; and was also informed that if he transgressed that order he would be sent to prison.

On Sept. 2, 500 English Roman Catholics started from London on what was called a pilgrimage to the shrine of Marguerite Marie Alacoque, at Paray-le-Monial, in France. The pilgrimage had nothing in common with those of antiquity, and differed from an ordinary pleasure trip solely in the number of ecclesiastics that joined in the party. The affair passed off without worse

misshap than being obliged to go without dinner at Dieppe, and having to sleep in the streets at De Moulins from insufficient accommodation. A silk banner that cost £95 was left at the shrine, to prove that there are yet a few Englishmen left capable of such an enterprize.

In consequence of the day of prayer for the extension of Missionary enterprise in India, that subject engaged much attention at the beginning of the year. It was pleasant to hear so high an authority as Lord LAWRENCE raise his voice in favour of Missionary effort. The good effected was, in his opinion, not to be measured merely by the number of converts made, but by the still larger number who, through the preaching of the Gospel, had lost all belief in Hindooism and Muhammadism, and whose conduct is influenced by higher motives, but who fear to make an open profession lest they should be looked upon as outcasts and lepers by their own people. Mission work did not commence in earnest in India until 1813, and the number of converts now reaches 300,000. This is far from unsatisfactory when we set against it the fact that the Muhammadan rule, after eight centuries of proselytizing labour and persecution, left the Hindoos as strongly wedded as ever to their old religious belief and rites.

On the continent of Europe great religious events are transpiring. The Germans are resolved to break up the Jesuitical party in their country which endeavours to subordinate the State to the Church. So vigorous has been the policy recently pursued, that the Pope has addressed a letter to the Emperor (the day for fulminating fierce bulls is departed) urging milder courses; to which the Emperor replied that he is determined to bring all his subjects under the civil law of the land. There can be little doubt that the Papacy is on its last legs. After doing much good and much harm, and after flourishing for hundreds of years as the most powerful confederation ever formed upon the earth, it is now slowly sinking to oblivion in a halo of twaddle.

INDIAN SUMMARY.

THE course of events has run smoothly this year in India. No great disturbance has ruffled the surface of general tranquillity; "politics" have been confined to the ordinary interchange of minutes, and social topics have been barren of exciting themes of debate. The last circumstance is doubtless, in part, owing to the increasing confidence felt in the administration of LORD NORTHBROOK. Under him India is returned to the old system of personal government so successful in JOHN COMPANY's days, and the people, as a consequence, enjoy rest. Notwithstanding this perfect calm in India itself, this country has, in 1873, engaged in an unusual way the attention of the whole world, as the Russian expedition to Khiva threatened at one time to lead to serious differences between England and the Czar, and the visit of the SHAH OF PERSIA to all the capitals of Europe, placed before the eyes of Westerns one of the most important personages comprised in the "neutral zone" policy.

JOHN STUART MILL, whose name will be ever honoured in India, lays it down as an axiom that "stability is the first principle of government;" and the tranquillity India has enjoyed has pleasingly illustrated this dictum in the thriving prosperity which has blessed the country. Trade has increased, education has extended, and for the first time the revenue has shown some amount of elasticity. Towards the end of the year a falling off in trade cast a gloom over some places; and an insufficient rain-fall now threatens Bengal with one of those terrible famines that recur with dispiriting frequency. The Government, however, has bestirred itself to meet the impending difficulty,

and preparations are being actively made for the carrying out of useful public works, which will afford employment and secure food to the distressed agricultural population; and thus, let us hope, disarm the calamity of its worst horrors.

POLITICAL.

The greatest political event connected with Indian History, in 1873, is certainly the Russian campaign in Khiva. Disagreeable as it is to have Russian troops advancing nearer and nearer to our northern frontier, there is but little doubt that it is in the main due to ethnical and geographical causes, and but little referrible to designs on India. Whatever dangers really threaten the British empire here will be found to arise among ourselves, and therefore our best security lies in internal progress and contentment. If the justice and honesty of English policy hold the sympathies of the native masses, we need not fear the machinations of foreigners or the factious spirits who thrive by general ruin. The resistance which the Russians met with in their attack on Khiva was very paltry; but the natural difficulties they had to overcome were formidable in the extreme. Between the Emba and Attrek rivers there is a waste expanse, 1,000 miles long and 500 miles broad, totally devoid of water and vegetable life, which had to be traversed by the invading army during the short yet scorching summer season. Some fair idea of the character of the country may be deduced from the fact that one division of the Russian army, under the gallant Colonel MARKISOFF, was entirely defeated by the climate alone. After penetrating the country for some distance this column was compelled to retreat, sun-stroke thinning the ranks and disease so prostrating the troops, that, no longer able to carry even their arms, they threw them away in their retreat, and reached the Caspian a mere wreck. It was in April that the expedition started in five detachments, General KAUFMANN being in supreme command. These detachments gradually merged into two bodies, one of which, entering from the north-west and advancing up the Amou, reached Khitai by the beginning of June, having twice put to flight considerable bodies of the Khivese; the other, under General KAUFMANN himself, starting from Tashkand marched up the Attrek valley. This division encountered the Khivese only once, and then a few grenades and rockets were sufficient to put them to flight. Notwithstanding the difficulty of the roads and the oppressive character of the climate, the expedition was completely successful, the Khan of Khiva having to submit to an unconditional surrender on June 10, after himself proposing terms no less than twelve times during the progress of the Russian march. The Czar has imposed a fine of £300,000 on the Khan, and retains possession of Kungrad and Shurakan, the first of which commands the mouths, and the second the upper waters of the Oxus. The fine seems moderate, but as it is more than the Khan can pay, it will have the effect of keeping him continually subservient to Russia.

Intimately associated with the Khiva difficulty is the state of Persia, a country which commands the entrance to our weakest point in the north-west. The condition of this country is truly deplorable; even the large centres of trade, such as Bushire, are almost anarchical; caravans are frequently attacked, and robbery and murder are ordinary occurrences. The recent failure of crops, and a plague of locusts, which passed over both Arabia and Persia, have not mended matters. Yet Persia enjoys many natural advantages, and contains within itself all the essentials of as great an empire as history tells us it once was. We fear that religious intolerance is at the bottom of the evil, and that

the same mistaken zeal which has already driven the wealth and intelligence of Persia to take up their abode in Bombay, is now treading out the last sparks of commercial activity in Iran. The Zoroastrian population in Persia numbered 30,000 families only 100 years ago; now there are scarcely 6,000. The dwindling away of this enterprising race is a certain indication of misrule.

At the beginning of the year we were startled by the report of a secret treaty between Russia and Persia, by which the latter ceded to the former the valley of the Attrek. Had this proved true it would have been much more disastrous to India than many expeditions to Khiva; and the possibility of such an event counsels our rulers to secure the northern passes by every practicable means. But though the Attrek valley was not ceded to Russia, before June arrived it was discovered that the SHAH had ceded the whole of Persia to BARON DE REUTER, retaining to himself little more than the nominal sovereignty. The "concession," as it was termed, handed over to BARON DE REUTER and to those claiming under him, for a period of 70 years, the power to make railways when and where he pleases in Persia, to work all government mines (except those of gold, silver, and precious stones), paying 15 per cent. to the State. He may, furthermore, require the owners of private mines to hand them over to him, unless they have worked those mines within five years. If he discovers a mine he is to pay nothing for it but the price of the surface. Forests and canals are handed over to him on similar terms. The government of Persia guarantees him £6,000,000 sterling to help him in his various enterprises, and for 25 years he is to receive all the customs dues of the kingdom, giving the SHAH a progressive bonus on the present revenue. No one else is to be allowed to execute any works for the material improvement of the country, or to set up any bank or credit establishment, until BARON DE REUTER has had an opportunity of considering whether he would like to oust the proprietor and take up the scheme himself; and, finally, the SHAH undertakes to provide the necessary labour at current prices. Who can disbelieve in the marvels of the Arabian Nights after this? Instead of SINBAD starting from Bagdad upon wonderful commercial enterprises, a Kâfir is coming into the neighbourhood of the old voyager to administer the affairs of the whole Kingdom of Persia. As, however, the whole revenue of that country is under £2,000,000, and the entire external trade is only £4,000,000, there seems very little in the way of funds to support extensive "amelioration."

Afghanistan is, however, the country in which we seem to be now most directly interested, both because it is actually coterminous with India on the one side and Russia on the other; and because we are to an extent pledged to maintain its independence. It should not be forgotten, however, that the AMIR sits on an uncertain throne. His persistence in preferring a favourite to the older successor to his title, though the preference may be a wise one, paves the way for internal commotions; and even now SHIR ALI finds plenty of occupation for his troops in suppressing disturbances among his turbulent subjects. His greatest trouble this year has been to exact his revenue from reluctant chiefs. Some have to be overawed into paying, others have to be cajoled. The AMIR gets over each difficulty as it arises; but no doubt fully realizes SHAKESPEARE'S famous line, "Uneasy lies the head that wears a crown." A rebellion against the AMIR'S authority was quelled at Badukshan on July 10, when the rebels, some 15,000 strong, marched against Fyzabad. A pitched battle ensued, in which 1,500 of their number were killed and 1,000 taken prisoners. Governing is hard work when battles of such magnitude are necessary to secure the obedience of the subject. But rays of comfort occasionally cheer the AMIR, and one of these brightened him in September, when

Lord NORTHBROOK supported the policy lately pursued towards Afghanistan, by presenting him with 20,000 rifles and £100,000. This subsidy, it is hoped, will enable SHIR ALI to consolidate his power and to fulfil his engagements.

Though we cannot yet see what will be the result of the embassy to Yarkand, it is too important an event to remain unnoticed. The party are now well on their way; and Yakoo Khan, the Atalik Ghazee's envoy to Constantinople, accompanies them to his sovereign. We seem to be pursuing a policy in this direction similar to that which inspires our relations with Afghanistan.

Having now reviewed the chief political occurrences exterior to India, we will glance at those which took place within the peninsula itself. First among these are the evolutions at the Camp of Exercise with which the year opened. The obvious purport of these manœuvres was to give the troops some practice in resisting an invasion at our most vulnerable point. All former invading armies have entered Hindustan near Attock, for the best of all reasons—it is the only point that is passable by large bodies of troops. General MACDONNELL was placed in command of Attock, and was supposed to represent an advancing enemy; and General TOMBS was chief of the British opposing force. After some preliminary movements a sham fight came off at Lawrencepoore on January 3, at which a staff of signalmen were for the first time brought on the field. On January 15 the grand manœuvres commenced. The two generals were left to their own discretion to move their troops as they thought prudent. By a series of well-concealed movements General TOMBS succeeded in deceiving his antagonist, and at last threatened Attock with a strong force, having detained General MACDONNELL's main body some distance to the south of that town.

Another notable event that may fairly be classed as political, is the capture, trial, and condemnation of NIAZ MUHAMMAD KHAN, the leader of the rebel army at Budaon in the days of the Mutiny. Except the NANA SANIB himself no man steeped his hands deeper in the blood of those who were loyal to the British *raj*. The crime to be for ever specially remembered in connection with his execrable name is that of blowing from a gun the unfortunate thanadâr MIRMOO LAT, because he had shown some kindness to Captain GOVAN, while the latter was in concealment. By an extraordinary blunder the murderer was charged under a Regulation that did not apply to the case, and so escaped the death he so justly merited. The capital sentence was reversed on appeal, and was changed to one of imprisonment.

The Lieutenant Governor of Bengal is fertile in new devices. As an improvement in the administration of justice, he now is engaged in establishing a class of honorary magistrates, who are to form a sort of superior panchayets, in which *all* classes are represented. Forty-five appointments of 3rd class honorary magistrates have been made on this principle in Jessore; 18 of those selected being well-to-do ryots.

This year also witnesses the erection of Assam into a Chief Commissionership. The new province comprehends the Assam districts, Goalpara, Garrow, Jyntea, Sylhet, and Cachar.

The unsatisfactory manner in which affairs were administered in the Baroda State has for some time past attracted public attention. In October Government took action, by appointing a Commission to enquire into the efficiency of the Contingent, and to investigate other matters of importance affecting the relations between that State and the British Government. The Commission has assembled with Colonel Meade as its President, and has been actively carrying on its investigations with considerable interest. The Report is

looked for, which, probably, will before long be prepared by the Commission, and in due course, made known to the public.

The only other matter to be recorded under this head is, the Camp of Exercise at Roorkee, and that active preparations are being made for those which are to be held at Poona and Bangalore.

His Excellency the Governor of Madras did not this year return at once to Madras, on leaving the Hills; but spent a short time in visiting some of the more important and interesting stations in the Presidency. His first halt was at Bangalore, whence he paid a flying visit to the Stud establishment at Oosoor. On leaving Bangalore he proceeded to Trichinopoly, where he received an enthusiastic welcome from the native community. He then proceeded to Tanjore, thence to Negapatam and Nagore, and finally reached Madras, November 27th.

Passing from the Governor of Madras to the Governor General of India, we have to notice the imposing events which marked his recent visit to Agra.

On the Viceroy's arrival, he was met by numerous Chiefs, Civil and Military Officers who accompanied His Excellency on elephants to the Viceregal Camp. Visits of State commenced almost immediately, and were followed by levees, balls, and military displays; so that, for a week or more, Agra was the scene of a succession of brilliant events.

FINANCIAL.

Although properly speaking there was no budget this year, yet the statement published in the Gazette at the end of March, and which this year had to do duty for a budget, was very satisfactory and consolatory in character. It is always pleasant to know that your rulers have money enough, that trade is increasing, resources developing, a surplus in hand, and no income-tax to be imposed. The actual surplus for 1871-72 was £3,124,178; and a surplus of £1,354,000 is expected in 1872-73. This superabundance will raise the receipts in excess between 1869-70 and 1872-73 to six millions, which will counterbalance deficits to the extent of 6½ millions sustained in the three previous years, 1867 to 1869. As the receipts from income-tax alone in this period amounted to no less than £4,453,232, the payers will have the gratification of knowing that they saved the credit of India, and paid nearly the whole deficiency themselves. The cash balances in the Indian treasure chest have reached the enormous sum of £19,300,000, out of which it is intended to spend nearly four millions on public works extraordinary, which otherwise would be executed by loan. Here, we may remark, that borrowing is become so systematic that it is deemed necessary specially to announce that this year there will be no borrowing. The interest on the public debt of India has been reduced by about £200,000; credit is improved; and India stock commands a premium of 2 per cent. Pleasant as all this is, Sir RICHARD TEMPLE had to wring his hands over the obduracy of eastern things. "The obstacles to the imposing of additional taxation . . . have proved practically great." He finds that India is not prepared to rush suddenly into magnificent schemes of improvement. "The import trade of the country, as respects European piece-goods, has hardly developed of late." Indians obstinately will not buy more cotton than they require, even if by so doing they might win the favour of their Manchester friends. The Indian grown cotton "is less and less able to compete with the reviving power of the Southern States of America," "the extension of canal irrigation in Northern India is tardy and uncertain;" and "the earnings of the completed series of guaranteed railways are much below our anticipations." These "sources of disappointment"

singly and collectively proclaim, in unmistakeable language, the rashness of those who seek to develop India by a vast expenditure of borrowed money, and by the hasty prosecution of huge schemes of "amelioration," before the germ of commercial activity has had time to hatch. For many years to come time in India will be of less importance than cheapness and safety. Canals which fertilize deserts and carry produce at a cheap rate leisurely to an assured market, will gradually build up a commercial feeling, and ultimately increased production and unlimited demand will give time its real value and cause the spontaneous production of railways and such like means of rapid locomotion. At the present moment railways, except for military and political purposes, are simple absurdities,—elaborate and expensive contrivances to convey with the greatest speed what it is hoped will be produced when the advantages of transit are duly appreciated.

It is gratifying, however, to know that the export trade of India is increasing rapidly. "Jute, fibre, rice, oilseeds . . . tea and coffee are fast acquiring a prominent position in the markets of the world." The Suez Canal, also, is beginning to tell beneficially upon the trade centres of India; and the paper currency of the Government has had a circulation of more than 13 millions sterling. Altogether the prospects of India are decidedly encouraging; for although not deliriously whirling on in a course of wildly lucrative speculation, it is yet calmly and steadily advancing in an humbler but safer march of improvement.

We must not fail to mention that this year there was an unprecedentedly long debate on the Indian Budget in the English House of Commons. The debate extended over three days, and many whose names are well known in India took part in it. It was encouraging to remark the care with which the Under Secretary's statement was prepared, showing that he expected and respected the criticism that awaited it. A permanent interest in Indian affairs seems to have been awakened in England by the exertions of Mr. Fawcett, which must exert the most beneficial effect upon the administration of this vast country.

On March 21 the Governor General issued an important resolution on Local Taxation. Having considered the reports of the subordinate governments on this important subject, the Viceroy considered that the decentralization policy had been successful in its general working, by giving the local administrations a direct interest in economy. The right of imposing local taxes in addition to those derived from the ordinary land revenue is distinctly asserted, and is to be maintained in all cases whether the tenure be temporary or permanent.

Numerous other financial matters press upon our space for notice connected with the Army, Native officers, Native officials, Native witnesses proceeding to England for examination before the Finance Committee (of whom 70 will be sent to Europe); the Zanzibar treaty, and contract for mail service, &c., but we must pass over all these with the general remark that the finances of the country have this year been subjected to more careful scrutiny than usual with the determination to bring expenditure within revenue—"a consummation devoutly to be wished." Let us hope that we may never again have to bear such a loss as that thrown upon the revenue this year, by the decision of the Privy Council on the Dyce Sombre case. For the arms improperly seized 40 years ago, worth really about Rs. 80,000, we have now to pay Rs. 16,33,180, being the full nominal value of Rs. 3,00,000 at 12 per cent. interest for 37 years.

The Revenue of the Madras Presidency in the last official year was

£7,371,893, or nearly a quarter of a million sterling more than in 1871-72. The increase was derived from land which yielded Rs. 46,884,484, or 63 per cent. of the total revenue.

SOCIAL.

Certainly the most alarming social question that has been discussed this year is the fearful loss of life caused by the ravages of wild beasts. The Duke of Argyll in May last stated that, according to the last return, 1871, between 13,000 and 20,000 human beings were, in that year, destroyed by man-eating tigers. If a war were raging involving the annual sacrifice of 10,000 lives humanity would be appalled; yet there are greater numbers year after year struck down by savage and useless brutes, whose haunts are well known, for they are the terror of the districts they ravage. The loss of 20,000 taxpayers annually by sudden death is unwise economically; but this is only a fraction of the damage, for the loss of live stock is far more numerous. In Madras it has been ascertained that 60 head of cattle are killed for every human being, and there is, therefore, reason to believe that not less than one million farming animals are destroyed every year, representing a loss to the community of from 25 to 50 lakhs of rupees. Every year we have to deplore the loss of some young and promising officer, such as that of Mr. GAR at Sanigram, or of Lieutenant GILLS at Secunderabad, both reckoned among this year's casualties. The Government of Madras lately appointed Captain Caulfield and Mr. Hadfield to wage war against these enemies. These gentlemen are said to have already relieved the Coimbatore District of upwards of twenty tigers and a dozen cheetahs (panthers) with the co-operation of the District Magistrate.

Even more deadly than tigers are venomous snakes, recent returns showing that 25,664 people lost their lives in one year by these pests. In Madras nearly 2,000 people are annually killed by snakes, a shocking and alarming waste when added to other causes of death. In 1862 a small reward of four annas at Bancoorah led to the destruction of 18,423 venomous snakes in five months. It was amusing to notice how speedily the religious scruples of the natives about killing cobras vanished before the presence of a four-anna reward.

The increase of life naturally suggests itself in connection with the losses above spoken of; and it is gratifying to ascertain by the Census of 1872, that the Viceroy presides over the destinies of no less than 241,000,000 people, of whom 186,500,000 are directly under British rule,—many millions more than was anticipated. The result of the Census in Bengal, at the beginning of this year, was also an agreeable surprise. The total population was 66,856,859, giving an average of 209 inhabitants to the square mile. As the people in England number 265 to the square miles, it follows that population in Bengal must be almost as dense as in that closely packed country. In Bengal females exceed males by nearly two millions, and the number of children slightly exceeds that of females, there being about 23,000,000 each of females and children, and 21,000,000 males. Another noticeable feature is the increasing number of the non-agricultural class, of which there are about 8,000,000 out of the 21 million males. This betokens a great growth of manufacturing industry.

Increased industry, however, seems to give occasion for increased exactions, as has been made evident by the tenant uprising at Pubna in July. Numerous illegal exactions on the part of the Zamindárs are known to have taken place in the immediate neighbourhood of the capital. The tenants at

length determined to resist, rightly apprehending that the feeling of the Government would be with them. Unfortunately the peasantry exceeded the law in some respects, so that 242 of them had to appear before the magistrates for riotous proceedings. When one party is determined to exact, and the other to resist illegal cesses, the nice line that separates legal from illegal is easily overpassed. The proclamation issued in August settling in unmistakable language the amount of cess legally demandable, has strengthened the hands of the ryots and tranquillized the disturbed districts. Both parties seemed at first determined to "have the law" of each other; and the vast bundles of complaints filed on both sides would have been amusing if the issues at stake had not been so serious. Happily a spirit of compromise is now appearing, and some scores of villages have come to terms with their landlords.

In connection with Bengal we must not omit to mention the recent decision of the members of the Bengal Civil Fund not to admit natives to its benefits in future. This, we fear, will not improve the relations between the two races. A vote was taken on the question, 46 votes in favour and 196 against the admission of natives. The decision was arrived at solely on statistical grounds; because of polygamy, Koolinism, infant marriages, prohibition of remarriage of widows, the different kinds of divorce, &c., &c. Such family practices being so different from those of Europeans, it was felt that without restrictions distasteful to native feeling, the English members would be at a great disadvantage. This is not the only question that has caused animated stir in that Fund, for the elder and junior members are at issue as to the disposal of the surplus, now amounting to Rs. 15,00,000.

On April 4 the Towers of Silence on Malabar Hill, Bombay, was the scene of a rather serious *émeute*. It seems that the Parsees place their dead in the neighbourhood of the Towers on a piece of land which they believe to be their own. A Hindoo and a Mahomedan, however, claimed it as their property, and proceeded to build upon it. This outraged the feelings of the Parsees, who congregated in some numbers, pulled down and burnt what had been erected, and retreated into the Towers of Silence on the approach of the police. The arm of the law disregarding etiquette and superstition, broke open the door and captured 136 of the rioters. Proceedings were ultimately taken against 50 of this number in July and caused the greatest excitement at Bombay. The celebrated Mr. ANSTEN was secured to defend them, and he succeeded in procuring the acquittal of all the prisoners, to the great delight of the native community. General rejoicings followed, and Parsee and Hindoo stockbrokers closed business, in honour of the occasion.

A few days after the termination of this case, the eminent counsel, Mr. CHISHOLM ANSTEN, breathed his last. He was a man of restless activity, fearlessness, and independence: his learning was great, and his elocutionary power remarkable. He will be long remembered for his celebrated defence in the Wahabee case before Mr. JUSTICE NORMAN in the Calcutta High Court, and for the part he took in the recent Sorcery case. He died of exhaustion at Bombay, August 13, aged 57 years; and was followed to the grave by crowds of sorrowing natives, among them many who had signed the monster petition against him in 1865, praying the Government to remove him from the Bench of the High Court, (to which dignity he had been temporarily raised,) because of the severity of his judgments. Strange to say, Mr. ANSTEN had no relation at Bombay to take care of his property after his decease; a butler and the police took charge of what he left, including a valuable library, until the next of kin applied for letters of administration. The inhabitants of Bombay intend to raise a monument to his memory.

The event which has made the most profound impression in Madras is the unfortunate condition of the Presidency Bank. Wishing to develop business the directors established branches in various districts; two of these branches, one at Alleppy and the other at Negapatam, are now found to have been discounting bills for unsubstantial people, and though the business was large the profits were *nil*. The result is that although 8 per cent. profit had been earned on the general concern, only $4\frac{1}{2}$ per cent. could be paid to the shareholders. This announcement caused one of the most memorable bank meetings ever held in Madras. On August 14, the shareholders met to receive the report, and it was subjected to a sharp but business-like discussion. The affairs of the Bank are generally sound, but $6\frac{1}{2}$ lakhs of rupees have been lost, and the shareholders naturally wished to stop such a waste of their property. It is satisfactory to learn that the state of all the branches will now be properly examined by two officers; one appointed by the Government, the other by the directors. So many interests are bound up in the Presidency Bank that every means should be taken to re-establish confidence in its stability.

Passing to more domestic events we notice the project of the Hon. H. S. CUNNINGHAM to found a Cosmopolitan Club in this city. This will be the means of bringing the two races in India into friendly relations, and aiding the natives by the force of social ties to attain a British standard in what concerns the social and domestic virtues. The first general meeting of the Members of the Club was held at the Club House, Nungunbaukum, in the last week of October, the Hon'ble Justice HOLLOWAY in the chair. A set of rules for the Club were proposed and adopted. The Hon'ble Chairman made one of his telling speeches, and a vote of thanks to the Chairman, to Mr. CUNNINGHAM as Vice-President of the General Committee, and to Mr. STURROCK the indefatigable Honorary Secretary closed the proceedings. About one hundred European and Native gentlemen were present.

The deplorable state of the books deposited in the Madras Library of Oriental Manuscripts has caused wide-spread grief. Large numbers of precious MSS. have disappeared, and those that remain are all more or less damaged, "to such an extent as to be all but destroyed," to use the words of Dr. OFFERT.

We can only devote a few words to record the important resolution of the Government of India on Muhammadan education. To remove the disadvantages under which the believers in the Prophet suppose themselves to labour, it is resolved to establish in some districts schools for their special benefit, and various professorships of Arabic and Persian are to be founded. The East India Association claims a word on account of the extraordinary progress it has made during the year. It promises to become a kind of out-door parliament for India. Besides ordinary sources of revenue the Association has this year received as much as Rs. 1,50,000 in special donations from native princes, and it now includes on its council all the famous names which have won honour in India. The cremation of the body of the late Raja of Joudhpore, in February, became an event from the money that was spent upon it. What with scrambles among the people, feeding Brahmans, &c., between three and four lakhs of rupees were thrown away in indiscriminate extravagance, a waste of resources that all practical people will deeply lament.

The result of the 1871 census in Ceylon is now known. The island contains 2,500,000 of people; 1,520,575 are Buddhists, 464,414 are Sivites, 170,542 are Muhammadans, and the rest are Christians. There are, however, 862 Devil Dancers.

The Sanitary Commissioner reports that the year 1872 was a remarkable one in Southern India for the almost complete immunity of the population

from cholera. In the European army only three cases occurred, one at Kamptee, one at Secunderabad, and one at Vizagapatam. Two out of the three cases were fatal. Such a complete immunity from cholera in the army has not been known since 1848, when exactly the same number of cases occurred. In the same report, however, it is stated that the mortality from fever was unusually heavy.

The appointment, in September, of Miss Pogson as Assistant Astronomer at the Government Observatory, is an event to be recorded, as Miss Pogson is the first lady who has entered the service of the State in this Presidency, except in the Educational and Telegraph Departments. Her eminent scientific attainments are well known, and we are glad that her services have been secured.

We have to record the departure from Madras of Dr. HUNTER. His long and useful career of over 30 years' duration, and his self-denying adhesion to the Madras School of Art, made him a remarkable man, and his loss will be felt.

MY BODY AND MY SOUL.

THE PRAYER OF A DYING SUFFRER.

Compiled and adapted partly from "Good Words," and partly from the pens of several writers.

I come to Thee blest Jesus,
I who have little faith!
I clasp thy hand to hold me,
Through all the pains of death.

When heart and flesh are failing
Oh Saviour fail me not;
No evil thing can hurt me,
If not by Thee forgot.

As to repentant Mary,
As to the dying thief,
To me repentant dying,
Speak pardon and relief.

Through the sharp hour of parting,
When doubts and fears increase,
Into the graves dark shadow,
Bid my body go in peace.

MY BODY.

Under a flat turf let my body lie,
Where mid-day sunbeams never come;
Let a silvery brook go whispering by,
Near let the small birds build their
And round about, and overhead, [home;
And everywhere except the west,
Let a thin screen of leaves be spread,
A curtain for this couch of rest.

MY SPIRIT.

Entering the unknown region,
The mysterious spirit land!
Guide Thou my timid footsteps,
Hold Thou my trembling hand.

And oh! let the Heavens opening,
Not dazzling Angels show!
But my departed dear ones,
Whom I so love and know

And do Thou oh my Saviour,
Thine earthly likeness wear;
That as "The man of Sorrows!"
I first may see Thee there.

And at Thy blest feet kneeling,
As oft I've long'd to kneel,
To Thee with grief acquainted,
All my sad case reveal.

If Thou dost say forgiven,
If Thou forbid'st to weep,
If thou thyself dost promise,
Those I now leave to keep.

Then I too with glad Angels,
May mingle in the throng,
And in everlasting happiness,
Unite in rapturous song.

PART I—CALENDAR.

THE CALENDAR FOR THE YEAR 1874.

PRINCIPAL ARTICLES.

CHRONOLOGICAL NOTES.

Lunar Cycle or Golden Number .	13	Dominical Letter	D
Epact	12	Roman Indiction ..	2
Solar Cycle.....	7	Julian Period	6587

EXPLANATION OF CHRONOLOGICAL CYCLES AND ERAS.

The *Golden Number* is that which any given year holds in the Lunar Cycle, which is a period of 19 years, at the lapse of which the phases of the moon take place on the same day of the months respectively as at the commencement of the Cycle. Therefore while the sun performs its annual course 19 times, the courses of the moon amount to 235. In the Ancient Calendar this number was inscribed on a tablet set up in the market place of Athens in letters of gold. Hence the term *Golden Number*. It was likewise called the Prime, because it pointed out the first day of the new moon, *primum lune*.

The *Epact* is the number of days of the Lunar Cycle, over and above all the complete courses of the moon for any number of years, hence the number indicates the age of the moon at the beginning of the year.

The *Solar Cycle* is a period of 28 years, which, owing to leap year must necessarily elapse before the days of the month can return respectively to the same days of the week as at the commencement of the Cycle. The first year of the Christian Era was the tenth year of this Cycle.

The *Dominical Letter* is that letter of the alphabet which points out in the Calendar the Sundays throughout the year, thence also called the *Sunday Letter* or *Dies Domini*.

Roman Indiction was a period of 15 years, instituted by Constantine the Great in A.D. 312, for levying certain taxes upon the subjects of his empire. The Popes since the time of Charlemagne have dated their acts by the year of the indiction which was fixed on the 1st of January.

The *Julian Period* embraces 7980 years, and is produced by multiplying into each other the Solar Cycle (28), the Lunar Cycle (19), and the Cycle of the Indiction (15). This period is reckoned from 709 years before the usual date fixed upon for the creation; at a time when the three Cycles are supposed to have commenced together; a circumstance which cannot take place again until A.D. 3267, or the lapse of the entire period.

Our Lord was born in 4713 of the Julian Period. This style was contrived by Joseph Juste Scaliger in A.D. 1583, for chronological purposes, and is assumed as a fixed era in the calculations of all Astronomers and Chronologists. It is of great importance as the standard or general receptacle of all other Epochs, Period and Cycles: "into this, as into a large ocean, all the streams of time discharge themselves, without losing their character; and if historians had recorded the number of each Cycle in each year respectively, there could have been no dispute about the date of any event in past ages."

GREGORIAN CALENDAR OR NEW STYLE.

Up to 1582 the length of the year as computed by Julius Cæsar in B.C. 45 consisted of 365 days and 6 hours, but as the true length of a solar year is only 365 days, 5 hours and nearly 49 minutes, this calculation had produced an error amounting to 16 days. Consequently Pope Gregory XIII.,—hence the Calendar was called Gregorian—undertook in 1582 to rectify that error by making the year to consist of 355 days, ten days between the 4th and 15th October were struck out, and the 15th was reckoned as the 5th October. According to this style the ordinary year is to consist of 365 days, but the year 1584 and every fourth year afterwards termed leap year to contain 366 days and the centuries 1700, 1800 1900, 2100, and so on for those centuries which are not divisible by 400 are to be reckoned, not as leap years, but as ordinary years of 365 days only.

The New Style has been gradually adopted throughout Europe, except in Russia and Greece where the old style still prevails.

In Great Britain the New Style was adopted in 1752, by that time the error had amounted to 11 days; it was therefore enacted that September 3 of that year should be reckoned as September 14. During the present century, supposing the New Style had not been adopted, the error would be 12 days, and this difference must therefore be allowed in Russian and Greek dates. Thus a Russian bill dated March 2, must be reckoned as dated March 14.

Transits of Venus across the Sun's disc are of rare occurrence. The approaching Transit will be visible throughout Asia, Africa, and in the Eastern part of Europe. At the suggestions of Astronomers, Great Britain, France, Germany, Russia, and the United States have selected certain stations in different parts of the globe, and are making extensive preparations for securing observations of this important phenomenon.

PLANETARY PHENOMENA.

MERCURY, will be a morning star during the early part of January, from the latter part of March to the middle of May, throughout the month of August, and from the latter part of November to the end of December. He will be an evening star from February to the early part of March, from June to the middle of July, and from the middle of September to the early part of November. When in superior conjunction, that is, when the Sun is between the Earth and Mercury, he appears perfectly round but very small, not more than 5" in diameter; but when in the opposite portion of his orbit or near his inferior conjunction, he presents the form of a slender and brilliant crescent, nearly 12' in diameter.

VENUS will be a morning star during the month of January, and the latter part of December; and an evening star from the middle of March to the end of November. From August to the middle of November she will be visible to the naked eye in broad day light, provided her position is known. Towards the end of September she will acquire the figure of a half moon about 25' in diameter. When near her inferior conjunction with the Sun, about the end of November, she will appear as a slender and brilliant crescent about 60' in diameter. She will attain her greatest brilliancy about the beginning of November, and will be seen gibbous from June to the middle of September.

MARS will be an evening star from January to the end of May, and a morning star from August to the early part of November. His least apparent diameter will be 4', when in conjunction with the Sun on July 6th.

JUPITER will be in opposition to the Sun on March 17th, with an apparent diameter of 45", and well situated for observation from January to May. He will be stationary on January 17th and on May 19th, and in quadrature with the Sun on June 14th. He will be an evening star from August to the latter part of September, and a morning star from the middle of October to the end of November. His least apparent diameter will be 31" when in conjunction with the Sun on October 5th, but the planet cannot be well seen for a few weeks before and after such time.

His interesting belts and the phenomena of his four Satellites are well worthy of examination. Any good pocket telescope will, if steadily supported, render the Satellites visible and their eclipses observable. From March 20th to the end of September the eclipses will occur on the eastern side of the planet, but in the other portion of the year to the west of the primary. When both the disappearance and reappearance of a Satellite are given, it must be remembered the phenomena take place on the same side of the planet, but the reappearance always to the east of the spot at which the Satellite vanished. (For Table of Eclipses, see page 21.)

SATURN will be in conjunction with the Sun on January 25th; a morning star from the middle of February to the middle of March, and an evening star during the early part of January and the latter part of December. He will be stationary on May 25th and on October 12th, and in quadrature with the Sun on May 4th and on October 31st. He will be in opposition to the Sun on August 3rd with an apparent diameter of 18", and favorably seen both before and after midnight from July to October. The beautiful system of rings, which renders Saturn the most attractive object in the heavens, will be best seen about this time, 42' in length and 12' in breadth. The northern surface is now exposed to view. Saturn is attended by eight Satellites, five of which may be readily seen with any good telescope, but the remaining three require the best instruments yet constructed to render them discernible.

URANUS will be in opposition to the Sun on January 28th in Right Ascension 8h. 45m. and North Declination 18° 47'; when he may be seen as a star of the sixth magnitude, the faintest visible without telescopic aid in the absence of moonlight. His apparent diameter is usually about 4".

NEPTUNE will be in opposition to the Sun October 22nd when his Right Ascension will be 11h. 52m., and North Declination 9° 35'. His diameter is never more than 1.5" and is only of about the eighth magnitude as compared with the fixed stars. Uranus and Neptune are both visible with a mere pocket glass, when their positions are well known, though they are only distinguishable from the fixed stars with superior instruments charged with high magnifying powers.

The Minor Planets between Mars and Jupiter, are now one hundred and thirty-four in number, all of which except four have been discovered within the last 30 years. The only one even visible to the unaided sight is Vesta, which under certain conditions, can, for a brief time when near opposition, acquire a brilliancy equal to stars of the fifth magnitude. A complete historical table of the Minor Planets will be found on pages 27 and 28.

GARDENING CALENDAR.

(Extracted with the permission of the Publisher, from JAFFREY'S *Hand-Book of Gardening*.)

MADRAS.

KITCHEN GARDEN.

JANUARY.—As the weather during the month will generally be clear and dry, attention to watering is required; if possible, water in the morning, otherwise late in the evening; never water vegetables during the heat of the day. The sowing of European vegetables may now be discontinued, as in the majority of cases seed sown during this month will prove to be labour needlessly expended, they will not come to maturity, or scarcely to a state fit for consumption. Last month may be considered as drawing to a close all successful operations in regard to European vegetable sowing, with the exception of a few salads, which be sown in beds, shaded and hand-watered with attention, they will produce small crops. During the first and second week is a good time to sow cucumbers, vegetable marrow, gourds, and such like. Nepal spinach should be sown and planted for a supply during the hot months. Attend to keeping the soil hoed amongst growing crops, eradicating weeds to prevent their seeding, which they now do freely, continue to earth up celery, choosing a dry day for directions as to *earthing*. See No. 3, page 38. Plant cuttings of the cabbage tribe in beds, if rooted they will give a good supply of sprouts during the hot months. Sow country vegetables if required, remove all decaying vegetables to the compost heap. Look to the graft mangoes, continue every two or three days to deepen the incision till the branch is cut through. If any are entirely removed they may be planted without delay, taking care to support them against damage from high winds.

FLOWER GARDEN.

The flowers during this month should be in great perfection. The main operations consist in keeping everything clean and in perfect order, using the knife amongst the shrubs, &c. where required. Attend to the young shoots of creepers so that they may be properly trained, cut back all plants that may be growing over the hedges of the beds or walks; this should be done neatly so that the use of the knife may not be discovered, nothing looks worse than plants abruptly cut round the edge of flower beds. Such cuttings of shrubs and roses, as are rooted should be planted out in beds, well-watered and shaded for a few days. Attend to plants in pots, roses in flower-bud will be improved by frequent watering with liquid manure, it will increase the size of the flowers. Shade tender plants from the midday sun, keep a supply of water exposed to the sun during the day, for watering potted plants in the evening. Attend to clipping hedges, keeping the walks and grass in proper trim.

Remarks.—The weather during this month is generally clear, rain seldom falls, dews are plentiful, vegetables are abundant towards the end of the month. Fruits, such as oranges, pomegranates, guavas, plantains, &c., are to be had.

KITCHEN GARDEN.

FEBRUARY.—As the Horticultural exhibition is generally held during the early part of the month, attend to the schedule of prizes if you intend to compete, preserve such articles as may be required by making them with stakes; in forwarding articles for competition pay marked attention to what is required, avoid sending vegetables of any kind in flower pots. In the garden, little is required beyond the directions of last month; a few salads may be sown, country radishes, cucumbers and gourds may still be sown. Keep the garden clear from decayed leaves; vegetables during this month, especially the cabbage tribe, give out a most disagreeable odour if left decaying. See that arrangements are made to keep up a supply of such country vegetables as may be required. Watering will invariably be requisite throughout the month, plant out, (if on hand) cuttings of the cabbage tribe. Attend to collecting manure for the next season.

FLOWER GARDEN.

The directions of last month are suitable to this, little more can be done than attending to watering and cleanliness; let plants in pots intended for exhibition, be protected from the midday sun if possible. During the course of the month, remove and put in pots a good supply of verbenas and such like, to preserve them during the hot season. Attend to plants in pots, frequently stirring up the soil on the surface. If worms are troublesome; a little clear lime water used occasionally will remove them.

Remarks.—The weather during this month is clear and calm, dew every morning, rain seldom occurs if ever; vegetables and flowers in most seasons are plentiful; fruits, such as sapodillas, mangoes, oranges, custard apples, &c., are to be had.

KITCHEN GARDEN.

MARCH.—As the cultivation of European vegetables will no longer give any degree of satisfaction equivalent to the expense incurred, it is not necessary to presume that by giving directions, success will be the reward of carrying them out. The heat is too great to develop seeds of northern climes, indeed it is mere chance to succeed in germinating and growing tropical seeds. Attention to the culture of such varieties of country vegetables as may be required is all that is requisite in cultivation, though the latter may be purchased in the market much cheaper than they can be grown in private gardens. All vacant spaces in the garden should now be dug, and thrown up in ridges (this is applicable to heavy soils) so as to expose the soil to the influence of the sun during the hot weather. Where the soil is light, let it be dug over level, collect manure without delay; if composed of heating materials, it will require to be watered and turned over frequently; be sure this matter is not overlooked; attend to watering lately planted mango trees, untie the ligatures round the grafted parts, support the stems securely against high winds, store yams in sand or dry soil.

FLOWER GARDEN.

Little can be done during this month; pay attention to cleanliness, watering shrubs, roses, &c.; such beds as are empty should be neatly dug over; look to the roots of dahlias, let them be stored in pots of sand, or the pots they were grown in; if the soil is dried *they must be kept dry*; gloxinias, achimenes and bulbs, require the same treatment; plants growing in pots should be placed if possible to receive the morning sun and shaded during midday.

Remarks.—The weather during this month is clear, hot, and very unpleasant from the prevailing southerly winds, slight dew frequently. No rain falls during the whole course of the month; European vegetables are very scarce, dear, and bad in general; country vegetables plentiful, such as brinjals, radishes, greens, &c. Fruit none, with the exception of indifferent plantains.

KITCHEN GARDEN.

APRIL.—This month might be passed over in silence, as little or nothing can be done unless digging up any portions of the garden not attended to last month; this should not be neglected any longer. Cucumbers, gourds and melons may be sown during the month; they require protection from the sun until established. Attend to the fruiting pines; if the crowns appear to grow too large let the hearts be taken out neatly; remove all suckers from the bottom of the fruit; after the fruit has swelled a good size, water should be sparingly applied as it tends to injure the flavour.

FLOWER GARDEN.

The directions of last month are suitable to this; little more can be done than keeping the garden clean and free of weeds; towards the end of the month look well to the support of young trees, creepers, &c., as gales may be expected early in May. Prepare soil for plants in pots without delay; directions for compost, see No. 3; look over dahlia roots, &c., in case they are being injured by vermin. Roses in pots should not be excited at present, or they will be weakened.

Remarks.—The weather during this month is similar to that of last, wind changeable from S. to E. and W., dew is seldom seen. A few slight showers of rain sometimes occur; European vegetables are very scarce, native vegetables are plentiful. Fruits, such as grapes, pine-apples, and some of the organa tribe are to be had. Plantains are plentiful.

KITCHEN GARDEN.

MAY.—During the month the land wind commences, much difficulty will be experienced in cultivating any but the common varieties of country vegetables, dig over any vacant spaces of ground, no matter how roughly; prepare manure; repair and build water channels when required; make and repair roads and walls.

FLOWER GARDEN.

Now is a good time to put walks in good order, and make others where required. If composts for seeds and plants in pots are not preparing, delay no longer, as they will be required in July. Wash all empty flower-pots and order supplies for new ones; use every endeavour to put down the unsightly pots in general use—it can be done.

Remarks.—The weather during this month is unpleasantly hot from the prevailing land winds; in most seasons a few slight showers of rainfall; seldom other than country vegetables are to be had, with the exception of cabbage sprouts, which are hard and tough; mangoes and pine-apples are plentiful and cheap; flowers are scarce.

KITCHEN GARDEN.

JUNE.—Although rain frequently occurs during the month, it is scarcely desirable to recommend the sowing of European vegetables. It is more requisite to push forward any new work that may be required; dig over and trench all vacant and new ground that may be taken in for cultivation. Be careful that a good supply of manure is on hand.

FLOWER GARDEN.

Preparing pits for planting trees and ornamental shrubs may be proceeded with, likewise the filling up of all hollows on the lawns where water accumulates during monsoon. Making new flower gardens where required, they should be proceeded with at once; it will save time when the gardeners are required for more active operations in July and August. Repair walks and make new ones; see that they are broad and level enough for two persons to walk abreast upon them; there is no necessity to raise them up like ridges in the centre; if they are slightly convex to throw off the water, it is sufficient.

Remarks.—The weather during this month is similar to that of last; showers are more frequent: European vegetables are rarely to be had. Fruit is plentiful.

KITCHEN GARDEN.

JULY.—Everything should be prepared during the present month for sowing seeds in August. If the weather is at all favorable, sow a small quantity of celery and parsley for early plants. Peas may be sown towards the latter part of the month, though with but slight chance of success in the generality of seasons; during the last week the levelling of the soil thrown up in ridges may be proceeded with. The manure heap should be in a fit condition for use.

FLOWER GARDEN.

Little can be done during the month further than preparation for the ensuing seed time; let composts be in a perfect state for use before the end of the month. Make up grass edgings with turf. Do not prune roses unless they show signs of growth; this can be easily discovered by the swelling and bursting of the buds; if they show such signs, prune and manure, though waiting till the following month, would be more judicious. Take care not to be carried into too active operations by a good shower of rain. Look to the roots of dahlias, gloxinias and achimenes; they may have commenced to grow, retard them as much as possible, but bring them to the light; as dahlias are very impatient, their roots should be divided towards the end of the month into as many divisions as possible with a sharp knife, having shoot upon each division.

Remarks.—The rains of the S. W. monsoon commence during this month in slight showers; the sky is very cloudy; rain is frequent in most seasons. Fruit and vegetables are scarce.

KITCHEN GARDEN.

AUGUST.—As imported seeds should now be on hand, let a first sowing be put in pots or boxes without delay. If the weather is favorable, successive sowings may be put in during the whole course of the month. Care must be taken that the soil is in a proper moist condition as described in No. 1, page 8. Guard against the ravages of red ants; be sparing of water to imported seeds until they germinate. A first sowing of peas and French beans may be put in, likewise carrots, beet, parsley and radishes; choose a dry day, sow celery in boxes or pots in rich soil mixed with well-decayed manure, and a small quantity of powdered lime. The reason celery is so apt to run to seed, arises from inattention to keep up a constant luxuriance by the aid of good manure, celery should never receive a check; of country vegetables, sow brinjals, gourds, cucumbers, roselles, greens, spinach, beans, chillies, snake gourds, &c.; plant yams and Jerusalem artichokes. Attend to top-dressing asparagus beds, make a fresh bed of water-cresses in a shady spot near a well or tank where they can be easily supplied with water twice a day. Put in suckers of pine-apples: prepare stock of mangoes for grafting. Let the garden soil be levelled, well manured and dug over; make sure the manure is well looked after and mixed with lime and ashes before using.

FLOWER GARDEN.

Sow seeds of everything that can be had most suitable for the climate, be careful how small seeds are sown and watered, read directions in No. 1; look to the roots of dahlias, gloxinias, &c.; they should be set a-growing in good soil. If no plan has definitely fixed upon to secure a good supply of flowers, now is the time to look to it; there is no time to spare; propagate verbenas by layers; sow hollyhocks, phloxes, petunias, balsams, &c.; increase your stock of chrysanthemums, by division, or fresh supplies; let the flower garden be well dug and manured; dig and manure round the roots of shrubs on lawns, &c. Let a shaded piece of ground be prepared in which to put cuttings of roses, shrubs, &c.; prepare pits for planting trees and shrubs, make them large and deep. Pits in the soil of Madras or anywhere should not be less than 2½ feet in diameter and depth. Too much care cannot be taken of seedlings, lest they get drawn during the dull days that prevail; expose them to the light and air as much as possible. Top-dress all plants in pots not intended to be re-potted with fresh soil and manure; re-pot and top-dress roses in pots. Prune and manure garden roses and put in cuttings.

Remarks.—It were unnecessary to write these instructions if those for whom they are written, do not carry them out during the course of this month. As success can only be looked for by close attention, next month will be of less avail to have plants sufficiently strong to produce an early crop or to stand the heavy rains, and whatever complaints may have to be made anent the failure of vegetables and the display of flowers, in January and

February, it can be ascribed to no other cause than neglecting to conduct operations at the right season and in a proper manner. The native gardeners are not so much to blame as they are in general go by the instructions they receive.

Rain is frequent during this month; country vegetables are plentiful; fruit and European vegetables are very scarce.

KITCHEN GARDEN.

SEPTEMBER.—This is the proper time to sow a succession of peas, French beans and spinach; they may be put in every week during the month; continue to sow vegetables of all kinds. Onions and leeks in light rich soil in beds, protected from the rain by mats tied over moveable bamboo framework. Attend to the seedlings sown last month; some of which will be ready for transplanting. Knol-khol and cabbage, if any were sown early in July, will be ready for final transplanting in the garden, in beds or rows; let them be lifted carefully; disturb the roots as little as possible. Encourage the growth of celery by slight waterings of liquid manure; look after insects; a slight sprinkling of lime over and under the leaves will arrest their ravages; if not used let them be picked off with the hand every morning. Lime will in nowise injure the tenderest vegetation, if slaked and cool. Native vegetables sown at the beginning of last month will be fit for planting out. Commence to graft mangoes; make preparations such as digging trenches, &c., to prevent the garden being flooded during the monsoon near at hand. Manure pine-apples, remove the suckers and put them into root.

FLOWER GARDEN.

Petunias, hollyhocks, phloxes, &c., &c., sown last month, should during this be fit for planting out, choosing a dull damp day. Continue to sow balsams, hollyhocks and all showy annuals, not neglecting nignonette. Balsam seed from Hyderabad is generally good; and from the cultivators there removing the lateral branches, they have acquired a peculiar upright habit, show about one foot of blossom in a column when well-grown. Attend to cleanliness and keeping the soil in flower bed open by hoeing (*the idea of seeing a Gardener sitting in a flower-bed digging it up with a piece of bamboo is absurd.*) Prune roses if hitherto neglected, layer bud and put in cuttings of roses and such shrubs, trees and creepers as may be required. Sow seeds of trees and shrubs; where layering is required, attend to the instructions given in No. 2, page 16; put in pipings of carnations, picotees in boxes, filled with fine sand, mixed with red earth. Let all creepers be neatly tied to the posts or trellises upon which they are trained; prune where required; prune and keep in proper form shrubs, &c.; attend to cutting hedges and filling up gaps; casuarina hedges neatly trimmed would be much neater round flower gardens than unsightly bamboo trellises; it is astonishing they are not more generally planted, as they combine neatness with economy, are easily raised if the seed is not too deeply covered with soil.

KITCHEN GARDEN.

OCTOBER.—Transplant all vegetable plants, large enough into beds or drills where they are to grow. Trenches should be ready to receive celery plants; shade if the weather is clear; look after tomatoes, onions, leeks, carrots and beet-root; let them be thinned out to proper distances from each other; the thinnings may be planted if required. Continue to sow a few varieties of vegetable seeds. Peas may be sown every week; let the drills in which they are sown be raised above the surface level; continue to sow a succession of French beans. Keep up a supply of salads, such as lettuce, endive, mustard, water-cress, &c. Finish early in the month preparations for planting out vegetables: do not trust till wanted, as the soil may not be workable from rain. Let everything about the garden be neat and clean; eradicate weeds on their first appearance. If the weather during the month should prove dry, peas and the cabbage tribe will suffer much. A supply of water will be requisite to prevent the crops sustaining a check which would prove very detrimental. When water is applied let it be in the morning, very early, if possible; when it is cool, frequent hoeing up the soil amongst the crops will require to be looked too. If activity is not displayed during the early part of this month in forwarding operations, there is but little chance of success for the season. Take particular care the crops are not planted on the same piece of ground they were last year; alternate them yearly if possible. Graft mangoes and plant pine-apples.

FLOWER GARDEN.

The operations of last month are applicable to this. Look after dahlias in pots, stake them and water occasionally with liquid manure. Plant out verbenas, heliotropes and all other bedding plants. Keep up a supply of balsams, cockscombs, nignonette, &c. Plant trees and shrubs, attend to training and pruning creepers. This is a good time to get roses, fuschias, violets, &c., from the Hills of Bangalore. Take advantage of dry days to cut grass; straighten and trim the edges of walks and beds. Give everything a neat and clean appearance. Protect all newly planted trees from wind. The best plan is to use three tarred ropes for each plant, fix them to the stems, round which should be tied a piece of canvas to prevent the friction of the ropes from injuring the bark; tie the ropes tight to three pegs firmly driven into the ground at the proper distance from the plants. This is costlier than stakes but more permanent, and will protect the plants till properly rooted.

Remarks.—The weather during this month is generally wet and stormy, more especially during the latter part of it. Vegetables and fruits still continue scarce.

KITCHEN GARDEN.

NOVEMBER.—Few European vegetables will come to perfection if not fit to plant out during this month. Attend to transplanting seedlings; peas and French beans may be sown every week or ten days; the main crop must be looked for from seed sown this month, as peas sown in December seldom succeed. Sow a small quantity of cabbage, knol-khol, cauliflowers, tomatoes, &c., likewise a few salads. Cauliflower sown during the first week of the month; if they are well attended to, flowers may be had during February. Attend to transplanting onions and leeks. Thin out turnips and carrots to proper distances from each other. Plant celery in trenches; look after all details, such as cleanliness, digging trenches to carry off the heavy rains; put in cuttings of cabbage sprouts for use during the hot season. Graft mangoes; put in cuttings of figs and vines. Plant onion bulbs for salad.

FLOWER GARDEN.

Continue to transplant seedlings into pots or boxes. Plant out annuals, verbenas, hollyhocks, phloxes and ipomeas, if strong enough. Sow any flower seeds remaining on hand. Sow seeds of trees and shrubs. Prepare early in the month stations for ornamental creepers, and plant without delay. Attend to training creepers and pruning where required. Prune and manure garden roses and put in cuttings. In pruning, cut the old branches down to three or four eyes from the bottom. Top-dress all plants in pots not requiring re-potting; protect tender plants from heavy rains; activity is required during this month to obtain a good supply of flowers during the three following months. The finer varieties of roses in pots should be re-potted if necessary; they require a heavy soil mixed with well-decayed cow-dung. Support all plants requiring it from the high winds.

Remarks.—The weather during this month is in general boisterous, with heavy rains; the N. E. monsoon continues with great violence. Vegetables and flowers continue scarce.

KITCHEN GARDEN.

DECEMBER.—Continue to plant out and transplant into boxes all vegetable plants on hand during the first week. Attend to thinning turnips and carrots. Plant celery in trenches and earth up such as may require it. Keep the soil amongst the growing crops hoed, and eradicate weeds on their first appearance. Branch lettuce and endive by tying up the leaves. Thin out the branches of tomatoes. Look sharp after insects amongst cabbage and cauliflower. Use slaked lime freely on all crops attacked; it will prove a beneficial check. During the month sow cucumbers, vegetable marrow, country vegetables for greens, &c. Early planted vegetables will be fit for use towards the end of the month. French beans and salads should be in abundance. Attend to staking peas, beans, &c. Continue to make up a manure heap for the ensuing season; let nothing be lost in the shape of vegetable matter. The main work of the month is attention to growing crops; look to early grafted mangoes; make incisions gradually on the branches above the grafts.

FLOWER GARDEN.

Plant out the remaining stock of annuals; sow a few hollyhocks, amaranthus, &c. A last sowing of balsams may be put in. Sow convolvulus of all kinds. Petunias for flowering during the hot months. Attend to dahlias and encourage them by frequent watering of liquid manure. Keep the flower beds and walks clean and neat; water and roll the walks towards the latter part of the month, it will give them a neat appearance, at the same time they will be more comfortable to walk upon.

Remarks.—The weather during the first two weeks is similar to last month, generally clearing up towards the latter end. Fogs are frequent; flowers continue scarce with the exception of roses; vegetables are scarce; country greens, &c., are to be had in abundance; fruits, such as oranges, guavas, and plantains are plentiful.

BANGALORE.

JANUARY.—In this month most of the culinary vegetables are in great perfection. Grapes, apples, pine-apples, country raspberry, and also a few strawberries and peaches are in season. Such apple trees as have finished bearing may now be pruned, although it would be better to delay it until the ensuing month. Sow seeds of such vegetables as peas, radish, spinach, &c., that do not require more than three months to come to perfection. This is a good month for altering or making a garden, laying walks, &c. Open the roots of vine trees, if the wood is well ripened.

This is the best month for planting cuttings of sugar-cane.

Remarks.—The nights and mornings are chill—a clear sky during the day. It seldom rains during this month; but fog falls daily in the mornings. The wind blows steadily from the N. E. with occasional variations.

FEBRUARY.—In this month, country raspberries, figs, pomegranates, pine-apples, peaches, grapes and strawberries may be had in great abundance and perfection. A few apples remain. Very few vegetables can be sown with advantage this month. Open the roots of peaches and apples, and prune apple trees. As the mango will be in flower, spread, if requisite, some manure round the roots of the trees, slightly stirring the soil.

Sow peaches, the stone should be broken, else the seeds will take some months to germinate.

Remarks.—The weather during the whole of this month is very fine. It seldom, if ever, rains. Heavy dew falls in the mornings. The wind blows N. E., sometimes changing to the S. E. The first half of the month is rather chilly, about the end it commences to be warm.

MARCH.—During this month the roots of apple trees should be opened, if not already done by those who approve of that system, and very strong manure should be applied. Strawberries, grapes, raspberries and peaches are in season. The ground should be forked about the roots of vines. Plant tuberose roots. Beet root and celery are in perfection. As the winds and hot air of this month are very injurious to vegetation, as few seeds as possible should be sown.

Remarks.—The weather during this month is clear, hot and unpleasant. Rain is little known. There is less dew. The wind continues to blow from the N. E. There is plenty of dust. It thunders and lightens occasionally.

APRIL.—Sow all flower seeds to come to perfection in July and August. They will be refreshed by the early rains called the mango showers; and there is generally rain in Mysore during June. Sow every kind of vegetable seed. Plant potatoes. Dahlia seeds should be sown in this month in situations protected from the burning winds.

Remarks.—This is the hottest month. The nights are very sultry, and the sun pours down its fiery rays with unabating vigour during the day. The dust is almost suffocating. There is thunder and lightning. The mango showers may be expected towards the close of the month. Wind N. E.

MAY.—Repeat the sowing of last month, or may be deferred till this month. Transplant the seeds of vegetables sown last month, and prepare the beds for the final transplanting of knol-khol, cabbage and cauliflower, watering the soil richly. Sow some cotton seeds.

Remarks.—The weather still continues hot. If the mango showers have set in, the heat is not so great as that of April. High winds from the S. W., with rain and clouds, may be expected. Rather dusty.

JUNE.—The directions for this month are very similar in many respects to those given for May and April, in order to have the flowers and vegetables later in the season. Mangoes are in great perfection, and pine-apples abundant; jack-fruit in season. The natives plough their ground and sow the earth-nut. This is the best month for sowing seeds from England, &c., provided they arrive in the two or three preceding months, but in general it is advisable to sow them as soon as they are unpacked. The fields for hay should be scratched by the native plough and manured. Cuttings and suckers of chrysanthemums, if taken off and planted in small pots, will flower in September.

Roses often suffer much more from the attacks of the rosebeetle during this month. They should be sought for at night with the aid of a lantern, and while one boy holds the light, another picks off the insects and throws them into a chatty of water. Immense numbers can be killed in a short time in this way. The old roots of the dahlia should be planted in large pots of sand covered with some fermenting vegetable matter, to induce them to send out shoots.

Remarks.—Rain is more frequent. The days begin to get cloudy and pleasant, and the nights cool. Wind from S. W. blows strongly. Plenty of dust.

JULY.—Pine-apples and apples are in season. Mangoes still continue till towards the end of the month; young plants should then be grafted, and the trees pruned as soon as they have done bearing, as that is the only time when it can be done with impunity. Cuttings of all trees and shrubs should be put in this month, as well as slips of artichokes, which, as soon as they have established themselves should be cut down close to the ground.

The natives generally sow the raggy and cholum, and prepare the ground for rice, and plant cuttings of sugar-cane. Flower and vegetable seeds may still be sown, and in regular seasons the cabbage tribe of the first and second sowings should be finally transplanted. The first crop of hay is cut this month. Sow mango seeds for supply of stocks for next year's grafting. The dahlias sown last month will require transplanting, and the shoots should be separated from the old roots. The seeds (dahlias) should now be turned out of pots into the open ground in a sandy well-manured soil. A species of white grub attacks the roots of flower plants, more especially the scarlet geranium. The only mode of destroying these insects is by uprooting the plants that show any signs of dropping and removing the grub. Experiments in the cultivation of wheat may be attempted this month.

Remarks.—There is generally much rain this month. The days are cloudy and pleasant, and the nights cool. The wind blows from S. W. - Thunder and lightning frequent.

AUGUST.—Apples still continue; young trees should now be grafted, and cuttings put down. Oranges, loquats, and alligator pears in season. Insects are excessively numerous and destructive. The orange tribe should be budded and inarched, and propagated by gooties. Plant beds with early strawberries. Still sow a few vegetable and flower seeds. Continue grafting mangoes. Transplant cotton. Propagate carnations and pinks by layers. Begin collecting seeds of early flowering annuals. Dahlias are in perfection. The natives sow different kinds of grain in this and in the following month. Stake the dahlias put into the ground last month.

Remarks.—The early monsoons cease about the beginning of this month. The wind blows from S. W., and the weather is somewhat warm.

SEPTEMBER.—Alligator pears and loquats still continue. Guavas in plenty. Sow orange seed and alligator pear stones. Young potatoes in season. The American cotton sow

early in full pod. Plant Cape bulbs, either in the ground or in very deep pots well drained. The turnips and cabbages are much infested by a small dark caterpillar, which may be destroyed by sprinkling the plants with powdered lime. The rice begins to flower. Put down cuttings of geraniums, roses, violets, heartsease, &c. Flowers are in great perfection. As most of the peach trees will have lost their leaves, the roots should be opened and exposed for four days and then strongly manured. The principal crop of hay is cut in this month.

Strip off leaves, and bare and prune the roots of apple trees, dressing the root at the same time with sheep or other manure.

Remarks.—This is rather a hot month. The wind blows from S. W., and rain may be expected from the middle of the month, particularly in the evenings.

OCTOBER.—Vegetables are in great perfection. Sour sop and guavas also are now in season. The main beds for strawberries should be planted. Vines will begin to flower early in this month; the borders should be dug and well manured. Dahlias will begin to fall in the month. As soon as the leaves begin to wither, they should be taken up with the soil that adheres to them, and keep in a dry place. As soon as they have been sufficiently dried, they should be packed up in boxes of sand till the time for planting arrives. The double tube roses should be similarly treated.

Remarks.—The latter monsoons which generally commence towards the end of last month, are very heavy during October. The wind veers round to the N. E. The days are pleasant and the nights cool.

NOVEMBER.—Apples begin to ripen towards the end of this month. Custard apples in plenty. This is the last month in which the generality of vegetables can be sown with advantage. Sow the casurina and other tree seeds. This is a good month to lay in a stock of manure and prepare composts for the next year. The larger kinds of perennial water flowers should be taken up and reduced in size and re-planted. This is a good month to plant potatoes, sweet potatoes, melons, cucumbers, and most vegetable seeds. The raggy crop is cut during this month.

Remarks.—High winds from the N. E., and heavy rain may be expected during the early part of the month. Towards the end, the temperature of the atmosphere is considerably lessened, and the nights begin to be chilly. This is a very pleasant month. Mornings foggy.

DECEMBER.—Apples are in plenty, and peaches may be had towards the end of the month. Rose-apples also are abundant. All vegetables in season. A good month for sowing melon and cucumber seeds, as well as peas, radish and spinach; but very few other vegetable seeds. Most of the exotic plants will have ceased flowering; the beds should therefore be dug up and manured with a soil composed of two-thirds vegetable and half well-decayed animal manure. Turn out and examine dahlia roots. Prune roses.

Remarks.—This is usually a clear month, with heavy fog in the mornings. Days cool and nights chilly. Wind from the N. E. Heat is scarcely felt at midday.

This is a very pleasant and healthy month.

GENERAL REMARKS.—The meteorological observation of three years—1834-5-6—was one very hot and one very rainy season:—this may therefore be regarded as very fair average when taken together.

Bangalore is in lat. 12° 58' N., and long. 77° 39' E. The base of Commissioner's flag staff is 3,030 feet above high water-mark at Madras; and the mean annual temperature is 75° Fahr.: while that of Madras is 85°. Thus confirming the generally received opinion that a rise of 300 feet causes a fall in the thermometer of one degree. The soil, except in the valleys, is a red sandy loam, inclined to gravelly; and the sound rock a finely foliated gneiss with slaty cleavage. It is much used for building purposes.

Average rainfall of twenty-three years is 35-41 inches.

THE LAL BAGH.

THE MYSORE GOVERNMENT GARDEN, commonly known as the LAL BAGH, (from the Hindustani, signifying *red* or *ruby* and *garden*) is under the direction of a Superintendent who is responsible to the Commissioner. The present Superintendent is Mr. ————? The garden is situated about two miles south-east of the centre of the Cantonment, and covers an area of about 50 acres of ground, which slopes gently from the southern boundary, where there is a tank communicating with water channels which are led through most of the garden. The greater portion of the ground is very tastefully laid out in ornamental lawns and terraced flower gardens with green houses, aviary, and cages for Lions, Tigers and Cheetahs, enclosure for Deer, &c. The garden is open from 6 A. M. till dusk on week days, free of charge. Carriages and horses are expected to enter by the left hand entrance gate, and return by the one on the right, keeping to the main drive which encircles the garden. Furious driving is strictly prohibited. Visitors are not permitted to pluck flowers or fruits; and are expected not to bring dogs to the garden, as they do much injury to the plants and seed beds. Plants and seeds may be purchased at the garden.

Committee of Retired Members in England

R. Clerk, Esq.,	J. L. Blane, Esq.,	W. H. Bayley, Esq.,
Sn H. C. Montgomery, Bart.,	J. I. Thomas, Esq.,	J. Percott Esq.

Half yearly General Meetings are held in the months of January and July of each year, on a day to be fixed by the Trustees and notified in the Official Gazette.

Under the old Rules of the Civil Fund Subscriptions at 2½ per cent. are payable by all Members of the Government Civil Service on their allowances for a period of 16 years, and a Donation of £40 is payable at option on the birth of a daughter to secure to her the benefits of the Subsidiary Rules after the age of 19.

The pensions granted to Widows under the old Rules of the Civil Fund, are continued till re-marriage or death and are revised on second widowhood.

The daughters of deceased Members for whom the benefits of the Subsidiary Rules have been secured are allowed pensions till marriage or death, but those for whom the above benefits have not been secured are granted pensions up to the age of 19 only or till marriage, if married in either case when in either case a Donation of £300 is paid to them or their guardians. But if such daughters are proved to be in indigent circumstances, then, instead of the Donation a pension of £40 per annum is allowed to them after the age of 19 till marriage or death.

Pensions to sons are granted up to the age of 19 when a Donation of £300 is paid to them or to their guardians, but if such sons are proved to labor under mental or bodily infirmity, then instead of the Donation a pension of £40 per annum is granted to them till recovery.

The whole amount of pension allowed under these Rules to each family (widows and children) is reducible by any private income in excess of £15 private income—which amount is allowed for the benefit of the wife and family of a deceased Subscriber. The individual pension is reducible by the undivided share of the private income in excess of £45 equally divided among the whole family.

Under the Rules of the Provident Fund of the Civil Fund lately adopted by the Service, the following Subscriptions and Donations are payable by Subscribers to this branch.

Subscriptions at 2½ per cent. on the allowances of Subscriber for 16 years as before and at the same rate for the whole further term of service in the cases of married men and widowers with families, but at one per cent. after 16 years for the whole further period of service, in the cases of Bachelors and Widowers without families.

On each marriage and by each married man entering the Service,

a Donation of	Rs. 1,500 0 0
On birth of each daughter, a Donation of	" 500 0 0
On birth of each son, a Donation of	" 250 0 0

The Annuities granted to Widows under these Rules are reduced to one half on re-marriage and continued at that rate during second marriage and until death, but if the second husband happen to be a Subscriber to this branch then the widow on the second widowhood reverts to the full Annuity.

The Annuities to daughters of deceased Members are continued till marriage or death, and a Donation of £300 is paid to them on marriage.

The Annuities to sons are continued up to age of 21, when a Donation of £300 is paid, and if such son is proved to labor under mental or bodily infirmity, then instead of the Donation but without reference to age, an Annuity of £125 is granted until recovery.

The Annuities granted from this branch of the Fund to the families of deceased Subscribers, are not affected by any amount of private income they may possess or inherit.

CIVIL SERVICE REGULATIONS.

Rules for the grant of leave of Absence for regulating deductions from Salaries and Acting Allowances; and for limiting the period of Service of Covenanted Civil Servants, Judges of the High Court, Chaplains and Military and Medical Officers.

LEAVE AND ALLOWANCES

The 13th March 1872

No 1,835 — The following extract from Regulation No 1,806 received in the Department on the 31st October 1871 is published for general information —

“The Governor General in Council is pleased to empower local Governments to lay down rules for the grant of Uncovenanted Servants’ leave of absence for the purpose of attending examinations, provided that the rules prescribed are not more liberal than those sanctioned for Covenanted Officers.”

2 In the above extract the term ‘local Governments’ includes Local Administrations.

It will be within the discretion of the Local Government to direct that (for purposes of determining the acting allowance in case of substitute) the absence of a Police Officer from his district on the summons of a Criminal Court or Court Martial shall be treated as absence on special duty — *11th December 1872 A. 1697 final*

The 14th March 1872.

No 2,008 In supersession of existing rules regarding leave of absence from duty to public servants in the Civil Department the Governor-General in Council is pleased to direct the publication of the following Civil Leave Code.

As regards Covenanted Civil Servants no change is made, except that it is expressly laid down that no officer can have a furlough if he had rendered less than three years service, a restriction which in the Rules of 1868, was only implied.

As regards Uncovenanted Servants the Code includes the recent orders of the Secretary of State published in the *Gazette of India* of the 17th February last, but the following changes have been made in the original form of the rules.

*Sections of the
proposed rules*

Change

IV —The qualification is three years’ service and not three years’ active service.

VIII(b) —The restriction in the last sentence is omitted.

IX —Special leave without allowances is not reckoned as leave taken, in calculating the amount of furlough due.

An officer is entitled to all wages during his second special leave for any period by which his first duty leave fallen short of six months.

XXI —The additional week at the end of furlough is not admitted.

XXII —Leave on medical certificate without allowances is not reckoned as furlough taken.

One or two of the subsidiary rules slightly altered *cap* 249 and a few rules regarding procedure, which were not in the first Code, have been inserted, and a proviso has been added in Section 6(b).

The new rules for the Uncovenanted Service shall be deemed to have come into effect on the 3rd January 1872 being the day on which the Despatch of the Secretary of State, No 451, dated 6th December 1871, was received.

Officers who have taken leave since the 3rd January 1872 may apply for any additional allowances to which, by the rules now published under the orders of the Secretary of State, they may be entitled. But no reductions are to be made in the allowances of officers now on leave, in consequence of the leave allowances being calculated on “average salary” instead of on pay.

CHAPTER II.

Definitions.

SECTION 4.—In these rules—

Active Service.

(a) “Active service” includes, besides time spent on duty:

(1.) Privilege leave of absence.

1. “Privilege leave” includes the corresponding leave, (then called “short leave on private affairs” and “leave on private affairs”), under the Covenanted Service Leave Rules in force before the 1st July 1868.

(2.) Subsidiary leave of absence.

1. “Subsidiary leave” includes the corresponding leave, (then called “special leave”) under the Covenanted Service Rules in force before the 1st July 1868; and also preparatory leave under the Uncovenanted Service Leave Rules.

In the case of Covenanted Civil Servants, it includes also—

(3.) The interval between the date of an officer's first arrival in India and the date on which he joins his first appointment.

Arrival in India. 1. The date of an officer's first arrival in India is held to have been as follows:—

Before the 31st January 1868,—the date of his actual arrival in India.

From the 31st January 1868 to the 4th May 1869, inclusive,—the date on which he reported his arrival at the capital town of the Presidency to which he was attached; or if he was attached to the North West Provinces, the Punjab, or Oudh, and had permission to come to India *via* Bombay, the date on which he reported his arrival at Bombay.

On and after the 5th May 1869,—the date on which he reports his arrival either at the seat of the Government to which he is attached, or at any other station to which he is ordered, or permitted to proceed direct.

2. If an officer does not join his first appointment within the joining time allowed him, the interval between the end of such joining time and the date on which he actually joins, is not active service.

(4.) Time passed in India, out of employ, on subsistence allowance, but not on furlough.

1. If a Covenanted Civil Servant on his first arrival in India is unable, from illness, to proceed to the seat of the Government to which he is attached, or to any other station to which he is ordered, the local Government in whose jurisdiction he is, may, on medical certificate, grant to him a subsistence allowance of Rs. 250 a month, for not more than two months. Time thus spent is not active service.

(5.) Leave of absence within the limits of the East India Company's Charter, which counted as service and residence under the Covenanted Service Leave Rules in force before the 8th June 1855.

(6.) Leave of absence on urgent private affairs granted before the 3rd January 1863.

1. Examination leave of absence is also "active service;" provided that not more than twelve months can be so reckoned to any officer.

2. One year of leave of absence on medical certificate was reckoned as "residence" under the Covenanted Service Leave Rules in force before the 1st July 1868, but is not "active service."

(b) "Extraordinary leave" means leave of absence granted otherwise than under the rules in this Code or its Supplements.

Example.—Leave in extension of the three years admissible under Section 7.

(c) "Continuous service" and "continuous active service" mean the service, and active service, of an officer since his last return from leave of the following kinds, namely:

in the case of a Covenanted Civil Servant, furlough or extraordinary leave, lasting more than three months;

in the case of an Uncovenanted Civil Servant, furlough special leave, or extraordinary leave, whether more or less than three months;

or, if he have not had such leave, since the beginning of his active service.

No leave can be included in continuous service, except—

in the case of a Covenanted Civil Servant, privilege leave and special leave.

in the case of an Uncovenanted Civil Servant, privilege leave.

1. Examination leave may also be included, unless the officer have already had twelve months such leave.

(d.) "Pay" means substantive pay. The term includes also the subsistence allowance of a Covenanted Civil Servant who has an officiating, but not a substantive appointment. "Salary" is the sum of pay and acting allowance.

Pay and salary.

1. Personal allowance is for the purposes of this Code, to be taken as part of an officer's substantive pay.

2. "Salary" does not include house rent, tentage, or travelling allowances, whether daily, monthly, or annual; nor does it include "local allowances," which are paid in full to the officer performing the duty for which they are given, no part allowed being to an absentee.

Note.—This rule applies to Commissioned Military Officers in Civil Employ.

(e) "Local Government" includes a Department of the Government of India, a Chief Commissioner, and the Resident at Hyderabad.

CHAPTER III.

Furlough.

SECTION 5.—The amount of furlough admissible to a Covenanted Civil Servant, and the aggregate amount of furlough and of special leave with allowances, admissible to an Uncovenanted Civil Servant, is limited to six years. All the rules in the Code are subject to this limitation.

Explanation.—The following leave under other rules is counted as furlough under this section:

In the case of a Covenanted Civil Servant,—furlough, and leave with allowances on medical certificate, under former rules.

In the case of an Uncovenanted Civil Servant,—furlough leave with allowances on medical certificate, and leave on private affairs, under former rules or under the rules in Supplement F of this Code.

SECTION 6 (a).—The amount of furlough “earned” by an officer is one-fourth of his active service.

Proviso.—Provided that, in making this calculation for an Uncovenanted Civil Servant, only half of the active service rendered by him in offices other than those included in Schedule A, shall be taken into account.

1. The whole of the active service rendered while officiating in any of the offices included in Schedule A, is to be taken into account.

Amount due. (b.) The amount of furlough “due” to an officer is the amount which he has earned, diminished by—

First, in the case of a Covenanted Civil Servant,—

- (1) the amount of furlough which he has enjoyed under these or any former rules, except junior furlough under the rules in force before the 8th June 1855;
- (2) the excess over one year in the amount of leave with allowances on medical certificate which he has enjoyed under former rules.

Secondly, in the case of an Uncovenanted Civil Servant,—

- (3) the amount of furlough or special leave with allowances which he has enjoyed under these or any other rules;
- (4) the amount of leave on private affairs or on medical certificate with allowances which he has enjoyed under the rules formerly applicable to him.

1. Leave of the kind described in Section 4 (a 5) is not counted against an officer under this section, or under Section 5.

Proviso.—Provided that if more than two years’ furlough be due to an Uncovenanted Civil Servant when he is first admitted to the benefit of these rules, the excess shall be cancelled.

Amount admissible after 3 years’ service. SECTION 7. (a).—To an officer who has rendered three years’ continuous service, furlough for not more than two years may be granted as follows:—

First, on medical certificate, —unconditionally;

See Section 25, Rule 2.

Secondly, without medical certificate,—subject to these provisos—

- (1) that the furlough be due to him;
- (2) that he have rendered eight years’ active service;
- (3) that the whole number of officers absent on furlough and special leave do not exceed the limit appointed by the Government of India.

1. Except on medical certificate, or on very urgent private affairs, furlough or special leave may not be granted to a Covenanted Civil Servant in

Limit. Oudh, the Central Provinces, British Burmah, Ajmír, Mysore and Coorg, and the Berars, if one-fifth of the whole number of officers, Covenanted, Military, and Uncovenanted, serving in the same Commission, are already absent on furlough or special leave. In other Local Governments, it may not be granted, if one-fifth of the whole number of Covenanted Civil Servants serving under the orders of the same Local Government are already absent on furlough or special leave.

(b.) Furlough granted under this section may, on medical certificate, be extended to not more than three years.

After less than 3 years’ service. SECTION 8. (a).—To an officer who has not rendered three years’ continuous service, furlough for not more than one year may be granted on medical certificate.

(b.) Furlough granted under this section for less than one year may, on medical certificate, be extended to not more than one year.

Lien. SECTION 9. (a).—An officer on ordinary furlough has a lien on his substantive appointment, or on a substantive appointment of a like character and not less pay.

Ordinary furlough. *Explanation.*—Ordinary furlough includes—

- (1) the first two years of each separate period of furlough under Section 7;
- (2) so much of furlough under Section 8 as may be due, provided the officer have rendered six months’ continuous active service.

Other furlough. (b.) On other furlough a Covenanted Civil Servant has no lien, but an Uncovenanted Civil Servant has a lien.

1. An officer may not surrender his lien; and a local Government may not fill up substantively an appointment on which an officer has a lien without transferring the officer to another substantive appointment of not less pay. The saving which accrues to the State by paying acting allowances, instead of substantive, must be carefully secured as a set-off against the cost of leave allowances.

2. An officer may have a lien on an appointment without having actually joined it.

Note.—This rule applies to Commissioned Military Officers in Civil Employ.

3. An officer on furlough has no claim to substantive promotion; but there is no objection to such promotion.

Note.—This rule applies to Commissioned Military Officers in Civil Employ.

4. An officer on furlough has no lien on an acting appointment.

SECTION 10. (a).—An officer on ordinary furlough is entitled, subject to the limitations prescribed in clauses (b) and (c) of this section, to a leave allowance equal to half the average salary which he has earned during so much of his continuous active service as is within the three years preceding the day on which he gives up office.

ALLOWANCES On ordinary furlough.

Provided that subsidiary leave shall not be included in active service under this section, nor periods during which an officer has been out of employ in India, otherwise than as a penalty for misconduct.

In the case of a Commissioned Military Officer in Civil Employ who takes subsidiary or preparatory leave before furlough, the words "prior to his proceeding on furlough" in Section V of the Military Furlough Regulations of 10th November 1868, shall be understood to mean *prior to his being relieved of his duties*.

(b.) The maximum leave allowance of a Covenanted Civil Servant on ordinary furlough is, if paid at the Home Treasury of the Government of India, £250 a quarter, and if paid in India, Rs. 833½ a month. The minimum is, if paid at the Home Treasury, £125 a quarter, or his last salary, whichever is less, and if paid in India, Rs. 416½ a month, or his last salary, whichever is less.

(c.) The maximum leave allowance of an Uncovenanted Civil Servant on ordinary furlough is, if paid at the Home Treasury of the Government of India, £200 a quarter, and if paid in India, Rs. 666½ a month. There is no minimum limit.

1. An officer on furlough does not forfeit his past leave allowance by resigning the service without returning to India.

SECTION 11.—An officer on furlough, other than ordinary, is entitled, if a Covenanted Civil Servant, to subsistence allowance, and if an Uncovenanted Civil Servant, to £120 a quarter paid at the Home Treasury, or Rs. 400 a month paid in India, or to one-quarter of the average salary defined in Section 10 (a), whichever is less.

On other furlough.

1. The following are the rates of subsistence allowance for Covenanted Civil Servants:—

To an officer of not more than eight years' actual residence in India. Rs. 250 a month.

To an officer of more than eight, but less than twelve years' actual residence in India 320 "

To an officer of twelve or more years' actual residence in India.. 400 "

CHAPTER IV.

Special Leave of Absence.

SECTION 12.—Special leave on urgent private affairs may be granted at any time, for not more than six months:

Provided that an officer who has had special leave, must render six years' active service before he can again have such leave.

1. The corresponding leave under the Covenanted Service Leave Rules in force before the 1st July 1868, is, "special leave" within the meaning of this proviso.

SECTION 13.—An officer on special leave has a lien on his substantive appointment, or on a substantive appointment of a like character and not less pay.

Lien.

See Rules under Section 9.

SECTION 14. (a).—For the first six months for which an officer is on special leave, whether the six months be included in the same leave or not, he is entitled to the leave allowance admissible under Section 10.

Allowances.

(b.) Thereafter he is entitled to no leave allowance.

1. The corresponding leave under the rules in force before the 1st July 1868 is "special leave" within the meaning of this section.

CHAPTER V.

Subsidiary Leave of Absence.

SECTION 15. (a.)—Furlough and special leave, out of India, begin on, and include, the date of the departure of the vessel in which the officer sails; and to an officer taking such leave, subsidiary leave, not ordinarily exceeding thirty days, may be granted from the day on which he gives up office, to the day before that on which his furlough or special leave begins.

(b.)—Furlough and special leave, out of India, end on, and include, the date of the arrival of the vessel in which the officer returns; and to an officer coming back from such leave, subsidiary leave, not ordinarily exceeding thirty days, may be granted, from the day after that on which the vessel arrives, to the day before that on which he assumes the office to which he may be appointed.

1. For the interval between giving up charge of office and commencement of furlough out of India, and between the end of furlough out of India and the resumption of charge of office, a Commissioned Military Officer in Civil Employ is allowed subsidiary leave not ordinarily exceeding in each case thirty days.

1 (a.) Subsidiary leave may be granted to a Covenanted Civil Servant retiring from the service, to the same extent, and with the same allowances, as if he were going on furlough. To an Uncovenanted Civil Servant, such leave may be given on half-pay for fourteen days, but only if it cause no additional expense to the State.

2. Subsidiary leave for more than thirty days may be granted in cases of necessity; but all such grants, and the reasons for them, must be reported to the Government of India.

Note.—This rule applies to Commissioned Military Officers in Civil Employ.

3. An officer may leave India, or return to India, by any port he likes; but the dates by which the beginning and end of furlough and special leave are determined, are the date of the vessel's departure from the port where he first meets it, and arrival at the port where he quits it. For instance, an officer sailing from Calcutta in a vessel which touches at Madras, counts by the date of departure from Calcutta, and not from Madras.

3 (a.) An officer serving in Persia or Arabia may leave the country in which he is serving, or return to it by any port or frontier town he likes, provided that the journey to or from it must not exceed thirty days. The certificate showing the date of departure or return must be given by the British Consul if there be one, otherwise by the officer himself.

Note.—This rule applies to Commissioned Military Officers in Civil Employ and to all officers who are subject to the rules in the Supplements to this Code.

3 (b.) In the case of Commissioned Military Officers in Civil Employ, days of embarkation and debarkation are parts of furlough, and furlough allowances only are admissible for such periods.

In such cases, furlough cannot be extended on the ground that the vessel in which an officer leaves India, or returns to it, touches at some other port in India after the first embarkation or before the final debarkation.

4. The date of the departure of a vessel from Calcutta is held to be the date on which the pilot leaves it at sea.

Note.—This rule applies to Commissioned Military Officers in Civil Employ.

5. An officer quitting India after subsidiary leave must report his departure to the Local Government which granted him the leave; and he must report his arrival in England to the Secretary of State.

Explanation.—An officer may take furlough or special leave partly in, and partly out of, India. But subsidiary leave is not admissible under clause (a) of this section, unless the furlough or special leave begins as furlough or special leave out of India; nor under clause (b), unless it ends as furlough or special leave out of India.

1. If an officer remains in India after the end of subsidiary leave under clause (a), his furlough or special leave will be held to have begun as furlough or special leave in India, and will be counted from the day on which he gave up office.

Note.—A similar rule applies to Commissioned Military Officers in Civil Employ who remain in India after the end of subsidiary leave prefixed to furlough.

SECTION 16 (a).—An officer on subsidiary leave under clause (a) of Section 15 has, or has not, a lien on an appointment according as he has, or has not, such lien on the first day of the leave to which it is subsidiary.

(b.) An officer on subsidiary leave under clause (b) of Section 15 has, or has not, a lien on an appointment according as he has, or has not, such lien on the day last preceding the subsidiary leave.

Allowances.

SECTION 17.—An officer on subsidiary leave is entitled to allowances as follows:—

(a.) If the leave immediately following, or immediately preceding, the subsidiary leave be ordinary furlough, or if it be special leave, and the officer have not had leave subsidiary to a former special leave,—the allowance admissible under Section 10, but calculated, in the case of a Covenanted Civil Servant, without limitation of maximum or minimum.

(b.) If the leave immediately following, or immediately preceding, the subsidiary leave, be furlough other than ordinary,—the allowance admissible under Section 11.

(c.) If the leave be subsidiary to special leave, and the officer have had leave subsidiary to a former special leave,—no allowance.

(d.) If the officer, under Section 24, have ceased to have a lien on a substantive appointment,—subsistence allowance in the case of a Covenanted Civil Servant, and no allowance in the case of an Uncovenanted Civil Servant.

1. The corresponding leave under the Covenanted Service Rules in force before the 1st July 1868 is special leave within the meaning of this section.

2. An officer may draw allowances as if he were on privilege leave, for any part of his subsidiary leave under clause (a) of Section 15, for which, if he were not going on furlough or special leave, privilege leave would be admissible to him.

Note.—A similar rule applies to Commissioned Military Officers in Civil Employ taking subsidiary leave before furlough.

The allowances of every Commissioned Military Officer in Civil Employ during subsidiary leave shall be calculated as in the case of general leave taken in India. Provided always that if an officer shall, under the action of the leave rules, have lost his lien on his appointment, he shall, during subsidiary leave, draw allowances under the rules of the Military Department applicable to his case.

Note.—This rule regulates allowances during leave subsidiary to furlough of any description.

CHAPTER VI.

Privilege Leave of Absence.

SECTION 18. The amount of privilege leave admissible at one time is limited to three calendar months.

The amount of privilege leave earned by an officer is one-eleventh of the time during which he has been on duty without interruption and that whenever duty is interrupted all claims to privilege leave earned thereafter is forfeited. Provided that no privilege leave can be earned by an officer by duty done while three months' such leave are due to him.

The privilege leave due to an officer is the privilege leave which he has earned, less the period during which he has been absent on privilege leave.

Absence on privilege leave, though not counting as duty, is not an interruption of duty within the meaning of this section.

Note.—This rule applies to Commissioned Military Officers in Civil Employ.

1. To Uncovenanted Judicial Officers, whose duties are not continuous, and who enjoy regular vacations during which they are allowed to be absent from duty, privilege leave is not admissible except in case of urgent necessity.

2. The Local Government may, with the sanction of the Government of India, impose a similar restriction in the case of Covenanted Officers.

3. Time spent on subsidiary leave does not qualify for privilege leave. But if an officer returning from leave not before the expiration thereof, be, solely for the convenience of the Local Government, and not for any fault of his own, prevented from joining an appointment on which he has a lien; or if he be kept out of employ on subsistence allowance; then, duty qualifying for privilege leave begins on the day on which he presents himself to the Local Government ready for duty.

4. When an officer is first appointed to the public service, duty qualifying for privilege leave does not begin until he takes charge of a particular office.
5. "Examination leave" does not operate as an interruption of duty within the meaning of this section; and, if the examination to attend which the leave is taken be successfully passed, and the officer have not already had twelve months' examination leave, then it counts as duty qualifying for privilege leave.
6. Suspension from office as penalty for misconduct is an interruption of duty within the meaning of this section.

Note.—This rule applies to Commissioned Military Officers in Civil Employ.

7. If an officer remains absent after the end of examination leave, or of joining time, the period of absence cannot count as duty qualifying for privilege leave, and unless the absence is accounted for to the satisfaction of the Local Government, it is an interruption of duty within the meaning of this section.

Note.—This rule applies to Commissioned Military Officers in Civil Employ.

8. With regard to the privilege leave of Commissioned Military Officers in Civil Employ, no distinction is made between officers who have substantive civil appointments, and those who are merely officiating in the Civil Department. The leave is earned by uninterrupted duty in either the Civil or the Military Department.

SECTION 19.—To an officer who has been on duty without interruption for eleven calendar months, and who has not for six calendar months, been absent on privilege leave, the whole or any part of the privilege leave due to him may be granted.

Note.—This rule applies to Commissioned Military Officers in Civil Employ.

1. Before privilege leave is granted to an officer, he must record a declaration that he has no intention of retiring or of taking turlough, special leave, or leave on private affairs, or medical certificate, within three months of his return to duty. Though not absolutely debarred, by this declaration, from applying to retire or for such leave within three months, he should, if he does so, explain fully his change of mind.

Note.—This rule applies to Commissioned Military Officers in Civil Employ.

2. If an officer is, on public grounds, recalled to duty from privilege leave before the whole leave granted to him is ended, privilege leave may be granted to him again even within six calendar months from the date of his return to duty.

Note.—This rule applies to Commissioned Military Officers in Civil Employ.

The above rules for privilege leave have effect, in the case of every officer to whom those rules are applicable, from the date of his last return to duty, whether from an instalment of privilege leave or from any other leave, provided that any privilege leave, or service qualifying for privilege leave, which had accrued to the officer on that date under the old rules shall not be forfeited, and that such privilege leave, or service for privilege leave, may be combined with privilege leave, or service for privilege leave, under the above rules.

SECTION 20.—An officer on privilege leave has a lien on his substantive appointment. He has also a lien on his officiating appointment, so long as it is not resumed by an officer having a superior lien on it.

SECTION 21.—An officer on privilege leave is entitled to a leave allowance equal to the pay or salary which he would earn if he held or officiated in the appointment on which he has a lien.

1. If privilege leave is granted to an officer who holds an appointment sanctioned only for a limited time, and for a special purpose, he is not entitled, during privilege leave, to any special allowance attached to the appointment.

Note.—This rule applies to Commissioned Military Officers in Civil Employ.

2. An officer on privilege leave is entitled to acting allowance, even though another officer be appointed to act for him.

Note.—This rule applies to Commissioned Military Officers in Civil Employ.

3. If an officer, who has been temporarily promoted from a lower to a higher officiating appointment, takes privilege leave on being relieved of the latter, and the Local Government declares that, on being so relieved, he has reverted to the lower officiating appointment, his allowances on leave shall be calculated as if he had rejoined it.

Note.—This rule applies to Commissioned Military Officers in Civil Employ.

4. In Bombay, an officer on privilege leave may draw the house-rent or tentage attached to his appointment, if he places his house or tent at the disposal of the officer, if any, who officiates for him. The officiating officer cannot draw the house-rent or tentage attached to the same appointment. But if the officiating officer, for a reason which the Local Government

considers sufficient, refuses the accommodation placed at his disposal, the allowance is to be drawn by him and not by the absentee.

Note.—This rule applies to Commissioned Military Officers in Civil Employ.

5. An assistant in the Geological Survey of India on privilege leave may draw the house rent, house allowance and other local allowances of his office, provided that they are not claimed by an officer officiating for him during his absence.

CHAPTER VII.

Examination Leave of Absence.

1. A Covenanted Civil Servant, who is a candidate for one of the rewards offered for the study of Oriental Languages, may be allowed leave for one month for the purpose of being examined.
2. If he pass the examination, he may be allowed similar leave for another month.
3. An officer on examination-leave has a lien on his appointment (substantive or officiating), and is entitled to leave allowance, as if he were on privilege leave.

CHAPTER VIII.

Joining-time.

[The rules in this Chapter apply to all officers in Civil employ.]

1. Joining-time is the time allowed to an officer to proceed from one station to another when his appointment is changed, or when, being unemployed, he is appointed to any office. An officer is held to be on duty during joining-time, if he is entitled to allowances.

Amount admissible.

2. Joining-time is allowed as follows :—

For that part of the route for which railway is available,—one day for every hundred miles.

For that part of the route for which steamer is available,—one day for every hundred miles, or such longer time as the steamer may actually occupy.

Where neither railway nor steamer is available,—one day for every ten miles.

And six days in addition to the whole thus calculated.

Sundays are excluded in the calculation of joining-time.

3. The full joining-time is allowed only if it is spent *bona fide* in preparation for the journey or in progress from one station to another and no more than three months may be given under any circumstances. The Government also, which orders a transfer, may limit the duration of joining-time.

4. When an officer, after giving over charge of his office at one station on transfer or reversion to another, takes privilege or examination-leave before joining the office to which he has been transferred, or to which he has reverted; or when an officer, while on privilege or examination-leave, is transferred to a station other than that from which he took leave,—he is entitled to joining-time in addition to his privilege or examination-leave. The joining-time of an officer transferred during privilege or examination-leave, will be counted from his old station, or from the place where he received the order of transfer, whichever is nearer to his new station.

5. Unless for some special reasons the Government or other authority under whose orders the transfer takes place permits or requires it to be made in particular case elsewhere or otherwise, the charge of an office must be made over at its head quarters, both the relieving and relieved officers being present.

As a general rule, and subject to any special orders to the contrary in particular cases, the head quarters of an officer on the staff of a Government, as, for instance, a Secretary to a Government, the Sanitary Commissioner with the Government of India, or a clerk in a Government Secretariat, are the head quarters for the time being of the Government to which he is attached.

The head quarters of any other officer are either the station which has been declared to be his head quarters by the authority which appointed him or in the absence of such declaration the station where the records of his office are kept.

6. If an officer, during transit from one appointment to another, obtains furlough on medical certificate (with or without subsidiary leave prefixed), he will be allowed only the joining-time calculated for the journey from his old station to the furthest place to which he has proceeded on his route to his new station.

Allowances.

7. Except in the case mentioned in the next rule, an officer draws during joining-time the following allowances :—

- (a) First, as regards pay,—
the pay which he drew in his old appointment, or that which he draws in his new, whichever is less.
- (b) Second, as regards acting allowance :—
 - (1) if transferred from an officiating appointment to an appointment, officiating or substantive, of not less salary,—the acting allowance of his old appointment ;
 - (2) if, after being promoted from a lower to a higher officiating appointment with retention of lien on the lower one, he is relieved of the higher and returns to the lower officiating appointment, or to another appointment, officiating or substantive, of not less salary,—the acting allowance of the lower officiating appointment ;
 - (3) Provided that no officer can draw acting allowance for any appointment after any one having a superior lien on it has resumed it.

8. An officer who has no substantive appointment, and is not in the Covenanted Civil Service or the Army, is not entitled to any allowance during joining-time ; but if such an officer, while officiating in an office, is transferred to another office in the same department, and under the Local Government, the Local Government may allow him to draw, during his transit, the allowance to which he would be entitled under Rule 7.

Illustration.—A, who has no substantive appointment, but is officiating as Sub-Registrar of Assurances in Bardwan, is appointed to officiate as Deputy Magistrate and Deputy Collector in Rajshahye, and subsequently transferred to officiate as Deputy Magistrate and Deputy Collector in Patna. A is not entitled to any allowance during his transit from Bardwan to Rajshahye, but he may be allowed by the Local Government to draw, during his transit from Rajshahye to Patna, the allowance to which he would be entitled under Rule 7.

CHAPTER IX.

Extension and Commutation of Leave.

SECTION 22. Except as provided in Section 15, no kind of leave can be granted in continuation of any other kind ; but any leave may be retrospectively changed for any other kind or amount of leave which might at first have been granted :—

Extension and commutation.

Provided that the grant, or extension of furlough, under this rule (otherwise than on medical certificate,) is subject to Proviso 3 in section 7 (a.)

1. Except by the Secretary of State, leave cannot be changed or extended without the permission of the Local Government which originally granted it.

(a.) In the case of Commissioned Military Officers in Civil Employ, leave may be retrospectively commuted, by the authority which granted it, to any other kind of leave which the said authority would have been competent to allow when the original leave were sanctioned.

(b.) An officer on furlough or special leave in Europe, who wishes to have his leave extended, must apply to the Secretary of State for at least three months before the end of his leave.

2. Examination-leave may be granted in continuation of privilege leave, but no kind of leave, except furlough on medical certificate, can be granted in continuation of examination-leave.

Privilege leave, however, may be granted in continuation of examination-leave under Chapter VII, Rule 1, but not in continuation of examination-leave under Chapter VII, Rule 2.

3. When privilege leave is, on medical certificate, retrospectively changed for furlough out of India, so much of the leave passed before the departure of the vessel in which the officer sails, may be treated as subsidiary leave under clause (a) of Section 15, as might have been granted as subsidiary leave, if the officer had originally obtained furlough, and not privilege leave.

Note.—A similar rule applies in the case of Commissioned Military Officers in Civil Employ.

SECTION 23 (a.) Leave allowances are payable in India after the end of each month ; but an officer on furlough or special leave out of India may, at his option, take payment at the Home treasury

Allowance how payable.

of the Government of India.

CHAPTER X.

Payment of Leave Allowances.

[The rules in this Chapter apply to all officers in civil employ.]

1. An officer quitting India on furlough or special leave must take with him a last pay certificate, whether he intends to draw his allowances in England or not. For rules, see next Chapter.

Note.—This rule applies to Commissioned Military Officers in Civil Employ.

2. A gazetted officer may draw his allowances at any treasury in India. If he signs the bill himself, he must either appear in person at the place of payment, or must furnish a life-certificate by a Covenanted Civil Servant, a Magistrate, a Notary, a Banker, or a Minister of Religion. If he draws the allowances through an authorized agent, the agent must either furnish a life-certificate as above, or must execute a bond to refund over-payments. A life-certificate may be given periodically, a bond being given to cover intermediate payments not supported by the life-certificate.

(Forms of life-certificate may be procured at the India Office, London.)

Note.—So much of this rule as relates to allowances being drawn by an agent applies to Commissioned Military Officers in Civil Employ.

3. A non-gazetted officer can draw his leave allowances only at the treasury whence his salary is disbursed, and under the signature of the head of the office to which he is attached; this officer is responsible for any overcharges, and no other security is required.

Note.—Non-Gazetted Officers may draw absentee allowance in England.

(b.) If payment be taken at the Home treasury, it is made quarterly, and rupees are converted into sterling at the rate of exchange fixed, for the time being, for financial transactions between the Imperial and the Indian treasuries.

If an officer receive an advance of pay in England to enable him to return to duty in India, the advance shall be recovered at the rate of exchange fixed for transactions with the Imperial Government at the time the advance was made; the same rule will also apply in the case of an advance made in England to a person appointed there proceeding to India to join his appointment.

Note.—This rule applies to Commissioned Military Officers in Civil Employ.

1. If an officer's contract of service contains a stipulation to the effect that "a pound sterling shall be considered equal to and calculated after the rate of ten rupees," his leave allowances shall be converted into sterling at that rate.

CHAPTER XI.

Last Pay Certificate.

[The rules in this Chapter apply to all officers in civil employ.]

1. No officer (unless he has been newly appointed to the service of Government,) can begin to draw pay or allowances at any treasury in India or at the Home treasury of the Government of India, without producing a last pay certificate from the treasury where his pay or allowances were last disbursed, or from the Accountant General within whose jurisdiction that treasury is.

2. An officer must, if possible, appear personally at the office where his last pay certificate is completed.

3. The following are the rules and forms prescribed for the issue of last pay certificates in India.

The cases in which these certificates are given are thus classified:—

Case I.—To an officer proceeding on leave to Europe and embarking at a port in the presidency or province in which he is employed;

Case II.—To an officer proceeding on leave to Europe and embarking at a port in another presidency or province;

(a) If he be employed at, or have to pass through, the station of the Accountant General of his presidency or province;

(b) If he be not employed at, and have not to pass through, that station;

Case III.—To an officer proceeding on leave from one place in India to another, whether the two places are or are not within the same presidency or province;

Case IV.—To an officer proceeding on duty from one presidency or province to another;

Case V.—To an officer proceeding on duty from one place to another in the same presidency or province.

The rules for each of these cases are as follows—

CASE I.

Note.—This certificate given in this case and in case II should contain on the reverse in addition to other particulars, copies of Rule I (b) under Section 23 and Rule I under Section 24. It should also in this case as well as in cases II and III contain on the reverse in addition to other particulars Rule (a) 3 of Section 24.

The Accountant General should give the officer a certificate in Form A, Appendix, and, save in the cases below excepted, forward a duplicate certificate, in the same form, to the Local Government for transmission to the Secretary of State.

Exceptions.—1. If the officer embark at a port in British Burmah, the Accountant General should forward the duplicate form direct to the Financial Department of the Government of India for transmission to the Secretary of State.

2. If the officer embark at Calcutta, the Accountant General should, in like manner, forward the duplicate form to the Financial Department after filling up the blanks in the pilot's certificate at its foot.

CASE II (a.)

The Accountant General should pay the officer* his allowances up to the date of his departure from his (the Accountant General's) station, and should give him a certificate in Form B, Appendix, leaving the 5th, 7th and 8th spaces blank, and send a duplicate, after signing the letter on the reverse, to the Accountant General, or (if there be no Accountant General) to the officer in charge of the treasury at the port at which the absentee intends to embark for Europe. The Accountant General or Treasury Officer at the port of embarkation should follow the instructions in the letter addressed to him, and return the original form to the officer. If he be an Accountant General, he should forward the duplicate to the Local Government for transmission to the Secretary of State, and address a letter in the Form E, Appendix, to the Accountant General of the officer's presidency; but if he be a Treasury Officer, he should forward the duplicate to the Accountant General of his own presidency, who will forward it to the Local Government for transmission to the Secretary of State, and address a letter in the Form F, Appendix, to the Accountant General of the absentee's presidency.

CASE II (b.)

The Accountant General should send to the officer a certificate in Form C, Appendix, leaving the 5th, 7th and 8th spaces blank, and forward a duplicate to the Accountant General or Treasury Officer at the port at which the officer intends to embark for Europe. Before the officer's departure from his station, the officer in charge of the treasury from which he last drew pay should fill up and attest the certificate at the end of the original Form C. The Accountant General or Treasury Officer at the port at which the officer intends to embark should follow the instructions in the letter to his address on the back of Form C, and after copying the entries and signature from the certificate at the end of the original form into the duplicate, should return the original form to the officer. If he be an Accountant General, he should forward the duplicate certificate to the Local Government for transmission to the Secretary of State, and forward a copy of the certificate at the end of the form to the Accountant General of the absentee's presidency, with a letter in the Form G, Appendix, but if he be a Treasury Officer, he should forward the duplicate Form E to the Accountant General of his own presidency, who will send it to the Local Government for transmission to the Secretary of State, and forward a copy of the certificate at the end of the form to the Accountant General of the absentee's presidency, with a letter in the Form H, Appendix.

But in the case of a Covenanted Civil Servant, or a Military Officer in civil employ, or an Uncovenanted Civil Servant of the class as specified in Section 1 (b) of the Code, if the officer's appointment have been changed within the period, on his average salary for which the leave allowance is to be calculated, the rate of leave allowance will sometimes depend on the date on which he may make over charge of his office, and the Accountant General may not be aware of that date at the time the last pay certificate is prepared. In such cases, the Accountant General should send to the officer a document in the Form D, Appendix, leaving the 5th, 6th, 8th and 9th spaces on the face of the form blank, and should forward a duplicate of it to the Accountant General or Treasury Officer at the port at which the officer intends to embark. Before the officer's departure from his station, the officer in charge of the treasury from which he last drew pay should fill up the 8th space on the face of the original form, and fill up and attest the certificate at the end of that form. The

* The officer, if he be not employed at the Accountant General's station, should bring a last pay certificate, in a form similar to Form M, from the officer in charge of the treasury where his salary was last disbursed.

Accountant General or Treasury Officer at the port at which the officer intends to embark should follow the instructions in the letter to his address on the back of the form, and having copied in the duplicate form the entry in the 8th space on the face of the original form and the entries and the signature in the certificate at the end should return the original form to the absentee. If he be an Accountant General, he should forward the duplicate form to the Local Government for transmission to the Secretary of State, and send a copy of the certificate at the end of the form to the Accountant General of the absentee's presidency with a letter in the Form K, Appendix; but if he be a Treasury Officer, he should forward the duplicate Form D to the Accountant General of his own presidency, who will send it on to the Local Government for transmission to the Secretary of State, and forward a copy of the certificate at the end of the Form D to the Accountant General of the absentee's presidency with a letter in the Form L, Appendix.

CASE III.

Proceeding on leave to another place in India. The Accountant General will give the officer a certificate in Form A, Appendix; but if the officer is proceeding to a place within the same presidency or province, the tenth space in the form may be left blank.

CASE IV.

The officer should obtain a certificate in the Form M, Appendix. If he be employed at the station of the Accountant General of his presidency, the certificate should be given by that officer. If he have to pass through that station on his way to his new presidency, the certificate should be given by the officer in charge of the treasury from which he last drew pay and countersigned by the Accountant General. If he be not employed at, and have not to pass through, the Accountant General's station, the certificate should be given by the officer in charge of the treasury from which he last drew pay, and a duplicate of it should be forwarded by the Treasury Officer to the Accountant General for countersignature and transmission to the Accountant General of the transferred officer's new presidency.

CASE V.

To another place in the same Province. The officer should obtain a last pay certificate in Form M from the officer in charge of the treasury from which he last drew pay.

CHAPTER XII.

Return to Duty.

SECTION 24. An officer who remains absent after the end of his leave is entitled to no allowance for the period of such absence, and he ceases to have a lien on any appointment, if his leave was furlough, immediately, and, if it was special or privilege leave, after a week.

Overstay of leave. 1. An officer on furlough or special leave in Europe may not return to India without obtaining the permission of the Secretary of State. He must apply for this permission at least three months before the end of his leave.

Permission to return to duty. 2. The grant by the Secretary of State to an officer on leave of permission to return to duty by a particular steamer, is equivalent to an extension of leave without prejudice to the officer's appointment until the date the steamer arrives.

3. A gazetted officer returning to duty must report his return to the Local Government. An officer of the Bengal Covenanted Civil Service returning from furlough must report his return to the Government of India also.

(a.) An officer may not return to duty from furlough or special leave more than fourteen days before the end of his leave without the permission of the authority which granted it. The permission may be given with such conditions as the authority granted it may see fit to prescribe. An officer returning from furlough or special leave more than fourteen days before its expiry is entitled to no subsidiary leave, save under the special orders of the Government to which he is subordinate. In such case, subsidiary leave cannot under any circumstances be allowed for more than thirty days, and should not be granted for even that period if less time will suffice for the journey from the place where the officer receives permission to return to duty to the station which he is directed to join.

4. An officer permitted to return to duty before the end of his leave should have the unused part of his leave formally cancelled by the authority which granted it; but this is not necessary if his return from leave is separately notified in the Gazette.

Note.—This rule applies to Commissioned Military Officers in Civil Employ.

5. The Local Government may exempt an officer, from loss of appointment under this section, if it considers that his default was due to circumstances beyond his control.

Note.—A similar rule applies to Commissioned Military Officers in Civil Employ.

6. If the appointment of an officer is changed during furlough or special leave out of India, or upon his reporting his return, he must join his new appointment within the subsidiary leave allowed him. Nothing in excess of the allowances admissible for subsidiary leave can be passed to him until he joins his new office.

Note.—This rule applies to Commissioned Military Officers in Civil Employ.

7. If the appointment of an officer is changed during furlough or special leave in India, he must join his new appointment within the leave. But the Local Government may give him joining-time, if he have not had sufficient notice of the change.

Note.—This rule applies to Commissioned Military Officers in Civil Employ.

8. An officer begins to draw pay and acting allowance from the day on which he assumes the office (substantive or officiating) to which he may have been appointed, or on which he may have a lien. But if his leave or joining time end on a Sunday, or holiday, and he take charge on the first working day after such Sunday or holiday, his assumption of office and the re-arrangement of appointments (if any), consequent thereon, shall be held to have taken place on the day after that on which his leave ended. Provided that such re-arrangement (if any) does not involve the transfer of any officer to another station, or the formal appointment of any officer to a new office.

Note.—This rule applies to Commissioned Military Officers in Civil Employ.

9. If charge of an office is transferred after noon, the transfer does not affect allowances till the next day.

Note.—This rule applies to Commissioned Military Officers in Civil Employ.—

CHAPTER XIII.

Applications for Leave.

SECTION 25. Applications for leave are to be submitted to the Local Government, which will deal with them in such manner as the Governor General in Council may prescribe.

1. (a). When an officer applies for leave, he should distinctly state under what section of these rules he wants it, and should show that he is entitled to it under that section.

Note.—A similar rule holds in the case of a Commissioned Military Officer in Civil Employ.

(b). Local Governments may grant leave under the rules to officers serving under their orders. Before granting the leave, they should obtain report of the Accountant General as to the applicant's title to it.

(c). A Local Government granting leave to an officer of the Bengal, Madras, or Bombay Covenanted Service serving out of his own presidency, should inform the Government of India, Madras, or Bombay, as the case may be.

(d). The Local Governments should, at the end of each quarter, submit to the Home Department of the Government of India a statement of officers of the Bengal Covenanted Civil Service absent on furlough or special leave (including subsidiary leave) granted by them. A register prepared from these statements is kept in the Home Department, and is published quarterly in the *Gazette of India*.

2. (a). Applications from officers in India for leave, or extension, or commutation of leave on medical certificate, must be accompanied by a medical certificate in the following form as nearly in this form as circumstances allow.

I, A. B., Surgeon at, or of, _____, do hereby certify that C. D., of the _____ Service, is in a bad state of health, and I solemnly and sincerely declare that, according to the best of my judgment, a change of air is essentially necessary to his recovery, and do therefore recommend that he may be permitted to proceed to sea [or to such place as the Surgeon may think proper, expressing it in the certificate.]

(b). The applicant must (unless the state of his health absolutely prevent it, or if he be an applicant for furlough in India, under the Government to which he is subordinate otherwise permit), present himself, with two copies of the statement of his case, before the Medical Board at any of the presidency towns, and obtain their certificate as follows:—

We [or I] do hereby certify that, according to the best of our [or my] professional judgment, after careful personal examination of the case, we [or I] consider the state of health of C. D. to be such as to render leave of absence for a period of _____ absolutely necessary for his recovery.

If an applicant for furlough in India is exempted by a Local Government from presenting himself before a Medical Board, he should be required to produce a certificate, signed by at least two, and if possible by three, medical officers.

(c). An officer serving in Burmah need not appear at a presidency town, but must obtain the certificate from a Medical Board composed of the Deputy Inspector General of Hospitals, and the two next senior medical officers, at Rangoon.

(d). If the officer is going on leave out of India, he should take with him one copy of his case.

(e). If the applicant for an *extension or commutation of leave* on medical certificate be residing out of India, and within 20 miles of London, he must produce a certificate from the Medical Board attached to the India Office, showing the necessity for the extension or commutation. If he be residing beyond that distance from London, certificates in the second of the above forms must be produced from two medical practitioners; but he is liable to be called upon to produce other evidence.

3. Unless specially otherwise ordered, leave must begin within 35 days of the date on which it was granted.

4. No-demand certificates are not required from officers going on leave except in the Public Works Department.

5. Commissioned Military Officers in Civil Employ, going on leave from the Public Works Department are required to produce no-demand certificates from account officers of that Department.

SECTION 26. If under the operation of Proviso 3, Section 7 (a) the applications for furlough (including those under Section 22) cannot all be complied with, furlough will be granted in the following order:—

First.—To those applicants to whom most furlough is due;

Definitions.

I.—In the following rules “actual service” includes the period during which a Judge is carrying on his duties in a High Court, also periods spent on privilege and subsidiary leave, and periods of vacation during which the Judge is not on “furlough or extraordinary leave.”

“Extraordinary leave” means any leave granted otherwise than under these rules.

*Furlough.**

II.—One year's furlough shall be placed to the credit of each Judge after the completion of every four years of actual service.

III.—Except under Rules VI and VII, no furlough shall be granted until at credit under Rule II.

Provided that any Judge who may have been already in the service of the Government at the time of taking office in the High Court, and who was at that time entitled, under the rules applicable to the branch of the service to which he belonged, to furlough, without medical certificate, may be granted furlough for a term not exceeding that to which he was so entitled upon the condition that such furlough shall not be taken until the completion of two years' actual service in the High Court, and shall not exceed one year.

IV.—Except under rule VII, furlough shall not be repeated until after the completion of three years' actual service from the date of the last return from furlough or extraordinary leave.

N. B.—The words “furlough or extraordinary leave” in the above rule mean furlough under these rules or extraordinary leave granted to an officer since he has been a Chief Justice or Judge of a High Court

V.—The maximum term of furlough to be taken at any one time shall be fifteen months.

VI.—Under medical certificate, furlough may be granted before it is at credit under Rule II.

VII.—On urgent private affairs, furlough may be granted before it is at credit under Rule II, and although three years of actual service have not been completed since the last return from furlough or extraordinary leave.

Provided that furlough under this section shall not exceed six months, and shall be granted only once during the whole period of a Judge's service in the High Court.

VIII.—The aggregate amount of all furlough which can be granted to a Judge during the whole period of his service in the High Court shall not exceed two years and a half.

IX.—Furlough taken in India shall be reckoned from the date of the Judge's quitting his office to the date of his return thereto. Furlough taken out of India shall be reckoned from the date of embarkation to the date of return.

In the event of the furlough being taken partly in India, and partly out of India, the commencement and termination of the furlough shall be respectively determined by the above rules, according as the furlough begins or ends in or out of India.

X.—For the interval elapsing between the date of quitting his office and the commencement of furlough out of India, and between the termination of furlough out of India and resuming his office, a Judge may be allowed subsidiary leave not ordinarily exceeding thirty days, which in special cases may be extended.

XI.—A Judge, when on furlough or subsidiary leave, shall receive allowances at the rate of Rs. 833-5-4 per mensem in the case of leave taken in India, or £1,000 per annum in the case of leave taken out of India.

XII.—Except under medical certificate, the number of furloughs to be granted at any one time, and the grant of furloughs to individual Judges shall be subject to, and limited by the exigencies of the service, which exigencies shall be determined exclusively by the authority granting the furlough.

XIII.—If, owing to the exigencies of the service, it may be necessary to place any limit on the number of Judges who may be absent on furlough at the same time,

* The furlough of a High Court Judge taken out of India begins from the date of embarkation and cannot be taken in continuation of vacation. — G I., 10th May 1873, No. 269, Financial.

applications not supported by medical certificate will be granted in the following order:

The Judge to whose credit the greatest amount of furlough remains under Rule II, shall have the preference.

If two or more applicants are on an equality in this respect, the preference shall be given to the applicant whose actual service in a High Court is longest, reckoning, in the case of a Judge who has not taken furlough or extraordinary leave, from the date of his commencement of service in the High Court, and, in the case of a Judge who has taken furlough or extraordinary leave, from the date of his last return from such furlough or leave.

If two or more applicants are equal in both respects, the preference shall be given to the senior in Court.

Privilege Leave.

XIV.—Subject to the exigencies of the service, a Judge who has completed 11 months' continuous duty, inclusive of vacations, may, if the Government be satisfied that there is an urgent necessity, but not otherwise, be granted privilege leave for one month without deduction from his salary or acting allowances.

XV.—In the same manner and under the same conditions an additional month of privilege leave shall be held to accrue to a Judge after each further period of 11 months' continuous duty.

XVI.—Privilege leave shall not be taken in instalments, but any balance of privilege leave that may not have been taken shall be added to the next privilege leave which may accrue.

Provided that the whole privilege leave taken at any one time shall not exceed three months, and that any accumulation of privilege leave beyond that period shall be forfeited.

N. B.—Financial Resolution of the Government of India, No. 401, dated 12th April 1869, shall not be held to apply to a Chief Justice or Judge of a High Court, even though, under Rule XXIII, he may elect to abide by former rules. Whatever rules such an officer may elect, privilege leave shall not be granted to him except on urgent necessity being shown.

General.

XVII.—Furlough and privilege leave shall not be taken as such in continuation of each other, but if a Judge absent on one of these classes of leave be allowed to change it for another, the whole period of his absence shall be held to be under the class of leave for which it was changed.

XVIII.—Applications for leave shall in all cases be submitted in such manner as the Government may, from time to time, prescribe.

XIX.—Leave allowances shall be payable monthly if payment is taken in India, and quarterly if payment is taken in England.

XX.—No substantive appointment shall be vacated merely by reason of leave being granted under these rules.

XXI.—If a Judge shall overstay any leave, he shall forfeit all salary during the time of his remaining so absent, and if he shall so continue absent for more than one week, his office shall be liable to become vacant.

XXII.—No leave, except privilege leave and leave subsidiary to furlough, shall count as service for pension.

XXIII.—Each Judge who stood appointed to a High Court on the 7th August 1869, and has taken no leave since then, shall, on the next occasion of his taking leave, be given the option of accepting these rules or abiding by those in force before that date for Judges of the High Courts of Judicature. Any Judge who has taken leave since the 7th August 1869, must abide by the rules he elected when taking that leave.

N. B.—Under the above rule a Covenanted Civil Servant, who stood appointed as Judge of a High Court on the 7th August 1869, may take leave on medical certificate under the rules which were in force before the 1st July 1868 for the grant of such leave to Covenanted Civil Servants generally.

XXIV.—If a Judge, who is a Covenanted Civil Servant, shall be permitted to resign his office and remain in the service, all leave which he may have taken as a Judge of the High Court shall be reckoned as if it had been taken under the rules for the leave of absence of Covenanted Civil Servants.

XXV.—The above rules regarding furlough and leave of absence (I to XXIV) are, with the modifications A and B below stated, applicable also to the following officers:—

Barrister-Judges of the Chief Court of the Punjab.

Recorders in Burmah.

First Judges of Small Cause Courts at the Presidency Towns.

Secretary to the Council of the Governor-General for making Laws and Regulations.

Modifications above indicated.

A.—The allowances of these officers while on furlough or subsidiary leave shall not exceed half their salaries, and shall be limited also to the rate prescribed in Rule XI.

B.—The privilege leave of the officer last named shall be regulated by the
* * Civil * * Leave Code.

SUPPLEMENT D.

To Law Officers.

Sick Leave, and Short Leave on private affairs (now called Privilege Leave) may be granted to Law Officers in accordance with the rules of the 8th June 1855 for the grant of Leave of Absence to Covenanted Civil Servants. Provided that no additional expense be caused in consequence of the leave.

COVENANTED CIVIL RULES OF 1855.

FORT SAINT GEORGE GAZETTE *Supplement*, dated 27th June 1855.

CHAPTER I.

Rules for application for Leave of Absence.

NOTE.—This rule must be considered as superseding the Rule under which Commissioners of the Land Revenue and other Officers have heretofore been allowed to grant Leave of Absence in Bengal

Section I. No Leave of Absence from any Office or Station can be granted, but by the Government under which the employment is held, and on the application of the party requiring such leave, saving in such cases as may hereafter be specially excepted. The applications must be made publicly through the regular channel in the Department to which the applicant may belong.

Section II. The official allowances of the holder of a Civil Office quitting his Station without leave will entirely cease from the date of his quitting until his return, or, in the event of his subsequently obtaining leave, to the date of such leave being granted to him.

Section III. No leave of absence shall have any retrospective effect, except in cases of severe illness, to be attested by Medical Certificate, conforming in every respect to the directions contained in Section V.

CHAPTER II.

Rules for Sick Leave.

Section IV. Upon application duly made, the Government may grant Leave of Absence on Medical Certificate to any Civil Servant, to any place in India, in Europe, or elsewhere, as he may consider most conducive to the restoration of his health, without any restrictions whatever as to the places to which he may resort.

Section V. When an application for Leave of Absence is made on the ground of ill-health, it must be accompanied by a Certificate and a Statement of the case from the Medical Officer by whom the applicant has been attended, distinctly stating, from personal observation, the nature of the disease, the symptoms by which it is manifested, the period during which it has existed, as far as the knowledge of the Medical Officer extends, and the necessity for temporary removal to some other place in India, or in Europe, or elsewhere, as laid down in Section IV; and in case of the applicant visiting the Presidency preparatory to obtaining leave, the Certificate must be countersigned by the Members of the Medical Board, on their being satisfied, on a perusal of the Medical Attendant's statement of the case, that the leave applied for is

absolutely necessary towards his recovery. Should the applicant's Medical Attendant be of opinion that he ought to proceed to a Sanitarium or other place without visiting the Presidency, the Certificate must, in the first instance, be countersigned by the Superintending Surgeon of the Division in which the applicant may be located, and afterwards submitted with the statement of the case for the consideration and countersignature of the Members of the Medical Board.

The Certificate shall be given in the following form :—

I, A. B., Surgeon at or of _____ do hereby certify on honor that E. F., of the Civil Service, is in a bad state of health, and I sincerely declare that, according to the best of my judgment, a change of air is essentially necessary to his recovery, and do therefore recommend that he may be permitted to proceed to Sea, (or to such place as the Surgeon may think proper, expressing it in the Certificate.)

The following form shall be observed by the Members of the Medical Board or the Superintending Surgeon, in countersigning the Surgeon's Certificate :—

We (or I) do hereby certify, that, according to the best of our (or my) professional judgment, after careful personal examination of his case, we (or I) consider the state of health of E. F., to be such as to render Leave of Absence for a period of _____ absolutely necessary (or highly desirable) for his recovery.

An Application for extension of leave must, if the applicant be in India, be accompanied by a Certificate to a like effect from the Medical Officer by whom the applicant is attended, together with a statement showing sufficient reason for the extension solicited; and such Certificate must be countersigned by the Members of the Medical Board, or by the Superintending Surgeon of the Division, in which the applicant may be located, as the case may be, on perusal of the statement. In like manner, if the applicant shall have proceeded beyond the Territories under the Government of the East India Company, he must furnish a Certificate and Statement to the required effect from a Surgeon or Physician at the place of his temporary residence by whom he has been attended, such attendance, and the period of it, to be stated, and the Certificate to be countersigned by the Examining Physician of the East India Company if the applicant is in England, or if not in England, by the principal Medical authority of the Colony or Country to which the Absentee may have proceeded, or some sufficient reason stated for the want of such countersignature if the Certificate be not so countersigned. The Medical Board or Superintending Surgeon, before countersigning a Certificate as abovementioned, must either personally examine the applicant or state some sufficient reason why they, or he, have or hath been unable to do so. When any of the required particulars are neglected, leave will be refused.

Section VI. The following conditions will in future attach to Leaves of Absence granted to Civil Servants who may be declared by a sufficient Medical Certificate to require such leave for the recovery of their health :—

1st.—The total period of absence, with the privileges hereinafter provided, shall not (save as specially excepted in Clause 5 of this Section and in Section VII of these Rules) exceed eighteen months in the whole, nor shall it exceed fifteen months on any one occasion.

2ndly.—The office of the absentee will be considered to be vacated if he shall be absent beyond eighteen months altogether, or beyond fifteen months at any one time unless he shall obtain leave under Clause 5 of this Section, such absence to be computed, if he shall proceed to a Sanitarium, within the Presidency, from the date of his arrival thereat to the date of his quitting the Sanitarium; if to any place beyond the Presidency, but within the Continent of India, from the date of his leaving the frontier of his own Presidency to the date of his return thereto; and if he shall proceed to Sea, from the date of the sailing of the Vessel on which he may have embarked from any Port in India which is not more distant from his Station than the Ports of his own Presidency, to the date of his arrival at any Port within the Presidency to which he belongs, or at any other Port which is not more distant from his Station than the Ports of his own Presidency.

3rdly.—The absentee will be entitled to draw a moiety of his salary, and the same will be paid to him during such period of absence, provided that he shall in no case draw a larger sum than Rupees 10,000 (£1,000) per annum, during that period. In cases in which the emolument of the absentee's office does not exceed Rupees 5,000 per annum, no deduction therefrom shall be made for the period of eighteen months, nor shall such a deduction be made in other cases as shall reduce the allowance below Rupees 5,000 (£500) per annum. In cases in which the salary of the absentee may not be of that amount, the full salary will be granted.

4thly.—For the interval elapsing between departure from Station to the commencement of reckoning absence or between the end of reckoning absence and re-arrival at Station, the absentee will be allowed a special leave for an additional period of one month, two months, or three months according to the distance to be travelled as prescribed in Section XX of these Rules, and during this additional period the absentee will be entitled to draw the same salary as is allowed by Clause 3 of this Section.

5thly.—If the absentee shall apply under Medical Certificate, to remain absent for a longer period than eighteen months or fifteen months at any one time, and it shall appear to the Hon'ble the Court of Directors to be absolutely necessary after examination by their Medical Officer in England, that he should do so; the leave which may have been granted in India, will, under the orders of the Hon'ble Court, be extended to the limit of two years, with permission to retain office, and half salary within the limits enjoined, during such extension.

6thly.—If the absentee be compelled by the state of his health, under due Medical Certificate, to remain absent for a longer period than eighteen months, or fifteen months at any one time, or beyond two years in the case of an extension under Clause 4, he will, as before stated, vacate his appointment, but he will be permitted to receive an allowance at the rate of £500 if above ten years' standing at the time when the leave was granted, or of £250 if not above ten years' standing at the time when the leave was granted, for such further period of absence as shall not exceed the entire term of three years in the whole. At the expiration of that term, all allowance must cease until he reports his return to his Presidency.

Section VII. If a Civil Servant of more than fifteen years' service, after having been absent on Sick Leave for eighteen months in the whole, or for fifteen months at one time, at whatever period of his service such Sick Leave shall have been taken, shall be again compelled by the same cause to apply for Leave of Absence, the Government of India and the subordinate Governments may, on special grounds, grant leave of absence for one further period not exceeding six months, during which the absentee may retain his office, and half his salary under the limits above enjoined.

Section VIII. If a Civil Servant after fifteen years' service, shall be compelled by ill-health to apply for further Leave of Absence, he may be permitted on special grounds to obtain it, but his absence will involve the loss of office and salary: the Government of India and the subordinate Governments will, however, respectively, exercise a discretionary power to grant, in such last-mentioned cases, a sick absentee allowance, not exceeding Rupees 5,000 or £500 per annum, for a further period not exceeding twelve months.

Section IX. A Civil Servant who has taken Sick Leave under the Rules of the 17th May 1843, will not be debarred by that circumstance from taking such Leave again under the above Rules, with the privilege of retaining Office provided the leave be not granted till three years have expired after his return from his leave under the Rules of the 17th May 1843.

Section XI. Civil Servants who may desire to draw their allowances while absent on account of sickness under the above Rules, will be required to give security in such amount and form as may be fixed by the Government for the refund of any excess that may be drawn either by the Agents at the Presidency or by themselves in case of their coming under retrenchment.

CHAPTER III.

Rules for short Leave on Private Affairs.

Section XII. The Government may grant to Civil Servants Leave of Absence to any place in India, Europe or elsewhere without any restrictions whatever as to the place to which they may resort for one month in each year, without deduction from the salaries and emoluments drawn by such servants—such leave, however, will only be granted when the Government is satisfied that no inconvenience will arise from the departure of the Officer seeking it. No second leave can be granted under this Rule until the completion of eleven months from the expiration of the last leave; but servants not availing themselves of the indulgence in any one year, may obtain, under the like conditions, leave of absence for two successive months, to commence at or after the expiration of twenty-two months from the termination of their former

leave; and if two years elapse without enjoyment of the privilege, leave for three months may, in like manner, be granted at the expiration of thirty-three months from the termination of the last preceding leave; but no leave shall be granted under this Rule for any period exceeding three months. If an Officer shall not return at the expiration of the period of leave granted him under this Rule, he shall forfeit all pay and allowances during the time of his remaining so absent without leave, and if he shall so continue absent for more than one month beyond the term granted his office shall become vacant.

Civil Servants absent from their stations under medical certificate cannot be admitted to leave under this Rule in continuation of their sick leave; and if, while absent under this Rule, they be granted extended leave under medical certificate, they shall be considered liable to the Rules applicable to leave of absence on medical certificate for the whole period of their absence.

Civil Servants who have been absent on medical certificate during any portion of a calendar year are not entitled to leave under this Rule during that year; but in determining the interval necessary to entitle a person to leave under this Rule, no reference will be made to any intermediate leave of absence that may have been granted under Section XIV, *Clause I*.

Section XIII. As a general rule, when leave is granted under Section XII, such leave will be in one period only whether for a whole month or less, and not in detached portions to complete one month within the year, and the term year shall be held to mean the calendar year commencing with the 1st of January and ending with the 31st of December, but as an exception to this Rule, it shall be discretionary with the several Local Governments, where good cause is shown for the indulgence, and it is attended with no public inconvenience, to sanction leave of absence under this Rule to such parties as may not have occasion to apply for the whole at once, instalments not to exceed in the aggregate one month within the calendar year, on the understanding that no leave can be granted for any fresh calendar year until the completion of three months from the expiration of the entire leave or of the last instalment of leave taken in the past calendar year.

Section XIV, *Clause I*. The Government may, on sufficient cause being shown, grant to a Civil Servant special leave of absence on Private Affairs for six months, to any place in India, Europe or elsewhere, without restrictions whatever as to the places to which he may resort, provided, however, that if any Officer to whom such leave shall be granted shall be absent from his station for any period exceeding that to which he may be entitled without deduction, under Section XII, the absentee shall, for the period in excess, draw no more than one-half of his salary and allowances. After an absence of six months (exclusive of any period which may be granted under Section XII), any office held by the absentee shall become vacant.

Clause II. The leave granted under this Section will be computed from the date of the absentee's quitting his station to the date of his return thereto, and a second leave of the same description cannot be taken till the expiration of six years from the date of return to duty from a former leave. No portion of the half salary allowed to be drawn will be claimable till the absentee shall have returned to his duty.

Clause III. It will be understood that leave under this Section is not to be granted as a matter of course to every applicant, but that it will be the duty of the Government to consider and determine whether the grounds of the application are sufficiently urgent to justify the concession of the leave.

CHAPTER IV.

Furlough on Private Affairs.

Section XV. In the place of the period of three years (in one term,) for which furlough has hitherto been granted, Civil Servants will be allowed the option of taking a furlough of three years as at present, or of dividing the furlough into three periods of one year each, to be taken after successive periods of seven years' service or into two periods, which may either be of one or two years respectively, or of eighteen months each, provided that, in every case, the Civil Servant shall declare, on taking his furlough, whether he intends it to be for twelve, eighteen, twenty-four or thirty-six months, in order that the Government may make its arrangements accordingly.

In case of a division, into two periods, the first furlough must be taken after a residence of not less than ten years, and the second furlough after a further residence in India of ten years from the date of return from the first furlough; but Civil Servants returning on furlough to Europe will continue, as at present, to vacate their offices.

Section XVI. The furlough allowance granted during the periods mentioned in the last Section will be at the rate of £500 per annum, and the receipt of it will not, on any grounds whatever, be permitted for any longer period than three years.

Section XVII. Civil Servants who may have been compelled by sickness to quit their duty under medical certificate, before completing seven years' residence in India, will be entitled to receive during their furlough on Private Affairs, taken subsequently to their completion of that period of residence, the ordinary furlough allowance of £500 per annum, for three years.

SUPPLEMENT E.

Chaplains.

Preliminary.

SECTION. 1.—The following rules regulate the grant of leave to Chaplains.

SECTION 2.—In these rules —

Active service. (a). "Active service" includes besides time spent on duty: —

- (1). Privilege leave of absence.
- (2). Subsidiary leave of absence.
- (3). Time passed in India out of employ, but not on leave.

Extraordinary leave. (b). "Extraordinary leave" means leave of absence granted otherwise than under these rules.

Example.—Leave in extension of the three years admissible under Section 5 (b).

(c). "Continuous service" and "continuous active service" mean the service, and active service of a Chaplain since his last return from furlough or extraordinary leave lasting more than three months; or, if he have not had such leave, since the beginning of his active service.

No leave can be included in continuous service except privilege leave and special leave.

Furlough.

SECTION 3.—The amount of furlough, admissible to a Chaplain, is limited to six years. All the rules in this Supplement are subject to this limitation.

Furlough and leave with allowances on medical certificate under former rules are counted as furlough under this rule; but leave of absence in India taken before the 25th August 1854 is not.

SECTION 4 (a).—The amount of furlough "earned" by a Chaplain is one-fourth of his active service, and three months in addition thereto.

(b).—The amount of furlough "due" to a Chaplain is the amount which he has earned, diminished by—

- (1) the amount of furlough which he has enjoyed under these or any former rules.
- (2) the excess over one year in the amount of leave with allowances on medical certificate which he has enjoyed under former rules.

SECTION 5. (a).—To a Chaplain who has rendered three years' continuous service, furlough for not more than two years may be granted as follows:—

First, on medical certificate,—unconditionally;

1. Section 25 of the Code, Rule 2, applies generally to Chaplains also.

Secondly, without medical certificate,—subject to these provisos.—

- (1) that the furlough be due to him ;
- (2) that he have rendered seven years' active service ;
- (3) that the whole number of Chaplains absent on furlough and special leave do not exceed the limit appointed by the Government of India.

1. Except on medical certificate, or on very urgent private affairs, furlough or special leave may not be granted to Church of England Chaplains employed in the diocese of Calcutta, if 15 per cent. of the whole number of such Chaplains are already absent on furlough or special leave. The Bishop of Calcutta will report to the Government of India when the limit is reached.

(b).—Furlough taken under this section may, on medical certificate, be extended to not more than three years.

SECTION 6. (a).—To a Chaplain who has not rendered three years' continuous service, furlough for not more than one year may be granted on medical certificate.

(b).—Furlough granted under this section for less than one year may, on medical certificate, be extended to not more than one year.

Allowances

SECTION 7.—A Chaplain on furlough is entitled to allow-
ances as follows :—

	On ordinary furlough.	On other furlough.
Archdeacon, and the Senior Chaplain of the Church of Scot- land, £ 600 a year.	£ 840 a year.
Senior Chaplains £ 500 "	£ 384 "
Junior Chaplains £ 350 "	£ 300 "

Explanation.—Ordinary furlough includes—

- (1) the first two years of each separate period of furlough under Section 5.
- (2) so much furlough under Section 6 as may be due, provided that the Chaplain have rendered six months' continuous active service.

2. A Chaplain on furlough does not forfeit his past leave allowance by resigning the service without returning to India.

Special Leave of Absence.

Amount admissible. SECTION 8.—Special leave on urgent private affairs may be granted at any time, for not more than six months :

Provided that a Chaplain, who has had special leave, must render six years' active service before he can again have such leave.

SECTION 9. (a).—For the first period of a Chaplain's special leave, he is entitled to the leave allowance admissible during ordinary furlough.

(b). In subsequent periods he is entitled to no leave allowance.

Subsidiary Leave of Absence.

SECTION 10.(a).—Furlough and special leave, out of India, begin on, and include, the date of the departure of the vessel on which the Chaplain sails ; and to a Chaplain taking such leave, subsidiary

leave, not ordinarily exceeding thirty days, may be granted from the day on which he gives up duty to the day before that on which his furlough or special leave begins.

(b).—Furlough and special leave, out of India, end on, and include, the date of the arrival of the vessel in which the Chaplain is ; and to a Chaplain returning from such leave, subsidiary leave not ordinarily exceeding thirty days, may be granted from the day after that on which the vessel arrives, to the day before that on which he assumes the duty to which he may be appointed.

1. Subsidiary leave for more than thirty days may be granted in cases of necessity ; but all such grants and the reasons for them are to be reported to the Government of India.

2. A Chaplain may leave India, or return to India, by any port he likes ; but the dates by which the beginning and the end of furlough and special leave are determined, are the date of the vessel's departure from the port where he first meets it, and arrival at the port where he quits it. For instance a Chaplain sailing from Calcutta in a vessel which touches at Madras, counts by the date of departure from Calcutta, and not from Madras.

3. The date of the departure of a vessel from Calcutta is held to be the date on which the pilot leaves it at sea.

Explanation.—A Chaplain may take furlough or special leave partly in, and partly out of, India. But subsidiary leave is not admissible under clause (a) of this section unless the furlough or special leave begins as furlough or special leave out of India; nor under clause (b), unless it ends as furlough or special leave out of India.

Section 11.—A Chaplain on subsidiary leave is entitled to the same allowances as during the leave to which it is subsidiary.

1. A Chaplain may draw allowances as if he were on privilege leave, for any part of his subsidiary leave under clause (a) of Section 10, for which, if he were not going on furlough or on special leave, privilege leave would be admissible to him.

Privilege Leave of Absence.

Amount admissible. **Section 12.**—Privilege leave may be granted as follows:—

After five months' uninterrupted duty,—for not more than one month.

After ten months' uninterrupted duty,—for not more than two months.

After fifteen months' uninterrupted duty,—for not more than three months.

1. Before privilege leave can be granted, the Chaplain must record a declaration that he has no intention of retiring or of taking furlough, special leave, or leave on medical certificate, within three months of his return to duty. Though not absolutely debarred by this declaration from applying to retire or to take such leave within the period of three months, he should, if he does so, explain fully his change of mind.

Section 13.—A Chaplain on privilege leave is entitled to the same pay and house-rent as if he were on duty.

1. A Chaplain on privilege leave is not entitled to "local allowances," such as conveyance allowance, jail allowance, and the special allowance to the Senior Chaplain of the Church of Scotland. Such allowances are drawn in full by the substitute.

2. The Chaplain's substitute may draw the house-rent, although it is also drawn by the absentee.

Miscellaneous.

Section 14.—The rules for—

Extension, &c. (1) Extension and commutation of leave;

(2) Payment of leave allowances;

are those contained in Sections 22 and 23 of the Code, and the rulings subjoined. But to a Chaplain going on furlough to England, an advance of the first quarter's allowances may be made, and the advance shall not be recoverable in the event of his death.

1. A Chaplain on leave in any of the British Colonies may draw his leave allowances there through the Control Pay Master in the same manner as a military officer. But the requisite authority to pay must first be given by the Government of India.

Section 15.—Applications for leave are to be dealt with as the Governor-General in Council may from time to time prescribe; and priority of claim is determined in accordance with Section 26 of the Code.

1. The following rules have been prescribed by the Home Department with reference to applications for leave from Chaplains on the Bengal Ecclesiastical establishment, and from Chaplains on other establishments serving in the Diocese of Calcutta.

I.—Subject to the exigencies of the public service, Local Governments and Chief Commissioners are empowered, with the concurrence of the Bishop of Calcutta, to grant any furlough or special leave authorized by the rules to Chaplains serving within their respective jurisdictions. But the Government of India alone grants leave to Chaplains of the Church of Scotland serving in the Bengal Presidency.

II.—If a Chaplain applying for furlough or special leave belong to the Madras or Bombay Ecclesiastical establishment, the Local Government or Administration under which he is serving will, if the furlough or leave be granted, inform the Government of Madras or Bombay as the case may be.

III.—The Bishop of Calcutta is empowered to grant privilege leave to Chaplains under Section 12, subject to the exigencies of the State, of which the Bishop shall be the judge. But the grant, cancelment, or extension of such leave should be reported to the Local Government or Administration concerned.

IV.—All applications for leave or furlough should be accompanied by a certificate from the Local Accountant General, showing that the applicant is entitled to the leave asked for, and should, as a general rule, be forwarded, in the first instance, through the proper channel to

the Bishop of Calcutta, who will transmit applications for furlough or special leave, with His Lordship's remarks, to the Local Government or Administration concerned, and will himself dispose of applications for privilege leave. But in cases of urgency, leave on medical certificate may be granted by the Local Government or Chief Commissioner in anticipation of the concurrence of the Bishop, who should, however, be informed without delay.

V.—Except under orders of the Secretary of State, the term of furlough or special leave cannot be altered without the permission of the Government or Administration by which it may have been granted.

VI.—Every Chaplain who obtains leave or furlough shall supply himself with a last pay certificate, and with a statement showing the pay which he is entitled to draw while absent. It shall be the duty of the Local Accountant General to furnish these documents, and no leave allowances will be payable without their production.

VII.—A quarterly statement of Chaplains absent on furlough or special leave, with the dates of the grant and expiry of such furlough or leave brought up to the 31st March, 30th June, 30th September, and 31st December of each year, shall be punctually furnished by Local Governments and Administrations to the Government of India in the Home Department.

VIII.—From these quarterly returns, a register will be compiled and kept at the Office of the Secretary to the Government of India in the Home Department, of all grants to Chaplains on leave or furlough, of all extensions of leave or furlough, and of all returns to duty from absence. This register will be published quarterly in the *Gazette of India*.

IX.—Every Chaplain returning to duty shall report his return to the Bishop, and to the Local Government and Administration by which his leave or furlough may have been granted.

X.—If any Local Government or Administration shall see fit to refuse a furlough to any Chaplain on the ground of the exigencies of the public service, it shall report such refusal for the confirmation of the Government of India.

HOME DEPARTMENT, FORT WILLIAM, the 30th November 1866, No. 856.

2. I have resolved to accede to this proposal in accordance with recommendation of your Excellency's Government. This rule will not debar any Chaplain who may attain to the grade of Senior Chaplain before the expiration of ten years, from the pay and the privileges of the higher class.

NOTE.—The above Rules apply to Chaplains of the Church of Scotland.

Provided that on return from furlough or any other leave, a Chaplain will join his station at his own expense. If his appointment has been changed during his absence, he will draw travelling allowance for the excess distance, if any between his old and new station from the Presidency at the rates abovementioned.

III.—Travelling allowance at 12 Annas a mile by road, and 8 Annas a mile by rail, will be given to a Chaplain sent to officiate at other stations, or visiting out-stations, provided he proceeds further than 5 miles if in receipt, at his own station, of conveyance allowance, or farther than 4 miles if not in receipt of that allowance. This rule is applicable to Chaplains of the Church of Scotland, Clergymen of the Additional Clergy Society, Missionaries of the Society for the Propagation of the Gospel, and the Church Missionary Society, and Roman Catholic Priests when visiting out-stations.

V. A Chaplain officiating at a station to which a conveyance allowance is attached, will draw that allowance during his stay at his station.

VI. A Chaplain may exchange the mileage admissible under Rule III for an allowance of Rupees 6 a day for the period of absence from his principal station; but should he do so, he will not be entitled to any conveyance allowance under Rule V.

VII. A Chaplain in receipt of conveyance allowance for a station will forfeit it when absent from his station on gazetted leave, but not when visiting another station and retaining substantive charge of his own.

CHAPTER 62, 34 AND 35 VICT., 31ST JULY 1871.

An Act to enable Her Majesty to make regulations relative to the Leave and Absence of Indian Bishops on Furlough and Medical Certificates.

WHEREAS by an Act passed in the fifth and sixth years of the reign of Her present Majesty, intituled "An act to enable Her Majesty to grant furlough allowances to the Bishops of Calcutta, Madras and Bombay who shall return to Europe for a limited period after residing in India a sufficient time to entitle them to the highest scale of pension," it was provided that Her Majesty should be enabled from time to time to grant permission to any Bishop of Calcutta who should have resided in the East Indies for a period of ten years, and to any Bishop of Madras or Bombay who should have resided in the East Indies for a period of fifteen years, to return to Europe for a period not exceeding eighteen calendar months:

And whereas it is expedient to alter and amend the rule thus laid down:

Be it enacted by the Queen's Most Excellent Majesty, by and with the advice and consent of the Lord Spiritual and Temporal and Commons in this present Parliament assembled, and by the authority of the same.

1. That it shall be lawful for Her Majesty to make such rules as to the leave of absence of Indian Bishops on furlough or medical certificate as may seem to Her expedient; Provided that no farther expenditure of the revenues of India be incurred thereby than is already authorized under existing Acts of Parliament; and provided also, that the provisions of existing Acts of Parliament are not interfered with by such rules so far as regards the present Bishop of Calcutta.

SUPPLEMENT F.

Uncovenanted Officers generally.

[Such of the rules under the Sections of the Code as are not expressly restricted to Covenanted Civil Servants, or are not explanatory of points in which the provisions of the Code differ from those in this Supplement, apply also to Uncovenanted Officers generally.]

Preliminary.

SECTION 1.—Leave of absence from duty may be granted under the following rules to officers who have substantive appointments on permanent establishments under the Government, and who are not entitled to leave under any of the other rules in this Code or its Supplements. The rules apply fully only to those whose pay is not less than Rs. 100 a month. But leave may be granted under them to an officer whose pay is less than Rs. 100, so far as it can be done without

imposing any cost upon the State (see Acting Allowance Code, Section 22.) No leave in excess of the leave admissible under these rules may be granted to such an officer with allowances, or counting as service for pension.

Exceptions.—A peon while sick in hospital, or receiving medical aid as an out-door patient of the hospital of the station at which he serves, may be allowed half-pay for a period not exceeding six months, without reference to the allowance paid to his substitute.

1. Officers and men of the Army, and officers in the Subordinate Medical Department, are under Military rules, and these rules do not apply to them. The leave of members of the Pilot Service is also governed by special rules.

Note.—This rule is not applicable to either locally entertained Hospital Assistant or to the old class of locally entertained Native Doctors whose appointments are not recognized by the general order of the Military Department, No. 550, dated 5th June 1868.

2. Officers appointed as probationers for a certain period, prior to formal appointment, are entitled to the same leave as if they held substantive appointments.

3. Officers holding temporary or officiating appointments only, are not entitled to leave of any kind; but a limited amount of leave may be allowed to such officers under the condition hereinafter stated.

4. Service in a capacity to which the leave rules do not apply does not qualify for leave under them, in the event of the officer afterwards coming under them. Service under a Local Fund of the kind mentioned in Civil Pension Code, Section 28, may qualify for leave under the rules, but the allowances given during such leave must be disbursed from the Local Fund and from general revenues in the proportion in which the salary has been paid from these sources during the period qualifying for the leave.

SECTION 2.—In these rules, “pay” means substantive pay; “salary” means the sum of pay and acting allowance.

1. Personal allowance is to be taken as part of an officer's substantive pay.

“Average salary” means the average calculated for so much of the three years immediately preceding the day on which the officer gives up office, as he has passed on duty, or on privilege leave.

Average salary. But in all cases of leave for not more than one month, and also whenever the officer's pay is less than Rupees 100 a month, the pay of the officer's appointment at the time he gives up office is to be taken in lieu of his “average salary.”

“Half average salary” is always subject to a maximum of Rs. 500 a month if paid in India, and £150 a quarter if paid at the Home Treasury of the Government of India.

“One quarter average salary” is always subject to a maximum of Rs. 400 a month if paid in India, and £120 a quarter if paid at the Home Treasury.

Leave on Medical Certificate.

SECTION 3.—Leave on medical certificate may be granted, whenever sufficient cause is shown, for three years in all, but not for more than two years at one time; and no officer can have leave on medical certificate beyond India more than twice.

1. An officer who has a temporary or officiating appointment only may be allowed leave under this Section for not more than three months, if the Local Government consider no substitute to be necessary, or can provide for his duties without additional expense.

Leave, &c., to Warrant Medical Officers in Civil Employ is under G. G. O., No. 3,250, dated 23rd October 1868, regulated in accordance with Supplement F. of the Civil Leave Code.—*M. G., 8th May 1873, No. 602, Financial.*

SECTION 4.—An officer on leave under Section 3 is entitled to half of his average salary for the first fifteen months of each period of absence, but not for more than thirty months in all.

For the rest of the leave he is entitled to a quarter of his average salary.

Sick leave in extension of furlough does not carry allowances with it unless furlough is changed retrospectively into sick leave.—*S. S. 13th August 1872, No. 95, Financial—M. G., 13th November 1872, No. 1,544, Revenue.*

Leave on Private Affairs.

SECTION 5.—Leave on private affairs for six months at a time may be granted to an officer who has not had furlough. The first leave under this section may be taken after six years' service, and the leave may be repeated after intervals of six years.

1. Leave on private affairs does not accumulate, nor can it be taken in instalments.

Allowances.

SECTION 6.—An officer on leave under Section 5 is entitled to half of his average salary.

1. An officer does not forfeit the allowance to which he is entitled under this section, by resigning the service at the end of the leave

Furlough.

Amount.

SECTION 7.—Furlough may be granted, as follows, to an officer who has not had leave on private affairs:

After ten years' service, one year; and after eighteen years' service, another year; or in one period of two years, after eighteen years' service.

1. Leave on medical certificate counts as service for furlough.

2. Leave on private affairs under the rules in force before the 8th June 1863, does not prevent the grant of furlough under this section.

Allowances.

SECTION 8.—An officer on furlough is entitled to half of his average salary.

Leave without Allowances.

SECTION 9.—Leave without allowances may, in cases of necessity, be granted for such time as may be necessary. Time spent on leave under this section does not count as service for other leave.

Amount.

1. There is no limit to the length or frequency of leave under this Section, and it may be granted in continuation of leave on medical certificate, or furlough.

Subsidiary Leave.

SECTION 10.—Leave subsidiary to leave on medical certificate, leave on private affairs, or furlough, when taken out of India, may be allowed as prescribed in Section 15 of the Code for such time as may be sufficient. Fourteen days only are allowed to an officer at a presidency town, who takes leave on medical certificate out of India. Subsidiary leave may also be granted to an officer going on, or returning from, leave on medical certificate to a sanitarium in India.

Amount.

SECTION 11.—An officer on subsidiary leave prefixed to other leave, is entitled to half his average salary. An officer on subsidiary leave following other leave, is entitled to half his average salary, or one quarter of his average salary, according to the rate of allowance to which he may be entitled at the end of the leave to which it is subsidiary.

1. But see Code, Section 15 (1), Rule 1, and Section 17, Rule 2.

Privilege Leave.

SECTION 12.—Privilege leave may be granted in accordance with the rules in Chapter VI of the Code: provided that no officer whose salary is less than Rs. 200 a month can draw any allowances for privilege leave until he returns to duty.

An officer, permitted to present himself at any examination, which must be passed before a person is eligible for higher subordinate appointments, such Deputy Magistrates, may, under the orders of the Local Government, be allowed leave of absence for the number of days which is actually necessary to enable him to attend at the examination. This absence is expected to be short, and no deduction will be made for the officer's allowances, unless the head of the office finds it necessary to enable him to make arrangements for carrying on the work: Such leave should not be allowed more than twice for each standard of examination.

1. An officer who has only a temporary or officiating appointment only, may be allowed privilege leave, if the Local Government consider no substitute to be necessary, or can provide for his duties without additional expense.

2. Ministerial officers of High Court are not allowed privilege leave, if they are allowed to be absent during the High Court vacation.

3. Hospital Assistants employed in the Civil Department may, during the period of their service in that Department, be allowed privilege leave, provided that no extra expense is caused by the grant of the leave.

General.

SECTION 13.—Leave on private affairs and furlough cannot be taken in continuation of any other leave except subsidiary leave; but any Commutation of leave. leave may be retrospectively changed for any other kind or amount of leave which might at first have been granted; and if an officer absent on privilege leave, or on leave on private affairs, or on furlough take extension of leave on medical certificate, the whole of the absence will be treated as leave on medical certificate.

SECTION 14.—No officer's appointment becomes vacant, simply by reason of his taking leave under these rules. But absence without leave, Lien on appointment. or after the end of leave (except privilege leave, in which case a week's grace is allowed) involves loss of appointment; and after five years' continuous absence, whether with or without leave, an officer is considered to be out of Government employ.

1. The Secretary of State, in granting to officers extension of leave, sometimes declines to guarantee retention of appointment, if there is not time to communicate with the Local Government in India.

2. An Officer who goes on leave out of India has no claim to return to the *particular* local appointment from which he took leave.

An Officer who is discharged from the public service and re-employed after an interval, cannot, without the sanction of the Government of India count his service prior to discharge towards leave after re-employment.—[*G. I.*, 18th April 1872, No. 2,845, *Financial*, *Gazette*, page 850.]

Applications for Leave.

SECTION 15 (a).—Leave may be granted to an officer by the authority whose duty it would be to fill up his appointment if vacant. The Local Applications for leave. Government may empower heads of departments to grant privilege leave to officers under their orders, who are appointed by Government; but if the officer, to whom leave is granted, be a gazetted officer, the grant of leave must be reported to the Local Government.

(b).—A monthly return of non-gazetted officers absent on leave should be prepared in the following form, and should Monthly Return. accompany each establishment pay bill:

1, Absentee's name; 2, his appointment; 3, pay of his appointment; 4, nature of the leave, and section under which granted; 5, period of leave; 6, excess of pay over leave allowance; 7, name of substitute (if any); 8, acting allowances consequent on the leave; 9, excess of column 6, over column 8, showing the amount to be deducted from the establishment pay bill; 10, remarks.

1, (a).—Applications for leave, or extension or commutation of leave, on medical certificate, must be accompanied by a statement from the applicant's medical attendant, distinctly stating from personal observation the nature of the illness, its symptoms, causes and duration.

(b).—A certificate must also be submitted from the chief medical officer of the station or district, or, if the officer is at the presidency, from a Presidency Surgeon, to the effect that, after careful personal investigation, he considers a certain period of absence absolutely requisite for the restoration of health.

(c).—If the leave be for more than six months, the papers must be submitted for countersignature by the Deputy Inspector General; and if the leave is to be taken out of India, by the Principal Inspector General also, unless danger be incurred by the delay.

(d).—If the applicant be already on leave out of India, the certificate under Clause (a) must state the period during which the Surgeon or Physician has attended the officer, and it must be countersigned, after *personal* examination, by the Medical Board of the India Office, or by the principal medical authority of the colony or country where the absentee may be.

(e).—The form of certificate prescribed in the Code, Section 25, Rule 2, may be used as far as applicable.

No. 2009.—The Governor-General in Council is pleased to direct the re-publication of the Acting Allowance Code, with corrections up to the date, and a few alterations in arrangement.

CHAPTER I.

Definitions and Explanations.

SECTION 1.—In the following rules:—

(a.) “Local Government” includes a Department of the Government of India, a Chief Commissioner and the Resident at Hyderabad.

(b.) Appointments are said to be in the same “class” when they are in the same Department and bear the same designation, or have been declared by the Government of India to be in the same class. Appointments in the same class are sometimes divided into “grades” according to pay.

(c.) An “absentee” is an officer absent, whether on leave or on duty, from an appointment on which he has a lien.

(d.) Except in Chapter IX, the words “the appointment” mean “the appointment in which an officer is officiating for an absentee.”

Pay and Salary. SECTION 2. (a.)—The “pay” of an officer is as follows:—

(1.) In the case of an officer with a substantive appointment: the amount which he would receive monthly under any of the following designations if he were doing the work of his substantive appointment:

- Substantive pay,
- Consolidated pay,
- Military pay and allowances, and staff salary,
- Staff corps pay and staff salary.

(2.) In the case of an officer without a substantive appointment: his subsistence allowance (if a Covenanted Civil Servant,) and his military pay and allowances, or staff corps pay (if a military officer.)

(b.)—The “pay” of an appointment with reference to any officer, is the pay which he would receive if he held that appointment substantively.

For instance: if the pay of the appointment is subject to increase upon the passing of an examination or upon the completion of a certain period of service, the officiating officer's allowances are calculated upon the pay which he would, from time to time, receive, if he held the appointment substantively.

(c.) “Salary” is the sum of “pay” and “acting allowance;” it does not include personal allowances, travelling allowances, or the like.

(d.) “Progressive pay” is pay which upon good behaviour rises by periodical increments from a minimum to a maximum.

(e.) “Consolidated Pay” includes military pay and allowances or staff corps pay, which cannot be separately drawn.

(f.) “Staff Salary” is an allowance to a military officer in addition to the military pay and allowances or the staff corps pay of his rank.

CHAPTER II.

General Rules.

Maximum and Minimum. SECTION 3. (a).—The maximum salary of an officiating officer shall be the pay of the appointment.

(b). The minimum salary of an officiating officer shall be half the pay of the appointment.

SECTION 4.—If an absentee draws no part of the pay of his appointment, another officer may be appointed thereto substantively, for a time only, on full pay, without disturbing the lien of the absentee.

If the substantive appointment of an officer is changed while he is officiating in an appointment, or if, while so officiating, an officer be appointed for the first time to some substantive office, then provided that his tenure of his officiating appointment is not interrupted by his new substantive office he may draw the pay thereof without joining it, from the date on which he is appointed thereto, or from any later date on which the substantive office becomes vacant.

1. An absentee who receives leave allowances draws, within the meaning of this section, "part of the pay of his appointment."

CHAPTER III.

The Covenanted Civil Service.

SECTION 5 (a).—An officer with a substantive appointment, officiating in another appointment or in a higher grade, is entitled to an acting allowance of one-fifth of the pay of the appointment or grade.

The phrase in Section 5 (a) does not include the cases of junior officers in a department or district, who, without being formally gazetted to act in a higher grade, fall into charge of higher duties by reason of the absence of their superior, or under similar circumstances are invested temporarily with local jurisdiction in a particular division of a district by notification in the Gazette. The Account Department cannot recognize an officer as officiating in an office until he is formally appointed by competent authority to officiate in it.

(b). But the acting allowance shall not be less than two-thirds of the difference between the pay (or, in the case of a progressive pay, the minimum pay) of the appointment or grade and the pay of the officiating officer.

(c). Nor shall it be less than Rs. 200.

1. In the case of an acting appointment made with effect from before 1st November 1869, or of a reversion to an acting appointment held before the date, the officer is entitled in addition, to one-tenth of the first Rs 2,000 of the pay of the appointment or grade.

[NOTE.—"Reversion" means a return to an appointment under the operation of the rules and without formal re-appointment.]

2. In the North-Western Provinces, when a settlement officer officiates in an appointment in another Department, his salary shall be calculated as if his pay were the pay of the ordinary grade next below the standing which he occupies in the Settlement Department.

Explanation.—An officer officiating in a class divided into grades will officiate in the lowest grade unless it be otherwise specially ordered.

[*Illustration.*—A is Magistrate in the first grade of Nuddea. B is Magistrate of Midnapore, the senior in the second grade. C is a Joint Magistrate. If A takes leave, then, in ordinary course of promotion, B would obtain officiating promotion to the first grade without leaving Midnapore, and C appointed to officiate as Magistrate of Nuddea would officiate in the second grade.

SECTION 6 (a).—An officer without substantive appointment is entitled to an acting allowance of half the pay of any appointment in which he officiates, and to subsistence allowance.

1. For rates of subsistence allowance, see Civil Leave Code, Section 11, Rule I.

(b). But an officer, who on the 1st July 1868 was absent on leave, without a substantive appointment, or had returned from furlough and had not obtained a substantive appointment, is entitled, till he again holds a substantive appointment with pay

not less than that of the substantive appointment which he last held, to an acting allowance of three-quarters, instead of half, of the pay of any appointment in which he officiates.

1. No officer who did not return from furlough before the 23rd November 1869, may under this clause draw more salary than he would draw if the substantive appointment which he last held were restored to him.

2. An officer may decline the special acting allowance provided in clause (b) of this section, and take the ordinary acting allowance under clause (a.) In this case, the limitation prescribed by the preceding rule will not operate.

3. If an officer who draws acting allowance under clause (b) of this section takes furlough, the clause will continue to apply to him on his return from that furlough, unless the circumstances are such that if he had had a substantive appointment, he would have lost it by the operation of the rules.

The allowances of an officer are payable to the day of his death, whether he be on leave or on duty when he dies, and whatever be the nature of his leave.—*G. I., 31st October 1872, No. 3,932, Financial.*

4. An officer drawing allowances under clause (b) of this section should be appointed to the first appointment (not being a special one) suitable to his rank and qualifications which may become substantively vacant. If its pay is less than that of the substantive appointment which he last held, he should be promoted as substantive vacancies occur, until his pay is equal to that of the substantive appointment which he last held. Until he regains this position, he may draw, unless the Local Government declare him unfit to be restored to his former rank, such personal allowance as will raise his salary to the amount which he would draw under this clause, and the rules explanatory of it.

CHAPTER IV.

Military Officers in Civil Employ (not being in the Public Works, the Survey, the Telegraph, or the Forest Department.)

Specification of cases. SECTION 7.—The cases which may occur are these:—

(A). An officer officiating in an appointment of which the pay is consolidated may be—

Case 1.—An officer without a substantive appointment.

Case 2.—An officer having a substantive appointment the pay of which is consolidated.

Case 3.—An officer having a substantive appointment the pay of which is a staff salary.

(B). An officer officiating in an appointment of which the pay is a staff salary may be—

Case 4.—An officer without a substantive appointment.

Case 5.—An officer having a substantive appointment the pay of which is consolidated.

Case 6.—An officer having a substantive appointment the pay of which is a staff salary.

1. An appointment of which the pay is fixed with reference to its being held by a civil officer, Covenanted or Uncovenanted, is treated, for the purposes of this section, as if the pay of it were "consolidated."

SECTION 8.—In case 1 the officer is entitled to his pay and to such acting allowance as will make the total equal to the sum of the assumed subsistence allowance stated below, *plus* half the pay of the appointment:—

<i>Assumed Subsistence Allowance.</i>	<i>Rs.</i>
For the rank of Captain or Subaltern ...	250 a month.
For the rank of Major.	320 "
For higher ranks... ..	400 "

Appointments on staff. SECTION 9.—In cases 2 and 3 the acting allowance is regulated by Section 5.

SECTION 10. (a). —In cases 4, 5 and 6, the salaries are calculated by Military rules; any excess of the consolidated pay of the substantive appointment in case 5, over the military pay and allowances of the staff corps pay of the officer, being treated as a staff salary.

(b).—The military rules referred to are as follows:—

(1).—For officers who have elected the rules of 1868.

An officiating officer will draw half the staff salary of the appointment and half the staff salary of his substantive appointment, if he have one: provided the whole staff salary thus drawn be not less than Rs. 100 a month.

(2).—For officers who have elected the rules of 1854—

An officiating officer will draw half the staff salary of the appointment. After acting for six months, whether continuously or not, in the same post or grade, he is entitled to the full staff salary, as soon as the absentee ceases to draw any part of it.

SECTION 11. (a).—As an exception to Sections 8 and 9, the allowances of a Commissioned Medical Officer, officiating in an appointment the pay of which was fixed by General orders of the Government of India in the Military Department, No. 370, dated 4th April 1867, shall be regulated by Section 10 on the assumption that the pay of the appointment is a staff salary equal to the difference between the officiating officer's unemployed pay and the consolidated pay he would receive if he held the appointment substantively.

(b).—Provided that if the officer was appointed to the Medical Service before 7th November 1864, he shall receive an aggregate salary not less than his full batta pay.

CHAPTER V.

The Public Works Department.

(Engineer Establishment and Superior Officers of Accounts Branch.)

SECTION 12. (a).—An officer of a class divided into grades cannot officiate in that class in a grade higher than that to which he is substantively appointed. No officiating in grades.

(b).—An officer officiating in a rank which is divided into classes, or in a class divided into grades, will officiate in the lowest class or grades; but this rule does not apply to officers officiating in appointments of which the substantive holders must belong to a particular class.

SECTION 13 (a).—An officer with a substantive appointment, officiating in a higher class or in another appointment, is entitled to an acting allowance, in addition to his pay, of one-fifth of the civil pay of the class or appointment in which he officiates. Officers with substantive appointment.

(b).—A civil officer without a substantive appointment is entitled to an acting allowance of half the civil pay of the class or appointment in which he officiates. A military officer, without an appointment, is entitled to his pay and to such acting allowance as will make the total equal to the sum of the assumed subsistence allowance stated in Section 8, plus half the civil pay of the class or appointment in which he officiates.

Explanation.—The civil pay of a graded class is the average civil pay of the grades (calculated without reference to the number of appointments in each grade); but the officiating officer's salary shall not exceed the pay of the lowest grade.

1. The net military pay of an officer of the Royal Engineers is not taken into account in calculating acting allowances. He is entitled to this pay independently of any other allowance.

SECTION 14.—In the following cases, special allowances are given, on sanction by the Local Government, or, if the appointment be under a Chief Commissioner or an Agent to the Governor-General, or under the Resident of Hyderabad, or the Superintendent of Port Blair, by the Government of India:

(a).—A subordinate officiating as an Executive Engineer is allowed Rs. 100 a month in addition to his pay, provided that the aggregate does not exceed the pay of an Executive Engineer of the 4th grade.

(b).—A subordinate officiating as an Assistant is allowed Rs. 50 a month in addition to his pay. This allowance is not admissible on the mere circumstance of the subordinate holding a charge formerly held by an Assistant, but only when the charge involves duties and responsibilities which, in character or extent, are such as are not usually imposed on subordinate officers. Subordinates.

(c).—An Accountant officiating for a Controller or Deputy Controller is entitled to draw an allowance of Rs. 100 a month in addition to his pay, provided that the aggregate does not exceed the pay of a Deputy Controller.

CHAPTER VI.

The Survey Department.

(Officers not below the rank of Assistant Surveyor in the Survey Department under the Surveyor General of India.)

Survey Department. SECTION 15.—An officer officiating in the grade immediately superior to his own, is entitled to the same allowances as if he were confirmed in that grade.

SECTION 16.—An officer officiating in a grade higher than that immediately superior to his own, is entitled to an acting allowance, in addition to his pay, of one-fifth of the civil pay of the grade in which he officiates.

1. Rule I under Section 5 applies to this section also.

SECTION 17.—An officer without a substantive appointment is entitled to an acting allowance, in addition to his pay (if any), of half the civil pay of the grade in which he officiates.

CHAPTER VII.

Other Officers.

SECTION 18.—The following are the rules applicable to officers in civil employ who are

not members of the Covenanted Civil Service,
nor Commissioned Officers in the Army,
nor in the Public Works and Survey (India) Departments, unless they are officiating in appointments below the rank of Assistant Engineer, or Assistant Controller, or Assistant Surveyor,
nor officers of the superior establishment of the Telegraph and Forest Departments whose acting allowances are regulated by the special rules contained in the Appendix.

SECTION 19. (a).—An officer with a substantive appointment officiating in an appointment which is open to, and may in practice be held by, a Covenanted Civil Servant or an officer of the Army, is entitled to the acting allowance prescribed in Section 5.

Officers with substantive appointments.

Examples of the appointments referred to.

Postmasters General, Judges of Small Cause Courts, gazetted officers of Police.

1 The classified list of the Financial Department is excepted from this Clause, and comes under the next Clause.

(b).—An officer with a substantive appointment officiating in an appointment to which Clause (a) does not apply, and of which the pay is not less than Rs. 100, is entitled to an acting allowance of one-fifth of the pay of the appointment: Provided that no officer may, under this clause, be appointed to officiate in a higher grade of his own class.

1 In the Public Works Department no increased allowances are admissible to an officer of the Upper Subordinate Establishment, or to a Sub-Overseer, for performing duties previously entrusted to one of a higher grade in either of the Subordinate Establishments.

Munsiffs in Madras.

2. In Madras the first, second, and third grades of Munsiffships are treated as distinct classes.

Explanation.—The pay of an appointment which belongs to a graded class and is not such as is described in clause (a) of this section, is the average pay of the grades, calculated without reference to the number of appointments in each grade; but the officiating officer's salary shall not exceed the pay of the lowest grade, unless he belongs to another Department, and is specially appointed to officiate in a grade other than the lowest.

Graded appointments.

ing officer's salary shall not exceed the pay of the lowest grade, unless he belongs to another Department, and is specially appointed to officiate in a grade other than the lowest.

SECTION 20.—An officer without a substantive appointment, officiating in an appointment the pay of which is not less than Rs. 100, is entitled to an acting allowance of half the pay of the appointment.

See explanation under the last section.

SECTION 21.—If the pay of the appointment is less than Rs. 200, and the Local Government considers that the acting allowances admissible by rule are insufficient, it may grant to the officiating officer higher allowances, not exceeding the difference between the pay of the appointment and the portion of it drawn by the absentee for whom he officiates.

Note.—This section is to be read in connection with Section 20. It applies only to the case of an officer without a substantive appointment.

SECTION 22.—The salary of an officer officiating in an appointment of which the pay is less than Rs. 100 a month should, as far as practicable, be regulated under sections 19(b) and 20. If an officer officiating in such an appointment has a substantive appointment his salary must in no case exceed what it would be if sections 19(b) and 20 were exactly applied. If he has no substantive appointment, the officer who appoints him may grant him such allowance, not exceeding the pay of the appointment, as he considers necessary, provided always that the absentee allowances of an officer on leave whose pay is less than Rs. 100 must not exceed the difference between his pay and the sum of the acting allowances paid in consequence of his absence.—(See Civil Leave Code, Supplement F, Section 1.)

Note.—The above proviso does not apply to the case noted as an exception under Section 1 of Supplement F, to the Civil Leave Code.

CHAPTER VIII.

Plural Appointments.

Two or more appointments.

SECTION 23.—The salary of an officer holding substantively, or officiating in, two or more independent appointments at one time, shall be regulated as follows:—

(a) He shall draw the highest salary to which he would be entitled if he held, or officiated in, any one of the appointments alone.

“Appointments made substantive *pro tem*” are to be held to be the same as substantive appointments in respect to pay and allowances and of all the other privileges attached to substantive appointments, except that the holder of a substantive appointment *pro tem* is liable to be displaced in favor of an officer having prior claims.—*G. I., 30th September 1872, No. 3,185, Financial.*

(b).—For the other appointment or appointments, he shall draw such allowances as the Local Government may fix, not exceeding, for each appointment, half the salary which he would draw if he held or officiated in it alone.

(c).—Provided that his aggregate salary shall not exceed the pay which he would draw in the most highly paid of the appointments, if he held it substantively and alone.

1. This proviso may be dispensed with, if the Local Government declare that, for special reasons (to be communicated to the Supreme Government), it is necessary, on public grounds, to entrust to the one officer the duties of the several offices at once, and that the salary to which he would be limited by the proviso is insufficient. When this proviso is dispensed with, it is only necessary for the Local Government to communicate to the Government of India, the special reasons for which it is necessary on public grounds to entrust to one officer the duties of more than one officer.—*G. I., 13th May 1873, No. 310, Financial; M. G., 22nd May 1873, No. 172, Educational.*

[*Illustration.*—A Covenanted Civil Servant holding a substantive appointment, A, of which the pay is Rs. 1,000, is appointed, without being relieved of his own duties, to

officiate in two appointments, B, of which the pay is Rs. 1,600, and C, of which the pay is Rs. 2,200.

If he held A only, he would draw	1,000
If he officiated in B only, he would draw pay Rs. 1,000, and acting allowance Rupees 400... ..	1,400
If he officiate in C only he would draw pay Rs. 1,000, and acting allowance Rupees 800... ..	1,800
He will therefore draw for C, (which carries the highest salary)	1,800
And but for proviso (c) he would be entitled for B and A to such allowances as the Local Government may fix, not exceeding Rupees $800 + 700$ for B, and $1310 + 500$ for	
But in consequence of that proviso, his aggregate salary must be limited to Rs. 2,200 (the pay of appointment C,) unless the declaration prescribed in Rule 1 be made.]	

SECTION 24. (a).—Section 23 does not apply to the case of an officer officiating at the same time in two or more appointments which are ordinarily held substantively by one individual. In such case, the two appointments shall, for the purpose of calculating acting allowances, be treated as one appointment upon the aggregate pay.

(b). Nor to the case of an officer discharging the duties of more than one appointment in the same office, or on the same establishment.

EXAMPLES.—One Under Secretary discharging the duties of a fellow Under-Secretary in the same office or department as well as his own.

A Joint Magistrate appointed, in addition to his own duties, to officiate as Magistrate of the District. In this case, he gets allowances only as officiating Magistrate of the district.

A District Judge deprived of the help of an additional or Assistant Judge, and therefore doing the Additional or Assistant Judge's work.

A Joint Magistrate doing the work of a second Joint Magistrate in the District as well as his own.

A clerk doing the duties of another clerk in the same office.

(c).—Nor does the section affect "Local allowance," given for the performance of separate duties.

1. The allowances for the additional charge of an appointment of the kind specified in Section 11, are regulated by military rules and not by this Code.

SECTION 25. (a).—An officer appointed, without being relieved of his own duties to be in charge of the current duties of an office, is ordinarily not entitled to acting allowance.

(b). But when an officer is appointed to be in charge of the current duties of a judicial office, or of a gazetted office in the Police Department, and the charge, in the opinion of the Local Government, entails a substantial increase of responsibility besides some additional work, he is entitled to a charge allowance, to be fixed by the Local Government, not exceeding one-tenth of the pay of the office. If the office is open to, and may in practice be held by, a Covenanted Civil Servant or an officer of the Army, the charge allowance may not be less than Rs. 100 a month. An officer so employed is entitled to the highest salary to which he would be entitled if he held or officiated in any of the appointments alone and to nothing more.

1. For a subordinate judicial officer in charge of the current duties of a district judge's office, the charge allowance is fixed at Rs. 150 a month.

(c).—An officer of the Engineer establishment of the Public Works Department, appointed, without being relieved of his own duties, to be in charge of the current duties of an office of higher class than his own, is entitled to a charge allowance of one-tenth of the civil pay of the class. But the cases must be reported to the Government of India for confirmation.

(d). An Executive Engineer, holding charge of two divisions, will receive an acting allowance of Rs. 100 a month. This, however, is only to be allowed under special circumstances, and as a temporary arrangement, and must be reported to the Government of India for confirmation.

CHAPTER IX.

Appointments on Progressive Pay.

SECTION 26. (a).—When an officer is first appointed (whether the appointment be substantive or officiating) to an office of which the pay is progressive and the minimum pay is not less than Rs. 100 “pay of the appointment.” the pay of the appointment shall, for the purpose of calculating his salary, be ascertained by counting towards the increments any excess over one year in the period immediately preceding the date on which the appointment takes effect during which the officer's pay continuously—

(1) if progressive, or subject to increase on passing an examination, has been at its maximum, and

(2) has been not less than the minimum pay of the appointment,

Provided that not more than a year can be counted under this section.

(b).—If the minimum pay of the appointment is less than Rs. 100 no time can be counted towards the increments before the date on which the appointment takes effect.

Example—A had since the 1st July 1870 been drawing the maximum pay (Rs. 600) of his appointment. On the 1st December 1871, he was appointed to officiate in an office the pay of which rises from Rs. 600 to 800. Under this section he counts five months out of the seventeen intervening between the 1st July 1870 and the 1st December 1871. This section, however, does not fix his salary, but only determines one of the elements necessary for its calculation.

SECTION 27.—After an officer's first appointment, the pay of the appointment shall, for the purpose of calculating his salary, be ascertained by counting towards the increments (in addition to any time admissible under Section 26) —

i. Any time, whether continuous or not, during which he has officiated in the appointment, and during which —

(1) his pay, if progressive, or subject to increase on passing an examination, has been at its maximum, and

(2) his salary has been not less than the minimum pay of the appointment.

ii. Any time during which he has substantively held the appointment.

Example.—A (the officer in the example under last section) will, under this section, count the time subsequent to 1st December 1871, during which he is officiating in the appointment. But this section, like the last, does not of itself fix his salary.

SECTION 28 (a).—If the officer is officiating in the appointment, his acting allowance shall be calculated on the mean pay of the appointment; his maximum salary shall be the pay of the appointment as fixed in accordance with Sections 26 and 27; and his minimum salary shall be half the mean pay of the appointment.

(b). If the officer holds the appointment substantively, his pay shall be the pay of the appointment as fixed in accordance with Sections 26 and 27.

Example.—The “pay of the appointment,” as fixed for A in the above example, is—

From December 1, 1871.....	Rs. 600
From July 1, 1872.....	” 650
From July 1, 1873.....	” 700
From July 1, 1874.....	” 750 and so on.

If he officiates only, he gets Rs. 740 (i. e., Rs. 600 + $\frac{200}{6}$), limited at first to Rs. 600, after the 1st July 1872 to Rs. 650, and after the 1st July 1873 to Rs. 700. But after the 1st July 1874 he will draw the full Rs. 740, as the limit is then Rs. 750.

If he at any time obtains the appointment substantively, he gets the full pay above stated.

1. The following special rules apply to the Post Office Department:—

(a). Unless otherwise specially ordered by the Director General, an officer can count time only under Section 27, and can count under part i of that section only so much as is continuous.

(b). An increment of salary accruing in any other month than March must be postponed until the 1st of March next following.

SECTION 29.—An officer may, by excluding a previous appointment, count a subsequent appointment as the “first” appointment under these rules.

Example.—B, who has been drawing the maximum pay of his substantive office from the 1st January 1869 was appointed to officiate from the 1st January to the 3rd March 1870 in an office on progressive pay, the minimum of which is the same as his maximum pay. He is again appointed to officiate in the higher office from the 1st January 1872 and is entitled under Section 27 to count towards increments of salary, the *three months* of his officiating tenure. But if the appointment in 1872 were his “first” appointment to officiate in the higher office, he would be entitled under Section 26 to count *one year* towards increments of salary. B is allowed to ignore his appointment in 1870 and count his second appointment as if it were his first.

SECTION 30.—In Departments in which the pay is regulated according to classes, an officer may count, under Section 27, any time during which he has officiated in a higher class, as if he had during that time officiated in any lower class. Time thus counted cannot be afterwards counted towards an increment in the higher class.

SECTION 31.—Time spent on leave with allowances counts towards increments in the same manner as if during it the officer had actually held or officiated in (as the case may be) the appointment on which he has lien.

SECTION 32. Time passed under suspension does not count towards increments, if the suspension is a penalty for misconduct; but an officer, in directing re-instatement of a person who has been suspended, may declare that the time shall count.

Note.—The rules in Sections 26 and 30 were first promulgated in the Acting Allowance Code, dated the 1st August 1871.

Section 30 may be applied in fixing the salaries of officers in the appointments which they were holding on the 1st August, but no back pay before the 1st August can be drawn in consequence of the permission given by it.

Section 26 can be applied only in fixing the salaries of officers in appointments made on or after the 1st August, but any officer holding an appointment on the 1st August 1871 may count that appointment as if it had been “first” made on that date.

CHAPTER X.

Exceptional Cases.

SECTION 33. The allowances of an officiating Ordinary Member of the Executive Council of the Governor-General, or of the Governor of Madras Members of Council, or Bombay, are regulated by Act of Parliament, Section 27 of 24 and 25 Vic., Cap. 67.

I.—An officer officiating in the Telegraph Department, who does not hold any substantive appointment, shall receive an acting allowance of half the consolidated pay of the appointment in which he may officiate. In giving acting allowance under this rule to a Military Officer not holding any substantive appointment, who may officiate in the Telegraph Department, the allowance granted will be in addition to his Military pay and allowances, up to an amount not exceeding what the officer would draw were he to be confirmed in the lowest grade of the class in which he may be appointed to officiate.

XII.—As a rule, all officiating appointments will be made to the lowest grade of Assistant or Deputy Conservator, and to the lowest class of Conservator, and in such cases the salary of the officiating officer will be the pay of the lowest grade or class of the office in which he officiates. MILITARY FURLOUGH REGULATIONS OF 1868.

Fort Saint George, 1st December 1868.

No. 434 of 1868.—The following Extract from General Orders by the Government of India is re-published:—

SIMLA, 10th November 1868.

No. 1,004 of 1868.—The Right Hon'ble the Secretary of State for India having, with certain modifications, approved generally of the rules relative to the absence on leave of Military Officers, published in Government General Orders, No. 613, dated 19th June 1868, the following revised rules are published in substitution of those contained in the order above referred to.

These rules will be applicable to all Officers who may elect to adopt them belonging to the several Indian Staff Corps or to the Indian Army, and in regard to the period of leave of absence during which appointments may be held, and in regard to the increased allowances they will also be applicable to Officers of the Royal Artillery and Royal Engineers, late of the Indian Army, holding permanent staff appointments not of a regimental nature.

The question of the application of these rules to the Officers generally of Her Majesty's British Forces serving in India is still under the consideration of Her Majesty's Government.

To obviate confusion or misconception as to the rules referred to, those previously in existence and those now sanctioned will be severally designated as the Furlough Rules of 1796 of 1854, or of 1868.

The term "Furlough Pay" having now a changed and two-fold signification, in all future orders and references "Furlough Pay" will be understood as the half Indian salary within

Madras G. O. G., No. 103, dated 23rd April 1872.

the prescribed limits, specified in paragraph 5 of the rules, converted at the exchange of 2 shillings for the rupee, whilst "English Furlough Pay" will represent the rates heretofore allowed to the several grades as English pay under the rules of 1796 and 1854.

I. The distinction with respect to allowances hitherto drawn between Furlough on Private Affairs and Sick Leave is abolished, both kinds of leave being included under the general term Furlough, provision however being made for the obtainment of Furlough, under Medical Certificate, without all the restrictions applicable to Furlough, when taken without Medical Certificate.

II. Leave taken under the Rules now prescribed will not involve forfeiture of appointment, except in the cases herein specially provided for.

III. The Rules now prescribed do not affect the provisions of Act XXXIII of George III, Chapter 52, Section 70; but an Absentee cannot retain his appointment, and draw absentee allowances, except under the Rules now prescribed.^(a) Nor do they affect the regulations by which General Officers Commanding Divisions and Brigades can only obtain limited periods of leave without forfeiting their commands.

IV. Leave of absence will, in future, be of three kinds, viz :—

I.—Furlough in or out of India.

II.—General Leave on Private Affairs or Sick Certificate in India or short leave to sea.

III.—Privilege Leave.

CHAPTER I

Furlough.

V. An Officer drawing Staff Pay in addition to pay of rank, proceeding on Furlough will be allowed pay at the rate of 50 per cent. of the salary of his substantive office. But an Officer in Civil employ and drawing consolidated salary will be allowed 50 per cent. of the average salary drawn by him for three years prior to his proceeding on Furlough.^(b)

(a) NOTE 2.—The Section referred to is quoted below :—

Section 70.—"And be it further enacted, That no person who shall have held any Civil or Military Station whatever in India, in the Service of the said United Company, being under the Rank or Degree of a Member of Council or Commander-in-Chief of the Forces, and who, having departed from India by leave of the Governor-General in Council, shall not return to India within the space of five years next after such Departure, shall be entitled to any rank or Restoration of Office, or be capable of again serving in India, either in the European or Native Corps of Troops or in the Civil Line of the Company's Service, unless in the case of any Civil Servant of the Company, it shall be proved to the satisfaction of the Court of Directors, that such absence was occasioned by Sickness or Infirmary, or unless such Person be permitted to return with his rank to India by a Vote or Resolution passed by way of Ballot, by three parts in four of the Proprietors assembled in General Court, specially convened for that purpose whereof eight days' previous notice of the time and purpose of such meeting shall be given in *The London Gazette*, or unless in the case of any Military Officer, it shall be proved to the satisfaction of the said Court of Directors, and the Board of Commissioners for the affairs of India, that such absence was occasioned by Sickness or Infirmary or some inevitable accident.

Australia not considered to be within Indian limits in the sense in which the term is used in respect to leave of absence.—*M. G.*, 23rd and 29th January 1869, Nos. 357 and 441: *Secretary of State*, 18th March 1869, No. 36; *M. G.*, 20th April 1869, No. 1,456.

In modification of existing rules and in continuation of G. O., No. 34 of 11th Instant (M. G. O. G., 26th January 1869, No. 29) it is announced for general information that an Officer, who may have appeared before a Medical Board at Fort William, and be recommended by it, for furlough to Europe, may either embark at Calcutta or proceed *via* Bombay without further examination by a Medical Board at the latter place; and in either case, his furlough will commence from date of embarkation.—*G. O. G.*, 26th January 1869, No. 103. *G. O. G.*, 9th February 1869, No. 48.

When an Officer desires to proceed *via* Bombay, he will word his application accordingly, and the General Order will specify that he has permission to embark at Bombay.

Officers who are not stationed at or near the Presidency, or who in proceeding from their stations to Bombay would not ordinarily pass through Calcutta, must present themselves before the Board at Bombay, and obtain furlough on Medical Certificate from the Government of that Presidency as at present.

An Officer proceeding to Europe on furlough on private affairs from any part of the Bengal Presidency, will also be allowed the same indulgence of reckoning his furlough from the date of his departure from Bombay, should he apply for permission to embark there, but it must be distinctly understood, that he can obtain the furlough as at present, only from the Government of his own Presidency, and that he cannot embark until it has been actually granted.

The preparatory leave to the port of embarkation, whether the Officer is proceeding on furlough or private affairs, or on Medical Certificate, is in all ordinary cases limited to thirty days.

(b) In the case of an Officer who may be granted furlough on Medical Certificate before he has completed three years' actual service in India, the average will be taken of the salary drawn during the period of his actual service. In every case the time spent and the allowance drawn during any leave under Chapter II, will be omitted in the calculation of average salary.—*G. I.*, 15th February and 22nd May 1869, Nos. 184 and 1,685, *Financial*.

No absentee shall in either case draw more than £1,200 or less than £250 per annum. The term salary will signify the total amount drawn by an Officer, whether as consolidated pay or Staff allowances in addition to pay, but will not include any extra or special allowances. It is to be clearly understood that an Officer absent on furlough, who may be transferred to another office, during his absence, shall be entitled, for the entire period of his furlough, to pay at the rate sanctioned to him when leaving India, provided that an officer whose term of office shall lapse, during his furlough, shall cease to draw his half Staff salary from the date of such lapse. An officer will also be entitled to the benefit of his promotion to a higher Staff Corps or Regimental rank whilst on furlough subject to the maximum limit. (a)

Officers not in Staff employ will receive half the Indian pay of their rank, provided that in no case will an Officer entitled to furlough receive less than the above minimum of £250 per annum. (b)

NOTE.—Officers who may be entitled to income allowance from the Military Fund during absence in Europe, will draw their half salary or minimum absentee allowance under the foregoing clause, subject to a deduction equivalent to the amount of such income allowance.

VI. All grants of furlough on private affairs are subject to the exigencies of the Public Service, of which exigency the Government is to be exclusively the judge, and to any regulations that may be found necessary for limiting the number of absentees.

VII. The maximum amount of furlough on private affairs to be taken at any one time, carrying pay and retention of appointment, will be two years.

VIII. A period of at least of three years' service after return from last furlough, except

(a) An Officer who has been not less than three years in the Staff Corps (although he may not have completed eight years' actual service in India,) can on the production of a Medical Certificate obtain furlough with retention of appointment and allowances. Such leave reckoning as part of the eight years allowed by Rule XVI.—*G. O. G.*, 6th January 1870, No. 22, *Military Gazette*, p. 52.

The furlough allowance of any Officer in Civil employ should not exceed Rs. 833-5-4 a month.—*G. O. G.*, dated 17th December 1869, No. 3,292; *G. O. G.*, 8th March 1870, No. 76; *Gazette*, p. 288.

The above rule of 6th January 1870, applies to Warrant Officers not holding commission.—*G. O. G.*, 7th December 1870, No. 1,136; *G. O. G.*, 20th December 1870, No. 340; *Gazette*, p. 1,002.

An Officer holding a Civil appointment, with a consolidated salary, and who draws, under the furlough regulations of 1868, furlough pay based on the average of his receipts for 3 years, will, if he vacates his appointment during furlough, revert at once to the furlough pay which he would draw in virtue of his rank, viz., (1) half his Indian pay and allowances, as laid down in Rule V of the Furlough Regulations of 1868.—*G. O. G.*, 22nd March 1871, No. 271; *G. O. G.*, 4th April 1871, No. 86; *Gazette*, p. 518.

If an Inspector-General or Deputy Inspector-General of Hospitals, obtain a furlough on Sick Certificate under the Rules of 1868 within 3 years of last return to duty, who consequently vacates his Staff appointment, shall receive during such leave the English furlough pay of his rank and standing.—*S. of S.*, 23rd February 1871, No. 55, *Military Gazette*, 18th April 1871, No. 345; *G. O. G.*, 2nd May 1871, No. 110; *Gazette*, p. 602.

With reference to (4. O. G.), No. 22 of the 6th January 1870, an Officer joining an Indian Staff Corps from the local service, or General List, does not forfeit any claim to furlough under the Regulations of 1868 which may have been established by previous service.—*G. O. G.*, 25th August 1871, No. 718; *G. O. G.*, 31st August 1871, No. 216; *Gazette*, p. 1436.

When an Officer appointed to any duty in England draws his Indian allowances with or without any portion of his staff salary, he shall be allowed to count the period of his employment towards his furlough; but if appointed to an office in England, to which a fixed consolidated salary is attached, the time during which he may hold such office, shall not count towards furlough.—*G. O. G.*, 25th August 1871, No. 722; *G. O. G.*, 31st August 1871, No. 216; *Gazette*, p. 1436.

An Officer entitled to furlough, who has taken it on Medical Certificate may, on being declared fit for duty, take on private affairs any balance due to him, provided that, on being declared fit for further duty, he is not in excess of the established proportion of absentees.—*G. O. G.*, 25th August 1871, No. 722; *G. O. G.*, 31st August 1871, No. 216; *Gazette*, p. 1436.

An Officer who on his return to India reports himself in ordinary course at the port of debarkation as having returned from furlough will be considered to have returned to duty.

There is no restriction as to the country in which this leave may be taken, but an Officer desiring to change from the place to which his leave on Medical Certificate was originally granted, must obtain permission to do so from the Government of his Presidency in India, or from the Secretary of State for India in England, as the case may be.

On landing on such leave in England or India, he must report his arrival, accordingly to the India Office, or to the Military Department of his own Presidency, forwarding with his report a copy of the permission granted him to change his destination.

This Order is of general application.

Military Officers in Civil employ can only obtain leave on furlough under Chapter I of the Military Furlough Regulations of 1868, and if furlough for 3 months (which would be deducted from any furlough due) be granted, an officer would not after resuming his duties be debarred at any time from taking 2 years' furlough to Europe, should leave to that extent be due. It is immaterial whether the 3 months' furlough be taken to Europe or elsewhere out of India.—*Do let from Controller Military Accounts, to Deputy Accountant General, No. 56, dated 1st May 1871.*

(b) Acting allowances of Military Officers in Civil employ on consolidated salaries should be taken into account as part of the average salaries on which their furlough allowances are calculated.—*G. I.*, 21st January 1869, No. 489; *Financial*.

furlough under Rule XI, must be completed before furlough can again be taken unless obtained under medical certificate (see Rules XIII and XIV). (a)

IX. An Officer will be eligible for two years' furlough on the completion of eight years' actual service in India, for a third year after a further period of six years' actual service, and for fourth and fifth year after similar intervals of six years. The grant of furlough to an Officer eligible for it, will be subject only to the conditions specified in Rules VI and VII. The fact of having taken furlough on medical certificate will not affect the grant of these furloughs, except as to the conditions laid down in Rules XIII and XVI.

X. An Officer eligible for furlough need not take the whole amount to which his service entitles him, but may apply for any portion thereof as an instalment; and in that case the balance will remain at his credit in any future computation of the amount of furlough to which he may be entitled.

Illustrations.

(1).—An Officer who has served nine years in India is entitled to two years' furlough. He takes only one year, and after his return remains in India for five years. He is then eligible for two years' furlough as follows:—

Total service in India.....	14 years.
Furlough due on that service.....	3 "
Furlough already taken.....	1 year.
Balance for which he is eligible.....	2 years.

(2).—An Officer who has served 20 years in India without taking furlough is entitled to four years' furlough. He can only take, however, two years at one time carrying pay, the balance remaining at his credit in any future computation of furlough to which he may be entitled. He can take that balance after completing three years' service from the date of his return from the first instalment.

This Order of the Military Department supersedes the following Orders of the Financial Department, No. 3,943, dated 5th October 1869, No. 35, dated 27th January 1870, No. 323, dated 10th May 1870.—*G. I., 28th August 1871, No. 2,899, Fink.* ment and Departments of the Government of the three Presidencies are empowered to grant to Military Officers in Civil employ under them leave in India for any period not exceeding 3 months as furlough without reference to the Government or Commander-in-Chief of the Presidency to which the Officer belongs, provided that, in each case, the authority granting the leave shall first satisfy itself that furlough to that amount is due to the Officer concerned.

In the event of there being no furlough due to the Officer, the leave may be granted, as if it were furlough (in India) under the provisions of Rule XI of the Military Furlough Rules of 1868, provided the urgency of the case, whether on the ground of sickness, or from any other cause is such as, in the opinion of the Local Government, or Department of Governments, to justify the exceptional indulgence.

It is not considered necessary to prescribe any fixed intervals within which a repetition of the indulgence cannot be permitted.

As all leave so taken in India will reckon as part of the eight years to which an Officer's total furlough is restricted by Rule XVI, it will be necessary that a copy of the Order granting the leave shall in every case be forwarded to the Military Department of the Government of the Presidency to which the Officer belongs.

Officers obtaining leave under para. 1 of this Order, will be entitled during the period of their absence on it, to furlough pay, as laid down in Rule V of the Military Furlough Rules of 1868. Those who obtain leave under para. 2 of this Order, will be restricted to the English furlough pay of their rank, as follows:—

If any Officer exceeds the period of leave granted to him under the provisions of this Order, he will forfeit his appointment, and can only be re-appointed as a special case, with the sanction of the Government of the Presidency to which the appointment appertains, should he desire an extension of it as furlough, he can obtain it in the Military Department of his own Presidency to such extent as he may be entitled under the Rules.

No leave as furlough out of India, can be granted by any authority excepting the Government (in the Military Department of the Presidency under which the Officer may be serving. — G. O. G., No. 613, dated 11th July 1871, G. O. G., No. 186, dated 25th July 1871, Gazette, p. 1228.

when the Officer is not eligible for ordinary furlough. The said period may form part of the periods of either eight and six years referred to in Rule IX.(a)

XII. Subject to State considerations, there will be no restriction as to the places to which an Officer may resort during furlough.

XIII. Absence on Medical Certificate for a longer period than two years at one time, or departure on such furlough within three years of the date of return from a previous furlough, except furlough under Rule XI will involve forfeiture of appointment. Such furlough may, however, be extended to a third year on English furlough pay.(b)

In the event of an Officer not being able to return to his duty after an absence of three years it, will rest with the Right Hon'ble the Secretary of State for India in Council to order him to appear before a Medical Board, with a view to placing him on the retired list, if entitled to pension, or on the half-pay list.

Should the circumstances of the case warrant a further extension of leave, it can only be granted without pay.(c)

XIV. An Officer not entitled to furlough, whose health may necessitate his taking it

Rule XIV.—You will have observed from Orders, No 447, dated 19th January 1869, published at page 114 of the *Gazette of India*, that the Military Department have ruled that Rule II applies to an Officer taking furlough on medical certificate for the first time before the completion of eight years' actual service, both as to retention of his appointment and amount of furlough allowances.

within 3 years from the date of last return may, under the usual Medical Certificate, obtain such amount as may be duly certified to

be necessary for the restoration of his health, but will only receive English furlough pay and must vacate any appointment he may be holding.(d)

XV. An Officer entitled to furlough, whose health may necessitate his absence from India, will be compelled to take leave as furlough under Rule IX, but without forfeiting any passage money, to which he may be entitled under Military Fund Rules, or, if a Subaltern, by Regulation when proceeding on medical certificate.

Any extension of this furlough, beyond the period to which he may be entitled under Rule IX, will be regarded in all respects, as furlough on medical certificate. Such extension will not be allowed to take effect until the Officer shall have exhausted the entire amount of his available furlough on private affairs. If the aggregate of two years' leave is exceeded, the Officer will after that date come under the provisions of Rule XIV.

XVI. The aggregate amount of furlough with pay and retention of appointment, No. 39 of 1869.—The following Extract from a communication from the Government of India, dated 21st January 1869, No. 1,004, is published:—

- II. All leave necessitated by wounds received in action, or by sickness con-

(a) Leave under this Section counts as part of the three years allowed by Section VIII.—23rd June 1870, No. 565, *Military*.

This leave may be granted as often as it is applied for provided that the authority granting it is satisfied of the urgency which leads to the application, and that the applicant is not at the time eligible for ordinary furlough. There is no other limit to the granting of this species of leave. The pay* of rank in the case of a Staff Officer, means the "Out of India" rate of pay.—G. (c) Military Officers, however employed, and whatever may be the amount of leave granted to them, who leave India for Europe on sick certificate, should produce a certificate of fitness of duty to the Secretary of State before they can be allowed to return.—G. O. G., 2nd December 1868, No. 426; *Gazette*, p. 901.

(d) *Addendum*.—The following paragraph is to be added to G. G. O., No. 22, (G. O. G., 18th January 1870, No. 17) dated 6th January 1870:

"An Officer who has been less than 8 years in the Staff Corps can obtain furlough on Medical Certificate, only on the conditions, as to furlough pay and loss of appointment prescribed in Rule XIV of the Furlough Regulations of 1868."—G. III. All leave duly granted to England, or extensions or furlough of leave on medical certificate granted in England, *if without pay.*

IV. All sick leave to England that may have been taken under the Rules of 1796, on the old rates of furlough pay.

V. All sick leave granted to the Colonies eastward of the Cape of Good Hope under the Rules of 1796.

2 But the following will form part of the eight years referred to:—

I. Furlough with pay on private affairs, under whatever Rules it may have been taken.

II. Leave to England on medical certificate with pay under the Furlough Rules of 1854.

XVIII. Preparatory leave to embark for Europe or elsewhere on furlough, will be granted for any period not ordinarily exceeding 30 days. Leave to the same limit, to enable him to rejoin on his return from furlough, will be granted from the date of his disembarkation in India. (a)

(a) Preparatory leave in excess of thirty days may be granted on sufficient reasons being adduced for the indulgence. Such relaxations of rule should invariably be reported to the Government of India.—*G. O. G.*, 18th May 1869, No. 174, and *G. I.*, 3rd February 1870, No. 901, *Financial*, Gazette, p. 186.

If any Officer to whom privilege leave is due be allowed subsidiary or preparatory leave, he shall be permitted to draw the allowances admissible during privilege leave for the period of his subsidiary or preparatory leave, or for any less period for which privilege leave may be due to him.—*G. I.*, 24th April 1869, No. 4,901, *Financial*, 20th May and 22nd June 1870, Nos. 438 and 857, *Financial*.

Officers allowed half Staff salary during the period of progress to rejoin appointment on return to India from furlough, but those Officers who had ceased to draw half Staff salary in England before 1st July 1868 can only draw, on returning to India, the pay and allowance of their rank till they rejoin their appointments.—*G. I.*, 23rd Dec. 1868, No. 1,926, *M. G.*, 5th Jan. 1869, No. 67, *Military*.

In supersession of the Orders of 22nd October 1868, No. 3,205, the following Rule is sanctioned:—

For the interval between giving up charge of office and commencement of furlough, and between termination of furlough and resuming charge of office, a Military Officer in Civil employ shall be allowed subsidiary leave not ordinarily exceeding in such case 30 days. During those periods his allowance shall be calculated in the same way as his furlough allowances, but without limitation as to maximum and minimum. Provided that if a Military Officer in Civil employ should under the action of the leave rules, have lost his lien on his appointment, he shall, during the said period draw allowances under the rules of the Military Department applicable to his case.—*G. I.*, 15th June 1869, No. 1,181, *Financial*.

The above Resolution applies to Military Officers in Civil employ on consolidated salaries. Military Officers in Civil employ on Staff salaries will draw allowances during preparatory leave under the Orders of the 22nd October 1868, No. 3,208. *G. I.*, 26th October 1868, No. 4,252, *Financial*.

If an officer overstays his subsidiary or preparatory leave by a period not exceeding 30 days, he shall have the option of forfeiting all salary during the period of such overstay, or of cancelling the subsidiary or preparatory leave and reckoning his furlough or other leave to which the subsidiary or preparatory leave is prefixed from the date of quitting his office. But if the period of overstay exceed 30 days such option shall not be granted, and the furlough or other leave shall be held to have commenced from the date of the officer quitting his office, and the subsidiary leave shall be cancelled. In case the Officer is not entitled to the furlough or other leave on the date of quitting his office a special report must be made to Government. *G. I.*, 8th July 1870, No. 1,718, *Financial*; Gazette, p. 924, dated 26th July 1870.

The above does not cancel the Resolution of the Government of India, dated 3rd February 1870, No. 901, authorizing Local Governments to grant subsidiary or preparatory leave in excess of 30 days in case of necessity. *Telegram*, 25th August 1870.

Rule 3 of Section XI of the Covenanted Civil Service Leave Code is applicable to Military Officers in Civil employ, as well as Rule 3 of Section XXVI of the same Code.—*G. O. G.*, 14th June 1870, No. 531, *G. O. G.*, No. 159, dated 27th June 1871, *Gazette*, p. 1036.

When furlough is taken out of India the days of embarkation and debarkation are reckoned in the period of furlough and no more than furlough pay allowed for those days.—*G. I.*, 4th April 1870, No. 2,378, *Financial*, Gazette, p. 834, dated 5th July 1870.

An Officer can reckon his return from furlough only from the date of his arrival at the port at which he may *bona fide* disembark with the view of proceeding to join his appointment or Regiment, and his landing and reporting himself at Madras on his way to Calcutta to rejoin his appointment in Bengal, North-western Provinces, &c., cannot, the Right Honorable the Governor-General in Council considers, be in any sense what is meant by "disembarkation in India" (Furlough Regulations of 1868, Rule X II) even though the Officers should belong to the Madras Presidency.—*G. I.*, 10th March 1871, No. 1,490, *Financial*; *M. G.*, 28th March 1871, *Gazette*, p. 585.

Military Officers in Civil employ on Staff salaries are entitled during leave, preparatory to furlough to the Staff Corps pay of their rank and a moiety of Staff salary.—*G. I.*, 22nd October 1868, No. 3,205, *Financial*.

An Officer transferred to another appointment while on furlough ceases to draw the half Staff salary of his former appointment from date of landing, when he draws a full pay of his rank, provided he does not draw less than his furlough pay till he joins his new appointment.—*G. I.*, 5th April 1871, No. 210, *Military*, communicated in *Form of Controller of Military Accounts*. No. 337, dated 25th Aug. 1871.

XVII. If taken in India, furlough will be reckoned from the date of the absentee quitting his station to the date of his return there: if taken out of India, from the date of the sailing of the vessel in which he may have embarked to the date of his disembarkation in India.

XIX. Furlough allowances shall be payable monthly if payment is taken in India; and quarterly, if payment is taken in England.

XX. Advances of furlough pay will continue to be made in India to those Officers who desire it, for three months from date of embarkation. Payments in continuation will be made in England on the expiration of six months from that date.(a)

XXI. The last pay certificate issued to each Officer who may be granted furlough, whether on private affairs, or on medical certificate, will specify the rate of the pay and Staff salary of his last substantive appointment, and the rate to which he will be entitled in Europe in virtue of Rule V.

XXII. An Officer acting in India for an absentee will be restricted for the entire period of such acting to the half

In computing the furlough on private affairs to which an Officer who has already enjoyed some portion of such furlough will be entitled under those Rules, it will be necessary to deduct the total amount of the furlough on private affairs of which he may have availed himself during his service, from the total periods to which under Rule X, he can lay claim. The balance will represent the leave to which he will be entitled on the expiration of not less than three years from his last return to duty.

(1).—An Officer who had obtained under the existing Rules, two years' furlough after ten years' service, returns to India on the date on which this order is promulgated. He accepts its conditions, and serves four years longer in India. On the expiration of that term, he can take one year's furlough thus—

CHAPTER II.

General Leave on Private Affairs and Sick Certificate in India.

XXV. An Officer will be eligible, as at present, to take leave on Private Affairs or Medical Certificate in India, for any period not exceeding six months, at the discretion of His Excellency the Commander-in-Chief, or of the Government under which he may be serving. During the entire period of his absence on this account, the Officer will be entitled, as at present, to his full pay, and a moiety of his Staff salary. Leave taken under this Rule will form no part of the eight years' aggregate Furlough. If this indulgence should be taken advantage of for a third year consecutively, the Officer will lose his Staff appointment.

XXVI. Leave on Sick Certificate for a period exceeding six months, capable of extension, under renewed Medical Certificate, to a limit of one year, may be granted to any Officer who, in the opinion of Medical Board, may require it. Leave of this nature, taken after the promulgation of these Rules, will be held to constitute a part of the maximum period of eight years' leave of absence to which an Officer is entitled in his entire period of service, but will not be regarded as furlough, nor will it effect the intervals entitling to furlough laid down in Rule IX. During this leave the Absentee will draw a moiety of his Staff salary in addition to the pay of his rank.(a)

XXVII. Short leave not exceeding three months on Private Affairs or Sick Certificate, may also be taken to sea, on the above condition,(b) but absence from India for any longer period will be treated as furlough.

XXVIII. All general leave taken in India counts as part of the leave reckoning against service for pension.

CHAPTER III.

Privilege Leave.

XXIX. Privilege leave may be granted, as at present, for sixty days in each year, to all Officers in Military employ, without deduction from the salaries and emoluments drawn by them. General Leave, in extension of Privilege Leave, can only be granted on the ground of sickness, or some other serious emergency which could not have been foreseen when the Officer proceeded on Privilege Leave. Privilege Leave may, however, be converted into General Leave with the sanction of the Commander-in-Chief or the Government.(c)

XXX. In the case of the stations noted in the margin, Privilege Leave may, as at present, be granted for ninety days to Officers of local Corps, or of Corps which are usually employed in one or other of the Districts named.

XXXI. An Officer is at liberty to proceed wher-

(a) An Officer can obtain, under this Section, leave in India on Medical Certificate, with retention of India allowances for a total consecutive period of one year only. If leave so taken is extended beyond that limit, the whole period of absence subsequent to the date from which these rules came into force, will be converted into furlough, and the allowances adjusted accordingly, the retention of appointment, in the case of an Officer holding one, being dependent on the amount and date of leave previously taken.—G. I., 30th November 1868, No. 1,049.

Military Officers in Civil employ cannot take general leave in continuation of privilege leave. This restriction applies to Military Officers in Civil employ on consolidated salaries only and not to those in receipt of Staff salaries.—G. I., 24th August 1868, No. 3,083, *Financial*, and 30th June 1868, No. 609, *Financial*.

(b) The 'condition' referred to is that leave granted under this Rule will not be reckoned as furlough, and that the absentee will draw a moiety of his Staff salary. The leave will not be included in the maximum period of eight years prescribed in Rule XVI, unless it be extended beyond three months.—G. I., 1st February 1869, No. 798, *Financial*.

(c) An Officer cannot go to England on the leave allowed by this Clause nor will he be allowed preparatory leave when availing himself of this leave.—G. O. C. C. in I., No. 235, dated 5th Sept. 1870; G. O. C. C., 6th October 1870, No. 113.

A Military Officer in Civil employ who proceeds to England on privilege leave, cannot be permitted to draw his allowances for the period of that leave in England. He may, however, make arrangements through his Agents in India for drawing such allowances as are admissible by rule.—G. I., 26th October 1870, No. 4,439, *Financial*; G. O. G., 8th November 1870, No. 311, *Gazette*, p. 1457.

Military Officers not allowed travelling allowance when they proceed beyond five miles to pass examination in oriental languages in addition to a reward they obtain.—G. I., 24th October 1870, No. 4,313, *Financial*.

Military Officers in Civil employ may be allowed leave to attend Examinations in the oriental languages to the extent to which such leave can be granted to Covenanted Civil Servants under the Resolution of the Government of India, dated 24th September 1867, No. 2,749, *Financial*. Such Officers cannot be granted leave under the General Order of the Military Department, No. 1,009, dated 3rd December 1866.—G. I., 17th April 1869, No. 86.

It seems unnecessary and inexpedient to allow Officers who obtain long leave to study the native languages and pass in them, to draw half Staff pay for a longer period than six months as on private affairs.—G. I., 6th December 1866, No. 97, *Military*; M. G., 17th December 1866, No. 4,384, *Military*.

An Officer applying for privilege leave must declare that he has no present intention of taking any other leave or of retiring from the service within six months after the expiry of his privilege leave.—G. I., 24th April and 16th July 1869, Nos. 101 and 2,063, *Financial*.

ever he may desire on Privilege Leave, provided he can ensure his return before the expiration of his leave.

XXXII. Privilege Leave cannot be taken in continuation of Furlough, nor can Furlough be obtained in continuation of Privilege Leave. If Furlough be obtained by an Officer while absent on Privilege Leave, the Privilege Leave will be converted into General Leave, the Officer for that period sacrificing a moiety of his Staff salary. (a)

Military Officers in Civil Employ.

XXXIII. Military Officers in Civil or Political employ taking leave in India come, as respects periods of leave obtainable and amount of pay to be granted under the Civil Leave Rules. When they take leave out of India, they come under the Military Leave Rules. (a)

Military Officers officiating in Civil appointments, such as the Military Secretariat, can obtain privilege leave under the Military Rules.—*M. G., 6th July 1868, No. 2,515, Mily.*

Subsidiary Rule.

XXXIV. Officers of the Indian Military and Medical services will be required generally to notify their intention to accept these Rules, or to adhere to those now existing, on the first occasion of their taking Furlough or General Leave after the publication of this Order. Such election must be considered final, and under no plea whatever will an Officer be subsequently relieved from the choice thus made.

Officers who may determine to abide by existing Rules will be allowed to proceed on Furlough on the conditions laid down in Rules VII, VIII and XIII to the extent to which they may be entitled under the Furlough Regulations of 1854, and on the rates of pay contemplated in those Regulations, but retaining their appointments. The principle laid down in Rule XV must, however, be applied in those cases.

If an Officer under the Furlough Rules of 1796 elects the present Rules, his service for pension will be reckoned under the former Rules, up to 1st July 1868, and thenceforward under the Rules of 1868.

The foregoing Rules will take effect from the 1st July 1868, as respects retention of appointments and terms under which leave will be granted, but half Staff allowances will not be available for Officers now on leave in cases where the acting Officer has already come into receipt of the full Staff salary. Nor can Officers who have vacated appointments which have since been permanently filled up, have any claim to be restored to them.

Military Officers on the Invalid Establishment holding Civil appointments to be allowed leave of absence under the rules for Uncovenanted Servants on the understanding that the Invalid pay of the Officer concerned merges in his absentee allowance as an Uncovenanted servant, and that only his service in the Civil Department will be taken into consideration in granting him leave.—*G. I., 20th September and 13th December 1869, Nos. 3,535 and 3,163, Financial.*

If, during his absence on furlough, an Officer's appointment be abolished, he will forfeit his claim to half Staff salary, and will revert to the furlough pay of his Military rank, regard being had to any circumstances deserving special consideration.—*G. O. G. G., No 559 of 1869; Gazette, p. 861, dated 8th June 1869.*

Officers obtaining furlough on private affairs should avail themselves of it within three months from the date of the order granting it. This period of three months is inclusive of the thirty days' preparatory leave allowed to reach the port of embarkation. In the case of an Officer not embarking within the prescribed periods, the order granting it will cease to have effect.—*G. O. G. G., No 996, dated 28th September 1869; G. O. G., No 348, dated 19th October 1869; Gazette, p. 518a.*

Station Staff Officer when detached on Court Martial or other duty, will be allowed compensation for loss of Staff salary at the following rates, viz:—1st Class, Rupees 100; 2nd Class, Rupees 60; 3rd Class, Rupees 25.—*G. O. G. G., No 1,033, dated 8th November 1870; G. O. G., No. 320, dated 22nd November 1870.*

An Officer of a Native Regiment joining the Civil Department on probation shall draw no portion of the Staff pay of his Regimental appointment for the term of his probation.—*G. I., 16th February 1871, No. 1,002, Financial; Gazette, p. 360a, dated 7th March 1871.*

No portion of the pay of a Military Officer in Civil employ whether present on duty or absent on leave, shall be shown in the Military Estimates but that the whole shall be charged in the Civil Department, the only exception to this rule being that when a Staff Corps Officer is allowed, under special circumstances, to retain a Civil appointment on bare Staff Corps pay in lieu of the smaller Civil consolidated salary of his Office, the excess should be charged in the Military Department, the consent of that Department to the con-

(a) A Military Officer in Civil employ who overstays privilege leave shall forfeit all his pay, Military and Civil, for the period of overstay.—*G. I., 17th June 1871, No. 237, D. P. W.*

It rests entirely with the Local Government to decide in each case whether it will grant leave in India to a Military Officer under the old rules.—*G. I., 1st February 1869, No. 798, Financial.*

2. The number of Medical Officers allowed for each Presidency town with its immediate suburbs, and the allotment of duties amongst them, are based on the recommendations of the Commission appointed to take this subject into consideration; but it will be opened to the Local Governments to modify the proposed allotment of duties, in such manner as from time to time may seem most desirable, with reference to the convenience of the service, provided the prescribed number of Officers and the aggregate of salaries is not exceeded.

3. The appointments of Presidency Surgeons in Calcutta will eventually cease to exist, the duties being performed by the several Medical Officers holding appointments at the Presidency who are not debarred from private practice. These Officers will be required to attend those servants of Government entitled to gratuitous aid, who may seek their service, and also to serve in rotation as Members of Standing and other Medical Committees.

4. Present incumbents of these or other appointments which it is proposed to abolish or absorb, will not necessarily be affected at present, and during the gradual introduction of the new arrangements, the case of any Medical Officers who are unable to take up the whole of the duties assigned to them, will be individually and specially considered.

5. Officers holding the appointments marginally noted, are debarred private practice. This rule will not, however, be enforced in the case of any present incumbents who may have received authoritative permission to engage in such practice.

6. Medical Officers holding appointments at the Presidency, and not provided with public quarters, will be granted Presidency house-rent according to relative rank, and on the scale granted to Officers of the Staff Corps holding appointments at the Presidency towns. (a)

The grant of Presidency house-rent is limited, however, to salaries not exceeding Rupees 1,400 per mensem. (b)

7. The allotment of Civil Stations and Residency charges to their respective classes, will be notified hereafter.

8. In order to render this scale of Indian Medical salaries more complete, the salaries of the administrative appointments and Regimental charges already provided for in (Government General Orders, No. 1,060 of 1864, and No. 90 of 1866, (G. O. G., 13th November 1866, No. 421,) have been included.

9. Officers of the Indian Medical Service will be on the same footing as Military Staff Officers as regards pay and allowances to be drawn whilst absent on leave—the pay of their rank as laid down in para. 29 of Government General Order, No. 1,060 of the 23rd December 1864, being in all cases taken as the basis of the calculation of the moiety due to the absentee and to the Officer officiating—present incumbents being allowed the privilege of receiving, during such absence, either the allowance thus due to them under the Military Regulations under the Revised Scale of Regimental pay and Staff salary, or that to which they would have been entitled under the whole scale both of pay and Staff allowance. Medical Officers allowed house-rent during temporary absence from the Presidency unless the period of absence exceed two months exclusive of the months of departure and return. Officers in receipt of this allowance should certify that their previous rate of expenditure for a house at the Presidency continued during their temporary absence on duty.—*G. (c) The pay and allowances of Medical Officers in Civil employ, when absent on leave on Medical Certificate, on Private Affairs or Privilege Leave, as also the emoluments of any Covenanted Medical Officer who may act for them, are to be regulated by para. 9 of these Orders. Medical Officers in Civil employ are entitled to full pay during absence on privilege leave, provided no extra expense is entailed on the State.—*G. I.*, 18th May 1867, No. 108, *Financial*.

the words "unemployed pay" in that Resolution shall, in the case of officers who were in the Medical Service prior to the 7th November 1864, be understood to mean the "full batta" pay prescribed in the 10th paragraph of the General Order of the Government of India in the Military Department, No. 507, dated the 20th June 1864.—G. I., 17th June 1870, No. 1,296, *Financial*; *Gazette*, p. 798.

2. His Excellency in Council is also pleased to rule that a Commissioned Medical Officer officiating in one of the Civil appointments the salaries of which were fixed in the General Order of the Government of India in the Military Department, No. 370, dated the 4th April 1867, is entitled, whether he was in the Medical Service prior to the 7th November 1864 or not, to the "unemployed pay" of his rank according to the scale prescribed in the General Order of the Government of India in the Military Department, No. 1,000, dated the 23rd December 1864, and half the difference between that pay and the salary of the appointment in which he is officiating: provided that if he were appointed to the Medical Service before the 7th November 1864, his aggregate allowances shall not be reduced below the "full batta" pay of his rank according to the scale published in the 10th paragraph of the General Order of the Government of India in the Military Department, No. 507, dated the 20th June 1864.—G. I., 17th June 1870, No. 1,296, *Financial*; *Gazette*, p. 798.

(a) Medical Officers who were in the service on the 7th November 1864, are allowed the option of the full batta pay of their rank in lieu of any consolidated Civil salary prescribed in Order, No. 370, dated 4th April 1867.—G. I., 23rd March 1869, No. 1,723, *Financial*.

Orders will be issued hereafter regarding the allowances of Medical Officers, officiating in any of the Civil appointments, the salaries of which were fixed in the Military Department, No. 370, dated 4th April 1867, but that the allowances of a Medical Officer acting in any other Civil appointment must be regulated by the Rules for the grant of acting allowances to Military Officers in Civil employ.—G. I., 24th April 1869, No. 10, *Financial*.

The pay of rank of those who entered the Medical Service prior to 23rd December 1864, should be determined by the General Orders of the 20th June 1864.—G. I., 20th July 1869, No. 2,095, *Financial*.

NOTIFICATION.—FINANCIAL DEPT., FORT WILLIAM, the 24th December 1857, No. 3,276.

The proposals of the Local Governments and Administrations differ somewhat. The questions, however, of the salaries of Inspectors of Jails

Financial Despatch, No. 261, dated 9th July 1867. which most of them raise has been settled by the Secretary of State.

The Vaccination allowances are also settled by the General Order above quoted.

The other appointments mentioned by the Local Governments and Administrators are—

VIII.—Charges (Medical) of Colleges.—This refers only to Colleges, or to endowed Colleges, managed by Government—

If above 75 students.....Rs. 100 | If under 75 students.....Rs. 50

In the above classification some cases are not provided for, as that of the Mitford Hospital at Dacca, or the King's Hospital at Lucknow. These Institutions, however, are managed by Government rather as Trustees and should be the subject of private arrangement.

There are still a few cases omitted; but these will be separately considered as brought to notice.

The Calcutta Jails, now under Dr. Lynch, required special orders. He is an Uncovenanted Officer, but a future incumbent may not belong to that class. A Covenanted Officer appointed to the charge will be allowed, like all other Medical Staff Officers at the Presidency, house-rent according to his relative Army rank, provided he is not furnished with free quarters.

The salaries of Military Medical Officers in Medical charge of Civil stations being consolidated, they shall during periods of transit from one Civil appointment to another, which are to be limited by the Civil Rules for joining time, draw the salary of the lower paid appointments of the two, and that such salary as well as the allowances admissible to these Officers during absence on leave shall be disbursed in and charged to the Civil district.—*G. I., 9th August 1867, No. 1,909, Financial; Gazette, p. 556, dated 3rd September 1867.*

Whenever an Uncovenanted Medical Officer not holding a substantive appointment under Government, is placed in Medical charge of a Civil station, for which an Uncovenanted Medical Officer or a Covenanted Medical Officer is authorized, he shall be allowed an aggregate acting allowance of Rupees 350 a month.—*M. G., 26th May 1868, No. 647, Public.*

A Medical Officer in charge of a Civil station should, when proceeding on Furlough retain a lien on some similar appointment, i. e., the charge of a Civil station of the same class, or some other Civil charge of equal emoluments. He should not, as a general rule, have any claim to re-appointment to the same station.—*G. O. G., 29th June 1869, No. 234; Gazette, p. 1,000b, dated—June 1869.*

In cases in which the Furlough Allowance of a Medical Officer in Civil employ, calculated according to Rule V of the Military Leave Rule on the average salary drawn by him for three years prior to his proceeding on Furlough does not equal half of his unemployed pay, the difference shall be added to the Furlough Allowance.—*G. I., 17th June 1869, No. 1,226, Financial; Gazette, p. 21, dated—July 1869.*

Retrospective effect from 1st July 1868, may be given to the above Resolution of 17th July 1869, No. 1,226. The words "unemployed pay" in the case of Officers who were in the Medical service prior to 7th November 1864, should be understood to mean the "full batta" pay prescribed in para. 10 of G. O. G., No. 507, dated 20th June 1864.—*G. I., 17th June 1870, No. 1,226, Financial; Gazette, p. 798.*

* This will not affect the existing incumbent Major Ranken.

PENSIONS AND GRATUITIES.

NOTIFICATION, FINANCIAL DEPARTMENT, 10th January 1872, No. 239.

1. In supersession of all existing rules and orders regarding pensionary allowances to public servants in the Civil Department, the Governor-General in Council is pleased to direct the publication of the following CIVIL PENSION CODE. This Code makes no changes in the existing rules, save that the procedure on application for pension is amended.

2. Orders which apply only to particular individuals named in them are not included in the Code, and will remain in force apart from it.

3. Otherwise the claims of persons now in the Civil Service of the Government will be determined only by the rules in this Code.

4. In accordance with the principle laid down in Section 5 of the Code, the claims of persons who have already left the service of Government must be determined by the rules which were in force at the time they left it. The rules in the Code do not, necessarily, apply to them.

5. Particular attention is requested to the rules in Chapter XIV. The procedure therein ordered should be introduced as soon as possible; but pending applications need not be revised in conformity therewith.

6. Local Governments and heads of Departments will take steps to introduce the system set forth in Section 69.

7. Future rulings regarding pensions will be made in the form of corrections and additions to this Code; and quotations should be made in the following form, "Civ. Pen. Code, 63, 2," the 1st number referring to the Section, the second to the rule under it.

THE CIVIL PENSION CODE.

CHAPTER I.

Definitions.

Interpretation Clause. SECTION 1.—In the following Rules, unless there be something repugnant in the subject or context.—

a.—"Local Government" includes a Department of the Government of India, a Chief Commissioner and the Resident at Hyderabad.

b.—"Accountant-General" means the Accountant and Audit Officer concerned, whatever be his official designation.

c.—"Qualify" and "count" mean "qualify" and "count" for pension and gratuity in accordance with this Code.

d.—When pensions or gratuities are said to be chargeable to more than one source, according to the "rule of proportions," it is meant that the charge should be debited to the several sources in the proportion in which the aggregate salary drawn by the officer during the whole of his qualifying service has been paid from them.

e.—"Pay" means "substantive pay." "Salary" means the sum of "pay" and "acting allowance."

f.—"A Local Allowance" is an allowance, not specially declared to be "pay" or "salary," given to an officer in addition to the regular pay or salary of his appointment, either for duties which do not properly belong to his appointment, or in consideration of exceptional local circumstances (such as the unhealthiness or expensiveness of the locality, or the peculiarly arduous nature of the work.)

g.—"General Revenues," for the present, include both Imperial and Provincial.

h.—"Local Fund."—When revenue derived from special sources is devoted to specified objects, and not to the general purposes of the administration, whether Imperial or Provincial, the revenue so devoted forms a "Local Fund."

CHAPTER II.

Extent of Application

Application of the Code. SECTION 2.—The rules in this Code and its Supplements apply to all public servants, except the following, who are under Military Rules:

a.—"Officers and men in the Army or in the Navy (including Covenanted Medical Officers.)

b.—The Subordinate Medical Department.

SECTION 3.—The general provisions of the Code do not apply to the undermentioned officer, whose pensions are regulated as to amount by the special rules contained in the Supplements :

- a.*—Covenanted Civil Servants of the Crown in India.
- b.*—Judges of the High Courts of Judicature.
- c.*—Chaplains.
- d.*—Members of the Pilot Service in Bengal.

1. The Rules in Chapter VII of the Code, however, apply to Covenanted Civil Servants of the Crown in India.

SECTION 4.—The following officers are allowed an option (which can be exercised once only) between the rules embodied in the present Code (which, for the most part, came into force on the 8th June 1863) and the rules which previously applied to them :

a.—Covenanted Civil Engineers of the Public Works Department and Civil officers of the Telegraph Department, whose covenants are dated before the 8th June 1863, may elect between the rules in this Code and the rules which were in force when they executed their covenants, and which are set forth in Appendix B.

Provided that if they elect the latter, they must abide also by the Leave Rules which were in force before the 8th June 1863.

b.—Marine Engineers in Bengal and Bombay, engaged under covenant in England before the abolition of the Indian Navy, may elect to serve under the rules in this Code, and the Leave Rules which were promulgated with them on the 8th June 1863, or under the terms of their covenants.

CHAPTER III.

General Principles and General Exceptions.

SECTION 5.—An officer's claim to pension or gratuity is governed by the rules in force at the time when he resigns or is discharged from the service of Government. No officer has any claim to a benefit granted after his resignation or discharge.

Service under Military Rules.

SECTION 6.—Service which qualifies for pension under Military Rules does not qualify for pension under this Code. An officer who is counting service for military pension cannot, simultaneously, count service for civil pension.

Examples.—An officer who has served in the Indian Navy, if he afterwards enters civil employ, cannot count his naval service. A Non-commissioned officer or private soldier, employed in the Civil Department, cannot begin to count his service for civil pension until he takes his discharge from the Army.

Exceptions.—1. A Hospital Assistant or Native Doctor, if promoted to be Sub-Assistant Surgeon, counts service from the date on which he passed his examination as Hospital Assistant.

2. Those Inspectors in the Telegraph Department who come from England as Artificers in 1853, and did not take their discharge from the Army till about 1863, count their departmental service.

3. In the Public Works Department, Warrant officers in the grades of Conductor and Sub-Conductor, and Non-commissioned officers, are obliged, when promoted to the Engineer establishment, to take their discharge, and their whole departmental service then qualifies.

4. All soldiers in civil employ are entitled to count the whole period of their departmental service towards civil pension, provided that those now in civil employ take their discharge from the army before 1st November 1873, and those who may hereafter be appointed to civil employ take their discharge from the army immediately after the expiration of one year from the date of their first appointment.

Cumulative pensions inadmissible.

SECTION 7.—An officer cannot earn two pensions at the same time or by the same continuous service.

Pension paid for specific services.

SECTION 8.—Pension and gratuity are not earned by a person whose whole time is not given up to the regular service of Government, merely because he is paid by Government for work done for it.

Examples.—This rule applies in the following cases:—

Advocate-General.
Solicitor to Government.
Government Pleaders and Law Professors, when not debarred from private practice.
Sheriffs and Deputy Sheriffs in Presidency Towns.
Coroners.
Roman Catholic Priests.
Church clerks and other church servants.

1. Service as Deputy Sheriff of Bombay qualifies under an order of the Financial Department, No. 10,300, dated the 26th February 1867. This order was withdrawn on the 11th December 1871. But officers who held the appointment between these dates count the whole of their service in it.

SECTION 9.—On the same principle, public servants earn no pension or gratuity in respect of offices of the kind mentioned in the last Section, or in respect of duties paid for by a "local allowance."

Service under covenant.

SECTION 10.—Service under a covenant which contains no stipulation regarding pension or gratuity does not qualify, unless the Government of India specially permits it to qualify.

Service for a time only.

SECTION 11.—An officer who is appointed for a limited time only, or for a specified duty on the completion of which he is to be discharged, has no claim to pension or gratuity.

Service under twenty-two.

SECTION 12.—Except for compensation gratuity, and for pension or gratuity on the inferior scale, service before completion of twenty-two years of age, or as an apprentice, does not qualify.

CHAPTER IV.

QUALIFYING SERVICE.

First Condition.—Service under Government.

Service under Government.

SECTION 13.—Service qualifies only if it is entirely under Government, *i. e.*, if the officer is appointed, and his duties and pay are regulated, by the Government or under conditions determined by the Government.

1. The following are examples of servants excluded from pension by this rule :

Office under Board of Trade.

A Marine officer paid by fees fixed by the Board of Trade.

Municipalities.

Servants of a Municipality.

Grant-in-aid Schools and Institutions.

Servants of grant-in-aid schools and institutions (*e. g.*, the Asiatic Society and the Canning College in Lucknow).

Treasurers' Subordinates.

Subordinates appointed by treasurers on their own responsibility, *e. g.*, *tahvildars* in the North-Western Provinces, and *motadars* (money-testers) in Bengal.

Grant-in-aid Schools: Exception.

2. The educational authorities in Bengal having induced certain teachers of Government institutions to accept service in grant-in-aid schools, by declaring a rule regarding Bombay schools (Section 26, Case c) to be applicable to their case, were directed, in December 1863, to offer re-employment in Government schools to the officers referred to; and those who accepted such re-employment reckon their service (not exceeding three years) in grant-in-aid schools as service under Government.

Contract Establishment.

SECTION 14.—Service on an establishment paid from an establishment allowance made to the head of the office, with the detailed distribution of which the Government does not interfere, does not qualify. The establishment allowance may be fixed in amount, or may consist of fees received by the head of the office.

1. The maximum establishment allowance for Registration Offices in Bengal is not an establishment allowance within the meaning of the Section, because the Registrar-General or Inspector-General of Registration, under the orders of Government, regulates its distribution, and any balance unspent is saved to Government.

Registration Offices.

Allahabad Pay Office.

2. Service in the Allahabad Pension Pay Office, which was formerly paid from an establishment allowance, qualifies in the case of the Native Clerks retained in it when it became a regular establishment.

Service paid from Darbar and Sump-tuary Allowances.

SECTION 15.—Service on an establishment paid from the household allowance of the Viceroy, or of any Governor or of Lieutenant-Governor, does not qualify.

Service under employers supplanted by Government.

SECTION 16.—In the following cases, services under an employer to whose position Government has succeeded, qualifies.

Berar and Mysore.

a.—Service in the Hyderabad Assigned Districts, and in Mysore, in the case of officers transferred to the Government of India when it undertook the administration of those provinces.

Service under Native States.

b.—Service rendered to a Native State and continued to the British Government on the lapse or annexation of the State, when old age or infirmity renders the servant a fit object for pension. But claims to pension under this rule must be referred to the Government of India.

Taluqdari Schools, Oudh.

c.—Service in superior grades in taluqdari schools in Oudh, which were converted into Government institutions on the organization of the Educational Department in that Province.

Military Funds.

d.—Service on the establishments of the Military and Medical Funds, in the case of the officers who were on the establishments when the Funds were taken over by Government.

Soldiers of Sikh Darbar.

e.—Service was guaranteed to the soldiers of the Sikh Government who, on annexation, entered the British service in the following Regiments:

Subhan Khan's Regiment (or 1st Panjab Police Battalion).
Sher Dil Regiment (or 2nd Panjab Police Battalion).
Kallar Mukhi Regiment (or 3rd Panjab Police Battalion).
Suraj Mukhi Regiment (or 4th Panjab Police Battalion).
The 3rd Panjab Light Field Batteries.
The 4th or Garrison Company of Artillery
Two Companies of Panjab Sappers.

In accordance with the guarantee, those of them who, on the 28th October 1861, were in employment in any Department, are entitled to receive pension for their service under the Sikh Darbar, and for that under the British Government, under the rules for invalid pensions to soldiers in local or irregular corps.

CHAPTER V.

QUALIFYING SERVICE.

Second Condition.—Permanent and Substantive Employ.

Service, permanent and temporary.

SECTION 17.—Service qualifies only if the officer holds a substantive appointment on a permanent establishment.

1. Service in an appointment which, though at first created experimentally or temporarily, eventually becomes permanent, qualifies. But this rule does not apply to the case of an officer who is entertained temporarily in one appointment and is afterwards transferred to another substantive appointment.

2. An officer officiating in an appointment which is vacant, or of which the permanent incumbent does not draw any part of the pay, may, if he is confirmed without break or continuity, count service as if he had held the appointment substantively.

3. An officer, who holds a substantive appointment and draws substantive pay as a "probationer," holds a substantive appointment within the meaning of the Section. So does an officer who is on probation for a substantive appointment, if he is employed in a vacancy reserved for him pending probation.

SECTION 18.—If an officer of a permanent establishment is detached on temporary duty, on the understanding that, when the temporary duty ceases, he will return to the permanent establishment, he continues to count service as if he had remained on the permanent establishment.

Permanent servant deputed.

Examples.—A Deputy Collector deputed to assess or collect the Income Tax. A Muharrir detached on settlement duty.

SECTION 19.—If the substantive appointment of an officer is abolished within the meaning of Section 47, but the officer is, at the same time, deputed by Government on *special duty*, his service continues to qualify.

1. The speciality of the duty is the essential point in this case, and mere employment, in continuation of permanent employment, in a temporary appointment which happens at the time to be vacant, is not within the rule.

Section-writers.

SECTION 20.—Press servants who are paid for piece-work, and Section-writers in Bengal, the North-western Provinces and Madras, are reckoned members of a permanent establishment if—

- 1, they are employed, not casually, but as part of a fixed establishment; and
- 2, during the last 72 months of their actual employment they have been attached to one office uninterruptedly for 24 months, or it has not been through their own choice or misconduct that they have not been so attached.

Exceptions to the General Rule.

SECTION 21.—In the following cases temporary service qualifies:

Medical charge of Government vessel.

a.—A Surgeon, or duly qualified practitioner, in charge of a Government vessel may count that service if he is transferred from it to the uncovenanted medical service.

b.—Claims by officers of "Works," Establishments, Public Works Department.

before the issue of the Public Works Department Circular No. 6 of 1862, but whose employment was really of a permanent character, will, if the sanction to their entertainment was regular, be specially considered by the Government of India.

Customs Service, Calcutta.

c.—If the Collector of Customs in Calcutta, in transferring an officer from the Extra or Contingent List of the Calcutta Customs Preventive Service, declares that the transfer is made on the ground of good service rendered, the service on the Extra or Contingent List qualifies.

Settlement and Survey Departments.

SECTION 22. a.—Service in the Settlement and Survey Departments named beneath, which are on a quasi-permanent footing, qualifies:

The Settlement Departments in Madras, N. W. Provinces, Oudh and the Panjab.
The Revenue Survey Departments in Bengal, Madras and Bombay.
The Establishments of the Income Commissioners of Madras and Bombay.
The Alienation Settlement Department in Bombay.

1.—This rule does not apply to officers engaged on the understanding that their appointments are only temporary, or that they will be liable to discharge after a short period of service.

b.—In other provinces (and in the abovenamed provinces also, apart from the *regular* departments), settlement and survey work is temporary work, and those engaged in it do not earn pension. But service in the Settlement Department, in any province, and also service in the Malabar Escheat Establishment, Madras, qualifies if it is followed without a break by qualifying service.

1.—Deputy Collectors and similar gazetted officers, when not specially employed for temporary work, are not affected by this rule, as they count service independently of the particular department to which they happen for the time to be attached.

CHAPTER VI.

QUALIFYING SERVICE.

Third Condition.—Source of Remuneration.

SECTION 23.—Service which satisfies the conditions laid down in Chapters IV and V, qualifies or does not qualify according to the source from which it is paid.

Specification of sources.

Service is paid in the following ways:—

A.—From General Revenues.

B.—From Local Funds.

C.—From Funds in respect of which the Government holds the position only of a trustee.

D.—By fees levied by law, or under the authority of the Government.

E.—By commission.

F.—By the possession, in accordance with law or custom, of a tenure in land, or of any other source of income, or right to collect money.

1.—Officers on establishments of Political Agencies are exempted from this condition. But when their salaries are paid by Native States, they must pay to the Government of India a deduction of 12 per cent. in the case of superior servants, and $6\frac{1}{4}$ per cent. (one Anna in the Rupee) in the case of inferior servants.

This condition should be introduced gradually, whenever existing arrangements are revised. Officers of the Rewah Political Agency already pay 6 per cent.

2. When Police Officers are entertained at the cost of individuals and corporate bodies under Sections 13, 14 and 15 of Act V of 1861 of the Governor-General of India in Council or under Sections 14, 15 and 16 of Act VII of 1867 of the Governor of Bombay in Council, an additional charge of one-fourth of the pay of officers whose pay is not less than Rs. 100 a month, and of one-eighth of the pay of others, must be defrayed by the persons for whose benefit the officers are employed; provided always that this additional charge shall not be made when such officers are only temporarily engaged, their service not counting for pension.

A.

SECTION 24.—If the service is paid from the General Revenues, it qualifies.

SECTION 25.—The Revenues of the Hyderabad Assigned Districts and of Mysore are part of the General Revenues within the meaning of the last Section; provided that pensions and gratuities for service wholly or partly paid from those revenues, shall be charged against those revenues wholly, or according to the rule of proportions, as the case may be.

1.—The same rule applies in the following cases :—

a.—Mamlatdars and Karkuns on establishments paid from the revenues of the Peint States.

b.—Government servants in superior grades transferred to service under the Municipality of Malcolm Peith which is under Government control.

SECTION 26.—When contributions are made by Railway Companies, or from Local Funds, or special sources, towards the cost of appointments and establishments which are maintained directly from the General Revenues, the numbers and pay being fixed by the Government of India, or the Local Government in respect of establishments paid from Provincial Funds, as the case may be, the establishments are treated as paid from the General Revenues.

The following cases fall under this rule :—

a.—The Shipping Master, Deputy Shipping Master, and their establishments at Bombay, and the Deputy Shipping Master in Calcutta, the expense of which appointments is provided for by shipping fees.

b.—The establishments of the Hooghly College and Collegiate School, and also that of the Elphinstone College and High School, the cost of which are recovered from private endowments.

c.—Masters and Assistant Masters in Schools established in Bombay on the old system (converse to the grant-in-aid system), whose pay was met in part by local contributions. The pension in this case is reckoned only on the share of salary paid by Government.

d.—The establishment of the Sehor (Central India), School, the expense of which is reimbursed in part from local subscriptions.

e.—The following customs establishments in Bombay, the cost of which (including, in the case of some of them, six per cent. additional to cover cost of pension) is reimbursed by private companies :

Name of Establishment.	Monthly cost.	Name of Company reimbursing to Government.
1. Jamsetjee Bandar Custom House.	15 90 0	Messrs. Remington and Company.

f.—Section Writers in jail establishments, in the Bombay Presidency, sanctioned by Financial Department Order, No 523, dated 4th June 1867.

Book-keeper, High Court, Bombay.

g.—The Book-keeper of the High Court at Bombay whose pay is provided for by a three per cent. commission on invested funds.

B.

Paid from Local Funds.

SECTION 27.—Except as provided in the Sections immediately following, service paid from Local Funds does not qualify.

Discretionary power of Government.

SECTION 28.—In the case of Local Funds which satisfy the two conditions following:—

- 1, that their income is derived from taxation, or other *permanent* source, and not from charitable donations, or voluntary subscriptions;
 - 2, that the source of their income is under the control of Government;
- the Local Government may, at its discretion, treat the service as qualifying.

1. Taxes imposed by Municipalities are not under the control of Government, so that service under a Municipality cannot qualify for pension from Government. But there are, in the Bombay Presidency, some

Local Funds administered by Municipalities, the source of whose income is under the control, not of the Municipalities, but of Government; for it is not in the power of the Municipalities to abolish them or reduce their income. In these cases, if the first condition is fulfilled, the Local Fund would be within the rule.

2. In the case of officers of establishments paid from Port Funds, managed by Government, and not by Trustees, the rule in this Section applies absolutely.

Pension charged against fund.

SECTION 29.—Pension or gratuity for service under a Local Fund is paid from the Local Fund.

1. When part of the service of an officer to whom such pension is conceded has been paid from the General Revenues and part from Local Funds, the pension is paid from these sources according to the rule of proportions. The Local Fund Service may not be neglected, and a pension awarded solely for the service paid from General Revenues.

Mixed service.

2. The Government does not guarantee the solvency of funds (such as the local educational pension fund, Bombay) formed by the subscriptions of Local Fund servants and estab^lhed to provide pensions for them. (See Appendix C, Extra t 1.)

Pension Fund.

Exceptions to General Rule.

a.—Government servants transferred to establishments under the Cotton Frauds Act, Bombay, before the receipt of the Secretary of State's Despatch to the Government of India, No. 302, dated 16th December 1864, which directed their early re-transfer to the regular service.

Lithographic Press, Calcutta.

Public Works Engineer lent to local funds.

Paid from Trust Funds.

SECTION 30.—In the following cases, service paid from Local Funds, qualifies for pensions or gratuity from the State :

b.—Servants of the Lithographic Press, Calcutta, transferred with it to the Alipore Jail in January 1860, and afterwards paid from the Convict Labour Fund.

c.—Members of the regular Public Works Establishments, employed on local funds works, under the authority of Government. From the date of publication of this Code, this permission is restricted to Engineer Officers.

SECTION 31.—Service paid from funds which Government holds only as a trustee does not qualify.

Examples.—Courts of Wards. Attached estates.

See Chapter VII.

D. & E.

SECTION 32 a.—Service in an office paid only by fees levied by law or under the authority of Government, or by a commission, does not qualify.

b.—Service in an office paid by fees or by commission *in addition* to salary from the General Revenues, qualifies.

1. Service as Administrator-General, or as Official Assignee, does not qualify, even though (as in Madras and Bombay) the income from fees or commission is supplemented from the General Revenues.

2. Nazirs on the establishments of Civil or Revenue Courts, who were paid wholly or partly by fees, are entitled to pension, unless the establishment on which they served is excluded by Section 14.

3. Service as a Thoogyee (local collector of revenue) in Burma, qualifies.

F.

Paid by a tenure in land.

SECTION 33.—Service paid by the possession, in accordance with law or custom, of a tenure in land, or of any other source of income, or right to collect money, does not qualify

Kaira hereditary officers

1. An officiating hereditary district officer in Kaira appointed under Act XI of 1843, if transferred to qualifying service, counts his previous service.

CHAPTER VII.**Officers lent to Native States, Municipalities, &c.**

[NOTE.—The rules in this Chapter apply also to Covenanted Civil Servants, and to Military Officers in Civil employ. See Appendix C, Extract 2.]

SECTION 31.—The following rules provide for the case of officers transferred, on or after the 14th October 1871, from qualifying service under Government to service under Native States, Municipalities, or other bodies financially independent of the Government of India. Provided that the transfer is made, under the general or special sanction of the Government of India, on public or political grounds, and not only in the interest of the officer transferred.

Transfers to service paid from Local Funds and not admitted under Section 28, and mere temporary transfers to service paid from Local Funds under which service is so admitted, are within the meaning of this Section.

Examples.—The following are examples of "bodies financially independent of the Government of India."

Port Trusts. Courts of Wards.

NOTE.—Before 14th October 1871, the date of the promulgation of the rules in this Chapter, service under Native States, Municipalities, or other

Note as to transfers before 14th October 1871. bodies financially independent of the Government of India, did not ordinarily qualify, as it did not satisfy the first and third conditions of qualifying service. Unless specially exempted, or

unless their case fell within one of the special rules stated beneath, officers, not being Covenanted Civil Servants, or officers of the Army, who accepted such service, ceased to have any claim on the Government of India in respect of pensions. The Rules in this Chapter do not affect the position of these officers, and they must abide by the conditions under which they left the regular service. In the same way officers who may transfer their services in future will have no claim, unless the transfer is such as is provided for in these rules.

Special Rules in force before the 14th October 1871.

1. [Officers transferred by competent authority to service under Native States, for a purpose in which the Government is interested, count their service, as if it were under the Government of India.

The following cases are within this rule :—

- a.—Teachers transferred to the service of the Chamba State. In this case the pension is paid by the Government of India and the Rajah of Chamba according to the rule of proportions.
 - b.—Officers transferred to service in the Kolapúr school; the pension being chargeable according to the rule of proportions to the Government of India, and to a fund formed by a contribution proportional to salary paid by the Chief of Kolapúr.
 - c.—Officers transferred under the authority of the Government of the Punjab to service under the Bhawalpur State. In this case the charge for the pension will be shared by the Bhawalpur State according to the rule of proportions.
 - d.—Assistant Opium Agents in independent Native States, whose pay is found by the Native States. In this case the pension is also paid by the Native States.
2. Subordinates in the Revenue Survey, temporarily lent to Municipalities for duty which, though paid for by them, also promotes imperial interest, count their service as if it were under Government.
3. Medical Officers lent to charitable dispensaries or hospitals, count their service as if it were under Government.
4. Officers transferred on or after 23rd April 1863 by the authority of Government, or their official superiors, from qualifying service under Government, to service of the following descriptions, count their service as if it were paid from the general revenues :

Service under the Courts of Wards.

Service in Jágir States in Bombay.

Service under the Taluqdari Settlement Office in Bombay.

Provided that six per cent. of the salary be contributed to the Government of India, either by the officer himself, or from the funds whence the salary is paid. This proviso has effect from the 9th November 1870 in the case of service under the Courts of Wards, and from the 6th July 1871 in the case of service in Jágir States, or under the Taluqdari Settlement Office.]

SECTION 35.— a.—From every officer transferred in the manner specified in the last Section, who does not wholly resign the service of Government, or who is not, for special and public reasons, exempted from the operation of the rules in this Chapter, a contribution shall be levied of one-fifth of the salary which he receives from his employers; that is, he will receive from his employers pay and acting allowance fixed in accordance with the rules of the Government service, for the appointment which he holds or in which he officiates, and retaining four-fifths, will pay one-fifth to the Government of India.

b.—In return for this contribution the Government accepts the charge for his pension or gratuity, and also that for his absentee allowances (except in the case of privilege leave, regarding which no arrangement can be made, and during which the contribution must be paid in the same manner as if the officer were on duty), in the same manner and to the same extent as if he were in the regular service of Government; save only that the calculation of pension, gratuity, or absentee allowance is based only upon the four-fifths which he retains, instead of upon the full amount which he receives, of pay or salary.

1. With the special permission of the Government of India in the Financial Department, officers may make the contribution prescribed in this Section in respect of a part only, not being less than two-thirds, of their salary; provided that the pension, gratuity, or absentee allowance will be calculated only upon four-fifths of the amount in respect of which the contribution is paid.

2. A Native officer may resign all claims to allowance during leave, other than privilege leave, and in such case the contribution required is 12 per cent. instead of one-fifth.

3. In the case of inferior servants to whom the leave rules do not apply, the contribution required is one anna in the rupee.

4 If the salary of the officers is disbursed at a Government treasury, the required contribution will be deducted at time of payment; otherwise the officers themselves must pay the amount directly to the British Government in such manner as may be arranged.

4 (a.) The officer must furnish all information that may be required from him by the Accountant General.

5. An officer whose services are lent or transferred, is not permitted to withhold the contribution upon condition that the time of his service so lent or transferred will not count for pension or for leave. He must either wholly resign the service of Government, or, unless he is specially exempted, make the contribution required by these rules.

5 (a.) The salary of an officer lent or transferred must, in every case, be fixed with the consent of the Government of India, and an officer must not accept any increase of salary without the previous sanction of the Government of India.

6. The deduction made under this Section from the salary of a Covenanted Civil Servant includes the deduction on account of Annuity Fund. The portion which is to be considered as Annuity Fund deduction is equal to one-twenty-fourth part of the salary remaining to the officer after the whole deduction; and until the Annuity Funds of the Madras and Bombay Civil Service are abolished, this portion of the deduction made from a subscriber to either of these funds, should be credited to the fund to which he subscribes.

7. No officer has any right of property in his contributions, or any claim upon Government in respect of them except to receive such pension, gratuity, or absentee allowance, as may become admissible to him in accordance with the rules of the Government service.

SECTION 36.—The rules in the last Section do not apply to the following cases:—

Teachers in Chamba.	a.—Teachers transferred to the service of the Chamba State. In this case the pension is paid by the Government of India and the Rājā of Chamba according to the rule of proportions.
Kolapūr School.	b.—Officers transferred to service in Kolapūr school. In this case the pension is charged, according to the rule of proportions, to the Government of India and to a fund formed by a contribution proportional to salary paid by the Chief of Kolapūr.
Assistant Opium Agents.	c.—Assistant Opium Agents in independent Native States, whose pay is found by the Native States. In this case the pension is also paid by the Native States.
Charitable Dispensaries.	d.—Medical Officers lent to charitable dispensaries or hospitals. These count service as if it were under Government.
Colonial Government.	e.—Officers lent to Her Majesty's Government in England or to any Colonial Government. These cases are left for special treatment as they arise.

CHAPTER VIII.

Superior and Inferior Service.

SECTION 37.—Qualifying service is divided into superior and inferior.

[NOTE.—The terms "superior" and "inferior" will henceforth take the place of "eligible" and "ineligible" heretofore used.]

SECTION 38.—Service on pay not exceeding ten Government Rupees, and service in the following capacities, is classed as inferior:—

- a.—Messengers, orderlies, and peons.
- b.—Boatmen and seamen.
- c.—Artificers (except as specified in Rule I under Section 39), handicraftsmen and labourers.
- d.—Inferior and menial servants of all sorts.

1. The following have been held to be included in these designations:—

a.—Priests and other officers employed to administer oaths, jamadars, sirkars, turnkeys, chaudharies of bazaars.

b.—Maistries in the Public Works Department, distribufors and pressmen in printing and lithographing establishments.

c.—Fotadars (money-testers), weighmen in mints (except the Head-weighman), shroffs, except those whose pay exceed Rs. 15 a month, daftaries, and muchies.

2. Tallaties (village accountants) in Bombay are, by the terms of their appointment, classed with inferior servants.

SECTION 39.—Service in capacities other than those indicated in Section 38, is superior service, except where any class of servants have been graded as inferior by the rule or practice of the Local Government.

Superior service.

1. The following also are classed as superior if their pay exceeds 10 Government Rupees:—

High Class artificers.

a.—Cutlers in the Medical Department.

b.—Artificers, Assistant Artificers, and Mounted Artificers in the Telegraph Department.

c.—Mint Artificers, if their occupation is injurious to health.

[NOTE.—For Dockyard and Military Artificers there is no rule; but the Government of India, in the case of deserving men of long service, recommends the Secretary of State to award special pensions.]

Gunpowder Factory, Madras.

d.—Workmen employed in the Gunpowder Manufactory of Madras, before the 28th January 1871, when they become permanently disabled by sickness or old age. These are admitted even if their pay does not exceed Rs. 10.

Divers.

e.—Divers (in consideration of the dangerous nature of their employment.)

Vaccinators.

f.—Vaccinators who are employed permanently (see Section 17) including in the Madras Presidency, those whose pay is Rs. 10.—See *Gazette, May 28th 1872, page 1006.*

Book-binders.

g.—Book-binders (*i. e.*, those whose professional occupation is book-binding, and who are not mere daftaries.)

Shroffs.

h.—Shroffs if their pay exceed Rs. 15 a month—also Shroffs in Madras, who were in the service on 22nd May 1856, and those in Bombay, who were really clerks, and whose designation was, under the order of the Secretary of State, No. 1, dated 22nd October 1858, changed into Karkuns.

Bazaar Kotwals.

k.—Kotwals of bazaars.

[NOTE.—On the 14th December 1869 the following was declared to be the establishment of Kotwals of bazaars in Bombay, and the officers who, on that date, filled those posts, may be classed with superior servants retrospectively in respect of service as Kotwal or as Chaudhary of any of the bazaars enumerated:—

Poona (two), Belgaum, Decsa, Mhow, Nasirabad, Aden, Malligaum, 'Assirghar, Neemuch, Ahmedabad, Ahmednagar, Sholapore, Hyderabad, Jacobabad.]

Commissariat.

l.—Commissariat Inspectors, Hospital Purveyors, and Victualing Gomashas.

p.—Romandars and Niah—Romandars of the Thuggee and Dacoity Department.

q.—Zilladars in the North-west Stud Breeding Establishment.

2. If an officer holds two or more offices, each of which is inferior by reason of the pay not exceeding Rs. 10, he cannot count service as superior on the ground that the aggregate pay exceeds Rs. 10, unless the offices were arranged, and their pay determined with the intention that they should be held by one individual.

Doubtful cases.

SECTION 40a.—When the regular duties of an officer who bears an inferior designation are really such as are ordinarily performed by a superior officer, his claim to pension or gratuity should be specially referred to the Government of India.

b.—On the other hand a person whose real duties are those of an inferior officer, is not entitled to pension or gratuity on the superior scale, merely because he draws pay under a superior designation.

Examples.—A lithographic pressman charged for as a copying clerk.

1. In consideration of the low scale of pay prevailing in Mysore during the Native Administration, the Chief Commissioner may allow service, even on pay not exceeding Rs. 10, in offices which must have been filled by educated men, to reckon as superior service. (See Section 66, Rule I.)

2. A class of servants in the North-Western Provinces who were called "fotadars," but whose duties were really those of accountants, have been declared superior servants, under clause (a) of this Section.

CHAPTER IX.

Periods of Leave and Suspension.

SECTION 41.—Periods of absence on other than privilege or preparatory leave are not reckoned as superior service. Leave preparatory to leave of an officer who has twice before had leave on medical certificate beyond India. Superior service. on medical certificate is not reckoned as service in the case of an officer who has twice before had leave on medical certificate beyond India.

1. This rule applies to leave on medical certificate taken before 1856. Such leave was reckoned as service under the old rules, but is not reckoned under the new rules, the periods of service required by which are generally shorter. Leave before 1856.

2. Leave during recess on half pay, granted to Native Surveyors in the Revenue Survey Department in Bengal, the North-Western Provinces, and the Panjab, being allowed for public reasons, is reckoned as service. Exception.

SECTION 42.—In the case of inferior service, authorized leave is reckoned as service. Inferior service.

3. Leave granted to an officer, who is permitted to present himself at any examination which must be passed before a person is eligible for higher subordinate appointments, such as Deputy Magistracies, is reckoned as service. (Sec. 12a of Supplement F to the Civil Leave Code.

1. Leave not exceeding in amount that admissible under the Rules in Supplemental F to the Civil Leave Code, may, if granted by a competent authority, be considered "authorized."

In the case of inferior servants, all periods of absence on leave, whether on private affairs or on account of sickness, with or without pay, provided the leave does not exceed in amount that admissible to Uncovenanted Servants.—*Madras Govt., 30th April 1872, No. 601, Financial.*

SECTION 43.—The time passed under suspension pending inquiry is reckoned as service in case of reinstatement. If suspension is adjudged as a specific penalty, the time is disallowed. Suspension.

1. If an officer who has been suspended pending inquiry into his conduct is reinstated, but with forfeiture of any part of his allowances for the period of suspension, this period, is not reckoned as service. But the authority who reinstates the officer may expressly declare, at the time, that the period shall be reckoned.

CHAPTER X.

Forfeiture of past Service.

SECTION 44.—A break in the continuity of service entails forfeiture of past service, except in the following cases:—

Leave. a.—Authorized leave.

Absence after leave. b.—Absence prolonged after the end of leave.

Provided that if an officer remains absent for more than a week after the end of privilege leave, his past services are forfeited, unless the authority whose duty it is to make the appointment re-appoints the officer and makes a declaration (to be communicated to the Accountant-General) that his past services, or part of them, shall qualify. If he remains absent for more than a month, his past services cannot qualify without the special order of the Government of India.

This proviso has effect from the 11th January 1869.

Suspension. c.—Suspension followed by reinstatement.

NOTE.—Reinstatement need not necessarily be to the same office.—*Gazette, 10th September 1872, p. 1517.*

Abolition of office.

d.—Abolition of office.

Transit,

e.—Transit from one appointment to another.

f.—Transfer to non-qualifying service in an establishment which is under Government control. The transfer must be made by an authority competent to sanction it; and an officer who voluntarily resigns qualifying service cannot claim the benefit of this rule. Transfer to a grant-in-aid school always entails forfeiture.

Transfer to non-qualifying service.

g.—Loss of appointment owing to the mutiny, provided that the officer affected cleared his character, and was re-appointed as soon as a suitable vacancy was found for him.

SECTION 45.—Resignation of the public service, or removal from it on account of misconduct, or for inefficiency, or on account of failure to pass a prescribed examination, entails forfeiture of past service.

1. But an officer who resigned the public service, before the 8th June 1863 in the case of superior servants, and before 1st September 1871 in the case of inferior servants, and was re-appointed to the public service within twelve months of his resignation, is permitted to count the service rendered before the resignation. This rule can be applied to only one resignation in the case of each officer.

2. It is not admissible to grant to an officer pension or gratuity because he has misconducted himself, or because it is desired to remove him for inefficiency.

CHAPTER XI.

Conditions of Award of Pension and Gratuity.

Classification.

SECTION 46.—Pensions and gratuities are of four classes:

A.—Compensation pensions & gratuities. | C.—Superannuation pensions & gratuities.
B.—Invalid pensions and gratuities. | D.—Retiring pensions.

1. Gratuities are paid in single sums, and not by instalments.

2. Absence on leave in or out of India is no bar to an officer being admitted to pension or gratuity.—(*Gazette, 19th March 1872, p. 539.*)

3. If an officer has held more than one appointment, in respect of each of which, if he had held it separately and alone, pension or gratuity, would have been admissible to him, the pension or gratuity or pension and gratuity admissible to him is the sum of the several pensions or gratuities, or pensions and gratuities, which would have been admissible to him if he had held each office separately and alone.

The consolidated pension thus admissible is subject to the Rules 56 (b) and (c), limiting its amount to a certain maximum fixed with reference to length of service and average emoluments.

An officer is not entitled, for service in an office conjointly with another office, to any pension or gratuity which would not have been admissible to him if he had held the office separately and alone.—*G. I., 2nd October 1872, No 3,282, Financial, Gazette, page 1675.*

A.

Compensation pension.

SECTION 47.—A compensation pension or gratuity is awarded to an officer discharged from the public service when, on reduction of establishment, his appointment is abolished.

1. Before a pension or gratuity is granted to an officer discharged on abolition of appointment, it must be carefully considered whether he cannot be provided for in some other manner. Heads of Departments, in forwarding to the Local Government or to the Government of India, applications for such pension or gratuity, should invariably state for what reasons it has been found impossible to provide suitable employment for the applicant; and in the quarterly statements furnished by Local Governments of such pensions and gratuities, it should be stated in respect of each case, that it has been found on inquiry impossible to provide for the officer elsewhere.

2. The discharge of one officer to make room for another is not the abolition of an appointment within the meaning of this Section; the abolition must produce a real saving to Government in respect of the cost of the appointment. If it becomes necessary to discharge an

officer in consequence of a change in the nature of the duties of his office, the case should be referred to the Government of India.

3. An appointment, the pay of which is reduced as part of a general scheme of reduction, may be considered abolished within the meaning of this Section.

4. Deputy Collectors, Munsifs, and similar officers, who belong to the public service apart from their particular local appointment, cannot obtain pension or gratuity of this class, in consequence of the abolition of the particular appointment which they happen at the time to be filling.

5. No pension or gratuity can be awarded on discharge after the completion of a specified term of service.

6. No pension or gratuity can be awarded for the loss of a local allowance.

7. If, of two appointments held by one officer, one is abolished, and the other retained, the case should be specially submitted to the Government of India.

SECTION 48.—If an officer who is entitled to receive compensation pension or gratuity, accepts, instead, another appointment in the Government service (whether qualifying or not), he will, if he subsequently becomes entitled to receive a pension or gratuity of any class, receive not less than he would have been entitled to claim had he not accepted the appointment.

B.

SECTION 49.—An invalid pension or gratuity is awarded to an officer who, by bodily or mental infirmity, is permanently incapacitated for the public service, or for the particular branch of it to which he belongs.

1. An officer discharged on other grounds, has no claim under this Section, merely because he can produce medical evidence of incapacity for service.

2. To prevent undue liability for invalid pensions no person may be appointed to a superior grade in the public service in India without a certificate by a commissioned Medical Officer, or by a Medical Officer in charge of a Civil Station, that he has no disease, constitutional affection, or bodily infirmity, unfitting him, or likely to unfit him, for the public service of the Government of India. A similar rule is enforced by the Secretary of State in respect of persons selected by him for service in India.

But if an officer who is appointed on a salary not exceeding Rs. 50 a month cannot conveniently appear before a commissioned Medical Officer or a Medical Officer in charge of a Civil Station, the Local Government may accept a certificate from any other officer.—*See Gazette, May 7th, 1872, page 891.*

NOTE.—The above rule does not apply to officers promoted from inferior to superior service.

3. The medical certificate required by Rule 2 must be annexed to the first bill submitted for the pay of an officer appointed in India.—*Gazette of September 1872, page 1612.*

Medical certificate **SECTION 50.**—Incapacity for service must be established by a medical certificate attested as follows :—

NOTE.—This certificate in regard to candidates in India will be in the following form :—

I do hereby certify that I have examined—a candidate for employment in the—Department, and find that he has no disease, constitutional affection, or bodily infirmity unfitting him, or likely to unfit him, for the public service in any part of India.

NOTE.—The medical examination prescribed by Sec. 49—2 should not ordinarily be restricted to the vital organs. A medical officer should not, without some very special reason, inspect parts of the body which it is indecent to expose.

a.—If the officer submitting it is on leave in England, by the Medical Board of the India Office.

b.—If he is serving at any Presidency Town, by the Inspector-General of the Medical Department.

c.—If he is a superior servant and is serving within a moderate distance of a station where a Military Invaliding Committee is periodically assembled, by such Committee.

d.—In other cases, the Local Government may either accept a certificate given by a single Commissioned Medical Officer or Medical Officer in charge of a Civil Station, or convene a special Invaliding Committee at a convenient Civil Station.

1. If the pension applied for exceeds Rs. 100 a month, a certificate by a single Medical Officer should not be accepted as sufficient, if it is possible, without undue inconvenience, to convene an Invaliding Committee, or to cause the applicant to appear before a Medical Board.

2. If the officer applying for pension or gratuity be 60 years old or upwards, no certificate by a medical officer is necessary. It will suffice for the head of the office to certify to the incapacity of the applicant.

Medical certificate SECTION 51.—The medical certificate must state in sufficient detail :—

- a.—Whether the officer's incapacity for service is or is not permanent ;
- b.—The nature of it, and especially whether it is in any degree the result of irregular or intemperate habits.

SECTION 52.—If the incapacity is the result of irregular or intemperate habits, pension or gratuity cannot be granted ; otherwise, it is for the Local Government to decide whether the officer's incapacity is such as to render it necessary to admit him to invalid pension or gratuity.

Pension awarded accordingly. 1. An officer who has submitted a medical certificate of incapacity for further service must not (except for special reasons to be reported to the Government) be retained in the service, pending the decision on his application for pension. The object of this rule is to discourage tentative applications.

C.

Superannuation pension. SECTION 53.—A superannuation pension or gratuity is granted to an officer compelled by rule to retire at a particular age.

1. An officer in a superior grade, who has attained the age of 55 years, should be required to retire, unless the Local Government considers him efficient and permits him to remain in the service. As the premature retirement of an efficient officer imposes a needless charge on the State, this rule should be worked with discretion ; and no officer can claim to retire on the ground that he is 55 years old. If an officer whose age is less than 60 years is required to retire under this rule the head of his office must certify under the head of "any other remarks" on the third page of officer's application for pension or gratuity that the officer is inefficient owing to age or infirmity.

NOTE.—The Secretary of State wrote regarding this rule in Public Despatch, No. 87, dated 8th August 1872 : I trust that the various Governments and Administrations will always be disposed to extend to this rule a very liberal interpretation, and that the State may in no case be deprived of the valuable experience of really efficient Native officers by the untimely exercise of the powers of compulsory retirement on pension.

If an officer whose age is less than 60 years is required to retire under this Rule, the head of his office must certify under the head of "Any other remarks," on the third page of the officer's application for pension or gratuity that the officer is inefficient owing to age or infirmity.—*See Gazette, October 8, 1872, page 1643, Financial Notification, 26th Sept. 1872, No. 3,132.*

2. An annual return of officers, permitted to remain in the service after the age of 56 years, should be submitted in the subjoined form to the Government of India in the Administrative Department concerned :—

1. No.	3. Name of officer.	5. Period of extension.
2. Office.	4. Present age.	6. Grounds of extension and remarks.

3. In the Public Works Department, the above rule will not, until the 1st January 1876, apply to officers appointed to the Department before the 1st January 1871, unless they have attained the age of 60 years, or have been in the same appointment, grade, or class, for five years.

D.

Retiring pension. SECTION 54.—A retiring pension is granted to an officer who voluntarily retires after completing the requisite period of service.

CHAPTER XII.

Amount of Pension or Gratuity.

SECTION 55.—The amount of pension or gratuity awardable is determined by length of service as specified in the Sections immediately following.

Explanation.

1. An officer entitled to pension is not permitted to take gratuity instead.

A.—For Superior Service.

Compensation and invalid pension and gratuity :— SECTION 56.—Compensation and invalid pension and gratuity :—

- a.—After service of less than fifteen years.—Gratuity not exceeding (except in special cases, and under the orders of the Government of India) one month's emoluments (as defined in Chapter XIII) for each completed year of service, and not exceeding twelve months' emoluments in all.

[NOTE.—Broken periods of a year are not to be taken into account in calculating the amount of any gratuity admissible to an officer under any rule in the Code.—*Gazette*, page 1810, No. 2,921, 19th September 1872, *Financial Department*.]

- b.—After service of fifteen years and less than twenty-five years.—Pension not exceeding one-third of the officer's average emoluments (as defined in Chapter XIII), and also not exceeding Rs. 2,000 a year if his average emoluments do not exceed Rs. 12,000 a year, or Rs. 3,000 a year in any other case.

- c.—After service of twenty-five years.—Pension not exceeding one-half of the officer's average emoluments, and also not exceeding Rs. 4,000 a year if his average emoluments do not exceed Rs. 12,000 a year, or Rs. 5,000 a year in any other case.

Superannuation pension.

SECTION 57.—Superannuation pension and gratuity :—

1. For Educational officers entitled to the benefit of Section 61(a) "27" should be substituted for "30" in this Section.—*See Gazette*, 28th February 1872, page 418.

The same in amount as invalid pension or gratuity.

Provided that if an officer's qualifying service have begun after the 20th January 1871, and after he attained the age of 25 years, the pension admissible as invalid pension is to be multiplied by a fraction, the numerator of which is the number of years' service completed, not exceeding 30, and the denominator of which is 30. The limit of Rs. 2,000, Rs. 3,000, Rs. 4,000, or Rs. 5,000, is to be applied before, and not after, this multiplication.

Retiring pension.

SECTION 58.—Retiring pension :—

After service of thirty years.—The same in amount as the invalid pension admissible after twenty-five years' service.

Extension of the maximum.

SECTION 59.—In the following cases, the prescribed limits of Rs. 2,000, Rs. 3,000, Rs. 4,000, and Rs. 5,000, may be relaxed.

- a.—For officers whose average emoluments exceed Rs. 10,000 a year, and who entered the service before the 19th May 1855, or were, before the 6th August 1862, promoted to salaries exceeding Rs. 10,000 a year, the limit is ordinarily Rs. 5,000 a year; but in cases of extraordinary merit, pensions exceeding that limit may be allowed under the sanction of the Secretary of State.

- b.—To officers who entered the service before the 19th May 1855, but whose average emoluments do not exceed Rs. 10,000 a year, the Secretary of State, on the recommendation of the Government of India, sometimes awards special pensions in excess of the limits, for "unusually meritorious services."

- c.—For Native Judges (see Appendix B) who were in the service on the 29th October 1866, the limit is ordinarily Rs. 5,000 a year.

[NOTE.—The limits which may be relaxed under this Section, are the maximum money limits, and not the limits of one-third or one-half average emoluments.]

Explanation as to full pension.

SECTION 60.—The full pension or gratuity admissible under the rules is not to be given as a matter of course, or unless the service rendered has been really approved.

1. Where the service has not been thoroughly satisfactory, the Local Government should make such reduction in the amount of pension or gratuity as it thinks proper.

Privileges in counting service. SECTION 61(a) To the following officers pension is admissible after three years' less service than is required from other officers, provided that they have begun service after twenty-five years of age :—

- | | |
|-----------------------|--|
| | (1) Directors of Public Instruction. |
| Educational Officers. | (2) Inspectors of Schools. |
| | (3) Principals and Professors of Colleges. |
| | (4) Head Masters of Schools and Colleges. |
| | (5) Barristers-at-law or Advocates of one of the High Courts of India, or of the Courts Sessions in Scotland serving in an office to which the Local |

Government has, with the consent of the Government of India, declared it to be necessary to appoint a member of the Bar of Great Britain or India.

To entitle an officer to the benefit of this rule, the whole of the service in respect of which pension is claimed must have been passed in one or the other offices indicated.

b.—Officers appointed before the 8th June 1863 may (if compelled to take invalid pension) be permitted by the Government to count service for one-

Officers appointed before June 1863. third or one-half pension according to the old rules: provided that they have not enjoyed any advantages under the new leave rules which they might not equally have enjoyed under the old.

The amount of the pension must, however, be calculated in accordance with the rules in this and the following Chapters.

Example.—An officer has served Government for twenty-one years, of which five years were passed before he was twenty-two years old, and two years were passed on leave on medical certificate under the rules of 1856. His service calculated under the rules is only fourteen years, the rest being excluded by Sections 12 and 41, and he would not be entitled to pension under Section 56(*b*); but under the old rules (See Appendix B) the whole twenty-one years would count, and he would be entitled to pension under Section 56(*b*), having completed the twenty years' service required by the old rules.

c.—Native Judges who were in the service on the 29th October 1866, and who were entitled to exceptional advantages under the old rules (see Appendix B) may count service for one-third and one-half pension in accordance with the old rules.

d.—Uncovenanted Officers who formed part of the garrison of Lakhnow during the siege in 1857 count one year's additional service.

SECTION 62.—To the following officers, being Barristers-at-law, or Advocates of one of the High Courts of India, or of the Court of Session of Scotland, *viz* :—

Judges of the Chief Court of the Panjab.

First Judges of Small Cause Courts of Presidency Towns.

Recorder of Rangún.

Secretary (formerly Assistant Secretary) to the Council of the Governor-General for making Laws and Regulations.

Invalid and retiring pensions are admissible as follows :—

a.—After six years and nine months' active service, in one or more of the above offices, an invalid pension of £300 a year.

b.—After eight years and eight months' such service, an invalid pension of £500 a year.

c.—After eleven years and six months' such service, a retiring pension of £750 a year.

1. Active service, besides time spent on duty, includes privilege leave, subsidiary leave, and periods of vacation during which the officer is not on furlough or extraordinary leave.

2. In cases not provided for by this Section, the officers specified under the ordinary rules.

B.—For Inferior Service.

SECTION 63.—For inferior service pension and gratuity are awarded as follows :—

a. Compensation and Invalid gratuity :

Service less than 5 years,——*nil*.

5 years and less than 10 years—3 months' pay.

10 " " 15 " —4 " "

15 " " 20 " —5 " "

20 " " or more " —6 " "

b.—Compensation pensions :

Service not less than 30 years,—half pay not exceeding Rs. 4.

c.—Invalid pension :

Service not less than 35 years,—half pay not exceeding Rs. 4.

1. In special cases, the Government of India grants more than half pay, but never more than Rs. 4.

2. For inferior service in Mysore no pensions are awardable, but compensation and invalid gratuities may be granted at the rate of one month's pay for each year of service,

the pay to be taken at the average of the last three years. Inferior servants on the Sowar establishment and on the establishments attached to the Barr Infantry come under this rule.

3. To servants of the Mysore Palace establishment, the Chief Commissioner grants pensions at the rates prescribed in this Section; and he may grant compassionate pensions to helpless old servants not entitled to regular pensions. A portion, not exceeding half, of the pensions of these servants, may be continued to their widows, if they have no other means of subsistence, and no arrangement can be made to employ any member of the family.

C.—For Service partly Inferior and partly Superior.

Service partly inferior and partly superior.

SECTION 64.—If the service of an officer have been for some time inferior and for some time superior, he has the option of counting the whole as inferior service towards pension or gratuity on the inferior scale, or of counting so much of it as is superior towards pension or gratuity on the superior scale.

SECTION 65.—If the officer was promoted from the inferior to the superior grades as a reward for meritorious service, the case may be specially considered by the Government of India.

1. This rule is to be strictly interpreted, and claims under it can be founded only on exceptional promotion, made out of the ordinary course.

CHAPTER XIII.

Calculation of Pension and Gratuity.

SECTION 66 (a).—The words “pay” and “emoluments” used in Chapter XII mean the pay and emoluments which the officer was receiving at the time of his retirement from service.

(b).—“Average emoluments” means the average calculated for the last five years of service.

1. In the case of officers claiming the benefit of Section 40, Rule 1, “average emoluments” means the average calculated for the whole of the service necessary to qualify for the pensions awarded, excluding and excess service rendered before the commencement of the necessary period, and gratuities are to be calculated on “average emoluments” (as defined in this Rule) instead of on “emoluments.”

2. If during the last five years of his service an officer has been absent on leave with allowances, or has been suspended and reinstated without loss of Periods of leave, &c. past service, his emoluments shall, for the purpose of ascertaining the average, be taken at what they would have been, had he not been absent on leave, or suspended. Provided always that pension be not increased on account of increments in pay not actually received. But if the leave is reckoned as service under Section 41, Rule 2, only the allowances actually received during it should be taken into account.

3. If during the last five years of his service an officer has been for a period without allowances, or in inferior service, that period shall be disregarded in the calculation of the average, and an equal period prior to the five years shall be included.

Definition of emoluments. SECTION 67 (a).—In the term “emoluments” are included the following:—

- 1.—Pay of substantive appointment;
- 2.—Personal allowance;
- 3.—Fees or commission, where they are the authorized emoluments of an appointment, and are in addition to a substantive pay; and commission in the case of a Thooogyee;
- 4.—Field allowances (i. e., horse and tent allowances) of Surveyors and Assistant Surveyors;
- 5.—Charge allowance to Signallers in the Telegraph Department;
- 6.—Bullock Train. And Punjab Military Horse Van Dāk allowance in the Post Office Department;

(b).—Other allowances are excluded, such as—

- 1.—Local allowances;
- 2.—Allowances given for duties performed in addition to the work of a regular appointment;

3.—Messing allowances, working allowances, and provision allowances to officers in the Marine Department;

4.—House-rent allowance, or estimated value of free quarters;

5.—Tour allowances (to officers who accompany the Viceroy, or any Government);

6.—Allowance given in compensation for dearness of provisions.

Acting allowances. c.—Acting allowances are not included unless the “acting” service is counted under Section 17, Rule 2.

Deputation allowances. 1.—When an officer in permanent employment is deputed on temporary duty, he cannot count the additional allowances obtained by the deputation. (See Section 18).

2. But this rule does not apply to an officer deputed to service in the Income Tax Department, or to an officer deputed on abolition of his appointment, and by direct orders of Government, on special duty. In these cases the full allowances are taken.

3. When an officer is *temporarily* transferred to service not under the control of Government, and does not pay any contribution under Chapter VII, he cannot count, in respect of the time passed in such service, higher pay than he had at the time of transfer to it.

Section-writers. 4. In the case of section-writers and press servants admitted under Section 20, “pay” and “emoluments” mean the average earnings of the last six months of service. (If the gratuity is on the superior scale, this means the average of the last six monthly bills exceeding Rupees 10. (See Section 39, Rule 1(c).)

“Average emoluments” means the average of the last seventy-two monthly bills exceeding Rupees 10.

5. In cases falling under clause (α) (3) of this Section, emoluments means the average earnings of the last six months of service.

Net emoluments. SECTION 68.—When part of an officer’s pay or emoluments only to be taken. is intended to provide for expenses incidental to his duty, that part should be excluded

Examples.—When a sowar’s pay is intended partly to meet the expense of keeping a horse, the pay should be taken only at foot-rates.

When a consolidated pay specifically includes tentage, travelling allowance, or house allowance, these should be deducted in calculating the pension.

The commission which a Thoogtee in Burmah obtains goes in part to pay expenses of collection and remittance of money. Account should be taken of the remainder only.

So also when an officer’s pay is given at two rates, a smaller rate during stationery duty, and a higher rate during periods passed on tour or travelling, the former rate alone should be the basis of the calculation.

1. Only emoluments actually received can be included in the calculation. For example, when an officer is allowed to count time retrospectively towards increase of pay, but does not receive retrospectively the intermediate periodical increments, these intermediate increments are not allowed in the calculation.

CHAPTER XIV.

Application for Pension or Gratuity.

SECTION 69.—Every non-gazetted servant of Government, with the exception of Police officers, whose pay does not exceed Rs. 20, and officers in the Post Office Department and the Inland Customs Department, whose pay does not exceed Rs. 10, is required to keep a service book in which should be entered a statement of every step in his official life, each entry being attested by the immediate head of the office in which he is serving. For officers of the Inland Customs whose pay does not exceed Rs. 10, a roll shall be kept similar to that prescribed in Section 109(a) for the Police.

If the officer to whom the book refers is himself the head of an office (e. g., a Deputy Post Master or a Sub-Inspector of Police), the attestation should be made by his immediate superior.

The record of service of Police Officers on a pay exceeding Rs. 20 a month is

required to be kept by the Inspector General of Police, need not include the service of gazetted officers of the Force.—*G. I., 30th December 1871, No. 3,401, Financial.*

- | | |
|--|--|
| 1. The opening page should be divided for entries in the following form :— | |
| 1. Name of officer. | 6. Exact height by measurement. |
| 2. Caste or race. | 7. Personal marks for identification. |
| 3. Residence. | 8. Date of entry. |
| 4. Father's name and residence. | 9. Signature of officer. |
| 5. Age. | 10. Signature and designation of the head of the office. |

The entries in this form should be renewed or re-attested at least every five years.

2. The remaining pages should be divided for entries in the following form :—

- | | |
|---|---|
| 1. Name of appointment. | 7. Signature of officer. |
| 2. Whether substantive or acting, and whether permanent or temporary. | 8. Character of officer. |
| 3. If acting, here state the substantive appointment. | 9. Signature and designation of immediate head of the office. |
| 4. Pay. | 10. Date of termination of appointment. |
| 5. Acting Allowance. | 11. Reason of termination (such as promotion, transfer, dismissal, &c.) |
| 6. Date of commencement of appointment. | 12. Signature of immediate head of the office. |

No entries need be made in column 8 except when there is anything either good or bad to be recorded.

3. Leave of every description (except casual), periods of suspension from employment, and other breaks of service, should be noted, with full detail of their duration, by an entry written across the page, and attested by the head of the office.

4. A service book in the required form will be issued at cost price as soon as possible to each person at present in the service of Government, in which he should at once enter all past particulars of employment so far as relates to the establishment in which he is at present serving; and the head of the office will attest the entries after verification from his office records. To servants employed at any future time, a book will be furnished by the officer appointing them.

5. The service books will be kept in the office in which each officer is serving, being transferred with him from office to office. They may be given up to the officers to whom they refer, if they resign, or are discharged without fault, an entry being first made to that effect.

6. The officer to whom each book refers is himself charged with the duty of seeing that it is properly kept up and all erasures in it must be properly attested. If the book is not carefully kept up, difficulties may arise as to verification of service, should the officer afterwards apply for pension or gratuity.

SECTION 70.—An applicant for pension or gratuity, not being a gazetted officer, should submit to the authority, whose duty it would be to fill up his appointment if vacant, his service book, and a statement of the following particulars :—

Application for pension of non-gazetted officers.

a.—The age of the applicant.

b.—List of appointments, both substantive and acting, held during the service in respect of which pension or gratuity is claimed, stating, when any appointment was only an acting one, what substantive appointment was held at the same time. The dates of the beginning and end of each appointment should be stated, and the pay and acting allowance drawn in each.

c.—Dates of beginning and end of each period of leave.

d.—An explanation of each break in continuity of service.

SECTION 71.—The authority receiving the application should then, in communication with the Account Departments, verify the services claimed.

Verification of service.

1. In cases of inferior service (regarding which the records of the Account Offices are sometimes incomplete), he should first gather from official records and other sources all the information procurable. In cases of superior service, it will be sufficient to gather, in the first place, only such information as is easily procurable.

2. The information thus received, should then be forwarded to the Account Officer concerned, viz:—

For service in ordinary Civil Establishments	... The Accountant-General of the Province;
" " the Post Office Department	... The Controller of Public Works Accounts;
" " the Telegraph Department	... The Compiler of Telegraph Accounts;
" " the Military and Marine Departments...	... The Controller of Military Accounts;
" " the Forest Department	... In Madras and Bombay, the Provincial Accountant-General; in other places, the Provincial Conservator;

for information as to whether his office records bear out the applicant's statements. If there be any discrepancy, the Account Officer will detail the nature of that discrepancy; for instance, that the post which the applicant states that he filled during a certain period is shown by his registers to have been filled by another man.

3. If the service claimed cannot be wholly verified from the records of the Account Offices, reference shall be made to the head of the office in which the applicant states he served during the period in doubt.

4. If, for any particular reason, verification from that source is not practicable, the officer receiving the application should take the affidavit of the applicant (on plain paper,— See General Stamp Act, 1869, Section 15, Clause 12), and should also collect such collateral evidence as may be procurable for instance, certificates, such as those given by an officer to a subordinate on his leaving an office, and the testimony of contemporary servants.

5. The service will be admitted or rejected upon consideration of the whole evidence thus afforded.

SECTION 72.—After completing the verification in the manner prescribed in the last Section, the officer should draw up the application in

Form of application. Form A, Appendix A, and arranging with it all the documents relied upon for verification of the service claimed, in such manner that they can be conveniently referred to, should forward it, together with the officer's service book, through his official superiors to the Local Government.

1. He should certify in the application whether the character, conduct, and past services of the applicant are such as to entitle him to the favourable consideration of the Government. If the application is for pension or gratuity on the superior scale, he must be careful to enter all periods of leave, suspension, &c., which are not reckoned as service.

2. If the application is for an invalid pension or gratuity, the requisite medical certificate should be attached to the application; but if omission has been made in this respect, the Local Government may accept a certificate bearing subsequent date.

SECTION 73.—A gazetted officer should submit his application through his official superiors to the Local Government. The application should

Gazetted officers. be drawn up, in the form prescribed in the last Section, either by the officer himself or by the head of the department in which he is serving; and the rules under that Section apply, save that it is not necessary to have the service formerly verified before forwarding the application.

SECTION 74.—The last officer through whom the application for pension passes should send it to the Accountant-General, instead of forwarding it direct to Government. The Accountant-General will

Accountant-General's report. (after, in the case of a gazetted officer, verifying the service in the manner prescribed in Section 71), submit the application to the Local Government with a report as to the extent to which a claim to pension or gratuity is made out, and as to the rules applicable to the case. He will also certify the correctness of the calculations of service, and of pension or gratuity.

1. If the case is plainly incorrect or incomplete, the Accountant-General should return it for correction or explanation.

2. In the Post Office Department, the Compiler being subordinate to the Director-General, the application should go to him first, and to the Director-General afterwards.

CHAPTER XV.

Power of Local Governments and of the Government of India.

SECTION 75.—In a case falling clearly and strictly within the letter of the rules, the Local Government may grant the pension or gratuity admissible. If an interpretation of the rules is involved, or Power to grant pensions. if any indulgence not provided for by the rules is proposed,

the Local Government should submit the case, with its opinion and recommendation, to the Supreme Government.

1. The Governments of Bombay and Madras should, upon questions of pension and gratuity, communicate with the Secretary of State through the Supreme Government.

Quarterly State-ments. **SECTION 76.**—Quarterly statements of pensions and gratuities granted should be submitted by each Local Government to the Supreme Government in Form C, Appendix A (one for pensions, the other for gratuities), within a month after the end of each quarter.

1. The statements of pensions and gratuities granted by the Governments of Bombay and Madras in the Military Department should be separate from the statements of those granted in the Civil Department.

SECTION 77.—All claims to pension and gratuity are considered in the Financial Department of the Government of India. But the other Departments exercise the powers of Local Governments over officers serving under their immediate orders. Quarterly statements need not be prepared by these Departments, but they should forward to the Financial Department copies of the formal application, of the Accountant-General's report, and of the order sanctioning each grant.

Secretary of State. **SECTION 78.**—Pensions and gratuities in excess of the amounts admissible under rule, or involving any relaxation of rule, require the sanction of the Secretary of State.

The Government of India. India is ordinarily unwilling to pass orders on questions affecting the pension of an officer until he actually retires. Memorials which relate to such questions, addressed prematurely to the Secretary of State, are uniformly returned.—*Gaz., Aug. 29, 1872, p. 1402.*

Claims by officers not retired.

CHAPTER XVI.

Manner of Payment.

Sanction of pension. **SECTION 79.**—The order sanctioning the grant of a pension or gratuity to be paid in India should be forwarded, with a copy of the formal application, to the Accountant-General of the province in which payment is to be made.

1. Pensions and gratuities (except pensions awarded under Section 62) must always be stated in rupees and not in sterling, even though they are to be paid in England.

Permanent-payable-order. **SECTION 80.** The Accountant-General will then, in case of a pension, draw up a permanent-payable-order in Form B, Appendix A, and will forward it to the officer who is to pay the pension.

1. This officer will retain one half of the order, and will deliver the other half to the pensioner. The pensioner is not to have access to the half kept by the disbursing officer, in order that there may be as little facility as possible for fraudulent personation.

2. Each payment made is to be entered on the reverse, both of the pensioner's half and of the disbursing officer's half of the order, the entries being attested at the same time by the signature of the disbursing officer. When the reverse of a permanent-payable-order is filled up, both halves should be returned to the Accountant-General for renewal.

3. If a pensioner loses his half of the permanent-payable-order, the disbursing officer's half may be returned to the Accountant-General, in order that he may issue a new order. The requirements of Rule 2 will prevent any payment being made on the half alleged to be lost.

Pension when payable. **SECTION 81.**—Pensions are payable in India in monthly instalments due after the end of each calendar month.

1. Apart from special orders, pensions other than extraordinary pensions under Chapter XXII are payable from the date on which the pensioner ceased to be borne on the establishment, or from the date of the application, whichever is later.

2. The object of the latter alternative in the preceding rule is to prevent unnecessary delay in the submission of applications. The rule may be relaxed in this particular by the Local Government when the delay is sufficiently explained.

Personal appearance at time of payment. SECTION 82 a.—Unless specially exempted by the Local Government, pensioners must appear in person at the time of taking payment, and be identified by comparison with the permanent-payable-order.

b. Female pensioners who are not accustomed to appear in public, and male pensioners who are unable to appear in consequence of bodily illness or infirmity, or are exempted from personal appearance by the Local Government, may receive their pensions upon the production of a life-certificate signed by a responsible officer of Government, or by some other well-known and trustworthy person. In such cases the disbursing officer must take all possible precautions to prevent imposition, and must, before the first payment in each year, require proof not only of the existence of the pensioner, but also, in the case of a male, of his inability to attend in person to receive payment.

1. Disbursing officers are personally responsible for payments wrongly made, and should take every precaution against fraudulent personation. In cases of doubt they should refer to the Accountant-General.

2. Respectable pensioners may be identified by the disbursing officer at his own house, instead of being made to appear at his public office.

3. If a pensioner or a person entitled to gratuity dies, payment of any arrear actually due may be made to his heir. The payment may be made, under the orders of the Local Government, even if the pension or gratuity have not yet been sanctioned. If an officer dies before actually retiring or being discharged, his heirs have no claim to anything.

Certificate of non-employment. SECTION 83.—Pensioners, drawing pension in India, are required to append to their bills a certificate as follows:—

"I declare that I have not received any remuneration for serving Government in any capacity during the period for which the above amount of pension is due."

1. In the case of pensioners permitted under Chapter XX to draw pension after re-employment, this certificate must be modified according to the facts.

Annual return. SECTION 84 a.—An annual return of pensioners in Form E, Appendix A, should be sent to the Accountant-General, from every office where pensions are disbursed. The Accountant-General will submit them, after compilation, to the Government of India.

b.—The return is in three parts, (1) for pensions not exceeding Rs. 10; (2) for pensions exceeding Rs. 10 but not exceeding Rs. 50; (3) for pensions exceeding Rs. 50.

(See Appendix C, Extract 3.)

CHAPTER XVII.

Place of Payment.

Payable at any Treasury. SECTION 85.—A pension is payable at any treasury in India, or at the Home Treasury in London. A gratuity is payable at any treasury in India.

1. Payments at the Home Treasury are made quarterly at the rate of exchange which is annually fixed for the adjustment of transactions between the British and Indian Exchequers.

2. The above rule for the conversion of Rupees into Sterling applies to officers under covenant, who are entitled by their covenant to pensions in accordance with the rules applicable to Uncovenanted Servants; the covenanted rate of exchange for their pay and allowances does not, unless it is expressly so stated, apply to their pensions.—*Gazette of March 1872, page 559.*

Transfer between England and India. SECTION 86.—Transfer from the Home Treasury to an Indian Treasury, or *vice versa*, is permitted only once.

1. Applications for transfer of payment for India to the Home Treasury should be made to the Accountant-General within whose jurisdiction the treasury of payment is. If the transfer is admissible, he will grant a last-pay-certificate, forwarding a duplicate to the Financial Department of the Supreme Government (or, in Bombay and Madras, to the Local Government) for transmission to England; if not admissible, he will take the orders of the Government of India in the Financial Department.

2. If the pension is not wholly chargeable against the General Revenues, care must be taken to state on the certificate how it is to be debited

SECTION 87.—A Local Government may, on application, and on sufficient cause shown, permit transfer of payment from one treasury in India to another. This duty may be delegated to Commissioners of Divisions or to any higher executive authority.

[The Accountant-General is empowered to make these transfers.—*M. G.*, 20th April 1872, No. 250, p. 21.]

1. Copy of the order directing the transfer should be forwarded to the provincial Accountant-General, and the Collector of the district from which the payment is to be transferred should be instructed to return his half of the permanent-payable-order. The Accountant-General will then issue a new one to the officer who will in future pay the pension, or, if the officer belongs to another province, will move the Accountant-General of that province to do so.

2. A District officer may authorize the payment, at any of the out-lying Treasuries subordinate to the District Treasury, of a pension payable under proper authority at his head quarters, and may transfer the payment of a pension from such subordinate Treasury to the District Treasury, or from one subordinate Treasury to another in the same District. *Gazette*, August 27th, 1872, p. 1417.

CHAPTER XVIII.

Lapse and Forfeiture of Pensions.

SECTION 88.—If a pension payable in India remains undrawn for more than six months, the permanent-payable-order must be returned to the Accountant-General, and the pension ceases to be payable. Through falling in arrears.

If the pensioner afterwards appears, the disbursing officer may reclaim the permanent-payable-order and renew the payment, but the arrears cannot be paid without the order of the Local Government obtained through the Accountant-General.

1. If the suspension of payment is attributable to error or neglect by any public officer, the Accountant-General may direct payment of the arrears without taking the orders of the Government.

2. Arrears due to deceased pensioners are payable to the heirs within six months after the pensioner's death. They cannot be paid thereafter without the sanction of the Local Government.

NOTE.—Sec. 88 will apply to all pensions undrawn for more than six months, for, however, long a period—*G. L.*, 9th January 1873, No. 150, *Financial*; *Gazette*, page 95.

SECTION 90.—Future good conduct is an implied condition in every grant of pension, and the Government reserves to itself the right of withholding a pension, if the pensioner be convicted of serious crime.

CHAPTER XIX.

Commutation of Pensions.

SECTION 91.—Life pensions not exceeding twenty rupees a year may, at any time, on certificate of good health by the medical officer (Covenanted or Uncovenanted) of the district, be commuted at the following rates :—

Rate of commutation.	Age of Pensioner.			Years' purchase of pension.
	Less than 10 years	13
	10—20 "	12½
	20—25 "	12
	25—30 "	11½
	30—35 "	11
	35—40 "	10½
	40—45 "	10
	45—50 "	9½
	50—55 "	9
	55—60 "	8
	60—65 "	7
	65—70 "	6
	More than 70 "	Inadmissible except by special order of the Government of India.

1. If a Pensioner whose pension has been commuted dies before receiving the commutation value, it is payable to his heirs.

2. It is not the wish of the Government of India to make any change in the present practice of the Government of Madras in respect of the commutation of the pensions of Carnatic Stipendiaries.—*G. I., 14th August 1872, No. 2,004, Financial; M. G., 26th August 1872, No. 332, Political.*

CHAPTER XX.

Re-employment of Pensioners and Persons who have obtained Gratuities.

SECTION 92.—An officer who has obtained a compensation gratuity, if re-employed in qualifying service, has the option of retaining the gratuity, in which case his previous service will not count for future pension or gratuity, or of refunding it and counting his previous service.

1. The intention to refund must be stated immediately on re-employment; but the refund may be made by monthly instalments of not less than one-third of the officer's salary, and not less than the whole gratuity divided by the number of months which have elapsed since it became admissible. The right to count previous service does not revive till the whole amount is refunded.

SECTION 93.—An officer who has obtained compensation pension, if re-employed, may retain his pension in addition to his pay, provided that the sum total does not exceed the pay of the appointment on abolition of which the pension was given. If his re-employment is in qualifying service, he has the option of retaining his pension (subject to the proviso above stated), in which case his previous service will not count for future pension, or of ceasing to draw any part of his pension and counting his previous service. No refund of pension intermediately drawn is required.

1. In the case of a section-writer or press servant (see Section 20) re-employed, the pay of the appointment abolished is taken at the average earnings of the last six months of employment.

2. If an officer does not, within three months from the date of his re-employment, exercise the option conceded by this rule, of ceasing to draw pension and counting his previous service, he may not thereafter do so without the permission of the Government of India.

SECTION 94.—There is no absolute bar to the re-employment of an officer who has regained health after obtaining invalid gratuity or pension. The rules in such a case as to refunding gratuity, drawing pension, and counting service, are the same as in the case of re-employment after compensation, gratuity, or pension.

SECTION 95.—A superannuation pensioner is, by the nature of the case, excluded from re-employment.

SECTION 96.—Officers who have obtained retiring pensions cannot be re-employed, except on strong public grounds, and with the express sanction of the Government of India in the Financial Department. When so re-employed, they are permitted to draw pension in addition to full pay. There is not so much objection to the employment of such pensioners in service paid from Local Funds.

No officer can be permitted to retire with the view of being re-employed, whether in the general service or at the charge of Local Funds, and drawing pension in addition to pay.

1. The rules in this Chapter do not apply to officers pensioned on the abolition of the Indian Navy. If these are re-employed, their service will be on exactly the same terms as if they had never been employed before. But so long as they are employed, their Navy pension will be held in abeyance, except so much of it as is necessary to raise their total emoluments to one-and-a-quarter times the amount of the pension. If they have commuted their pension for a single payment, the same deduction will be made from their allowances as if they had not. But Engineers, Boiler-makers, and Warrant officers of the Indian Navy, who were pensioned on the abolition of the Navy in 1862, are permitted to draw, during re-employment, pension in addition full pay.

2. Nor do these rules apply to military pensioners in civil employ. The claim of such persons to salary, pension, and gratuity in the Civil Department are dealt with without reference to their military pension. But the pensions of commissioned officers other than "good service" pensions, and of the heirs of native non-commissioned officers and soldiers, will, during their employment, merge in their salaries.

3. Civil, Military, and Naval pensioners also may, under the orders of the Local Government, be employed without the loss of pension, on purely temporary duty, lasting for not more than a year.

4. If an officer of the Subordinate Medical Department, holding a civil appointment, continues in civil employ after he has earned his military pension, the pension remains in abeyance.

5. There is no objection to a pensioner being appointed to be Sub-Registrar of Assurances if he be remunerated by fees.

SECTION 96A.—An officer holding two or more separate appointments may not, save with the express sanction of the Government of India in the Financial Department, receive a pension or gratuity in respect to one or more of such appointments, without retiring from the service altogether. There is no objection to his being relieved from one or more of such appointments at any time, without being compelled to leave the service altogether; but, in such case, any pension or gratuity which may be admissible to him in respect to the office or offices of which he is relieved, will be deferred until he finally retires.—*G. I., 2nd October 1872, No. 3,282, Financial; Gazette, page 1675.*

CHAPTER XXI.

Special Rules for the Police.

SECTION 97.—The following special rules apply to the members of Police Forces constituted under the following Acts:—

XIII of 1856 of the Governor-General of India in Council.

XXIV of 1859 of the Governor-General of India in Council.

V of 1861 of the Governor-General of India in Council.

VII of 1867 of the Governor of Bombay in Council.

1. The Trans-Indus Police Force, though not organized under Act V of 1861, and never possessing a Superannuation Fund, is on the same footing with respect to pension and gratuity as the regular Punjab Police.

Municipal and Railway Police.

Municipal Police. **SECTION 98 a.**—If the police of a town is wholly supported by, and under the control of, a Municipality, the Government has no concern with their pensionary allowances.

b. But if the Government, being interested in the efficiency of a police force paid wholly or partly by a municipality or from the general revenues subsidised by a contribution from a municipality, undertakes the organization and control of the force, as connected with, and auxiliary to, the civil constabulary, service in it is treated as service under Government, the contributions of the municipalities towards the cost of the pensions and gratuities of such forces being, for the present, undetermined.

1. The police forces in the Presidency Towns of Calcutta, Madras, and Bombay, and in the Municipalities in Lower Bengal, come under Clause (b).

SECTION 99.—Service in the Railway Police on the East Indian Railway, and in Bombay, is treated as service under Government, though such Police are either wholly or partly paid by the Railway Companies.

1. In the Bengal Division of the East Indian Railway, the Railway Company pay six per cent. in addition to pay and salary, to discharge liability for pension. In the other Divisions another arrangement is in force.

Qualifying Service.

SECTION 100.—Service in any of the Police Forces mentioned in Section 97, after the establishment of a Superannuation Fund in the force, qualifies.(a)

(a).—Policemen entertained at the cost of individuals and corporate bodies under Sections 13, 14 and 15 of Act V of 1861, are members of the regular Police force, and as such are entitled to count their service for pension. Persons for whose benefit the Police are employed should be charged in addition to the actual pay of the Police, 4 Annas for every Rupee of salary Officers whose pay is not less than Rupees 100 a month, and 2 Annas for every Rupee of salary for other Policemen.

[NOTE.—The Superannuation Funds were funds to which, with the exception of certain soldiers of the Sikh Darbar (see Section 16(e)) and members of the Oudh Military Police, police officers whose pay did not exceed Rupees 20 were obliged to contribute. By these contributions they became entitled to pensions according to the rules of the several funds.

Officers whose pay exceeded Rupees 20 did not contribute, as they came under the operation of the ordinary pension rules.

By Act X of 1869, the Superannuation Funds, established under Acts XXIV of 1859 and V of 1861 of the Governor-General in Council, and VII of 1867 of the Governor of Bombay in Council, were abolished. The Superannuation Fund which had been established in the Madras Town Police, under Act XIII of 1856, having been, by Act VIII of 1867 of the Governor of Madras in Council, amalgamated with that established under Act XXIV of 1869, was abolished with the latter. The funds established under Act XIII of 1856, in the Calcutta and Bombay Town Police, are still in existence.

In the Police Forces of which the Superannuation Funds were abolished, the pay of the men was reduced, either individually or on the average, to its previous nominal amount less the subscriptions to the Funds, the Government undertaking the liabilities to the Funds.]

1. Members of office establishments permitted to subscribe to the Police Superannuation Fund by Financial Department Order, No. 3,398, dated 27th July 1863, may count the service during which they so subscribed.

Exceptional privileges.

SECTION 101.—In the following cases, members of police forces have exceptional privileges in regard to pension.

a.—Soldiers of the Sikh Government to whom service was guaranteed (see Section 16 (c)), and who, on the breaking up of the Panjab Military Police in which they had enlisted, were transferred to the Civil Police, are, if their pay does not exceed Rupees 20, entitled to invalid pensions at line rates for their service under the Sikh Darbar, and in the Military Police, and in the Civil Police.

1st-Class Serjeants get pension as Havildars, 2nd-Class Serjeants as Naiks, and Constables as Sepoys.

b.—Men who, after completing, on the 3rd May 1861, four years' service in the Army, or in the Oudh Military Police, were transferred to the Oudh Civil Police, and were in employ in that force on 26th January 1864, are, if their pay does not exceed Rupees 20, entitled for their service in the Army, and the Military Police, and in the Civil Police, to pensions on the terms applicable to local and irregular troops of the rank corresponding to that which they may attain in the Police.

Mhairwarra Batta-

c.—Men of the Mhairwarra Battalion, who were present on parade on 1st July 1857, and were subsequently transferred to the Ajmir and Mhairwarra Police, are entitled to pensions at the rates for soldiers of the line.

Previous service when qualifying.

SECTION 102.—In the following cases service rendered before enlistment in the new Police Constabulary qualifies:

a.—In the first two cases mentioned in Section 101, if the men subscribed to the Superannuation Fund in order to obtain the higher pensions admissible under its rules, or if, through serving on pay higher than Rupees 20, they have become entitled to the pension prescribed in Section 106, the previous service mentioned in Section 101, qualifies.

Men of Native Army.

b.—Men of the Army transferred to the Police on the reductions of the Native army which were made in 1861, count their army service.

1.—In February 1867 it was declared that this rule would be applicable to all future transfers to the Police on occasions of reduction of the Native army.

2.—In the Panjab Police, men counting service under this rule, if they were faithful during the mutiny when their regiments joined the rebels, are entitled to pensions at the rates for soldiers of the line, instead of the rates of the Superannuation Fund.

3.—Men of the Army who formed part of the garrison of Lakhnow during the siege in 1857, count three years' additional service.

4.—A man voluntarily taking his discharge from the Army and entering the Police, cannot count past service.

Nagpūr Irregular Force. *c.*—Men who were enlisted in the Central Provinces Police in 1861, after discharge with gratuity from the Nagpūr Irregular Force, or who were transferred to the Police from that force, or from the Mulki Horse, count their service in these forces and also that in the forces of the late Rājā of Nagpūr.

d.—Men of the Berar Police, recruited from the Hill Rangers, count their service in that corps.

Military Police.

e.—Service in the 1st Bengal Military Police Battalion and service in the Oudh Military Police, qualifies.

Previous superior service.

f.—Service in the superior grades in the old Police (*i.e.*, darogas and officers of higher rank) or in any other department, qualifies.

g.—In the North-West Provinces and Oudh, men count half their service in inferior grades in the old Police.

Army service and Military Police service. *h.*—Men transferred from the Army to the Military Police in the years 1858 to 1861, preserved whatever title they had, at the time of transfer, to pension for army service. At the same time, service in the Military Police did not give any further title to pension, except in the cases specially mentioned above. Accordingly, men who possessed this title to pension for army service, and were transferred from the Military Police to the Civil Police, count their previous army service.

Pensions for Army service how chargeable. *k.*—Pensions granted to men who count army service under the above rules will, if their service in the army was sufficient to entitle them to pension if discharged without fault, be a charge on the Military Department; otherwise the whole will be a charge on the Civil Department.

SECTION 103.—Policemen on pay not exceeding Rupees 20, who re-enlist within one year after discharge, may, at the discretion of the Inspector-General, count their service before discharge.

Amount of Pension or Gratuity.

SECTION 104.—The pension or gratuity admissible to an officer whose pay at the date of discharge or resignation does not exceed Rupees 20, will be determined, as prescribed in the next Section, according to one of the following scales:—

SCALE A.

According to the rules of the Superannuation Fund of the Force.

1.—As the Superannuation Funds did not always provide for compensation pensions and gratuities, the following orders were issued with reference to the reductions directed in 1869:—

- 1.—Compensation pension and gratuity should be awarded at the same rate as the Superannuation Fund Rules provide for invalid pensions and gratuities.
- 2.—But if the gratuity thus awardable is less than the amount (without interest) of the officers' subscriptions to the fund, the difference should be made up.

SCALE B.

According to the rules prescribed in Chapters XI, XII and XIII, for the calculation of pensions and gratuities for superior service, except that (1) all service after the age of 18 years qualifies; (2) in addition to the leave which, under Chapter IX, is reckoned as service, one year's leave in fifteen years' service, and two in thirty years' service, is so reckoned.

SECTION 105. *a.*—The pensions and gratuities of officers of the Town Police of Calcutta and Bombay are regulated by Scale A.

b.—The pensions and gratuities of officers of other forces are regulated as follows:—

1.—Those who were members of the forces before the 19th July 1871—by scale A or scale B according to their election, (which, by Financial Department Order, No. 2,091, dated 19th July 1871, they were directed immediately to declare).

2.—Those who enlisted or re-enlisted on or after the 19th July 1871—by scale B.

SECTION 106.—The pension or gratuity admissible to an officer whose pay at date of discharge or resignation exceeds Rupees 20 is determined by the rules which apply to ordinary service, except that service rendered after the completion of 22 years of age, and declared by this Chapter to the qualifying, is treated as superior service. And that the benefit of the rule in Section 103 is not withdrawn from a Police Officer by reason of his being promoted to pay exceeding Rs. 20 a month.

1. When a police officer, by promotion to a pay exceeding Rs. 20, loses any benefit as to pension or gratuity which he would have enjoyed had his pay remained unchanged, his pension or gratuity may be regulated as if he had not received the promotion.

SECTION 107.—If part of an officer's continuous service qualifies for pension or gratuity on the inferior scale, but does not qualify under the rules in this Chapter, he may elect to receive, in lieu of the pension or gratuity admissible under the rules in this Chapter, such pension or gratuity as is admissible to him, under Sections 63 and 64, for the whole of his service, both inferior and superior.

Example.—Officers who were transferred to the New Civil Police from inferior grades in the old Police or from the Military Police, and who are not entitled under Section 101 or 102 to count previous service, may obtain pension under this Section.

1. Officers who under Section 105(b 1) have elected to abide by Scale B, will, if they take gratuity under this Section, obtain in lieu of the scale prescribed in Section 63(a) one month's pay for every complete two years of service, but not more than twelve months' pay in all.

SECTION 108.—Except in the case of the Town Police of Calcutta and Bombay (Section 105(a), pensions and gratuities are to be calculated upon the net pay, *i. e.*, the pay actually received by the officer, and not upon the gross pay, *i. e.*, the pay from which were deducted the subscriptions to the Superannuation Funds (see note under Section 100) ; but this rule shall not be applied to any officer, who, on the 19th July 1871, was entitled, by the rules of the Superannuation Fund, to have his pension or gratuity calculated on his gross pay, until he be either promoted to higher pay, or degraded, for misconduct, to lower pay.

1. Good service pay is not reckoned in calculating pension or gratuity except in the case of those who, before the 19th July 1871, were members of the Police Forces of Bengal (excluding the East India Railway Police) or the Panjab.

Verification of Service.

SECTION 109. a.—There shall be kept up for each district, by the District Superintendent of Police, a service roll in English, in which shall be recorded the date of the enrolment of each man in the constabulary, his caste, tribe, village, age, height, and marks of identification at the time of enrolment, his rank, promotion, reduction or other punishment, his absences on leave or without leave, the breaks in his service, and every other incident in his service which may involve forfeiture of portions of his service, or affect the amount of his pension or gratuity.

b.—The roll shall be checked by the vernacular roll and order book, and the punishment register, and every entry in it shall be signed by the District Superintendent of Police,

c.—In addition to the above roll the Inspector-General of Police shall keep a record of all service on pay exceeding Rupees 20 (except that of gazetted officers), and shall verify the record annually in communication with the Local Accountant-General.

d.—From this roll the necessary statements of service of all applicants for pension shall be prepared, additional proofs being collected, as prescribed in Section 71, in respect of any service rendered before enrolment in the constabulary which the Police officer may be entitled to count.

1. District Superintendents of Police should be on their guard against endeavours to retire on invalid pension by officers who are capable of serving longer. Medical officers should be very searching in their examination of the physical unfitness of the applicants for further duty ; and, whenever the number of applicants for pension or gratuity is large, the examination should, if possible, be conducted by two medical officers.

Power of Sanction.

SECTION 110.—Claims by Police officers on pay not exceeding Rupees 20, to pension or gratuity only for the period of continuous and verified service in the force in which at the time of application they are serving, may, if admissible under the strict letter of the rules, be allowed by the Inspector-General of Police, and reported to the Accountant-General with the necessary particulars for identification.

All other claims will be treated under the ordinary rules.

1. Claims to extraordinary pension or gratuity (see Chapter XXII), even though they may be provided for by the rules of the Superannuation Fund, are subject to the rule in Section 118.

2. The quarterly statement submitted by the Local Government to the Supreme Government, should contain particulars of all pensions and gratuities granted by the Inspector General as well as by the Local Government.

Manner of Payment.

SECTION 111.—Payment of a pension or gratuity shall be made by the treasury officer of the district where the payee resides, on permanent-payable orders (in the case of pensions), and on the identification of the payee by the District Superintendent of Police; and special Committee shall be assembled every five years for identifying the pensioners.

CHAPTER XXII.

Extraordinary Pensions.

A.—In cases of injury or death.

SECTION 112.—The following are the Rules for the grant of gratuities and pensions, (a) to men so injured in the execution of their duty as to be incapacitated for earning a livelihood;

(b) to the families of men killed in the execution of their duty.

They apply to all persons employed to do the work of Government, whether permanently, temporarily, or even casually, and whether remunerated by a fixed salary, or (as miners in the Panjab Salt Mines) for piece-work. They apply also to village watchmen.

SECTION 113.—Pension or gratuity is granted only when injury or death is met in the performance of a duty which is attended with extraordinary bodily risk. The Government recognizes no claims on account of loss of life or bodily injury resulting from an ordinary accident.

The following would be regarded as *prima facie* cases of ordinary accident:—

- A policeman falling from his horse.
- A policeman on escort duty killed by sun-stroke.
- A lascar killed by the snapping of a hawser.
- A labourer falling under a burden.

1. The Government recognizes no claim on the part of widows on account of the services of their husbands. It is the duty of Government officers themselves to provide for their families, the more so that the Government assists certain funds established for the purpose of enabling them to do so.

SECTION 114.—A pension or gratuity is granted to the family of a man killed in the execution of his duty, only if he had a wife, sons or daughters (legitimate), father or mother, dependent upon him for support.

1. To native claimants preference is given in the following order: son, widow, daughter, father, mother.

SECTION 115.—The amount of gratuity or pension is to be regulated by—

- (a) the character and service of the man injured or killed;
- (b) the nature of the risk undergone, and the conduct of the man in accepting it;
- (c) the nature and extent of the injury received;
- (d) the pecuniary circumstances and prospects of the claimant.

1. The Government does not bind itself to grant gratuity or pension in every case, nor, if it grants pension, to grant it for life.

SECTION 116.—Whenever a claim for gratuity or pension is made, the head of the office in which the man killed or injured was employed, Preliminary enquiry. will hold a formal inquiry, taking evidence on the following matters:—

(a) the circumstances under which the injury was received, or the life lost;

(b) the relationship (in the case of death) and the pecuniary circumstances of the claimants.

SECTION 117.—The head of the office will then submit the case with a report, through his official superiors, to the Government, sending Pension Roll. (in the case of a man injured) the usual form of application (Form A, Appendix A) and (in the case of a man killed) a statement in Form D, Appendix A.

SECTION 118.—The Local Government may grant gratuity not exceeding six months' pay (which is ordinarily the maximum given), reporting the grant as in the case of an ordinary gratuity. If it deems a Power of Local Government. grant of six months' pay insufficient, it should report the case with a recommendation to the Government of India.

SECTION 119. a.—The Government of India grants pensions to the widows and children of policemen, or of village watchmen, killed in the execution of duty, not exceeding two-thirds of the deceased's pay. The grants are made on the principle of giving not more than would be given in the case of a soldier of similar class killed in action. Power of Supreme Government.

b.—Otherwise pensions or gratuities in excess of the amount admissible under the last Section require the sanction of the Secretary of State.

B.—Military Service.

SECTION 120.—Officers and men, enrolled as volunteers, and having a military organization, enjoy the same privileges in regard to compensation for wounds, as men of corresponding grades in the regular service, unless they are entitled, under the following rules, or under special conditions of service, to higher rates:—

a.—Officers of the Covenanted Civil Service wounded in action while serving (under circumstances justifying their presence) with military forces, will receive such compensation as may be awarded by the Government of India, subject to the confirmation of the Secretary of State.

b.—Other Civil officers of the Government will receive compensation in proportion to their salaries according to the following scale:—

If on salaries of Rs. 500 a month, or upwards, as Captains.

If on salaries of Rs. 300 a month, or upwards, as Lieutenants.

If on salaries of Rs. 200 a month, or upwards, as Ensigns.

If on salaries of Rs. 100 a month, or upwards, as Subadars.

If on salaries of Rs. 50 a month, or upwards, as Jemadars.

If on salaries of Rs. 16 a month, or upwards, as Sepoys.

c.—Persons not in Civil or Military Service wounded in action while serving (as aforesaid) with military forces, will receive compensation according to their station in life, as compared with that of Military Officers, each case being considered separately on its own merits by the Government of India, and compensation awarded subject to the confirmation of the Secretary of State.

C.—Mutiny Pensions.

SECTION 121. a.—Widows of Uncovenanted Servants who have received pensions on account of their husbands having been killed in the mutiny retain half their pensions after re-marriage. Their half pension is not increased on second widowhood.

b.—Daughters of Uncovenanted Servants in the Punjab, who have mutiny pensions "payable till marriage," receive, on marriage, seven years' pension as a dowry.

APPENDIX B.

PENSION RULES OF 4TH JANUARY 1831.

RULES relative to the grant of superannuation pensions to subordinate officers in the Civil Department.

Subsidiary and supplementary rules of subsequent date are printed in small type.

SECTION 1.—Superannuation pensions will be granted only to the superior classes of public servants indicated in the annexed list.

[NOTE.—This list is not published, as the Code sufficiently declares to whom these rules may now be applied.]

Inferior servants, sowars, armed or organized peons, including jamadars and other rankes, lascars, boatmen, artificers, labourers, and menials are to have no claim to such provision.

SECTION 2.—With the exception of Native Judges and Law Officers, the applicant must have been employed in the public service for a period of at least twenty years.

SECTION 3.—The public servant, whatever may have been the period of his service, must be incapacitated for further employment, by old age, protracted ill-health, loss of sight, or other bodily or mental infirmity.

SECTION 4.—The character, conduct, and past services of the public servant must be favourably certified by the officer or officers under whom he may have been employed, and must appear to be such as to entitle him to the favourable consideration of Government.

SECTION 5.—Whenever it may be judged expedient to grant a pension to a public officer, whose case may come within the foregoing provisions, the amount of the pension shall be limited as follows:—

Clause 1st.—If the period, during which the individual may have been actually employed in the public service, shall be more than twenty years but less than thirty years, the amount of the pension shall not exceed one-third of the monthly salary or authorized official allowances of such individual, calculated on an average of five years previously to the date of the application for such pension.

Clause 2nd.—If the period of actual service shall have been thirty years or upwards, the amount of the pension shall not exceed one-half of the salary, or authorized allowances of the individual calculated in manner above stated.

1. Pension may be awarded on the above scale to persons thrown out of employ by reduction of establishment, without their being required to produce medical certificate.

2. In the Despatch from Court of Directors, No. 18, dated 5th May 1854, the following further rule is prescribed:—

“We authorize you to grant to any Uncovenanted Servant belonging to a class recognized by the present rules, who, though not possessed of medical certificate of incapacity, may be permitted to retire from the service, and who can produce unquestionable testimonials of a faithful, efficient discharge of his duties during a period of 35 years, a pension equal to half the average salary which he may have received during the last five years of his service. These pensions are to be regarded as the rewards of good service, they will not in any case be claimable as of right; and every pension, which you may see sufficient reason to grant, must be reported to us with a statement of the grounds of your proceeding.”

Rules regarding Service.

3. The period of service must be continuous, but a break between two periods of employment, if it does not exceed 12 months, and was not caused by dismissal from office for misconduct, will not prejudice the officer in whose service it occurs.

4. To the following extent leave counts as actual service:

a. All leave taken before the Uncovenanted Service Leave Rules of 1868.

b. The following leave taken under the Rules of 1856:

Two out of three years obtainable on medical certificate.

Leave subsidiary to leave on medical certificate.

Privilege leave.

Leave on private affairs on half pay, (Section VII).

c. Leave during recess on half pay granted to Native Surveyors in the Revenue Survey Department, Bengal, North-Western Provinces, and the Panjab.

5. Service before the attainment of 16 years of age does not qualify for pension.

Rules for Calculation of Pension.

6. "Authorized official allowances" include the following :—

- a. House-rent allowance, or value of official residence.
- b. Personal allowance given as compensation for reduction of salary.

The following are not included :—

- a. Personal allowances otherwise than as above.
- b. Horse and tent allowances.

Clause 3rd.—For Law Officers and Native Judges, the period of 15 years shall be substituted for that specified in clause 1st, and 22 years for the term mentioned in clause 2nd.

1. This rule applies also to Principals and Head Masters of Colleges and Schools, and also to Inspectors and Professors.

2. The concession granted by the rule applies only to cases where the whole of the prescribed period of service has been rendered in the privileged capacities.

3. Law Officers are a class which now no longer exists. The designation "Native Judges" applies to officers in such positions as Principal Sudder Ameen, Sudder Ameen, and Moonsiff. Goung Gyouns in Burmah are also "Native Judges." Magistrates of Police and Small Cause Court Judges are not "Native Judges;" but a "Native Judge" transferred to be a Judge of a Small Cause Court will retain his privileges.

Clause 4th.—The rates of pension shall be fixed on a graduated scale, within the prescribed limitations, with reference to the responsibility and arduousness of the employment, the degree of merit of the individual, and the nature and length of his service.

1. The limit of pension in ordinary cases is Rs 5,000 per annum; but this is subject to the rules under Section 59 of the Code.

APPENDIX C.

EXTRACTS.

1.

From the letter of the Government of India in the Financial Department, to the Government of Bengal, No. 3,177, dated 31st August 1871.

4. The references made in your letter to a proposed formation of a pension fund by deduction from salaries probably arise from the orders of this Department, No. 940, dated 16th June 1870, which contained, as models, certain rules proposed by the Government of Bombay for the constitution of an Educational Pension Fund there.

5. The Government of India, on a reconsideration of the whole subject, is disposed to withdraw the approval which is then expressed of the scheme set forth in these rules. There is an almost entire absence of data on which to estimate the amount of deduction which would be necessary to render such a fund solvent, and such calculation as can be made renders it extremely doubtful whether five per cent. is nearly enough to cover the contingent charge; and it is of course out of the question to guarantee from imperial revenues the solvency of any such fund. A pension fund formed by deduction from salary is, perhaps, objectionable also on another ground, namely, that it to a certain extent unnecessarily fetters the hands of the employer.

6. In the case, therefore, of local funds which will beyond a doubt be able, without embarrassment, to meet the pensionary claims of employés, it seems to the Government of India that it would be best, should the Local Government think proper to grant to the employés a right to pension, to leave the pensionary claims to be met when they arise. And in local funds regarding whose position there is not the same absence of doubt, it would appear to be the wisest course to abstain from making any absolute promise of pension. The ability of such funds to provide any pensions which, on special grounds, it may be deemed desirable to grant, can be more easily determined when the claim is presented for consideration, than it can be at a time antecedent by many years to the actual accrual of the charge.

7. It might even be a matter for the consideration of the Local Government whether, considering the peculiar constitution of local funds, it would not be well, especially in the case of such as are of uncertain solvency or stability, to credit to a separate account the capital value of any pension granted. The necessity of providing at once the entire value of a pension, instead of throwing the charge forward

upon future years, would perhaps afford a useful check against indiscriminate recommendations by those who have the management of the funds.

2.

From Resolution of the Government of India in the Financial Department, No. 4,359, dated 14th October 1871.

The position of the Government of India, and the difficulty experienced by Native States and public bodies in obtaining competent officers without its assistance, frequently render it necessary for the Government, for political and for public reasons, to transfer its officers to service paid for from sources other than its own revenues. Such transfers would, as a general rule, be impossible if the condition were insisted on, that the officer transferred should give up his privileges as an officer in the service of the Government of India; and in the papers above read, the question is discussed what financial arrangements are proper to be made in the case of officers of Government lent to, or transferred to service paid by, Native States, Municipalities, and other bodies financially independent of the Government of India, such as Courts of Wards, Port Trusts, &c., and permitted at the same time to retain their privileges as servants of the Government of India.

2. The remuneration of officers of Government may be thus classified—

Immediate—Their pay and allowances while on duty;

Contingent—Their absentee allowances;

Deferred—Their pensionary allowances;

and such officers when lent to Native States, &c., though they obtain their “immediate” remuneration from the State or fund at the charge of which they are employed, look, for the most part, to the Government of India for their “contingent” and “deferred” remuneration.

3. It may sometimes be expedient, for special reasons, that the Government of India should bear such charges; but as a rule it is not so; and it is necessary to prescribe the conditions which should be imposed, so that such charges may be avoided, unless the Government, for special reasons, accepts them.

4. The Government of India have accordingly resolved to require, on account of every officer lent or transferred to a Native State, or a Municipality or other financially independent body, who is permitted to retain his position in relation to the service of Government, and his claims to absentee and pensionary allowances under the rules of the service to which he belongs, and with regard to whom the exemption contemplated in paragraph 3 is not declared, a contribution proportional to the salary which he receives and regulated on the following principles:—

5. In the first place it is to the officers themselves, and not to their employers, that the Government will look for the contribution required: any other course would be productive of difficulty and inconvenience.

6. In the second place, a calculation founded upon such data as are available shows that the cost to Government of the charges above classed as contingent and deferred, excluding, however, privilege leave allowances, is about one-quarter of the amount actually disbursed in the form of “immediate” remuneration.

13. In the case of Covenanted Civil Servants the contribution of one-fifth required by this resolution, includes the four per cent. deduction to the Annuity Funds which will not be separately levied. The amount of the contribution

* i. e., the same as 4 per cent. retained out of 100. nominal pay and acting allowance, being one-twenty-fourth part of the amount retained by the officer after deduction.*

This proportion, being one-sixth of the entire contribution, will be credited to the Annuity Funds, so long as they are maintained.

3.

From Resolution of the Government of India in the Financial Department, No. 1,586, dated 22nd March 1871.

The Governor-General in Council has had under consideration the question of how to guard against fraudulent claims to pensionary allowances being put forward by strangers after the actual incumbents are dead.

2. The chief protection against such claims must be the careful testing by disbursing officers of each claim at the time it is presented.

3. But it seems advisable also that statistical information regarding pensions should be kept up, and for this purpose His Excellency in Council is pleased to direct

that, from every office where pensions are disbursed, returns in the annexed form shall annually be made to the Account Office to which it is subordinate :—

1.—For pensions not exceeding Rupees 10.

2.—For pensions exceeding Rupees 10, and not exceeding Rupees 50.

3.—For pensions exceeding Rupees 50.

4. The Account officers should scrutinize the information thus received, in order that inquiry may be at once made where any remarkable longevity appears, or where any other anomalous features present themselves.

5. His Excellency in Council is well aware that there is great difficulty in exercising a check by this means on the action of local officers. The instances in any signal disbursing office are necessarily too few to warrant the assumption that their departure from mathematical regularity requires any special explanation; and on the other hand, in the compilation of the figures of several offices, the effects caused by the perpetration of frauds in any one would probably disappear in the mass.

6. But while His Excellency in Council, in view of this difficulty in supervising this particular part of their work, confidently expects at the hands of local officers extreme caution in dealing with claims to pensions, he does not doubt that the information contained in the forms now prescribed will be found in both central and local offices to be of great value.

THE CIVIL PENSION CODE.

SUPPLEMENT A.

Covenanted Civil Servants.

SECTION 1.—Annuities and gratuities are granted to Covenanted Civil Servants of the Crown in India under the following rules :—

SECTION 2.—“Active service” includes the following periods, besides time spent on duty :

a. The interval between the date of an officer's first arrival in India and the date on which he joins his first appointment.

1. The date of an officer's first arrival in India is held to have been as follows :—

Before the 31st January 1868,—the date of his actual arrival in India.

From the 31st January 1868 to the 4th May 1869, inclusive,—the date on which he reported his arrival at the capital town of the Presidency to which he was attached; or if he was attached to the North-West Provinces, the Panjab, or Oudh, and had permission to come to India *via* Bombay, the date on which he reported his arrival at Bombay.

On and after the 5th May 1869,—the date on which he reported his arrival either at the seat of the Government to which he was attached, or at any other station to which he may have been ordered, or permitted, to proceed direct.

2. If an officer does not join his first appointment within the joining time allowed to him, the interval between the end of joining time and the date on which he actually joins, is not reckoned as “active service.”

b. Time passed out of employ on subsistence allowance in India, otherwise than on furlough.

1. If a Covenanted Civil Servant on his first arrival in India is unable, through bad health, to proceed to the seat of the Government to which he is attached or to any other station to which he may have been ordered, the Local Government in whose jurisdiction he is, may, on medical certificate, grant to him a subsistence allowance of Rs. 250 a month, for not more than two months. Time thus spent is not reckoned as active service.

c. Subsidiary leave of absence.

1. “Subsidiary leave” includes the corresponding “special leave” under the rules in force before the 1st July 1868.

d. Privilege leave of absence.

1. “Privilege leave” includes the corresponding “short leave on private affairs” and “leave on private affairs” under the leave rules in force before the 1st July 1868.

e. Leave of absence within the limits of the East India Company's Charter, which counted as service and residence under the rules in force before the 18th June 1855.

f. Leave of absence on urgent private affairs granted before the 3rd January 1863.

1. Examination leave of absence is also reckoned as active service; but not more than twelve months can be so reckoned to any officer.

2. One year of leave of absence on medical certificate was reckoned as "residence" under the leave rules in force before the 1st July 1868. This is not reckoned as "active service," as a reduction of one year has been made in the period required to qualify for annuity.

SECTION 3.—Four per centum shall be deducted, at the time of payment, from the salary and other public emoluments, as specified below, of every officer:—

Deduction from salary, &c. Bengal Civil Service.—From every allowance except (1) travelling allowance at mileage rates, (2) minimum furlough allowance, (3) subsistence allowance while on furlough, and (4) establishment allowance.

Madras Civil Service.—From (1) pay, (2) acting allowance, (3) deputation allowance, (4) subsistence allowance when not on leave, (5) personal allowance, (6) local allowance, (7) fees or a proportion of fees received, (8) allowance on privilege leave, and (9) allowance on subsidiary leave.

Bombay Civil Service.—From (1) pay, (2) acting allowance, (3) deputation allowance, (4) subsistence allowance when not on leave, (5) personal allowance, (6) local allowance, (7) fees, or a proportion of fees received, (8) sumptuary allowance, (9) allowance on privilege leave, and (10) allowance on subsidiary leave.—See *Gazette, April 16th, 1872, page 762.*

1. The deduction required by this Section is included in the deduction made under Chapter VII of the Code, and is not to be separately made.

Retiring annuity. **SECTION 4.**—An officer who has been twenty-five years in the service counting from the date of his covenant, or from the date of the despatch of the Secretary of State announcing his appointment (whichever may have been earlier),

and who has rendered twenty-one years' active service, is entitled, on his resignation of the service being accepted, to an annuity of £1,000.

1. An officer may resign the service when absent in Europe on furlough. It is not necessary that he should first return to India.

Invalid annuity. **SECTION 5.**—An officer who, being declared by a medical certificate in due form, to be incapacitated for further service, is permitted to resign the service before he is entitled to an annuity under Section 4, is entitled to a gratuity or annuity as follows:—

a. If he have been in the service for less than five years,—a gratuity of £500.

b. If he have been in the service for five years or more,—an annuity of £150, plus £20 for each complete year of service in excess of five: provided that the whole annuity shall not exceed £450.

SECTION 6.—Annuities are payable, in arrear, quarterly, and to date of decease. The annuity of an officer who leaves India by sea when retiring from the service at the end of subsidiary leave begins on the day of the departure of the vessel in which he sails. His subsidiary leave ceases after the day before the vessel sails.

SECTION 7.—Payment of these annuities and gratuities may be taken at the Home Treasury in sterling, or in India in Government rupees at the following rates:—

If the annuitant was a member of the Bengal Civil Service, 10½ Government rupees for each pound sterling;

If the annuitant was a member of the Madras or Bombay Civil Service, 10-65 Government rupees for each pound sterling:—

Transfer from the Home Treasury to an Indian Treasury, or *vice versa*, is permitted only once.

[NOTE.—The reason of the difference in the rate of exchange is to be found in the history of the annuity funds. The rates of exchange differ considerably in the various service funds.]

SECTION 8.—After 35 years' service, counting from the date of his arrival in India, no officer shall be appointed to any new office nor be permitted to retain an office which he has held for a period of 5 years and upwards, except in special cases, which are to be referred for the decision of the Secretary of State. The term "Office" includes officiating appointments.

SUPPLEMENT B.

Judges of the High Courts.

[NOTE.—The following are the regulations made by the Secretary of State in Council of India, under the provisions of 24 and 25 Victoria, Cap. 104, Section 6, respecting the retiring pensions of the Judges of the High Courts. They were approved in the Judicial Despatch by the Secretary of State, No. 43, dated 11th October 1871.]

SECTION 1.—A Chief Justice of the High Court at Calcutta, after an actual service of eleven and a half years a Judge of the High Court, of which period at least half shall have been in the office of Chief Justice, shall receive a pension not exceeding £1,800 per annum.

[NOTE.—In these rules, "actual service" includes the period during which a Judge is carrying on his duties in a High Court, also periods spent on privilege and subsidiary leave, and the periods of vacation during which the Judge is not on "furlough or extraordinary leave."

"Extraordinary leave" means any leave granted otherwise than under the rules made by the Secretary of State in Council of India, under the provisions of the Act of Parliament above quoted.]

SECTION 2.—A Puisne Judge of the High Court at Calcutta, on the same terms as to length of service, shall receive a pension not exceeding £1,200 per annum.

SECTION 3.—A Chief Justice of the High Courts of Madras, Bombay, and the North-Western Provinces, respectively, after an actual service of eleven and a half years as Judge of the High Court, of which period at least half shall have been in the Office of Chief Justice, shall receive a pension not exceeding £1,500 per annum.

SECTION 4.—A Puisne Judge of the High Courts of Madras, Bombay, and the North-Western Provinces, respectively, on the same terms as to length of service, shall receive a pension not exceeding £1,200 per annum.

SECTION 5.—A Chief Justice or Puisne Judge compelled to retire on medical certificate after six years and nine months' actual service shall receive a pension not exceeding one-half the amount of pension allowed for the full period of service.

SECTION 6.—In the event of a Judge of the High Court, selected from the Covenanted or Uncovenanted Service, receiving a pension under these rules, he will not be entitled to any pension or retiring allowance under the rules applicable to Covenanted and Uncovenanted Servants, respectively. The annuity of an officer who leaves India by sea when retiring from the service at the end of subsidiary leave begins on the day of the departure of the vessel in which he sails. His subsidiary leave ceases after the day before the vessel sails.

SECTION 7.—When a Judge of the High Court, selected from the Covenanted or Uncovenanted branches of the Civil Service, is permitted to retire before completing the full period of service entitling him to the pension of a Judge of that Court, he shall, on retiring, receive such a pension as he would be entitled to under the rules applicable to Covenanted and Uncovenanted Servants, respectively, reckoning the period during which he shall have served as Judge of a High Court towards his time for such pension.

SECTION 8.—Provided, however, that if a Judge of the High Court, selected from the Covenanted or Uncovenanted branches of the Civil Service, shall be compelled to retire, on medical certificate, after six years and nine months' actual service, he shall be allowed the option of taking his pension or retiring allowance either under these rules or under the rules applicable to the service to which he belongs.

SECTION 9.—A Judge of the High Court, selected from the Covenanted Civil Service, shall be required to continue his subscriptions to the Civil Annuity and Civil Service Funds.

SECTION 10.—If a Judge be transferred from one Court to another, the period he shall have officiated in the first Court shall count as service qualifying for retiring pension.

SECTION 11.—If a Puisne Judge be promoted to be a Chief Justice in the same or another Court, the time he will have served as Judge will count for pension, according to the rate of a Judge's pension, and the time he shall serve as Chief Justice will count for pension according to the rate of a Chief Justice's pension.

SECTION 12.—If a Judge of Madras, Bombay, or North-Western Provinces be promoted to the Chief Justice of Calcutta, the time he will have served as a Judge will count for pension at the rate of a Judge's pension, and the time he will serve as a Chief Justice of Calcutta will count for pension according to the rate of such Chief Justice's pension.

SECTION 13.—If a Chief Justice of Madras, Bombay, or the North-Western Provinces be transferred to be Chief Justice of Calcutta, the time he shall have served in the former capacity will count for pension according to the rate of pension of a Chief Justice of Madras, Bombay, or the North-Western Provinces, and the time he shall serve as Chief Justice of Calcutta, shall count for pension according to the rate of pension of a Chief Justice of the High Court of Calcutta.

SUPPLEMENT C.

Chaplains.

[The rules in this Supplement are now in general operation, except that the present Senior Chaplain of the Scotch Church in Bombay, when he has served his time for pension, will have the option of continuing to draw allowances on the old scale and abiding by the old scale of pension, or of drawing allowances on the new scale, or retiring, in which case his pension will be regulated by the rules in this Supplement. The present Senior Chaplain of the Scotch Church in Calcutta also is allowed an election (which he has not yet declared) between the old and the new scales of allowances and pension.]

SECTION 1.—Pensions are granted to Chaplains under the following rules:—

SECTION 2. a.—“Residence” is reckoned from arrival in India in the case of a Chaplain appointed in England, and from date of covenant in the case of a Chaplain appointed in India. It includes (1) time spent on duty, (2) privilege and subsidiary leave, and (3) time passed out of employ in India otherwise than on leave.

b.—“Service” includes “residence,” and also all time spent on leave of any description; but no time before the beginning of “residence.”

SECTION 3.—A Chaplain who has completed 17 years’ residence and 20 years’ service, or, if appointed before the 11th January 1854, 15 years’ residence and 18 years’ service, is entitled to a retiring pension of £365 a year.

1. Pensions are granted either by the Government of India, Bombay or Madras (as the case may be), or by the Secretary of State. A Chaplain proceeding to England after obtaining pension in India, should be careful to take with him the usual last-pay certificate.

SECTION 4.—A Chaplain must retire after 25 years from the beginning of his service, unless specially exempted by the Secretary of State, on the recommendation of the Governor-General in Council, or of the Governor in Council of his Presidency.

SECTION 5.—A Chaplain who is obliged, by bad health, to retire after completing seven years’ residence, but before completing the periods of residence and service required by Section 3, is entitled to an invalid pension of £127-15-0 a year, or if he has completed ten years’ residence, £173-7-6 a year.

SUPPLEMENT D.

b.—A pilot after thirty years' actual service in India, if he shall have attained the grade of branch pilot, shall be entitled to retire upon the pension of Government Rupees 200 a month, or if below the grade, upon a pension of Government Rupees 100 a month, provided that in any period of three consecutive years the number of pensions so granted do not exceed four.

Occasional Leave.

It is left to Heads of Offices, subject to the orders of the local Government, to grant, at their discretion, casual leave of absence from office in cases of sickness, death of near relatives, &c., on condition that the local Government shall see that the discretionary power to be placed in the Heads of Offices is not abused. Such casual absence from office are not to be reported to the Accountant General but systematically entered in a book to be kept in each office, and when an application for privilege leave is received, the leave should be granted or refused with some reference to the entries in this book.—*Pro. of Supreme Government, 28th Sept. 1858, Finl. Dept., No. 5,670; Fort Saint George Gazette, 18th November 1858, and M. G., 22nd May 1871, No. 200, Financial.*

Casual leave is confined to only those employed in Office Establishments and not to gazetted Officers.—*G. I., 7th January 1860, No. 56, Department Public Works.*

District Moonsiffs are eligible to casual leave.—*M. G., 9th December 1869, No. 2,016, Judicial.*

Principal Sadar Ameens, Sadar Ameens, District Moonsiffs and Sheristadars of Civil Courts allowed five days' leave on occasions of holidays or otherwise.—*Notification, 16th November 1811, para. 2, p. 999; M. G., 15th September 1845, and 4th August 1857, Nos. 682 and 949, Judicial.*

Leave to Peons.

Peons are allowed to draw half-pay for a period not exceeding 6 months, when sick in hospital.—*Government Proceedings, 18th October 1865, No. 487.*

The indulgence of leave on half-pay, on medical certificate, is to be restricted to those receiving medical aid from a hospital or dispensary, or as in-door or out-door patients, i. e., to those sick at the stations where they are serving; the indulgence of half-pay during sick leave to their homes not having been contemplated by the Government of India.—*Revenue Board Standing Order, No. 5, 1866.*

Subsistence Allowances during suspension pending inquiry into conduct.

I. Subsistence to an Uncovenanted Servant, who is suspended pending an inquiry into his conduct, should be limited, before the result of the inquiry is known, to one-fourth of his salary, unless he be an European on pay exceeding Rupees 25, in which case the subsistence is to be allowed at one-fourth of salary, to an amount not less than Rupees 25 monthly.(a)

II. Should the Officer be re-instated, he may, at the discretion of the Local Government, or of the Head of the Department to whom the Local Government may delegate such authority, be allowed full salary, if he shall have been fully acquitted; or a portion of his salary, if the result of the inquiry should be censure or admonition; but where censure or admonition is awarded, the subsistence allowance during suspension must be so adjusted as not to involve additional charge.(b)

III. When the payment which the Local Government may adjudge, for the period of suspension to an Officer who is re-instated, involves additional expense, it must be separately provided for.

IV. An Officer whose suspension is followed by dismissal will not be allowed more than the subsistence which may be admissible to him under Rule I, for the period that he was suspended.

V. The time passed under suspension, pending inquiry, is taken into account as service towards pension, in cases of re-instatement; where suspension has been adjudged as a penalty, the period is disallowed.—*Notification, Gazette, 10th October 1865, page 530.*

When an Officer is acquitted of an offence by a Court of competent jurisdiction, he is entitled to re-instatement, provided the acquittal is *bona fide* on the merits of the case, and not in consequence of a mere technicality, a legal flaw in the evidence, collusion with the witnesses, or some similar circumstance. Instances however will occasionally occur, in which, notwithstanding a full acquittal, the re-instatement of the officer is inexpedient, or the infliction of some punishment, such as fine or suspension, is necessary, in consequence of some neglect or minor dereliction of duty brought to light during the inquiry. Such cases should be referred for the special orders of the controlling authority of the Department.

The power of re-instatement without blame, after a full acquittal, rests with the Officer who possessed the original power of appointment, but if this power of appointment is restricted, by being dependent on the sanction or veto of any higher authority, then the confirmation of the re-instatement by the latter is requisite.

An Officer under trial is entitled to the same pay as when under suspension.—*Madras Government Order of 29th October 1866, No. 395, Financial Department.*

(a) This rule does not apply to persons taking the benefit of the Insolvent Act.—*M. G., 7th September 1863, No. 2,382, Revenue.*

(b) With reference to Financial Resolution, No. 2,528, dated 26th September 1865, promulgating rules for the regulation of the allowances of ministerial and other officers of Government suspended from office pending enquiry into their conduct, the Governor-General in Council is pleased to rule that, although the discretionary power of allowing full salary to acquitted officers, delegated to Local Governments and Heads of Departments under Rule 2, does not extend to the sanction of expenditure in excess of grant limits, the orders of the Local Government or Head of a Department granting full salary under Rule 2, coupled with an indication of the Budget head under which any additional expense involved can be met, will be sufficient authority for the Audit Department to pass the charge. If the additional expense, rendered necessary by any order passed under Rule 2, cannot be met without an additional Budget assignment, then under Rule 3, application for such assignment must be made to the Government of India.—*G. I., 17th June 1870, No. 1,236, Financial.*

When a public officer on a progressive salary is suspended from duty, the period of his suspension shall not be counted as service qualifying for increase of salary in the absence of a declaration to the contrary by the authority by whose orders he is re-instated.—*G. I., 9th August 1870, No. 2,905, Financial.*

FORT ST. GEORGE, 25th August 1868.

No. 330 of 1868.—The following Extract from Notification in the *Gazette of India* is re-published:—

Financial Department, Simla, the 6th August 1868.

No. 1,651.—Read the following Despatch from the Secretary of State for India, Financial, No. 290, India Office, London, 9th July 1868.

I have considered in Council your Military letter, dated the 9th March last, No. 96, submitting a recommendation from the Bombay Government that Major Raitt, Superintendent of the House of Correction at Bombay, should be exempted from the operation of the rule which requires that Military pensions shall merge in Civil salaries, and you state that that Officer's case affords a striking illustration of the hardship of the rule, which you earnestly trust Her Majesty's Government may see fit to rescind

2. In compliance with your recommendation and that of the Government of Bombay, I will not object to Major Raitt's drawing his pension of £241-12 per annum, in addition to the salary of Rs. 300 per mensem attached to the appointment he is now holding.

3. I am also willing, in accordance with your strong recommendation to authorize the following modification of the rule. When an Officer who has retired on a pension obtained not on medical certificate, but after a prescribed period of service, is subsequently employed in any public capacity, he shall be permitted to draw the pension, in addition to the salary of the office to which he may be appointed; but in the event of a Military Officer resigning the service, after he has been appointed to a Civil office, he must at the same time vacate that office. He may, however, be re-appointed to the office, not as a matter of course, but only in the event of your considering it decidedly for the benefit of the public service.

Pensions and Gratuities.

The following Resolution of the Government of India, dated 24th October 1868, No. 3,078, Financial Department, is published for general information:—

RESOLUTION.—Apparently the orders, as they stand, refer only to Military Officers in Civil employ, but the Governor General in Council is of opinion that they might fairly be extended to all pensioned servants of Government, and he is accordingly pleased to declare that they shall be so extended.

NOTIFICATION.—FINANCIAL DEPARTMENT, *Simla*, 30th June 1868, No. 1,556.

Read Resolution, No. 3,078, passed in this Department on the 24th October 1868, extending the application to the cases of all pensioned servants of Government, Civil and Military, of the following decision of the Secretary of State:—"When an Officer who has retired on a pension obtained not on medical certificate, but after a prescribed period of service, is subsequently employed in any public capacity, he shall be permitted to draw the pension in addition to the salary of the office to which he may be appointed; but in the event of the Military Officer resigning the service after he has been appointed to a Civil office he must at the same time vacate that office. He may, however, be re-appointed to the office not as a matter of course, but only in the event of your considering it decidedly for the benefit of the public service."

No. 1,582.

RESOLUTION.—The Governor-General in Council is pleased to rule that whenever any good service pensioner is re-employed under the above order, the previous sanction of the Government of India must be obtained on a full report of the circumstances of the case.

Compassionate Allowance.

Uncovenanted Servants in inferior grades thrown out of employ on reduction of establishments after 30 years' service, allowed a compassionate allowance of Rs. 4 a month.—*S. S.*, 16th December 1867, No. 455; *G. I.*, 22nd January 1868, No. 517, *Finl.*; *Gazette*, p. 201.

The allowance authorized in the above Order is payable only to persons who have been thrown out of employ from and after 25th January 1868, and those Orders are not to be held to refer to persons thrown out of employ before the 1st June 1867.—*G. I.*, 24th January 1868, No. 492, *Financial*.

Compassionate allowance of Rs. 4 a month may be granted to Government servants in inferior grades, who may be pronounced by competent Medical authority to be unfit for further duty after having done good service for 35 years.—*G. I.*, 25th November 1868, No. 3,272, *Financial*.

The grant of compassionate allowance under the Orders of 22nd January and 25th November 1868, shall not, within the maximum of Rs. 4 a month, exceed one-half of the pay in substantive post last held by the servant. Cases which may seem to merit more than the ordinary indulgence should be referred by the Local Government to the Government of India for consideration and orders.—*G. I.*, 14th March 1870, No. 1,795, *Finl.*; *Gazette*, page 407.

Persons who were thrown out of employ subsequent to 11th December 1863, but previous to the issue of *G. I.* Orders of 22nd January 1868, are not eligible to compassionate allowance.—*G. I.*, 31st July 1865, No. 1,513, *Financial*.

Applications for compassionate allowance, should be made in the form of Register in use for pensions—*Gazette*, p. 671.

PECUNIARY TRANSACTIONS.

NOTIFICATION.—1. Several recent cases having forced on the notice of Government the necessity of prescribing some rule, in regard to the pecuniary transactions of superior Officers in the Uncovenanted Service, the Government resolve to notify to all such Officers in positions of trust and responsibility, that they are absolutely prohibited from entering into any money or other dealings whatever with persons resident within their official range, and liable to be brought into any official relations with them, if such transactions are of a nature to place the Government Officer under an obligation to the private individual, incompatible with perfect freedom and independence of official action.

2. The Government do not think it necessary or expedient to attempt to define all the transactions to which this prohibition will apply. It will clearly include all gifts of value, loans, credit, advances, supply of articles, or accommodation at unduly low rates or for insufficient consideration, and sales of property for inordinate prices; and while it is evident that no honest man will find any difficulty in applying the rule to his individual case, the Government will not be induced by any unworthy plea of non-violation of the letter of the rule, to pass unpunished any disregard of its spirit.

3. They will visit such cases with their severest displeasure.

4. This rule will apply in the Revenue Department to all Deputy Collectors, District and Sub-Division Serishtadars, Tahsildars, Salt Superintendents, Taluk Serishtadars, Sub-Magistrates, Forest Range Officers, and all Government servants in corresponding positions of responsibility and trust.—(*Gazette*, p. 239, dated 31st August 1869.)

VOLUNTEERS IN PUBLIC OFFICES.

NOTIFICATION.—August 31, 1859.—The following proceedings of the Madras Government in the Revenue Department, dated 20th August 1859, No. 1,123, is published for the information and guidance of subordinate Offices:—

In their Order of 13th March 1848, No. 268, Revenue Department, the Government directed that the employment of Volunteers in the Public Offices at the Presidency should be restricted to the narrowest possible limits, and the Court of Sudder Udalt have recently in their Circular, dated 11th June 1859, prohibited the employment of such persons in the Courts.

2. The Honorable the Governor in Council now resolves to extend the Rule of March 1848 to the Collectors' Offices also, if the aid of "Volunteers" cannot be altogether dispensed with there, as has been done in the Judicial Department. There cannot be the same need of such unpaid Assistants now that there was some years ago, since the Collectorate Presses have so much reduced the copying work in Collectors' Offices.

3. Collectors will be instructed very strictly to limit the number of Volunteers employed either in their own Offices or in those of their subordinates. None should be allowed but such as are registered after enquiry as to qualification and character; and none should hereafter be so registered who have not passed the Uncovenanted Service Examination.

4. Volunteers admitted into the Offices at the Presidency also will be so only in accordance with the preceding Rule.

No person can be admitted into the service of Government as a Writer or Clerk, at any earlier age than 16 years.—*G. I.*, 29th October 1856, No. 49, *Financial*; *Gazette*, dated 28th November 1856.

Nor after 25 years of age as a general rule.—*Vide Fort St. George Gazette*, page 179, of January 1871; *G. I.*, 20th January 1871, No. 423.

Female Vaccinators may be entertained at any age.—*M. G.*, 8th August 1873, No. 814, *Public*.

No person can be admitted into the public service in India on a grade eligible to pension without a certificate by a Commissioned Medical Officer, or by a Medical Officer in charge of a Civil Station, that he has no disease, constitutional affection, or bodily infirmity, unfitting him, or likely to unfit him, for the public service.—*G. I.*, 10th August 1871, No. 2,620, *Financial*.

Subject to the condition regarding pension or retirement, appointments deemed desirable may still be made notwithstanding the above orders.—*M. G. Notification*, 25th July 1871, *Gazette*, p. 1231.

The above Order of the Government of India, 20th January 1871, No. 423, *Financial*, is not applicable to persons who have already served but have lost their employments by reduction of Establishment.—*M. G.*, 31st March 1871, No. 410, *Judicial*.

The Government do not consider that the Order of the Government of India (dated 20th January 1871, No. 423, Financial) applies to temporary appointments.—*M. G.*, 17th August 1841, No. 1,401, Revenue.

Certain classes admissible without Examination.

NOTIFICATION.—*Fort St. George, August 11, 1868.*—In supersession of former orders on the subject, the following Rules are laid down with reference to the re-employment of persons who have lost their posts, consequent on the reduction of establishments :—

I. All persons thrown out of employment, consequent on a reduction of revision of establishments, who come within the following classes, are eligible for re-employment in posts of which the salaries exceed Rupees 20, on proof, in each case, of the qualification claimed :—

1st.—Persons who have passed the General Test Examination.

2nd.—Persons who have been continuously in Government employment from the 1st January 1859 to the time of the reduction which threw them out of employ, the breaks in whose services, if any, have been caused by previous reductions.

3rd.—Persons who have been generally exempted by order of Government from the operation of the General Test Rules.

II. Persons who have been exempted by Government with a view to appointment to a particular post will not be eligible for re-employment in posts above Rupees 20, unless again exempted, or after passing the examination.

2. These rules refer only to persons, candidates for appointments of greater value than Rupees 20. For appointments of lower value, no examination is required.

Fort William, the 25th January 1865, No. 794.—*Home Department.*

The Governor-General in Council directs the publication, for general information, of the following correspondence with the Secretary of State on the subject of extending the principle of the existing Civil Service Superannuation Rule to Military and Naval Officers in Civil employment, and also to Uncovenanted Officers holding gazetted appointments, and receiving such appointments direct from Government :—

Public Despatch from the Governor-General of India in Council, to the Secretary of State, No. 59, dated Simla, the 15th September 1864.

We have the honor to transmit the accompanying copy of a Letter, No. 446, dated the 21st of April, from the Government of Bombay, suggesting the expediency of extending the Civil Service Superannuation Rule, contained in Section 29 of the Furlough Regulations of 1855, to Military and Naval Officers in Civil employment, and also to Uncovenanted Officers.

2. This suggestion accords with the recommendation* made by the Committee appointed by the Lieutenant-Governor of the Punjab at Lahore for the consideration of certain questions affecting the Civil Service of that Province, a copy of whose Report was forwarded to you with our Despatch, No. 56, dated the 12th Instant.

3. The proposal of the Bombay Government and of the Lahore Committee appears to us to be just, and likely, if adopted, to prove in every way beneficial to the public interests. There seems no reason for supposing that a Rule, which has undoubtedly proved satisfactory in regard to the Covenanted Civil Service, will be less beneficial when applied to other classes of Officers in Civil employment. Having regard, however, to the various ages at which Military and other Officers begin a career of Civil employment, we are disposed to recommend a Rule to the effect that they shall vacate office after a certain age, rather than to prescribe any fixed period of service. In this respect there is an obvious difference between them and Members of the Covenanted Civil Service. The former may enter upon Civil employment at any period of life, while the latter do so at a fixed and nearly uniform age. Hence a rule, which suffices for the Covenanted Civil Service, would operate very unequally, and in many instances be quite inoperative, with regard to the other classes of public servants employed under the Civil Administration.

4. We would recommend, therefore, that after the age of 55, no Military or Naval Officer in Civil employment, nor any Uncovenanted Civil Servant, shall be appointed to a new office, or be permitted to retain an office which he has held for five years. We would, however, make the rule subject, as in the case of Covenanted Civil Servants, to special exceptions, which may be recommended by the Local Government, and sanctioned by the Secretary of State.

Public Despatch from the Secretary of State, to the Governor-General of India in Council —(No. 90, dated the 9th December 1864.)

Para. 1.—I have considered in Council your Letter dated 15th September (No. 59) 1864, recommending, with reference to a suggestion from the Government of Bombay, that the principle of the existing Civil Service Superannuation Rule be extended to Military and Naval Officers in Civil employment, and also to Uncovenanted Officers; and, in accordance with your recommendation, I authorize you to frame a Notification announcing that, after the age of 55, no Military or Naval Officer, nor any Uncovenanted Servant, shall be appointed to a new office, or be permitted to retain an office which he has held for five years.

2. This rule will, like the corresponding rule, applicable to Civil Servants, be subject to special exceptions under the authority of the Secretary of State.

Referring to the above correspondence with the Secretary of State, the Governor-General in Council is pleased to pass the following Rule, which shall be held applicable to all Military and Naval Officers in Civil employment, and to Uncovenanted Officers holding gazetted appointments, and receiving such appointments direct from Government.

After the age of 55 years, no Military or Naval Officer, or Uncovenanted Servant, shall be appointed to a new office in Civil employment, or shall be permitted to retain any such office which he has held for five years and upwards, except in special cases, which are to be referred for the decision of the Right Hon'ble the Secretary of State. This Rule will be applicable to every Military and Naval Officer, and to every Uncovenanted Servant appointed to any Civil Office after its promulgation, and to all other Military and Naval Officers and Uncovenanted Servants employed under the Civil Administration at the close of five years from the date of its promulgation.

Persons retiring from the Service under the above Orders, 25th January 1865, need not submit a Medical Certificate of incapacity before retirement.—*G. I., 21st August 1867, No. 2,194, Financial.*

RESOLUTION.—Concurring in the opinion of the Accountant-General, Punjab, the Governor-General in Council is pleased to decide that in the cases of classified Officers of the Financial Department, and all Officers similarly situated, promotion to a new class shall, for the purposes of the rule quoted above, be considered equivalent to appointment to a new office.

E.M.C., No. 1,675, dated 25th November 1857.

I. *Half-yearly Examination of Assistants.*—Half-yearly Examination of Assistants, liable under these Rules to examination, shall be held each year, at such central stations as may be fixed by the Central Committee.

II. *Two qualifying Standards.*—At these half-yearly examinations, there shall be two standards of qualification, according to the one or the other of which the Assistants shall be examined. An Assistant must be examined and found qualified according to the first standard before he will be permitted to present himself for the second standard, and before he will be considered qualified to be appointed to act as Head Assistant.

G. O., 8th November 1864, No. 1,276, P. D.

* *Note.*—An Assistant must pass by the first, before coming up for the second standard.

E.M.C., No. 218, dated 23rd February 1857.

An Assistant who has been found, at some previous examination, qualified according to the first* standard, must be found qualified according to the second standard, before he will be considered by Government eligible for the permanent appointment of Head Assistant, and before he will be permitted to draw the increased allowance of 50 Pagodas per mensem.

III. *Effect of passing by each Standard.*—An Assistant who has passed according to the first standard will be invested with the powers of a Subordinate Magistrate of the 1st Class, and may be entrusted with a Division of a District. He may also be appointed to act as Head Assistant. An Assistant who has passed according to the second standard will be invested with the full powers of a Magistrate, and may, if the Government see fit, be permitted to draw the increased allowance of 50 Pagodas per mensem, although he may not have served six years.

IV. *Promotion of Assistants.*—The Government will promote to Head Assistantships no Assistant who shall not have been examined under these rules and found qualified according to the second standard. All Assistants will be promoted, under ordinary circumstances, in the order of their passing the examination now prescribed according to the second standard of qualification.

V. *What Assistants are to be examined.*—All Assistants who have not passed according to the first standard of qualification fixed by the present Rules, and who have been more than six months at their stations as Assistants shall be subjected to half-yearly examination. All Assistants who have passed according to that standard, but have not passed according to the second standard, and who have been more than two years at their stations as Assistants, shall be subjected to half-yearly examination. All other Assistants, who have not passed according to the second standard of qualification, may be examined at any half-yearly examination, with the special permission of the Collectors of their Districts, previously obtained. Assistants examined under these Rules will draw the usual travelling allowance to and from their respective stations, when the station, at which the Divisional Committee meet, is beyond the limits of their own Districts.^(a) They shall moreover be entitled, when called upon to attend for Examination within their own Districts, but at a distance from their Head Quarters, to draw the extra tent allowance, which the Rules in force assign to them when moving about on duty. Members of Divisional Committees, being Revenue Officers, shall, in like manner, be allowed to draw extra tentage whenever their services may be required in such capacity, at a distance from their Head Quarters.

VI. Central Examination Committee.—The Government will constitute a Committee to be called the Central Examination Committee, by

whose instructions the Local Committees shall be guided, and with whom they shall correspond on all matters connected with these half-yearly examinations. The Central Examination Committee will consist of one Senior Civilian, who shall be President thereof, and of one Member of the Board of Revenue, both nominated by Government; also the Registrar* of the High Court, Appellate Side, the Secretary to the Board of Revenue, and such other Members as the Government, from time to time, may appoint. A Secretary† to the Committee will be nominated by Government.

VII. Duty of the Central Examination Committee.—It shall be the duty of the Central Examination Committee, to fix on every occasion the half-yearly examination days, which shall be the same for every Local Committee station. It shall be the duty of the same Committee to prepare beforehand, for each examination, sets of questions to be put to the Assistants under examination, a sufficient number of copies of each of which sets shall be forwarded to each Local Committee, in a sealed packet, not to be opened until the moment of examination. The Central Examination Committee, from time to time, shall lay down such Rules as may appear to them best for the guidance of the Divisional Committees, in order to ensure a fair and uniform method of fixing the degree of attainment upon each point of examination which the several Assistants examined may reach.

VIII. Divisional Examination Committees.—At the several stations where the examination is to be held, a Committee consisting of Public Officers to be called the Divisional Examination Committee, shall, on each occasion, be constituted by the Central Committee,¶ and the Judge of the station, if not absent on leave, shall be a Member.

IX. Duty of the Divisional Examination Committees, and Reports of the Examinations.—The examinations shall be conducted by the Divisional Examination Committees, who, after due deliberation in respect of each Assistant examined, will record the result, stating their opinion|| as to whether the standard of qualification has been attained or not; which result, in case of difference of opinion, will be determined by a majority, and shall deliver the record to the President. The President shall transmit the record to the Central Examination Committee with his own Report, wherein he shall state his agreement or disagreement with the Divisional Committee in each case. The President will be responsible for the fairness, impartiality, and proper strictness of the examination. The written answers of the Assistants, and the other papers written by them either in the Vernaculars or in English, shall be forwarded with the record. The Central Examination Committee, after taking all the Reports into consideration, and perusing any of the Examination papers that it may seem to them proper to peruse, shall report§ to Government the names of such Assistants as, in their opinion, have proved their qualifications according to one or other of the standards in force, noticing, especially

in the order of their merit, any Assistants who, with reference to the length of their residence in India, may have passed with great distinction.

X. Principal object of the first Standard.—The principal object of the first standard of examination shall be to test the proficiency, for practical purposes, of the Assistant in the Vernacular language of his District. For this purpose at least three papers which he has never seen before, taken from Official Records, very much at hazard, and written by different persons in

But Assistants coming up for the second standard, may be allowed to pass at one Examination

in Judicial and Revenue Law and in the Vernacular of the District in which they reside; and at a second Examination the remaining language, provided that they be not vested with the higher powers till they have passed in the whole. In cases of this kind, however, Assistants ought to be transferred, after the first Examination, to a District in which the remaining language is ordinarily spoken.

Order from Government of India, No. 465, communicated in E. M. C., No. 542, dated 8th April 1859.

every step of this branch of the examination, in order to qualify according to the first standard.

XI. Second object of the first Standard.—The next object of the first standard of qualification shall be to test the Assistant's general acquaintance with the leading principles of the systems of Revenue administration and Criminal Justice, and especially with so much of the Laws and Rules

of Procedure as it is necessary for an Officer to know, in order to exercise properly the highest function of an Assistant to a Collector and Magistrate. For this purpose a set of questions on Revenue and Magisterial subjects and on the Law of Evidence shall be furnished by the Central Committee. These questions should be so framed as not to involve points of difficulty or rare occurrence; and to show rather the possession, or the want, of a general and intelligent acquaintance with the subjects of examination and the fundamental laws applicable thereto, than a knowledge of a string of points of detail and dates of orders, which may be soon learned for the occasion, and are generally as soon forgotten again. These questions must be all answered without book. The Assistant should also be examined generally as to his knowledge of Cutcherry Accounts—both the English Accounts kept at the Huzur and the Native Accounts, Taluk and Village—of the Hookummamah of his District, and of its past revenue history as to be learnt from the records.

XII. The third object of the first Standard.—The next object of the first standard of examination shall be to test the power which the Assistant may have acquired to deal with conflicting arguments and evidence, in actual cases. For this purpose two decided cases, with the final proceeding in each withdrawn, which the Assistant has never before seen, one from the Collector's, and one from the Magistrate's Office, of the nature of cases coming before Assistants exercising the highest functions of an Assistant to a Collector and Magistrate, shall be given to the Assistant. The papers may be read over to him by a Native Officer, and the explanation of any difficult word or phrase may be asked for and given in the Vernacular, the circumstance being in each case noted. The Assistant may now refer to all his books, and may take his notes as the case is read over. At the conclusion of each case he must write in English a brief but precise description of it, and a decision upon the questions at issue, with a sufficient statement of the grounds on which it is founded.

XIII. Fourth object of the first Standard.—The last object of the first standard of examination shall be to ascertain how the Assistant has been employed, and how he has done his duty at his station. For this purpose the Collector and Magistrate under whom he has been employed, shall furnish the Committee with a report upon these points. It shall be the duty of such Officers to make over to their Assistants, from time to time, cases for report. The reports shall be written in English on one side of a sheet of paper; and after the case is decided the Officer who decides it shall note on the other side of the sheet his remarks upon the report. These reports, with the notes thereon, shall be submitted to the Divisional Examination Committee.

a plain running hand, must be read aloud by the Assistant correctly, and without great difficulty; and after being read aloud, their contents must be correctly explained by him in English. An English Judgment or other Official paper, to be furnished by the Central Committee, must be translated by him into the Vernacular, without assistance. The translation must be substantially correct in meaning, and intelligible to a Native: tolerably correct in grammar and spelling, and free from any very bad errors of idiom. He must dictate off-hand, with some fluency, the translation, into the Vernacular, of an English Report, or other Official paper, also to be furnished by the Central Committee, whereof the translation will be written down exactly as dictated. The dictated paper must in like manner be intelligible and substantially correct. He must then be tested in conversation with two or three Natives, in such manner, and to such extent, as shall suffice to satisfy the Committee as to the degree of his power of understanding Natives of different classes, and of making himself understood by them—such conversation of colloquial examination to be confined to the ordinary duties and business of a Court or Cutcherry, and not to embrace abstruse or peculiar subjects. An Assistant must pass successfully through

Such Officers shall also require their Assistants to make English Minutes of the cases given to them for decision, which Minutes also shall be submitted to the same Committee. But these Reports and Minutes need not be sent up to the Central Examination Committee. The opinion formed of them by the Divisional Committee, however, shall be entered in the record submitted to the Central Committee.

XIV. *Second Standard.*—The second standard of examination shall be similar in its nature to the first, but more difficult in degree. In the Vernacular portion of it, the reading of a common office running hand must be tolerably performed; the papers selected as tests should be of a more difficult description of office papers, the translation, dictation, and conversation should be fluent, generally correct, and readily intelligible; and the Assistant should be tested in his power of explaining himself clearly, and with sufficient propriety in the Vernacular, in an argument or topic of some difficulty, such as may occur in official business. In this examination it will be necessary for the Assistant to pass in two Vernacular languages, of which one shall be the language of the District in which the Assistant is stationed at the time of the examination, and the other any one of the languages, including Hindustani, prevailing in the Madras territories, which the Assistant may prefer. Provided that ordinarily, and except on special grounds, no Assistant shall be promoted in any District in the Vernacular of which he has not passed. The test described in this rule shall be strictly enforced in respect of the language of the District in which the Assistant is stationed at the time of examination, but will be relaxed in respect of the second language, and in respect of any other language which an Assistant must pass before he can be promoted in any District in which it prevails. Ability to write the language will not be required, but only a fair colloquial acquaintance with it on the part of the Examinee, and power to translate correctly an official paper read to him, to dictate orders in the language, and read ordinary urzees. The questions of law and practice should be selected from the whole field of the duties of a Magistrate and Collector; but they shall be arranged in two classes, one class comprehending important and leading points, in answering which no books shall be allowed; and the other class comprehending less general and less common points, in answering which the assistance of books shall be allowed. No guides, digests, or summaries, however, shall be permitted to be used, the Assistant being confined to the original laws, Circular Orders, and constructions. The object of this class of questions is to test the Assistant's knowledge of where readily to find the law or practice on the less common points that arise in business. In preparing these questions, nice and difficult points should be avoided; the object being not to evoke subtlety or ingenuity, but only to ascertain whether the acquisitions and capacity of the person examined are adequate to enable him to perform fitly the important functions of an Indian Magistrate and Collector, or not. The trial cases should be selected from those possessing enough of complexity to test the Assistant's ability to master all ordinary difficulties, and especially to test his power of minute attention to, and just appreciation of evidence.

XV. *Object of the second Standard.* It shall be the object to make this second standard such that a man who has passed a College examination, being of ordinary understanding and capability, who fairly applies himself with proper diligence to his business, and makes it his daily object to familiarize himself with the languages of the country, may pass it after two or three years of Mofussil experience.

His Excellency in Council is pleased to prescribe as a rule for future guidance that officers, on passing the lower or higher standard of examination, shall as a rule, be at once invested respectively, with the powers of a Subordinate Magistrate of the first class, or with full Magisterial powers; and that they shall accordingly be entitled to the higher rates of pay from the date of their passing the examination. But if in the case of any Officer subordinate to him, the Magistrate of a District shows, to the satisfaction of the Local Government, that investiture with higher powers ought to be deferred, then the mere passing of the examination will not establish a title to higher pay, nor shall such higher pay be granted until the investiture with higher powers takes place.—*G. I., 10th Feb. 1871, No. 717, Fint. Enc., dated 20th Jan. 1871, No. 386, Home Department.*

I.—The ability to read fluently and intelligently ordinary English prose ; for instance, a page of any standard History of England or India.

II.—A fair knowledge of orthography and the ability to write from dictation with a reasonable amount of correctness.

III.—A competent knowledge of simple Arithmetic as far as the Rule of Three.

IV.—The ability to read and write English prescriptions intelligently.

2. The qualification of unpassed pupils must be judged of by the Medical Officers under whom they are placed, and should be such as to afford the prospect of their being qualified as above on passing their professional examination.

3. His Excellency in Council is further pleased to direct that the admission to an Hospital Assistant of the increased rate of pay (Rs. 40) after seven years' service, and again to a 1st Class Assistant of that (Rs. 60) after fourteen years' service, can only be sanctioned on the certificate of the Medical Officer, under whom the candidate may be serving, that he has not only maintained his previous knowledge, but also made fair progress in his acquaintance with the English language.

4. The allowance will be passed to Native Doctors now in the service (after they have been appointed to the grades mentioned in the Order), whenever they shall be duly certified to be qualified as above required.

Dismissal of Uncovenanted Servants.

1. In the Resolution of the Most Noble the Governor-General in Council, forwarded with Mr. Under-Secretary Couper's Letter of the 24th February last, the Local Government are directed "to issue the necessary orders for the establishment of a rule to prevent the arbitrary dismissal of Uncovenanted Servants, based on the provisions of the H^o Court.

2. The Right Honorable the Governor in Council considers above 19 years of age, desirable; for, so long as the Uncovenanted Servant can be dismist of physical fitness for and proof of misconduct, at the will of his superior, his tenure a British or of the Indian it leads almost necessarily to the habit of looking at office as a terommissioned and Non-tion therefore is to make the most of it whilst it is held.

3. The power of arbitrary dismissal also confirms in the w^l servants the habit of servile dependants on a superior, which d^owing subjects :— independence and manliness of character.

4. The Governor in Council resolves, therefore, in compliance tested by writing to Government of India, to lay down for the guidance of the head Compound Rules and Revenue, Judicial, Military and Public branches of the service, principles by which the dismissal of Uncovenanted Servants should following, viz :—

* Madras G. O. G., 19th June 1868, No. 232.

5. Persons appointed to permanent situations in any department shall not be dismissed but for fraud and dishonesty, continued and wilful negligence, offences involving moral disgrace and proved incompetency.

6. As, under the present rules for the Revenue and Judicial Departments, fines exceeding 10 Rupees cannot be inflicted without the sanction of the Board of Revenue and the High Court respectively, it is simply consistent to provide the same control over the dismissals of persons receiving upwards of 10 Rupees; but it will be sufficient to require returns to be made of such dismissals, specifying the cause of dismissals as falling within one or other of the heads in the above category, and to provide that no dismissal shall be final until the expiration of three months from the date on which the return shall be transmitted, giving the party a right of appeal at any time within that period. It should be understood that dismissal not appealed from, nor objected to, by the controlling Board upon their own review of the returns, are to be taken as confirmed.

7. The rule should be more definite than it is in the Judicial Department as to what servants may be dismissed without the previous consent of the controlling authority. In the Revenue Department, Tahsildars cannot be dismissed without previous sanction—and this rule ought to be extended to some other responsible situations—such as Taluq Serishtadars, Peishcar, Huzur Head Gomastah, and the like. A similar rule should be applied to protect Officers of the same grades in the Judicial Department.

8. The Governor in Council considers it but just and proper that greater protection should be given to *old* servants, and with this view he directs that the previous sanction of the controlling authority should be indispensable to the dismissal of any servant of 15 years' standing receiving a certain salary, say 25 Rupees a month; but the amount will be determined on the report of, or according to, the opinion of the High Court and Board of Revenue, who will confer together and report on this point.

9. In every case, the specific grounds upon which it is proposed to dismiss any servant should be reduced to writing and furnished to him, and the answer or defence or explanation of the party taken in writing, and the final decision of the superior recorded in writing. It will not be absolutely necessary for every head of charge to be formally proved by evidence, but where a specific fraudulent act is charged, of course it should be so proved in the presence of the party accused and subject to his cross-examination, and so with other specific acts susceptible of proof by the evidence of witnesses upon which accusations within the category are built; but the charges will often be matter of inference from circumstances not capable of formal proof, not but less leading to a moral conviction. The rule, therefore, on this head, ought not to be rigorous.

10. As connected with this subject, the Governor in Council takes the opportunity of declaring the practice of Officers introducing their own dependents or followers from other districts into high and responsible trusts under them in a new office, thus superseding the old servants of the office to be very objectionable; and he accordingly resolves that this source of arbitrary removal be at once checked. With regard to the highest offices in the Revenue Department, they are subject to the confirmation of the Board of Revenue, and it will be the duty of the Board to prevent the appointment of a follower of the Collector without good and sufficient reason being assigned, contrary to the declared sense of Government on the subject. The appointment of Deputy Serishtadar should also be made subject to the confirmation of the Board; but it will be sufficient when an Officer of that grade is appointed, that the appointment shall be reported to the Board with a statement of his previous services, that the Board may interfere if the appointment shall appear objectionable on the ground of the declaration of Government.

11. This course should also be followed in regard to the appointment of the Serishtadars and other principal Ministerial Officers of the Judicial Courts.

12. With regard to offices which are subject to no controlling authority, the Government will directly exercise the same measure of control as is proposed to be exercised by the High Court and the Board of Revenue respectively, in regard to the heads of Offices subordinate to them.

13. The High Court and the Board of Revenue, as well as other controlling authorities, will accordingly prepare and submit subsidiary Rules for giving effect to the foregoing views and orders of Government.

Messages sent by post to Telegraph Stations for transmission.

places where there is no Telegraph Station should be addressed to the nearest Government Telegraph Office by Post registered, together with Telegraph or Postage Stamps sufficient for their payment. Such messages are charged at the day rate at whatever time they may reach the Telegraph Station, and a receipt for the amount will be posted *free* to the sender.

Treatment of messages received by post for transmission insufficiently stamped.

In the case of a private message sent by Post to a Telegraph Station with an insufficient number of stamps, the message and stamps will be returned "Service Bearing" to the sender, who should in all cases give his full address.

Messages addressed to non-Telegraph Stations.

Rule XIII.—Messages can be addressed to places where there are no Telegraph Stations. In such cases the sender must state (free) from what Telegraph Office delivery is to be effected.

Example.—To Hazarcebaugh, "Post Burhee." No charge will be made for ordinary *inland* postage, which is defrayed by the Telegraph Administration. But if the sender of a message that has to be delivered by *inland* post wishes it to be registered, he must prepay the postal registration fee of four annas, and intimate that this has been done by adding (free) the words "Post registered," instead of "Post," before the name of the Telegraph Station at which the message is to be posted.

Postal registration is compulsory in the case of messages which have to be posted in India to places beyond Indian limits, and in such cases both the postage and registration fees must be prepaid by the sender.

Rule XIV.—With the following exception, all charges for messages must be prepaid in cash or in stamps:—

"Bearing" messages.

Messages are sent "bearing" from sea-ports when received for despatch by mail steamers or other vessels, but

no such message whether "prepaid" or "bearing" will be received for transmission until the name of the vessel has been made known. *Bearing messages will not be delivered to the addressees until after payment has been obtained.*

Use of Stamps.

Form of stamp provides a guarantee to the sender and to Government.

Forms obtainable *gratis* at all stations.

CHARGES.

Rule XX.—*No charge is made for the transmission of the address.*

The address includes names of stations from and to which the message is to be despatched, the *bond fide* names or designations of the sender and addressee, and the latter's address. No other words can be transmitted unless paid for as part of the

body of the message, and the Officers of the Telegraph Department are authorized to omit from the address any words which are not essential to the correct delivery of the message.

If the sender of a message desire *his own* address to be telegraphed, it must be included in the body of the message, and paid for.

Rule XV.—All charges on telegrams are prepaid in Telegraph Stamps, which are procurable at every Treasury and every Government Telegraph Station.

Telegraph Stamps are double-headed, the object being that the *upper half* shall be returned on the receipt (whereby the sender receives a guarantee that his message has not been suppressed for the sake of the stamps), and the *lower half* shall be affixed to the message as voucher to Government that it has been prepaid.

Proper Forms on which to write messages are available *gratis* at all Telegraph stations, and *senders are requested to use these forms only.*

The senders of messages should be careful to affix their stamps on the spaces left blank for the purpose on the message forms, the *upper half on the receipt, the lower half on the message*, and to see that the stamps are

Telegraph Stamps cut in two, before being sent into a Telegraph Office, or which are in any way defaced, cannot be accepted.

Rule XVI. Service messages from all public functionaries must be paid for in cash or in stamps prior to despatch: the rules are the same for service messages as those charged to private individuals. (*This rule will be relaxed in the case of Secretaries to Government and the chief Civil and Military officers of a station, but to them only in cases of emergency, the sender of the message being also bound to take the necessary steps to ascertain the amount of the charges on it, and to pay them into the Telegraph Office without fail within 24 hours.*)

Rule XVII. Service messages have no right of precedence, and take their turn for despatch with private messages, except in cases of pressing public emergency, when priority may be claimed on special grounds.

Rule XVIII. No unpaid messages, except those specified in the Departmental Regulations, shall on any account be transmitted. A violation of this rule will subject the Signaller or Telegraph Master in charge of

APPLICATION OF CHARGES.

Rule XXVI.—The maximum length of a word is fixed at six syllables. The excess is counted as a word.

Rule XXVII.—Messages must not contain any unusual combinations, abbreviations, or constructions. Any word in common use, which, although requiring two words to express it, is generally recognised as one word, is charged as one word when so written; when the two parts are not joined by a hyphen or apostrophe, and when less than seven syllables. “Halfpenny,” “Twopence,” “Threepence,” up to “Elevenpence,” when written as a single word, count as one word only. “F. O. B.” and “C. F. I.,” when written as separate letters, are each counted as three words, but when written “Fob,” “Cfi,” as one word.

Words joined by a hyphen. Rule XXVIII.—Words joined by a hyphen are counted as so many separate words.

Words separated by an apostrophe. Rule XXIX. Words separated by an apostrophe are counted as so many separate words. (*This rule does not apply to nouns in the possessive case, as “General’s,” “Charles’,” “Brother’s.”*)

Rule XXX.—Proper names of towns and persons, names of places, streets, ships, titles, Christian names, prefixes, and qualifications are counted for the number of words employed by the sender to express them.

Every separate character, including an underline, charged as a word. Rule XXXI.—Every isolated character, whether letter or figure, is counted as a word. The same applies to an underline.

Rule XXXII.—Signs of punctuation, hyphens, apostrophes, inverted commas, parenthesis, fresh paragraphs are not counted in ordinary messages. But decimal points, commas, and bars of division, used with figures, are each counted as a figure.

Rule XXXIII.—When numbers are expressed in figures in ordinary messages each group of five or fewer figures is counted as a word; the same rule applies to groups of letters; letters added to figures to form ordinal numbers are each counted as a figure.

Rule XXXIV.—In cipher messages all the characters, figures, letters, or signs employed in the cipher text are added together, the total divided by five, and the quotient, plus one for the remainder, if there be any, gives the number of words the ciphers represent. Signs used to separate groups in cipher messages are counted each as a figure or letter, unless the sender expressly desires that they be not transmitted.

Rule XXXV.—All that the sender writes in his message to be transmitted is included in the cost, but the address of a message, as defined in Rule XX, will be transmitted without charge.

All words to be transmitted charged for.

The day, hour, and minute (Madras time) of receipt of a message into a Telegraph Office for despatch are in every instance added by the department *and telegraphed free of charge*. Senders may, however, date their messages if they think fit, but the sender's date, if given, will be charged for.

Multiple messages charged as separate messages.

Rule XXXVI.—A message addressed to several persons, or to the same person in localities where delivery is to be effected by different offices, is charged for as so many separate messages.

Rule XXXVII.—A message addressed to several persons in one locality, or to the same person at several places of residence in one locality, with or without transmission by post, is charged for as a single message, but a copying fee of four annas, independently of postage, if any, is charged for each destination after the first.

Multiple messages charged as one message.

Collation (or Repetition) of Messages.

Rule XXXVIII.—The sender of any message can require that it be collated.

Collation of messages. In this case the different stations employed in its transmission collate it as it passes, repeating it to each other integrally.

Rule XXXIX.—The charge for collating is equal to half the charge for the message. A collated message is indicated by the word "*collationee*," which, to ensure the greatest accuracy, is telegraphed (free) both in the official instructions and as the first word of the text of the message.

Charge for collation.

Advice of Delivery.

Rule XL.—Any sender can require that a notice of the time at which his message is delivered be transmitted to him by telegraph. This advice of delivery may be addressed to him at any station he may name.

Advice of delivery.

Rule XLI.—If the message cannot be delivered, the return telegram indicates the circumstances which prevented delivery, and, if possible, gives the information necessary to enable the sender to cause his message to reach its destination.

Case of non-delivery.

Priority of return message. The return message has priority in transmission over other messages of the same class.

Rule XLII.—The charge for an advice of delivery is equal to that for a single message at ordinary or day rate.

Charge for advice of delivery.

Prepayment of Reply.

Rule XLIII.—The sender of a message can prepay a reply not exceeding 200 words. He must add to his message the words "reply paid" or "answer paid." These must form the concluding words of the message, but will not be charged for. On depositing the corresponding sum, the sender can add (free) to the words "reply paid" or "answer paid" the amount to which he wishes the reply to be limited. When the words "reply paid" alone are given, without any specified amount, it will be understood that the minimum charge only has been prepaid. The terminal station pays to the receiver, in Telegraph Stamps, the amount prepaid, leaving it to him to send his answer how, when, and to what address he pleases, or not to send one at all. The reply, if sent, is considered in every respect as a fresh message. Should it be impossible to effect delivery of a reply-paid message, the terminal station sends a telegram to that effect to the sender, and this telegram takes the place of the return message for which a reply has been prepaid. *The words "reply paid" or "answer paid" entitle the addressee to receive the equivalent of the minimum charge only, and if he wishes to answer at a time when the double charge is levied, he must pay the additional cost himself. It should be distinctly understood that it is not compulsory on the addressee to send a reply. The duty of the Telegraph Department consists simply in paying to him in Telegraph Stamps the amount prepaid, leaving him at liberty to do what he pleases with it.*

Delivery.

Free delivery within five miles of a Telegraph Station.

Rule XLIV.—Messages will be delivered free of charge at any place within five miles of a Telegraph Station. Beyond this distance messages will be sent by Post or by such other means as the sender may arrange and pay for.

Rule XLV.—Should the addressee of a message have left the station to which it is addressed, and it be sent on by Telegraph to some other station, it will on re-transmission be considered in every respect as a fresh message, and all bearing charges must be paid by the addressee before the telegram is delivered to him.

Charge for re-addressing a message.

Clear Line Messages.

Rule XLVI.—On emergent occasions of great importance, the public functionaries named below have the power to "clear the line," that is, to suspend the receipt and despatch of all messages until the one for which the line is "cleared" is passed on:

- (1).—The Governor-General of India.
- (2).—The Governors of Madras, Bombay, and Ceylon.
- (3).—Commanders-in-Chief, India, Madras, and Bombay.
- (4).—Lieut.-Governors of Bengal, North-Western Provinces, and the Punjab.
- (5).—Secretaries to the Government of India.
- (6).—Secretaries to the Governments of Madras, Bombay, Bengal, North-Western Provinces, and the Punjab.
- (7).—Chief Commissioners of Oudh, the Central Provinces, British Burmah, and Mysore and Coorg.
- (8).—Agents to the Governor-General, Rajpootana and Central India.
- (9).—Commissioners of Sindh and Peshawur.
- (10).—Director-General of Telegraphs in India.
- (11).—The Resident at Hyderabad (Deccan).

The messages so sent are, however, to be paid for in cash or in stamps as other service messages.

Refunds.

No refund given for errors in an uncollated message.

Rule XLVII.—No refund will be made for a message delivered wholly or partially in an unintelligible state, unless the extra charge for collation has been paid by the sender. See Rule XXXIX.

Conditions of refund in the case of non-delivery or delay of messages.

Rule XLVIII.—If a message be not delivered or be subjected to serious delay through the fault of the Telegraph Department, the whole charge made for it will be returned to the sender.

Rule XLIX.—Applications for refunds, as also all complaints respecting messages, should be addressed to the *Telegraph Check Office, Calcutta*. Such claim for refund should be made, under penalty of rejection, within two months from the date of the message, but this period is extended to six months in the case of a collated message or of a message for which a reply or an advice of delivery has been prepaid. (*When an overcharge has been made on an Inland message through the neglect of the Telegraph employés, and when there exists no doubt whatever as to the justice of the claim, the amount overcharged will be repaid at once by the Telegraph Master.*)

Rule L.—If the sender of an Inland message wishes to cancel it before transmission has commenced, he can do so; but the charges upon it will not be returned when once the stamps are obliterated. If the message is in course of transmission, or has already been despatched, it can only be cancelled by a paid message from the sender to the Telegraph Master of the terminal station. If in addition the sender wishes to be informed by Telegraph in what manner his request has been acted upon, he must deposit the cost of the return telegram.

Obligation of Service.

Rule LI.—To secure secrecy as much as possible, all persons, including Officers of the Department not actually on duty, are strictly prohibited from entering the signal-room. Breach of this regulation renders an offender liable to a fine of Rs. 100 under Act VIII of 1860.

Rule LII.—Violation of secrecy on the part of any person in the Department will be punished by dismissal from office, forfeiture of arrears of pay, and a declaration in the official Gazette of the incapacity of the delinquent to serve the Government in any capacity. He will also be liable to the further punishment of fine, or to imprisonment (with or without labor) not exceeding two years, or to both.

It is a violation of secrecy to mention the fact that a message has been received or despatched by any particular person or firm.

Copies of Messages.

Rule LIII.—The sender and receiver have a right to be furnished with certified true copies of any message sent or received by them; a fixed charge of four annas is made for every copy furnished. As no Telegraph Office keeps copies of messages longer than three days, applications for copies required after that time has elapsed should be made to the Telegraph Check Office, Calcutta.

Applications for copies must be made within six months of the date of the message. At the expiration of that period all message drafts are destroyed.

One anna must be enclosed for postage of the reply, failing which it will be sent "bearing."

Press Messages.

Rule LIV.—Under certain conditions, to be ascertained on application to the Director-General of Telegraphs (Traffic Branch), *bond fide* Press messages, i. e., messages in the ordinary English language addressed to, and intended for, publication in a newspaper, can be despatched at reduced rates.

TARIFF FOR FOREIGN MESSAGES FROM 1st JANUARY 1873.

(All previous notices cancelled.)

The minimum charge (or single rate) is for a message of 20 words, including names and address. A half rate is chargeable for every 10 words or less in excess of 20 words. The Station From, as well as the date and time tendered for transmission, are telegraphed free.

All charges are payable by the sender, except in the few instances where the Rules specially state that the receiver has to pay.

Foreign Messages are received for transmission subject to the Rules of the International Convention.

The accuracy of messages is not guaranteed, and the Telegraph Department accepts no responsibility in respect of Foreign telegrams.

The sender of a message can *PREPAY A REPLY*, by adding the words "*reply prepaid*" (which are counted and charged for), and depositing the cost of the reply, which is limited to three times the cost of the original message. The delivering station pays the amount to the addressee in money or stamps, leaving it to him to send the reply at any time, by any route and to any address he pleases. The reply, if sent, is treated in every respect as a fresh message. If the original message cannot be delivered, or the addressee refuse the amount deposited, the sender is informed of the fact by a telegram, which takes the place of the reply.

Messages can be *collated*. The sender writes the word "*Collationné*" (which is charged for) as the first word of the message and also in "Official Instructions." The message is then repeated back from station to station to ensure correctness. The charge for "*collating*" is equal to half the charge for the message.

The sender can prepay the charge for an *advance of delivery*. If the message is delivered, the exact time at which it reached the addressee is given. If the message cannot be delivered, the cause of non-delivery is stated. The cost of this message is that for a message of a single rate.

The sender can prescribe the ROUTE he wishes his telegram to follow; no charge is made for this. (Instructions as to route printed on the message form are not admissible.)

UNDER-CHARGES MADE IN ERROR ARE RECOVERABLE FROM THE SENDER OF THE MESSAGE.

Refund of the whole cost is given if the telegram is subjected to serious delay, or fails to reach its destination *through the fault of the Telegraph Service*, but the sender must accept the consequences of insufficiency of address. Refund is also given in the case of a *COLLATED message only* if, in consequence of mutilation, the telegram is unable to fulfil its object. Claims to refund must be made *by the sender* to the CHECK OFFICE, GOVERNMENT TELEGRAPH DEPARTMENT, CALCUTTA, within six months of the date of the message, and must be supported, in case of non-delivery, by a certificate to that effect from the Terminal Station or addressee; and, in case of mutilation, by the copy actually delivered, and by a certificate from the addressee that, in consequence of mutilation, the telegram was unable to fulfil its object.

All enquiries respecting a message should be made to the Check Office, Government Telegraph Department, Calcutta, within six months of its date. No such enquiry can be attended to without the production of the receipt.

The Madras Railway Company forward Telegraph Messages for the public to any Station on the Railway and Towns adjacent thereto on the following conditions viz

General Instructions

The accuracy of messages is not guaranteed and the sender and receiver must accept all risks arising from non delivery or delays.

No message or messages of more than 200 words can be sent at any one time by any private individual or firm and no second message by the same individual or firm till after the lapse of three hours unless the lines be free and are not required for the Company's use.

Senders of messages are advised to write their messages in an unmistakable and distinct hand and to use the shortest and plainest language which they can select. The more intelligible the message the greater is the probability of its being correctly transmitted.

In cases of extreme pressure of business Signallers in charge of Offices may refuse to receive for despatch any message beyond the number which experience shows may be cleared off within the day. The messages in such cases are not to be received and kept for despatch the following day but must be returned so as to prevent accumulation.

In cases of interruption of any line Signaller in charge of Offices have the power to refuse the receipt of messages for transmission to Stations, communication with which is interrupted.

In every case all persons sending messages for places *beyond* the interrupted Station, should be informed of the interruption, advised not to leave the message, and acquainted that a refund will not be made in case of delay from this cause.

No stranger can be admitted behind the counter of the Telegraph Office except by a special Order from an Officer of the Company.

Acceptance of Messages for Transmission

Messages must be in the Roman character, and legibly written. Messages can be sent in vernacular, if written in the Roman character, the charge will be the same as for a message in a foreign language.

The body of the message must be preceded by the address, and followed by the signature. The true signature and address of the sender must always be written at the foot of the message.

The sender of a private message can always be called upon to prove that the signature attached to it is genuine.

The address must contain all the information necessary to ensure the delivery of the message at its destination, and the sender must in all cases support the consequences of insufficiency of address. After the message is once despatched, it can neither be cancelled, completed nor rectified except by the despatch of a fresh paid message.

Messages may be written in *ordinary English language*, in *cipher*, in *code*, or in any *foreign language* written in the Roman character.

Ordinary messages can contain only standard English dictionary words.

Cipher messages are those which consist wholly or in part of groups of figures or letters not forming words. The whole of the cipher portion must be composed either *exclusively* of letters of the alphabet or *exclusively* of figures. The body of the message may consist either wholly of cipher or partly of cipher, and partly of ordinary language. The parts in cipher must be placed between parenthesis, separating them from the rest of the message.

EXAMPLES OF CIPHER MESSAGES WHICH ARE ADMISSIBLE.

“(4597) (63289) (459) (181764).”

“Send sharp (839) (2146). Further shipments (154).”

“(AVK) (B) (CPG) (GKRSN).”

“Exchange falling (BKS) (FBJK). No demand (BKJ).”

EXAMPLES OF CIPHER MESSAGES WHICH ARE NOT ADMISSIBLE.

“(45 AB(') (234 XYZ).”

“(1234) (PQR) (CBG) (789).”

“*Code*” messages are those in which a number of recognised words follow each other without forming sense.

Messages consisting of nouns, adjectives, &c., unconnected by verbs and other parts of speech necessary for the formation of sentences are considered “code” messages. Cipher and code messages are always repeated back by every station *en-route* to ensure the greatest possible accuracy.

Messages in ordinary language can contain no unusual combinations, abbreviations, or constructions, nor words of more than six syllables. Any word in common use, which, although requiring two words to express, is generally recognised as one word, is charged as one word when so written; when the two parts are not joined by a hyphen or apostrophe, and when less than seven syllables. “Halfpenny,” “Twopence,” “Threepence,” up to “Elevenpence,” when written as a single word, count as one word only. “F. O. B.” and “C. F. I.” when written as separate letters, are each counted as three words, but when written “Fob,” “Cfi,” as one word.

Every interlineation, reference, erasure or alteration of words should be authenticated by the sender of the message, or by his representative.

Messages can be addressed bearing to places inland where there are no Telegraph

Stations. In such cases the sender must state from what Telegraph Station the message should be posted.

Example.—To Seringapatam “Post Bangalore.” To Ramandroog “Post Bellary.”

If the sender of a message that has to be delivered by *inland* post wishes it to be sent to destination by registered Post, he must prepay the postal registration fee of four annas, and intimate that this has been done by placing the words “Post registered,” instead of “Post,” before the name of the Telegraph Station at which the message is to be posted.

Postal registration is compulsory in the case of messages addressed to places beyond Indian limits, and in such cases the postage and registration fees must be prepaid.

Proper Forms on which to write messages are available *gratis* at all Stations, and senders are requested to use these forms only.

No unpaid private messages shall on any account be transmitted. A violation of this rule will subject the Signaller in charge of the Office from which a message is improperly despatched to dismissal.

R U L E S.

(CHARGES.)

No charge is made for the transmission of the address.

The address includes names of Stations from and to which the message is to be despatched, the *bond fide* names of the sender and addressee, and the latter's address. No other words can be transmitted unless paid for as part of the body of the message.

RS. A. .

For every six words or less or fraction of six words of ordinary English language exclusive of the address between any two Stations in India	1 0
For every six words or less or fraction of six words in cipher exclusive of the address	2 0
For every six words or less exclusive of the address in ordinary English language between any Stations in India and any Station in British Burmah or Ceylon	1 8
In cipher	3 0

The maximum length of a word is fixed at six syllables ; the excess is counted as a word.

For repeating a message by order of sender.—Twice the value of a single charge.

The charge for a message in cipher, is double the charge for a message in ordinary English language.

A message can be sent from any Station on the Madras Railway to any Government Telegraph Station, or *vice versa*, without additional charge.

A double charge will be levied on all messages tendered for transmission between the hours of 6 P. M. and 6 A. M., double charges are also collected on Sundays and on the following holidays: —viz., Christmas Day, New Year's Day, Good Friday, and on the Queen's Birthday.

Words joined by a hyphen are counted as so many separate words.

Words separated by an apostrophe are counted as so many separate words, but this order does not apply to nouns in the possessive case, as “General's,” “Charles's,” “Brothers,” &c.

Proper names of towns and persons, names of places, streets, ships, titles, Christian names, prefixes and qualifications, are counted for the number of words employed to express them.

Every separate character, whether letter or figure, is counted as a word. The same applies to an underline.

Signs which the instruments express by a single signal (signs of punctuations, hyphens, apostrophes, inverted commas, parenthesis, fresh paragraphs) are not counted. But decimal points, commas, and bars of division, used with figures, are each counted as a figure. Signs used to separate groups in cipher messages are counted each as a figure or letter, unless the sender expressly desires that they be not transmitted.

When numbers are expressed in figures in ordinary messages, each group of five or fewer figures is counted as a word; letters added to figures to form ordinal numbers are each counted as a figure.

In cipher messages, the parts in cipher must consist exclusively of Arabic figures or exclusively of letters of the alphabet, and be placed between parenthesis, separating them from the rest of the message. All the characters, figures, letters, or signs employed in the cipher text are added together, the total divided by five, and the quotient, plus one for the remainder, if there be any, gives the number of words the ciphers represent.

All that the sender writes in his message to be transmitted is included in the cost, but the address of a message *will be transmitted without charge*.

The day, hour, and minute of receipt of a message into a Telegraph Office for despatch are in every instance added by the Signaller *and signalled, free of charge*. Senders may, however, date their messages if they think fit, but the sender's date if given, will be charged for, and, to avoid confusion with that given by the Signaller, will, if written at the beginning, be transferred to the end of the message.

1st. A message addressed to several persons in localities where delivery is to be effected by different Offices, is charged for as so many separate messages.

2nd. A message addressed to several persons in one locality, or to the same person at several places of residence in one locality, with or without transmission by post, is charged for as a single message, but a copying fee of four annas, independently of postage, if any, is charged for each destination after the first.

3rd. The charge for a message sent partly by Government, and partly by any Railway Company's Line of Telegraph will be the same as that charged for a message between any two Stations on this Railway.

4th. The charge will be divided between the Companies concerned in the following manner, viz:—

5th. In the case of a message passing over *two systems only* say—from Salem to Bombay, the Madras Railway Company's share will be one-half, and the Government Telegraph share will be the other half.

6th. In the case of a message passing over *the three different systems*—say from Trichinopoly to Bombay, the Great Southern Railway Company's share will be one-third, the Madras Railway Company's share one-third, and the Government Telegraph share one-third.

Pre-paid Replies.

The sender of a message can pre-pay a reply not exceeding 200 words. He must add the words "reply paid" or "answer paid." These must form the concluding words of the message, but will not be charged for. On depositing the corresponding sum the sender can add (free) to the words "reply paid" or "answer paid," the amount to which he wishes the reply to be limited. When the words "reply paid" alone are given, without any specified amount, it will be understood that the minimum charge only has been pre-paid. The reply is considered in every respect as a fresh message. Should it be impossible to effect delivery of a reply paid message, the terminal Station sends a telegram to that effect to the sender, and this telegram takes the place of the return message for which a reply has been pre-paid. *The words "reply paid" or "answer paid" entitled the addressee to receive the equivalent of the minimum charge only, and if he wishes to answer at a time when the double charge is levied, he must pay the additional cost himself. It should be distinctly understood that it is not compulsory on the addressee to send a reply.*

Delivery.

Messages will be delivered free of charge at any place within five miles of a Station. Beyond this distance, messages will be sent by Post or by such other means as the sender may arrange and pay for.

Any additional words that may be necessary to explain the delivery of a message, when its destination is more than five miles beyond the nearest Telegraph Station, will be considered as part of the message, and charged for accordingly.

Should the addressee of a message leave the Station to which it is addressed, and it be sent on by Telegraph to some other Station, an additional charge of one Rupee for every six words of message in ordinary English language, and of two Rupees for every six words of message not in ordinary English language, must be paid by the addressee for every extra address, *before the telegram is delivered to him.*

Refunds.

No refund will be made for a message delivered wholly or partially in an intelligible state (or for late delivery, mis-delivery, or non-delivery) unless it be repeated. Applications for refunds, as also all complaints respecting messages, should be addressed to the Traffic Manager, Madras.

Every claim should be made, under penalty of rejection, within three months from the date of the message. *When an over-charge has been made on a message through the neglect of the Railway employes and when there exists no doubt whatever as to the justice of the claim, the amount over-charged will be re-paid at once by the Traffic Manager.*

If a registered message be not delivered through the fault of the Railway employes or be delayed or mutilated to such an extent as to be manifestly unable to fulfil its object, the whole charge made for it will be returned to the sender.

If the sender of a message wishes to cancel it when the message is in course of transmission, or has already been despatched, it can only be cancelled by a paid message from the sender to the Signaller of the terminal Station. If in addition the sender wishes to be informed by Telegraph in what manner his request has been acted upon, he must deposit the cost of the return telegram.

It is requested that all irregularities and delays may be notified to H. E. CHURCH, Traffic Manager, Madras.

ROBERT B. ELWIN,

Agent and Manager.

The public are invited to give particular attention to the following remarks and instructions, viz :—

ADDRESSES ON INLAND COVERS.—No address is complete which does not contain the Post Town, from which delivery is intended, and care should always be taken to write the name of the Post Town as clearly as possible. It should generally form the last part of the address. If, however, the cover be directed to a Post Town of small note (especially if situated in another Province), or if it be directed to a Post Town having a name the same as, or very similar to the name of another Post Town, it is proper to add in brackets the name of the District or Province in which the Post Town of address is situated. This can always be ascertained by reference to the List of Post Offices.

Care should be taken to spell the names of Post Towns in the same way as they are spelt in the List of Post Offices and to write them *legibly in large well-formed characters*. It must be remembered that to natives of this country the English language is an acquired one, and that they are not so well able to decipher imperfect current hand-writing as if the language and character were their own.

Covers not exceeding 10 tolas in weight which are intended to be sent otherwise than by Letter Post should have the words "Packet Post" or "Banghy Post" (as the case may be) superscribed on the address side of the cover. In the absence of such superscription, they are forwarded by Letter Post and charged at Letter rates.

ADDRESSES ON FOREIGN COVERS. In the case of letters for places abroad, the name of the *country* (written clearly in large well-formed characters) as well as the town or city should be given in full. Attention to this rule will often assist in deciphering the name of the town or city, and will prevent the letter from being mis-sent when there are towns of the same name in different countries. The address of every letter to a place abroad should end with the name of the country. Names of foreign towns, cities, or countries should be spelt in the address in the same way as in the Foreign Postage Schedule; and the attention of foreigners is particularly directed to this point, as many of them are in the habit of spelling foreign names according to the foreign method. If the route by which the cover is intended to be sent be given by the sender, it should be written on the upper left-hand corner, and if the name of the sender be given, it should be written on the lower left-hand corner.

For rules respecting the marking of the *particular route* by which a cover is intended to be sent, and respecting the practice of the Post Office in selecting routes when no particular route is given by the sender.

POSTAGE LABELS HOW TO BE PLACED, &c.—Labels should be placed on the front, that is, the address side of the letter and upon the right-hand upper corner. On re-directed letters, however, care should be taken not to place fresh stamps over the stamps which have been previously used.

The public are recommended to mark the stamps affixed by them to covers either by lines drawn across them or by writing across them. Covers may be destroyed for the sake of the stamps borne by them, and as stamps bearing any mark denoting previous use cannot be so readily disposed of, much risk is avoided by the practice here recommended.

TRANSMISSION OF CURRENCY NOTES BY POST.—Letters containing coin or a Currency Note or any portion thereof addressed to any place in India *must be regis-*

tered, and it is strongly recommended that Currency Notes sent through the post be sent in *halves*, the second halves being forwarded on acknowledgment of the receipt of the first halves. This method avoids much risk, for the value of the half-note (if the other half be lost) can be recovered from the Paper Currency Department at a small charge under a Bond of Indemnity. If, on the other hand, whole notes sent by post are lost, the Currency Department does not recognize any claim on the part of the loser, although it records the loss, and, when the note is presented and paid at any Currency Office, informs the Police and the person who lost the note. As, however, stolen notes are seldom presented by the thief, and as notice received in good faith are good possession, the recovery of a lost whole note is comparatively rare.

When Currency Notes are sent by post, covers or envelopes of a substantial and non-transparent kind should be used. The large black figures indicating the value of a Currency Note can be deciphered even if covered by eight-fold of paper of the thin transparent kind so commonly used in this country. The public are earnestly requested not to place unnecessary temptation in this respect before their own servants who take such letters to the post and before the Post Office employees.

REGISTRATION OF PACKETS, &c.—Attention is invited to the fact that not only Letters but also Newspapers and *Packet of books or patterns*, can be registered by inland post to any part of India, or by foreign post (British Packet) to the United Kingdom, the United States of America, and any British Colony. The fee for registering, newspaper or packet is the same as for registering a letter, and in all cases mentioned is irrespective of weight.

CHANGES OF RESIDENCE.—Persons changing their place of residence are particularly requested to leave written instructions at the Post Office of their previous residence and to send written instructions to the Post Office of the place to which they may be going. A separate written instruction is required for every change of address, and no instruction will be attended to for more than three months after its receipt. No complicated or conditional instructions for re-direction can be attended to, and persons desiring services of this nature are advised to employ an Agent, to whom, if they so desire, all letters received to their address will be delivered. Instructions for re-direction should state clearly whether they are meant to apply to covers for other members of the family or household of the person giving the instructions.

RE-POSTED ARTICLES.—Covers of which delivery is actually effected, if again committed to the post, are termed re-posted covers, and are treated in the same way as covers committed to the post for the first time, no account being taken of any obliterated stamps which may be borne by them. If, however, a cover tendered at the place of address is at once returned to the Post Office person who brings it (whether with or without an indication of revised address), it is treated as a re-directed article, the postage chargeable for further transmission being at prepaid rates only.

COMPLAINTS AGAINST THE POST OFFICE.—Complaints against the Post Office, certified as such under the full signature and address of the sender, and addressed to any officer of the Postal Department, are not chargeable with any postage. In all complaints of overcharge or unnecessary delay in delivering letters or other articles, the covers or envelopes bearing the Post Office stamp must be presented for inspection; and when any complaints are preferred against any letter-carrier, the number on his badge should be specified.

WINDOW DELIVERY.—To payers of a fee of 12 Rupees per annum, tickets are furnished which entitle the holders thereof to receive all letters, &c., at the General Post Office, as soon as the Mails (Indian or English) have been examined and sorted.

AT PROVINCIAL OR MORUSSIL POST OFFICES.—The delivery of letters, &c., depends on the time of the arrival of Mails.

INDIAN INLAND LETTER POST. Letters and other articles are conveyed by this means between any two Post Offices in India, at the following rates, if prepaid:—

Not exceeding $\frac{1}{2}$ tolah, 6 Pie; 1 tolah, 1 Anna; $1\frac{1}{2}$ tolah, 2 Annas; 2 tolahs, 3 Annas; and so on, adding an additional Anna for every tolah in weight or fraction thereof.

Every person who may not be paid by Post Office Department, through whom any district post letter may be delivered, is authorized to receive a fee of one Pice, (a fourth of an Anna) for his own use, in addition to any unpaid postage which may be due on it.

Inland postage is not chargeable on Soldiers' *overland* letters.

Newspapers for Soldiers are not subject to forward postage when re-directed

REGISTRATION.—Letters and Newspapers, can be registered by payment of 4 Annas in addition to postage, both of which must be prepaid by stamps.

The party posting such letters will be furnished with receipt bearing the address of the letter and the office stamps.

Letters sent to be registered should be well secured with sealing wax, as those fastened with gum or wafer can be opened with impunity and without the slightest difficulty.

Registration makes the transmission of a letter more secure, as its disposal can thereby be traced.

As registration does not involve a receipt for the contents of a letter, and as abstraction thereof may take place *before* as well as *after* the cover is posted, it is always advisable for the addressee who expects valuable enclosures to *open the letter in the presence of the Postman* at the time of granting the receipt.

The registration of letters containing valuables, such as Bank Notes or coin is compulsory—covers containing such articles when posted without being registered are charged with a double fee.

On the delivery for a registered letter, a receipt for the same must be signed immediately and given to the delivery peon.

CEYLON POST.—Letters sent from India by post, whether by land or by B. I. S. N. Co.'s Contract Steamers to any part of Ceylon, are liable to the undermentioned rates of postage, which must be prepaid; otherwise they will be returned to the sender through the Dead Letter Office if the letters are superscribed for either of those routes.

and so on, adding 2 Annas or 3d. for every additional $\frac{1}{2}$ oz. or fraction of $\frac{1}{2}$ oz.

The above rates will only prepay a letter from the station of despatch to that of original address.

Newspapers are forwarded both by dawk as well as by Steamers at the rate of 2 Annas for 4 ozs. which will carry them to destination. Book-packages and Patterns are only sent by Steamers at the rate of 2 Annas for every 4 ozs.

MYSORE ANCHAY POST.—The postage on letters, &c., posted for delivery through the *Mysore Anchay, i. e.*, the separate post of the Mysore Government, must be *fully* prepaid, or otherwise they are detained and forwarded to the Dead Letter Office for disposal, except in the case of unpaid imported letters, &c., and those taxed with forward postage for re-direction.

But no late letter will be forwarded by the Mail preparing for despatch unless fully prepared, by means of Stamps, so as to include the ordinary postage and a late letter fee of half a Rupee. Late letters are such as are posted after the hour fixed for the closing of any Mail, and which, therefore, cannot be sent forward by the Mail then in preparation, unless extra payment be made. No office shall be kept open merely for the reception of the late letters after the usual hour of closing at night. Late letters can be posted only at a Post Office.

The Post Master at any station, or person in charge of the Post Office, shall have power to refuse letters or other articles bearing the appearance of having been opened and re-closed, or otherwise improperly dealt with, unless the writer or sender thereof shall attest with his full signature, that they were sent in that state.

REGISTERED INLAND NEWSPAPER POST.—Newspapers and proof sheets are transmitted by letter post at the following rates *which must be prepaid by stamps* :—

Not exceeding 10 tolahs in weight, $\frac{1}{2}$ Anna ; 20 tolahs, 1 Anna.

They should be packed in covers open at the ends, or sent without covers.

No more than one newspaper can be sent under one cover. An extra Supplement of the same date may be enclosed.

Newspapers must not contain any writings except the name and address of the person to whom they are sent, and the name and address of the sender.

The pre-payment of postage on newspapers is compulsory.

The paper must have on the wrapper the word Registered followed by the Registered No. printed, otherwise it cannot be sent by Letter Mail.

Newspapers posted unpaid or insufficiently paid or transferred to the Dead Letter Office, for return to sender. Proof sheets are treated as newspapers when the contents are correctly certified on the cover, with the full signature of the sender.

LETTERS.

What articles treated as letters.

2. Any article, not coming under the condition prescribed for registered newspapers, proof sheets, or unregistered newspapers, which does not exceed ten tolas in weight, and which is not specially superscribed for transmission as a parcel or a packet, is treated as a letter, and any article, not coming under the conditions prescribed for registered newspapers or proof sheets, which exceeds ten tolas in weight and which is superscribed for transmission by letter post, or is prepaid at the letter post rate, or is judged from outward appearance or other considerations to be intended for transmission by letter post, is also treated as a letter.

Unpaid or insufficiently paid letters.

3. The postage chargeable on a letter, if not prepaid, is double the amount which would have been chargeable if prepaid, and if the prepayment is insufficient, double the deficiency is charged.

REGISTERED NEWSPAPERS.

What articles treated as registered newspapers.

4. Periodical publications, published at intervals not exceeding 31 days, which have been registered for transmission by post in the Office of the Post Master General (or officer exercising the powers of Post Master General) of the postal circle in which they are published, and which fulfil the undermentioned conditions, are treated as registered newspapers.

N. B.—The registration of a paper expires at the close of the calendar year following that in which the registration was effected, and must be renewed if a continuance of the privilege beyond that time is desired.

Each registered newspaper charged separately.

5. The postage rates given above are chargeable upon *each* registered newspaper ; but an extra or supplement to any registered newspaper bearing the same date as the newspaper, and transmitted therewith under the same cover, is deemed part of the newspaper.

Prepayment of registered newspapers compulsory.

6. Registered newspapers can be forwarded by the letter post at the above-mentioned rate only if the postage be fully prepaid. A registered newspaper posted unpaid or insufficiently paid will be forwarded to the Dead Letter Office.

Conditions to be observed in respect of registered newspapers.

7. Registered newspapers can be forwarded by letter post at the above-mentioned rates only if the following conditions be observed, viz :—

(1).—It shall be without a cover or in a short cover open at the ends.

(2).—There shall be no word printed on such newspaper after its publication, or upon the cover thereof, nor any writing or mark upon it, or upon the cover of it, except the name and address of the person to whom it is sent, and the name and address of the sender.

(4).—The newspaper must bear in print immediately above the address the word “registered” followed by the registration number given by the Post Master General.

N. B.—The word “registered” followed by the number may be printed on the paper itself or on its cover, but must in all cases be *immediately above the address*.

(5).—The newspaper must be posted at the place of publication.

N. B.—It is immaterial whether the paper is posted by the publisher or by any one else, or whether it is posted on the day of publication or on a subsequent date. When a registered newspaper is re-directed, “forward” postage is charged at the lower rate, even though the re-direction may take place at an office other than that of the place of publication. Registered newspapers when re-posted are treated as if posted for the first time, and are entitled to transmission at the lower rate only if the conditions be fulfilled.

PROOF SHEETS

May be sent by letter post at registered newspaper rates under certificate.

8. Proof sheets, marked as such, may be sent by the letter post either without covers or in covers open at the ends at the rates prescribed for registered newspapers, provided that the contents be correctly certified on the cover by the signature in full of the sender.

UNREGISTERED NEWSPAPERS, &c.

What articles treated as unregistered Newspapers.

9. Any cover not exceeding ten tolas in weight which is posted with the ends open (so as to admit of examination of contents) and prepaid with one anna postage, and which does not contain any letter (not wholly printed) or communication of the nature of a letter, unless the whole of such letter or communication be printed, is treated as an unregistered newspaper.

PARCELS AND PACKETS.

What articles treated as parcels or packets.

10. All articles committed to the Post Office, which are superscribed for transmission as parcels or packets or which do not fall to be treated as letters, registered newspapers, proof sheets, or unregistered newspapers under the preceding paragraphs, are transmitted by banghy post as parcels or packets.

Distinction between parcels and packets.

11. The distinction between parcels and packets is (1) that packets must be packed in open covers, while parcels may, at the option of the sender, be packed in closed covers; (2) that parcels are transmitted under a system of registration, while packets are not; and (3) that for parcels prepayment of postage is optional, while for packets full prepayment is compulsory. Any article of this class, which is posted fully prepaid at parcel rates, or superscribed by the sender for transmission as a parcel, or presented at the Post Office for that purpose, or which, owing to deficient prepayment or excess of size, or mode of packing, cannot be forwarded as a packet, is treated as a parcel, and all other articles of this class are treated as packets.

Contents of parcels and packets.

12. Not more than one letter, (not wholly printed) or communication of the nature of a letter may be enclosed in any parcel, and no letter (not wholly printed) or communication of the nature of a letter may be enclosed in a packet, nor may a packet contain anything closed against inspection; but with these exceptions, and with the exception also of dangerous substances and other articles which cannot be sent by post in any form, there are no restrictions as to the contents of parcels and packets.

Unpaid and insufficiently paid parcels.

13. Unpaid parcels are charged on delivery at the same rates as would have been chargeable if the postage had been prepaid; insufficiently paid parcels are charged on delivery with the deficiency.

Receipts given for parcels when properly packed.

14. A person tendering a parcel at a Post Office within the prescribed hours is entitled to get a receipt for it, provided that the parcel so tendered is securely packed in cloth, wax-cloth, or tin; and if it is packed in cloth or wax-cloth, provided further that it bears seals with distinct impressions of some device (not that of a current coin) at intervals not exceeding five inches along the edges of sewing.

Receipts to be signed by addressee on delivery of parcels.

15. The addressee of parcels are required to sign receipts for them on delivery.

Limit of weight of parcels.

16. No parcel exceeding 25 seers (2,000 tolas) in weight can be received at any Post Office for despatch.

Parcels received by post from seaward, exceeding the above weight, are made over to the Collector of Customs for publication in his list of unclaimed packages.

Limit of size of packets.

17. No packet may exceed one foot and a half in length, or one foot in width or depth, and if any such packet be posted it will be treated as a parcel and charged accordingly.

Parcels between places connected by railway.

18. Between places connected by railway, where the railway authorities may have intimated their readiness to undertake the conveyance and delivery of parcels, the Post Office does not convey parcels, except such as may be sent on the public service. Of course, if either the place of address or the place of despatch be not on the line of railway, the above rule does not apply.

MISCELLANEOUS REGULATIONS, &c.

Name of sender not to be demanded.

19. The name of the sender of any letter or other article shall not be demanded in any Post Office : this rule does not prevent the name of the sender being asked for in the case of a registered letter or parcel (with the view of enabling the Department to communicate with him in the event of loss or miscarriage), but it is optional with the sender even in such cases to refuse compliance with the request.

Transmission of dangerous or offensive substances prohibited.

20. It is forbidden to send by post explosive, dangerous or offensive substances or material such as gunpowder, matches, percussion caps, saltpetre, indigo, assafetida, glass, liquids, &c., or any article which either in itself (however packed) or by reason of insecure packing may be liable to injure the contents of the mail bags or the persons of the mail officers. For the disposal of covers suspected to contain such articles, see the last clause of the following paragraph.

Treatment of letters, &c., suspected to contain anything in contravention of Postal Rules.

21. Letters or other articles, suspected to contain anything in contravention* of Postal Rules, shall not be detained for examination at the despatching office, but shall be forwarded marked "doubtful." The Post Master receiving such letters or other articles shall then act in accordance with Section 60 of the Post Office Act.

Where the infringement of rule is obvious, no detention being necessary for the purpose of examination, and the penalty being merely the charge of a different rate of postage, or the refusal to receive or forward the article, the Post Master of the despatching office will himself take the necessary steps ; and in all cases in which it is suspected that explosive, dangerous, or offensive substances are enclosed, it is the duty of the despatching office to do so.

Detention of parcels, packets, &c., on account of unusually heavy despatches.

22. The main business of the Post Office being the transmission of letters, the forwarding of newspapers, packets, and parcels (which no one is compelled to send through the Post Office), though an important, is only a secondary object ; and in any case, therefore, where an unusual weight of mails prevents the transmission of the whole at once, a Post Master is authorised to detain for a period not exceeding 24 hours the inland parcels and packets, also imported newspapers and packets, and, if necessary, also the heavier service letters, except such as may be marked "Despatch."

Instructions respecting the address of letters.

23. On this subject, see Remarks and Instructions, p. 272.

Post Office may refuse to receive letters, &c., bearing appearance of having been opened.

24. The Post Master at any station, or the person in charge of the Post Office, has power to refuse letters or other articles bearing the appearance of having been opened and re-closed or otherwise improperly dealt with, unless the writer or sender thereof shall attest with his full signature that they were sent in that state.

Compulsory registration of letters containing coins, &c.

Post Masters not knowingly to receive valuables for despatch.

Expresses to be sparingly used by public Officers.

27. As the employment of expresses interferes with the celerity and regularity of the ordinary mails, and is attended with expense, public Officers are enjoined to employ them as sparingly as possible; and any public Officer despatching an express when the exigency of the public service does not, in the opinion of the authority to whom he is subordinate, require it, will be held answerable for the expenses attending that method of transmission. Public expresses from a Post Office at the seat of any Government or Administration can only be ordered by a Secretary to Government; in other cases, by the Chief Civil or Military Authority of the place.

Letters, &c., once posted not to be returned without express order, except in specified cases.

28. Unless by an express order of the Government, or Director General of the Post Office, or a Post Master General, no letter or other article, which has been delivered into any Post Office, shall be restored to the sender thereof except in the manner described (for unclaimed letters, &c.) in section 29 of the Post Office Act, and except in the case of a letter or other article addressed to a place beyond the limits of British India which for any reason cannot be forwarded to its destination.

Person rejecting a letter, &c., unopened, not bound to pay postage.

29. The person to whom any letter or other article, the postage of which has not been paid, may be delivered, is not bound to pay the postage if he forthwith returns the same unopened; but if he opens or returns the same he is bound to pay the postage due thereon. If he forthwith returns the same unopened, the cover is treated as refused.

Refund of postage on letters, &c., sent maliciously.

30. If a letter or other article shall appear to the satisfaction of the Post Master of the Office of delivery to have been maliciously sent for the purpose of annoying the person to whom it is addressed, the Post Master of the Delivery Office may remit the postage.

Postage marked on a letter, &c., to be paid at once.

31. Whatever postage is marked on a letter, paper, packet, or parcel must be paid at once on delivery, after which any complaint of overcharge will be duly attended to.

32. On this subject, see Remarks and Instructions, p. 272.

Remedy of Post Office in case of refusal to pay postage.

33. Postage which any person is bound to pay, but which he refuses to pay, is recoverable in the same manner as a fine under the Post Office Act, and the Officer in charge of any Post Office has further the power of withholding from any person so refusing, until such postage be paid, any other letter or article addressed to that person not being on Her Majesty's Service.

Commanding Officers to receive letters for their Regiments.

34. Letters directed to Native Officers, or men of Regiments or Detachments, shall be delivered to an Orderly or any other fit person, who shall be deputed by the Officer Commanding the Regiment or Detachment to receive the same, but letters on which postage may be due shall not be delivered to such person unless the postage be first paid.

Letter-carriers must require immediate payment of postage.

35. Letter-carriers are forbidden to deliver any letter, newspaper, or other article without requiring immediate payment of the exact amount of postage. They are not bound to give change. If the amount of postage due is not at once tendered, and the letter-carrier is subjected to detention, the letters, &c., upon which postage is due shall be taken back to the Post Office for the next delivery. Letter-carriers are forbidden to deviate from their prescribed routes.

Delivery Tickets.

36. Delivery tickets can be obtained under the following conditions from all Post Offices authorised by the Post Master General of the Province to grant them, viz:—

(1).—The ticket will remain in force for one year from the date of issue, and will then be cancelled, unless renewed for another year. The date of issue or renewal will be noted on each ticket.

(2).—The payment for a ticket or for the renewal of a ticket is Rs. 12, and this sum must be paid in advance. No refunds are allowed. Extra payment may be demanded under head (3).

(3).—Tickets can only be used at the Offices from which they were issued, but ticket-holders changing their residence may have them transferred from one Office to another, provided the latter is an Office authorised to grant tickets. The Post Master of the Office of issue will write the words "cancelled for Office" under his full signature, and the Post Master of the other Office will write the words "accepted for Office" under his full signature. A transfer fee of one rupee is payable to the Post Office which accepts the transferred ticket.

(4).—A ticket-holder is entitled to receive his letters, &c., at the Post Office window.

(5).—Or he may receive in a closed bag his letters and newspapers (also such packets as can conveniently be enclosed in the bag) by the ordinary letter-carrier, if he provides the bag or bags required for this purpose. The weight of any such bag when empty is limited to one pound. The letter-carrier who delivers such a bag is bound to receive charge of an empty bag in return if tendered to him, but the ticket-holder may use the bag for sending letters by the hand of his own messenger to the Post Office, where the bag will be opened by the Post Master or other specially appointed Officer of the establishment. Any postage due on the contents of a bag must be paid on delivery of the bag.

Delivery at window not claimable without Ticket at Offices where Tickets are issued.

37. At Post Offices authorised as above to grant delivery tickets, no person residing within the ordinary delivery range can claim to have his letters, &c., delivered at the window, unless he holds a delivery ticket. But the Post Master may deliver from the window to such persons, provided that inconvenience is not caused thereby to the general work of the Office, and especially to the prompt distribution of the mails by the ordinary letter-carriers.

Window delivery how to be made at Offices where Delivery Tickets not issued.

38. At Post Offices not authorised to grant delivery tickets, delivery may be made from the window to any persons who register their names at the Post Office as being desirous of having their letters retained until called for, instead of being sent out in ordinary course for delivery, or to persons who, without having registered their names, apply for letters under circumstances similar to those described in the last sentence of the preceding paragraph.

Admission into interior or examination of records of Post Office not allowed.

39. Persons not belonging to the department shall not be admitted into the interior, nor permitted to examine the records of any Post Office without the special permission of the Post Master General, to whom, or to the Post Master, applications for information or redress must be made either in person or in writing by the party requiring the same.

Hours for delivery of Mails.

46. The hours at which mails will be delivered must depend upon the hours at which they are received. The number of daily deliveries, and the hours at which the letter-carriers will leave the Post Office, shall be duly notified from time to time in each Post Town.

The late-letter fee is half a rupee, except where any lower rate or scale of rates may be specially authorised by a Post Master General for any particular Office.

N. B.—Late letters are such as are posted after the hour fixed for the closing of any mail, and which, therefore, cannot be sent forward by the mail then in preparation unless extra payment be made. 3rd. —A book packet may contain any number of separate books or other publications (including printed or lithographed letters,) photographs (when not on glass or in cases containing glass) prints, or maps, and any quantity of paper, parchment or vellum, and the books or other publication, prints, maps, &c., may be either printed, written, engraved, lithographed or plain, or any mixture of these; but no printed

matter or prints will be allowed, except such as may be printed on paper, parchment or vellum. Further, all legitimate binding, mounting, or covering of a book, &c., or of a portion thereof, will be allowed, whether such binding, &c., be loose or attached; as also rollers in the case of prints or maps, markers (whether of paper or otherwise in the case of books); and in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto; but the bindings, &c., must not be sent as a separate packet.

4th. - The packet must not contain any letter closed or open, or any enclosure sealed or otherwise closed against inspection, nor must there be any letter or any communication of the nature of a letter written or printed in any such packet or on its cover. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter. In the case of packets of patterns, the address of the sender, a trademark and numbers, and the prices of articles, may be written, not on loose pieces of papers, but on the cover, or on small labels attached to the samples, or bags containing them.

5th. No book or pattern packet can be received, if it exceeds two feet in length, width or depth.

6th. The rule which forbids the transmission through the post of an article which might injure the contents of the mail bags, or the officers of the Post Office, is so far relaxed as to permit the transmission of scissors, knives, razors, forks, steel-pens, nails, keys, watch machinery, metal tubings, pieces of metal or ore, and such like as samples; provided that they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags and the officers of the Post Office, while, at the same time, the samples may be easily examined. If any packet containing such articles as these be posted, which is found not to be sufficiently guarded, it will be stopped.

7th. - Samples of seed and similar articles may be sent in bags entirely closed if transparent, so that the officers of the Post Office may satisfy themselves of the nature of the contents.

8th. - Any packet which shall not be open to examination as required by Rule 2, or shall have any letter or any communication of the nature of a letter written or printed in it or upon its cover, will be charged with letter postage.

9th. If a packet be found to contain any letter not wholly printed, whether closed or open, or any enclosure, sealed or otherwise closed against inspection, or any other unauthorized enclosure, the letter or enclosure will be taken out and forwarded to the address on the packet, charged with full postage as an unpaid letter, together with an additional book rate, that is, with the postage chargeable on a book weighing not more than half a pound; the remainder of the packet, if duly prepaid with stamps, will then be forwarded to its address.

10th. - Book or pattern packets which are wholly unpaid, will be forwarded to their destination charged with double the amount of book postage, and those which are insufficiently prepaid with the amount of the deficiency, and an additional book rate as a fine only to the United Kingdom.

* MISCELLANEOUS RULES. In order to protect, as far as possible, the public Mails from the chance of robbery, officers in charge of Post Offices shall not knowingly receive coin, bullion, precious stones, or jewels for despatch, either by Letter or Baggage Post.

Receipts will not be granted for any letters, or papers, or book packets, received at any Post Office for despatch, except in the case of registered articles; and will be granted for parcels, only when presented readily written, either in books or on separate slips of paper along with the parcels. Receipts so presented will be duly stamped.

Letter-carriers are forbidden to deliver any letter, newspaper, or other article, without requiring immediate payment of the exact amount of postage. They are not bound to give change. If the amount of postage due is not at once tendered, and a letter-carrier is subject to detention, the letters, &c., upon which postage is due, shall be taken back to the Post Office for the next delivery. Letter-carriers are forbidden to deviate from the prescribed route.

Any person can rent a private box and receive his letters, &c., at the Post Office window, who is willing to pay the appointed fee of twelve Rupees per annum, to be paid in advance, and for a period of not less than a year. The same also are

the terms for a private bag, except that in addition, a charge will be made for the cost of the bag itself and for conveyance, —the maximum of the latter being five Rupees per annum, if the bag be conveyed by a rural Messenger, and ten Rupees if by a Contractor for a Mail Cart or other Horse Post. The weight of a private bag, when empty, is limited to one pound. No private bag shall be allowed without the permission of the Inspecting Post Master.

The poster of a letter or parcel containing any explosive or dangerous material or substance is liable to a penalty of Rupees 200. (*See Section 42 of the Indian Post Office Act XVI of 1866.*)

Any person who, for the purpose of defrauding the Post Office revenue, certifies on any official or other letter or packet what is not true in respect to the contents thereof, incurs a penalty of Rupees 500. A party sending private letters under an official cover duly franked, comes under this Rule.

Any person refusing to deliver up a letter or other article erroneously delivered to him by the Post Office, can be punished with imprisonment of either description, and shall also be liable to a fine.

Letters or parcels suspected to contain contraband articles can be opened by the Postal Authorities, and parcels for foreign countries can be refused by them, unless accompanied by a Custom House Certificate.

The Postal Department is not responsible for any loss or damage that may occur in respect of anything entrusted to it for conveyance.

All communications respecting change of address should be made to the Post Master at the station.

A separate instruction is required for every change of address, and no instruction is attended to for more than three months after receipt.

The practice of giving instructions to the officers of the Post Office to intercept and re-direct letters, not only imposes much labor upon them, but in large offices seriously retards the delivery and despatch of Mails. A register of instructions regarding changes of address is kept in every Post Office, but it is to be understood that it is impossible to guarantee that they shall be attended to except in the case of letters received on delivery.

Verbal instructions, or such as may be of a complicated or conditional nature, will not be attended to.

Unless by an express order of Government, or Director General of the Post Offices, or a Post Master General, no letter, parcel, or packet, which has been delivered into any Post Office, shall be restored to the sender thereof, except in the manner described in Section XXIX of the Post Office Act of 1866; and except in the case of a letter or other articles addressed to a place beyond the limits of British India, which, for any reason, cannot be forwarded to its destination.

Letters, papers, or packets, which follow a party are or re-addressed from one station to another, or stopped in transit, taxed with forward postage.

English postage stamps are not recognized in India, nor are Indian postage stamps acknowledged in Great Britain.

Official references and personal application to Post Office Authorities shall be made between the hours of 7 A. M. and 8 A. M., and between noon and 5 P. M., except on Sundays, when Post Offices will be open from 7 A. M. to 8 A. M., and one other hour.

Whatever postage is marked on a letter, paper, or parcel, must be paid at once on delivery, after which any complaint of over-charge will be duly attended to. In all complaints of over-charge or unnecessary delay in delivering letters, or other articles, the covers of envelopes bearing the Post Office stamp must be presented for inspection; and when any complaints are preferred against any letter-carrier, the number on his badge should be specified.

The Post Office do not grant receipts for parcels, but if written receipts are presented, the Post Office stamps will be affixed.

Indian Parcel Post.

The Peninsular and Oriental Steam Navigation Company are authorized by the Director-General of the Post Office of India to receive Parcels for delivery at any

post town or district throughout India at a uniform rate of 1s. 4d. per pound or fraction of a pound weight.

This charge covers the conveyance from London to the address in India, and may either be prepaid or paid on delivery.

Parcels intended for this conveyance must be sent to the *Company's Office in London*, legibly addressed to their destination in India marked "*To be forwarded by Indian Parcel Post.*" If sent to the Company's Office by post or other conveyance, the Indian address must be put on an inner cover. In all cases they must be accompanied by a letter of advice to the Company stating value and contents, for Custom House clearance and by a remittance for the carriage if intended to be prepaid.

Parcels conveyed under these regulations must not exceed 50 pounds in weight and 2 feet by 1 foot by 1 foot in measurement, nor be of more than £20 value, nor contain jewellery, watches, or precious stones.

Senders of Parcels will receive a receipt for them from the Company in due course, and, if required, the Company will effect Insurance against Sea and Land risks. The charge for Insurance which must in all cases be prepaid will be 2s. 9d. up to £10 and 5s. 3d. up to £20.

Packages of a fragile nature or containing liquids or articles of a dangerous or damaging nature will not be received.

No letter must, under any circumstances, be enclosed in these parcels.

Overland Parcel Post.

Under arrangements made with the Peninsular and Oriental Steam Navigation Company, parcels will be received at any Post Office in India for transmission to the United Kingdom under the following conditions, viz:—

- (1.) Every parcel should be securely packed in a closed cover, and should bear the *name and address of the person in the United Kingdom* for whom it is intended.
- (2.) Every parcel should be accompanied by a separate paper headed with the address of the parcel, and containing a *declaration of its contents and value* under the signature of the sender. Below the signature the address of the sender should be given.
- (3.) The parcel so addressed and the separate paper above referred to should then be enclosed in a *substantial outer cover*.

The outer cover should be superscribed and addressed as follows:

Overland Parcel Post.

To

THE POSTMASTER,

BOMBAY.

It must be *fully prepaid by means of postage stamps at the rate of 3 annas for every 10 tolas or fraction of 10 tolas in weight*, care being taken that the stamps adhere firmly to the cover. The parcel so made up must not exceed 25 seers in weight, or two feet in length by one foot in breadth or depth; it will be received at any Post Office at the hours fixed for the receipt of ordinary banghy parcels, the usual receipt being given to the sender.

- (4.) On arrival at Bombay, the Postmaster will take off the outer covering and forward the inside parcel and accompanying declaration through the Bombay Agency of the Peninsular and Oriental Steam Navigation Company.

- (5). The prepayment above described will carry the parcel to London, any additional charge which may become due on account of British custom duty or carriage beyond London being realised from the addressee by the Peninsular and Oriental Steam Navigation Company or their local Agents.
- (6.) No parcel will be forwarded containing opium, jewellery, precious stones, and such like, or liquids, oils, spirits, or any explosive, dangerous, or offensive substance, such as gunpowder, matches, percussion caps, assafœtida, &c.

Arrangements having already been made for the booking of parcels in the United Kingdom by the Peninsular and Oriental Steam Navigation Company and their Agents for transmission to destination in India, persons in this country desirous of obtaining parcels may advise their friends or agents at Home to send them by the "India Overland Parcel Post," either prepaid or unpaid

Note.—The following rule may facilitate the calculation of postage on letters exceeding 10 tolas.—Find the weight in tolas, take the next lower multiple of 10 and divide it by 2; the result will be the number of annas chargeable. Thus, for a cover weighing (say) 38 or 40 tolas, the next lower multiple of 10 will be 30, which, divided by 2, gives 15, being the number of annas chargeable.

Prepayment by means of service labels.

(2.)—Official covers from Government offices should be prepaid by means of service postage stamps purchased at the Government Treasury or other local stamp depôt. These stamps, when used in payment of postage, must be supported by the superscription on the cover "On Her Majesty's Service," under the full signature and official designation of the Government officer who sends the cover, or of the head clerk or superior agent of his office, or of other responsible officer, to whom the duty of despatching is confided. The particular officer who signs the cover must enter in full his own official designation, in order that his individual responsibility may be enforced in cases of doubt or fraud. The superscription and signature should be entered in the form marginally given. Service stamps affixed to a cover without the

<p><u>On Her Majesty's Service.</u></p> <p>To _____</p> <p>(Here enter address.)</p> <p>(Signature of Sender)</p> <p>(Official designation.)</p>	<p>Service Labels.</p>
--	------------------------

above superscription will not be recognised by the Post Office in payment of postage. Treasury officers are enjoined not to sell service stamps to any but Government officials.

(3.)—Official Gazettes should be registered at the Post Master General's Office, and when so registered are eligible for transmission at the lower rates above given under the same rules and conditions as apply to ordinary registered newspapers.

Unpaid official covers.

(4.)—Official letters and parcels properly superscribed under Rule (2.) but without stamps, are charged with postage on delivery at pre-paid rates.

In cases where it is not thought advisable to entrust postage stamps to a subordinate official, who has to correspond with, or send returns to, a superior, he may be allowed by his superior to address official covers to him under this rule, and the same course may be adopted in other cases, where it is found convenient or proper to make the postage charge fall on the receiving office.

Economy to be observed in the use of the post.

(5.)—Government officials should be careful not to incur needlessly the higher charge on account of the transmission of heavy covers by letter post. Similarly, the transmission of heavy covers as parcels (which are conveyed by post under a system of registration) is more expensive than their conveyance as packets, and the parcel post should not therefore be needlessly used by Government officials.

Limits of weight and size.

(6.) No official cover exceeding 600 tolas in weight can be received by the Post Office, and no official cover exceeding the limit of size* prescribed for ordinary packets can be forwarded as a packet, though it may be forwarded as a parcel, if within the limit of weight above mentioned.

Letters and Parcels superscribed "Service Bearing" by Government Officers.

(7.)—Letters and parcels sent by Government officers in their official capacity,

To	<i>Service Bearing</i>
C D, Accountant General	A B, CALCUTTA

which relate nevertheless to the private interests and concerns of the individuals addressed, may be endorsed according to the specimen form given in the margin, under the full signature and official designation of the person by whom they are sent.

Letters and parcels so addressed are regarded by the Post Office as private covers, but are charged, on delivery, with

Petitions, applications for appointments, requests for transfer, enquiries about title to leave, &c.

bearing postage at "forward" (i. e., prepaid) rates, and not at double rates as in the case of ordinary letters. Under this head come replies sent to communications of the kind noted in

the margin, as well as any other communications of a like kind which Government Officers may make to individuals (whether private persons or Government officers) relating to the private interests of the addressees.

Letters and Parcels superscribed "Service Bearing" addressed to Government Officers.

(8.)—Letters and parcels sent by private persons to Government officials relating

To	<i>Service Bearing</i>
THE DISTRICT SUPERINTENDENT OF POLICE,	LUCKNOW
Signature of sender	

to the affairs of Government and endorsed according to the specimen form given in the margin, under the full signature of the sender (the address, including the full official designation of the public office to which the cover is sent), are charged, on delivery, at the rate to which they would have been liable if pre-paid by stamps, and

not at double rates as in the case of ordinary letters. This rule is intended to provide for cases of zemindars reporting the occurrence of crime to a police officer, of employers of laborers sending returns required by the Protector, and of any similar reports or returns authorized to be so sent.

Official covers not liable to re-direction charge.

(9). Official communications addressed to Government officers "On Her Majesty's Service" or "Service Bearing" under the prescribed superscription and signature, are not liable to additional postage on account of re-direction.

Postage due on official covers to be initialed in Post Office.

(10).—The amount of postage marked as due on covers delivered under the superscriptions of "Service Bearing" or "On Her Majesty's Service," will be initialed by the Post Master or Deputy Post Master of the office of delivery.

Government Officers bound to receive and pay for covers under official superscription

(11).—Government officers are bound to receive and pay any postage which may be due on covers addressed to them under the superscription "On Her Majesty's Service."

Registration.

(12).—The rules and conditions for the registration of ordinary covers sent by letter post govern the registration of similar official covers, the service labels affixed to them being supported by the prescribed superscription and signature.

Post Telegram.

(13).—Officers in charge of Telegraph Offices, when posting telegraph messages for onward transmission by post, are entitled to get receipts for them. Such receipts must be presented ready written in the form ordinarily used by the Telegraph Offices when delivering telegraph messages to the addressees. The Post Master will compare the receipt so presented with the address of the cover accompanying it, and, if correct, will affix the Post Office stamp in acknowledgment of receipt. All covers for which receipts are claimed under this rule must be superscribed with the word "Telegram" (in addition to the usual official superscription), and must be fully pre-paid.

Government Officers on leave.

(14).—Government officers, when on leave, and those who have retired from the service of Government, can correspond only as private individuals.

Irregularities of address, &c.

(15). Any irregularity or incompleteness of the address, superscription, or signature on a cover renders it liable to be treated as an ordinary unpaid cover, any service stamps which it may bear not being recognized.

Official correspondence with places abroad or between Indian Post Offices when conveyed by British or French Mail Packets.

(16). The rules contained in the preceding paragraphs relate exclusively to official inland correspondence, i. e., correspondence conveyed between one Indian Post Office and another by Her Majesty's Indian Post.

Official correspondence with places abroad, or between Indian Post Offices when conveyed by British or French Mail Packets (e. g., between Bombay and Aden), is governed by the same rules as ordinary private correspondence, and must either be pre-paid by service stamps (under the superscription and signature prescribed by Rule 1), or, where pre-payment is optional, be forwarded as unpaid, subject to the levy of postage on delivery.

The only exception to the above has reference to official letters (not newspapers or book or pattern packets) sent by British packet to or from the public functionaries or departments in London having special accounts for overland letter postage with the London Post Office. Official letters intended for such offices need not be pre-paid if superscribed as "On Her Majesty's Service" under the full signature and official designation of the sender. The public functionaries or departments in London which have accounts with the London Post Office are—Adjutant General's Office.

(Horse Guards), Admiralty (Somerset House and Whitehall), Audit and Exchequer Department (Somerset House), Board of Trade (Whitehall), Census Office (Craig's Court), Chancellor's Office (Downing Street), Charity Commission (York Street, St. James), Chelsea Hospital (Chelsea), Civil Service Commission (Cannon Row, Westminster), Colonial Office (Downing Street), Colonial Land and Emigration Office (Park Street, Westminster), Commander-in-Chief's Office (Horse Guards), Council of Military Education (Great George Street), Council Office (Downing Street), Court of Bankruptcy (Basinghall Street), Courts of Chancery (Lincoln's Inn Fields and Chancery Lane), Court of Probate (Doctors' Commons), Crown Agents for the Colonies (Spring Gardens), Duchy of Cornwall (Buckingham Palace Gate), the Customs (Lower Thames Street), Ecclesiastical Department (Whitehall Place), Endowed Schools Commission (Victoria Street), Exhibition Commissioners, 1851, (Westminster), Foreign Office (Downing Street), Her Majesty's Home Office (Whitehall), House of Commons, India Office (Charles Street, Westminster), Irish Office (Great Queen Street, Westminster), Inland Revenue (Somerset House), Local Government Act Office (Richmond Terrace, Whitehall), Merchant Seamen's Office (Adelaide Place, London Bridge), Metropolitan Police Office (Whitehall Place), Pay Master General (Whitehall), Local Government Board (Gwyder House, Whitehall), Post Office, Prisons Office (Parliament Street), His Royal Highness the Prince of Wales, Quarter Master General's Office (Horse Guards), Registrar of Friendly Societies (Abingdon Street), Registrar General's Office (Somerset House), Royal Artillery, Royal Marines (New Street), Science and Art Department, Warden of Standards, Stationery Office (Prince's Street, Storey's Gate), Tithe Copyhold and Enclosure Commissioners (St. James' Square), Treasury Office (Whitehall), Tower, Veterinary Department of the Privy Council (Prince's Street, Westminster), War Office (Pall Mall), Woods, Forests and Land Revenues Office (Whitehall Place), Works and Public Buildings Office (Whitehall Place).

COASTING STEAMERS.

Rules for the issue, &c., of General Passes for Coasting Steam Vessels, under Section 156 of the Consolidated Customs' Act and for entering and clearing such Vessels.

Application for a General Pass under Section 156 of the Consolidated Customs' Act, shall be made by the Owner or Agent of any coasting steam vessel to any Officer in charge of a Custom House who shall forward the same to the Chief Customs Authority of the Presidency for sanction.

2. The General Pass, when granted, shall be the Form (marked A) appended to these Rules. It shall not be transferable and shall hold good for the coasting steam vessel *only* in respect of which it is granted, and shall be renewable, on application by the Owner or Agent, at the end of every twelve months.

3. The General Pass shall remain in the custody of the Commander or other responsible Officer on board the said coasting steam vessel, and shall be produced by him when required by any Officer of Sea Customs.

4. When any coasting steam vessel, in respect of which a Pass as aforesaid has been granted, shall sail for a foreign port *only*, the Commander shall deliver to the Officer in charge of the Custom House, before leaving the port, an Account duly signed, with a duplicate thereof, in the Form (marked G) appended to these Rules, and prescribed by Section 144 of the Consolidated Customs' Act; such officer shall retain the duplicate and return the original Account, dated and signed by him; and such Account shall be the clearance of the vessel for the voyage, and Pass for the goods expressed therein, so far as the Custom House is concerned.

5. When any coasting steam vessel shall sail for *British India* ports *only*, the Account (marked G) need not be delivered by the Commander or Agent to the Officer in charge of the Custom House *before sailing*; but the local Agent of the vessel shall deliver such Account, duly signed in duplicate, within forty-eight hours next after the coasting steamer's departure from the port.

6. When any coasting vessel shall sail for *both* foreign and British Indian ports, the Commander shall deliver an Account, duly signed in duplicate, as prescribed in Rule 4 of all goods (to be expressed in detail) destined for any *foreign* port; and he shall receive back the original Account, duly dated and signed by the Officer in charge of the Custom House, *before leaving* the port. A separate Account of all goods destined for British Indian ports shall be delivered by the local Agent of the vessel, as prescribed by Rule 5.

7. On arrival of a coasting steam vessel at any British Indian port from any other British Indian port, the Commander or Agent of the coasting steam vessel shall deliver to the Officer in charge of the Custom House an Account, duly signed in duplicate, in the Form (marked G) appended to these Rules, showing in detail the cargo to be landed at the port; and the Officer in charge of the Custom House shall, without comparing the goods with such Account, receive the same and retain the duplicate and return the original dated and signed by him, which shall be the clearance of the vessel for the voyage and the Pass for the goods expressed therein, so far as the Custom House is concerned.

8. The Customs Officer shall, as soon as may be convenient, compare the goods with the duplicate retained as aforesaid, and make delivery in the usual manner.

9. On arrival of a coasting steam vessel from any foreign port, the Commander or Agent shall deliver to the Officer in charge of the Custom House an Account, duly signed in duplicate, in the Form (marked B) appended to these Rules, of all goods laden at any foreign ports (which must be expressed in detail in the Account) and destined for such port of arrival.

10. When bonded goods are exported from one British Indian port to another, the Commander of local Agent shall give intimation of the same to the Officer in charge of the Custom House immediately on arrival at the port of destination.

11. The duplicate of each Account for free goods retained by any Officer in charge of a Custom House under these Rules, shall be endorsed by that Officer and forwarded by Post, without avoidable delay, to the Custom Officer of the Port for which the goods therein expressed are destined. The latter Officer will compare this duplicate Account with the Account delivered, as provided by these Rules, by the Commander or Agent on the arrival of the said vessel at the port of destination, and, if there be no material difference between the two Accounts, will file the same. Should any material difference appear, he will transmit both Accounts, with any information which the local Agent or Commander of the vessel, if in port, may be able to afford to the Officer in charge of the Custom House at the port of departure, for adjustment with the Agent of the vessel. This Officer will, if necessary, transmit all papers to the Chief Customs Authority at the Presidency for disposal. In either case both Accounts, together with all papers, will be returned with explanation or orders, to the Officer in charge of the Custom House at the port of destination.

12. The discharge of cargo from any coasting steam vessel may be commenced immediately after the anchor is dropped at any British Indian port; and boats may be sent off to receive cargo before delivering the Accounts prescribed by the above Rule. Goods and passengers arriving by any coasting steam vessel may be landed under the above Rules, at any hour of the day or night, not excepting Sundays and Holidays. Subject, however, in the latter case, to the regulated fee to subordinates of the Customs Department in consideration of extra labor entailed, under the orders of the Officer in charge of the Custom House.

13. Boat Notes must be obtained for exports by coasting steam vessels, but are dispensed with for imports.

14. All dutiable goods shall be brought into the steamer-godown or other duly determined part of the Custom House at the port of arrival, where they will be compared with the Accounts and passed on payment of duty.

15. Free goods need not, unless so directed by the Officer in charge of the Custom House, be taken to the Custom House, but may be passed from the Beach.

16. Port Dues shall be paid by the Agents for coasting steam vessels at the various ports, who shall also be responsible that the vessel be duly entered inwards and outwards in the manner required by these Rules.

17. I. Bengal the Guro, Khasia, Jyntah, and Nagah Hills, the Chittagong Hill Tracts and the tributary Mchals of Ous and Chota Nagpore, have been excluded from the operation of Act (I. C. Leg's Reg. and p. 1).

The Act has been extended to the Province of Mysore by the Governor General in Council (Notification of Department Simla 20th July 1871, No. 146).

What documents must be registered.

1. The registration of the following documents is compulsory :--

i.—Instruments of gift of immovable property ;

ii.—Other instruments (not being wills) which purport or operate to create, declare, assign, limit or extinguish, whether in present or in future, any right, title or interest, whether vested or contingent, of the value of 100 Rupees or upwards to or in immovable property ;

iii.—Instruments (not being wills) which acknowledge the receipt or payment of any consideration on account of the creation, declaration, assignment, limitation, or extinction of any such right, title or interest.

Nothing in clauses ii and iii of this paragraph applies to any Composition Deed, nor to any instrument relating to shares in a Joint Stock Company, notwithstanding that the assets of such company consist in whole or in part of immovable property, nor to any endorsement upon or transfer of any Debenture issued by any such company.

iv.—Leases* of immovable property from year to year, or for any term exceeding one year, or reserving a yearly rent. Provided, however, that any leases executed in any district of the Madras Presidency, the terms granted by which do not exceed 5 years, and the annual rents reserved by which do not exceed 50 Rupees, are exempted. The "Puttals" granted by Zemindars to their ryots, as well as the "Muchilkas" (or counterparts) executed by the ryots under Section 3 of Act VIII of 1865, are defined to be leases for the purposes of the Registration Act, and all those not coming within the terms of the preceding proviso, if executed after the 1st July 1871, must be registered.

v. Authorities to adopt a son executed after the 1st January 1872, and not conferred by a Will.

2. No person having a nephew or niece, or any nearer relative, has power to bequeath any property to religious or charitable uses, except by a Will executed not less than twelve months before his death, and deposited within six months from its execution in a Registry Office. This is not applicable to Hindoos, Mahomedans, or Buddhists. (*Indian Succession Act (No. X) 1865, Sections 105 and 331.*)

What other documents may be registered.

3. The registration of the following documents is voluntary :

i. Instruments (other than instruments of gifts and Wills) which purport or operate to create, declare, assign, limit or extinguish, whether in present or in future, any right, title or interest, whether vested or contingent, of a value of less than 100 Rupees to or in immovable property ;

* Lease includes a counterpart, Kahuliyat, an undertaking to cultivate or occupy, and an agreement to lease.

tration Act, 1871, and relating to any property whether movable or immovable, take effect against any oral agreement or declaration relating to such property, unless where the agreement or declaration has been accompanied or followed by delivery of possession ;

ii.—That every document of the kinds mentioned in clauses i and ii of paragraph 3, if duly registered, takes effect as regards the property comprised therein against every unregistered instrument relating to the same property, and not being an order, whether such unregistered document be of the same nature as the registered document or not.

iii. The period of limitation for a suit or a promise or contract in writing registered, and for the execution of any decree or order of any Civil Court of which a certified copy has been registered under the Indian Registration Act, is six years instead of three. (*Nos. 117 and 168, 2nd Schedule, Limitation Act IX of 1871.*)

Deposit of Wills.

5. Any testator may either personally or by duly authorized Agent, deposit with any Registrar his Will in a sealed cover superscribed with the name of the depositor, and the nature of the document.

Description required in document relating to immovable property.

6. "No document, not testamentary, relating to immovable property, shall be accepted for registration unless it contains a description of such property sufficient to identify the same.

i.—"Houses in towns shall be described as situate on the north or other side of the street or road (naming it) which they front, and by their existing and former occupancies, and by their numbers, if the houses in such street or road are numbered. Other houses and lands shall be described by their name, if any, and as being in the territorial division in which they are situate, and by their superficial contents, the roads and other properties on which they abut, and their existing occupancies, and also, whenever it is practicable, by reference to a Government map or survey.

ii.—"No document, not testamentary, containing a map or plan of any property comprised therein, shall be accepted for registration unless it be accompanied by a true copy of the map or plan, or, in case such property is situate in several districts, by such number of true copies of the map or plan as are equal to the number of such districts."

Failure to comply with the provisions contained in clause i of this paragraph will not disentitle a document to be registered if the description of the property is sufficient to identify such property.

7. "The term 'territorial division,' as used in the Indian Registration Act, 1871, shall, as far as practicable, include—

- (1). The Registration District.
- (2). The Registration Sub-District.
- (3). The Taluq, Jaghire, Zemindary or Proprietary Estate.
- (4). Any well known division thereof, such as a Moolah, Hoondah, Khindum, Firka, Magany, Amshom, &c., and
- (5). The village, hamlet, or suburb in which the property referred to in a registrable document is situated."

But if the property is described in the document relating thereto by a specific reference to a registered instrument, in which the above particulars are already given, they need not be repeated.

Time prescribed for registration.

8. No document, other than a Will, "shall be accepted for registration unless presented for that purpose to the proper officer within four months from the date of its execution ;

Or in the case of a copy of a decree or order, within four months from the day on which the decree or order was made, or, where it is appealable, within four months from the day on which it becomes final ;

Provided that, where there are several persons executing a document at different times, such document may be presented for registration and re-registration within four months from the date of each execution."

If owing to urgent necessity or unavoidable accident, the presentation is not made within the prescribed time, the Registrar, where the delay does not exceed four months, may direct registration on payment of a fine not exceeding ten times the proper registration fee.

When a document purporting to have been executed by all or any of the parties out of British India, is not presented till after the expiration of four months, "the registering officer, if satisfied.

(1) That the instrument was so executed and

(2) That it has been presented for registration within four months after its arrival in British India,

may, on payment of the proper registration fee, accept such document for registration."

"A Will may at any time be presented for registration, or deposited."

9. No document, other than a Will, shall be registered unless the persons executing such document, or their representatives, assigns, or authorized agents, appear before the registering officer within the time allowed for presentation ;

Provided that if, owing to urgent necessity or unavoidable accident, all such persons do not so appear, the Registrar, in cases where the delay in appearing does exceed four months, may direct that, on payment of a fine not exceeding ten times the amount of the proper registration fee, the document may be registered.

Such appearance may be simultaneous or at different times.

Provided, further, that it is not necessary for any Officer of Government, or for the Administrator General of Bengal, Madras, or Bombay, or for any Official Trustee, or for the Sheriff, Receiver or Registrar of a High Court, to appear in person or by agent at any registration office in any proceeding connected with the registration of any instrument executed by him in his official capacity.

Place of Registration.

10. The ordinary place for registering every document mentioned in paragraph 1, clauses i, ii, iii and iv, and paragraph 3, clauses i, ii, iii and iv, is the office of a Sub-Registrar within whose Sub-District the whole or some portion of the property to which such document relates is situate ; but the Registrar of a District, including a Presidency Town (*e. g.*, the Registrar of Madras), may receive and register any document of this description without regard to the situation in any part of British India of the property to which the instrument relates, and any Registrar may, at his discretion, receive and register any instrument, which might be registered by any Sub-Registrar subordinate to him.

11. Every other document may be presented for registration in the office of the Sub-Registrar in whose Sub-District the document was executed, or in the office of any Sub-Registrar under the local Government, at which all the persons executing and claiming under the document desire the same to be registered. A copy of a decree or order may be presented for registration in the office of the Sub-Registrar in whose Sub-District the original decree or order was made, or where it does not affect immovable property, in the office of any other Sub-Registrar under the local Government.

12. Wills must be deposited with the Registrars of Districts.

13. In ordinary cases, the registration or deposit of documents under this Act shall be made only at the office of the Officer whose duty it is to register the same ; but such Officer may, on special cause being shown, attend at the residence of any person intending to register any document, or of any person desiring to deposit a Will and register or accept for registration or deposit such document or Will.

Presentation of documents for Registration.

14. Except in the case mentioned in last preceding paragraph, every document shall be presented at the proper Registration Office by some person executing or claiming under the same, or, in the case of a copy of a decree or order, claiming under the decree or order, or by his representative or assign of such person, or by the agent of such person, representative or assign, duly authorized by power of attorney executed and authenticated in manner hereinafter mentioned.

15. For the purpose of paragraph 14, the powers of attorney hereinafter mentioned shall alone be recognised: -

(a.) If the principal resides in any part of British India in which this Act is in force, a power executed before and authenticated by the Registrar or Sub-Registrar within whose district or sub-district the principal resides;

(b.) If the principal resides in any other part of British India, a power executed before and authenticated by any Magistrate;

(c.) If the principal does not reside in British India, a power executed before and authenticated by a Notary Public, or any Court, Judge, Magistrate, British Consul or Vice-Consul, or representative of Her Majesty's or of the Government of India.

Presentation.

4. All parties bringing documents for registration shall take them direct to the Registering Officer, and not to one of his Clerks or Peons. If there is any informality attendant on this presentation of a nature which can be remedied, the Registering Officer shall give the parties such information as may be necessary, and return the document with a view to its being presented again in due form. If for instance the document is presented in the wrong office, he will inform them where they should go. If the parties have come without the prescribed fee, if an agent has come without a power of attorney or without such a power as the Act requires, if the description of the property is insufficient to identify the same, if the document is one which ought to be accompanied by a translation and copy, or if it contains a map, of which copies are required for transmission to other offices, or if there are interlineations, alterations, erasures, or blanks which are not attested, the Registering Officer will explain what is wanted. If however there are none of these obstacles to the reception of the document, or if the document is presented again after these objections have been removed, he shall at once endorse on it the date, hour and place of presentation, and the signature of every presenting party. The stamp will then be examined. If it is found insufficient, the document must be impounded under Section 23 of Act XVIII of 1869, and registration suspended. The date must also be examined. If the prescribed period is passed, but the document is still admissible on payment of a penalty, registration must, in the case of a Sub-Registrar, be suspended pending a reference to the Registrar.

Executing parties. Sections 32 and 34.

5. Any person who becomes surety for the re-payment of a loan or the fulfilment of a contract and in that capacity affixes his signature to a document ;

Any person who endorses a negotiable document,

And any person who signs a receipt or discharge endorsed on a document shall be held to be an executing party.

The parties to an award of arbitration shall not be held to be executing parties, although their signatures may appear on the award.

In the case of documents executed by a duly constituted Attorney, such Attorney shall be held to be the executing party for the purposes of Sections 32, 34, 35 and 58, but for the purposes of Section 55, the principal shall be held to be executing party.

6. The identity of the parties appearing before the Registering Officer should, if possible, be proved by the testimony of persons who are personally known to himself, or when this is not procurable, by the most trustworthy evidence which may be available. The attesting witnesses to a document need not necessarily be examined at all, as what is ordinarily required is not proof of execution, but proof of identity. It may often be inconvenient to such persons to come in from their villages, and they may, after all, be strangers or obscure persons with whose testimony the Registering Officer ought not to be satisfied.

7. The term "representative," as used in the Indian Registration Act, 1871, includes

Representatives. Section 34.

not only the guardian of a minor, and the Committee or other legal curator of a lunatic or idiot, but also the Executors, Administrators and heirs of a deceased person. Satisfactory proof of the right of any person to

appear in any of these capacities must be adduced before he is permitted to admit or deny execution of any document presented for registration.

8. It shall form no part of the Registering Officer's duty to enquire into the validity of the documents brought to him for registration, or, to attend to any written or verbal protest against the registration of a document, based on the ground that the executing party had no right to execute the document tendered for registration. But registration may be objected to on any of the following grounds :

(a.) That the parties appearing or about to appear before the Registering Officer are not the persons they profess to be.

(b.) That the document is forged.

(c.) That the person appearing as a representative, assign or agent, has no right to appear in that capacity.

(d.) That the executing party is not really dead, as alleged by the party applying for registration.

(e.) That the executing party is a minor, an idiot, or a lunatic.

Enquiry to be generally public. Section 34.

9. As a general rule, registration shall take place in public, but the Registering Officer may, on the application of the parties, and if he shall think proper, exclude the public during the course of any enquiry.

Enquiry relating to documents executed by persons unable to read or understand the language used. Section 34.

10. Documents executed by persons who are unable to read shall be read out, and, if necessary, explained to the parties, and the Registering Officer shall ascertain that they clearly understand the purport of the document executed by them. Documents written in a language not understood by the executing party shall, in like manner, be interpreted to him.

Enforcement of Attendance.

11. Any person requiring a summons to be issued under Section 36 shall deposit the process or peon's fee payable in such cases, as well as the amount of expenses to be paid to the person summoned. The sum so deposited shall be remitted by the Registering Officer to the Officer whose duty it may be to issue the summons. At Madras this duty shall devolve on the Police Magistrate, and elsewhere on the Sub-Magistrate, in whose jurisdiction the person summoned resides. If the person, without lawful excuse, fails to comply with the summons, the Registering Officer shall report the fact to the Officer who issued the summons, in view to steps being taken to enforce the attendance of such person under Section 168 of Act VIII of 1859.

Miscellaneous.

12. Every registering Officer shall be supplied with a book containing printed forms of receipts (Section 52), with spaces, on the reverse, for nominations and discharges (Section 61). The entries shall be made and signed in duplicate, one part remaining as a counterfoil and the other part being cut off and given to the presenting party. This shall afterwards be returned by the party authorized to receive the document, and then shall be pasted on again to the counterfoil. In the event of the receipt being lost, the person who should have produced it may, on making a declaration to that effect and signing the counterfoil, receive the document. If a receipt is not presented at the prescribed time, the nomination may be revoked in the counterfoil by the person by whom it was made, and he shall in that case receive the document himself. The address of a person nominated to receive a document shall, if necessary, be recorded in the counterfoil, with a view to his being communicated with, in the event of his failing to appear. A document shall, if possible, be returned registered on the day of its admission to registration, or at the latest, in a day or two afterwards, and in every case the presenting party shall be informed on what day and at what hour the document will be ready for delivery.

13. The fee for a search shall entitle the applicant to read the entry for the finding of which the fee has been paid, or to have it read to him, but it shall not entitle him to take a copy of the entry. If a search should prove fruitless the fee shall not be refunded, but the applicant shall, if he wishes it receive a certificate stating that the entry sought for has not been found in the books.

Searches. Section 57.

Certified copies. Section 57.

14. In reckoning the number of words in a certified copy every figure, initial or abbreviation shall count as a word.

Searches by Government Officers. Section 57.

15. Government Officers, who may require to search the Registers or to take copies of entries for *bona fide* public purposes, shall be permitted to do so without payment of any fee.

16. In complying with any requisition made by a Court which involves a search or the preparation of a copy of any document, the Registering Officer shall forward to such Court a Memorandum of the fees payable on that account, in view to the amount of such fees being remitted by the Court to the Registering Officer. In like manner, when a Registering Officer receives a summons to produce any Register Books in Court, he shall apply to the Court issuing the summons for the payment of the travelling and other expenses to be defrayed by him, or by any of the Clerks, in passing to and from the Court; and, in the case of any such Clerk, the Registering Officer shall also apply for the payment of the expense of employing a substitute, which shall be calculated at one rupee per diem.

17. The Offices of all Registrars and Sub-Registrars shall be open for six hours daily, Sundays and Holidays excepted. The usual hours shall be from 11 A.M. to 5 P.M., and if these hours are changed, a notice to that effect shall be affixed in the Office for the information of the public, and a report thereof made to the Inspector-General or Registrar.

Hours of Office. Section 69.

Any Registration Office may be open, if necessary, for more than six hours.

Holidays. Section 69.

18. The same holidays shall be allowed in Registration Offices as in all other Government Offices.

For Holidays.--See Part I, Calendar, p. 5, of this Manual.

Every Saturday may be a half holiday, or every alternate Saturday a whole holiday, if the state of business in the Office admits of it.

19. In the event of a registered document being left unclaimed for more than one month from the date of its admission to registration, it shall not be returned, unless a fine of one rupee be paid for every month or part of a month during which it may have remained unclaimed beyond the above period. In such case the document may be delivered, on payment of the fine, to any person recorded as executing or claiming under it. The Inspector-General may, in his discretion, remit the fine when it appears to him that its execution would be productive of injustice or hardship.

Custody of unclaimed documents. Section 69.

20. All unclaimed documents may be destroyed when the period allowed, viz., two years, has been exceeded unless the officer in whose custody they are should see some special reason for keeping them. In the event of a registered instrument being destroyed, a note showing the date on which it was destroyed shall be entered in the volume in which it has been copied. In the event of the instrument being one of which registration has been refused, a similar entry shall be made in the page of Book 2 containing the order of refusal. Lists of documents lying unclaimed shall be hung up in every Registration Office, and shall from time to time be published in the District Gazette. Notice shall also be given by letters, service bearing, addressed to the persons entitled to receive the documents lying unclaimed.

Destruction of unclaimed documents. Sections 83 and 69.

Remission of fines. Section 70.

21. Applications for the remission of fines levied under Sections 24 and 34 and Rule 19 may be lodged with the Registering Officer, who shall in that case forward the same with such report as he may deem necessary.

22. When registration is refused because the document has been presented in the wrong office or in an office in which the acceptance of the document is left to the discretion of the Registrar, no order of refusal shall be entered in Book 2. In all other cases the reason, or if there is more than one refusal shall be at once recorded. They will usually come under one or more of the following heads: -
- I. That the document is written in a language, which the Registering Officer does not understand and which is not commonly used in the District, and that it is unaccompanied by a true translation and a true copy.
 - II. That it contains unattested interlineations, blanks, erasures, or alterations.
 - III.—That the description of the property is insufficient to identify it.

 - V.—That it is presented after the prescribed time.
 - VI. That it is presented by a person who has no right to present it.
 - VII.—That the executing parties, or their representatives, assigns or agents have failed to appear within the prescribed time.
 - VIII. That the Registering Officer is not satisfied as to the identity of any person appearing before him, and alleging that he has executed the document.
 - IX.—That the Registering Officer is not satisfied as to the right of any person appearing as a representative, assign, or agent, so to appear.
 - X. That execution is denied by any person, purporting to be an executing party, or by his agent.
 - XI. That the person purporting to have executed the document is a minor, an idiot, or a lunatic.
 - XII. That execution is denied by the representative or assign of any deceased person, by whom the document purports to have been executed.
 - XIII.—That the alleged death of any person by whom the document purports to have been executed has not been proved.
 - XIV.—That the Registering Officer is not satisfied as to the fact of execution, in the case of any will or authority to adopt, presented after the death of the testator or donor.
 - XV.—That a cover containing a Will is not sealed, or is not superscribed with the name of the depositor and the nature of the document.
 - XVI. That the prescribed fees or fines have not been paid.
23. A receipt shall be given for all fees and fines levied. When the fees consist of several items, each item shall be separately entered, so as to admit of any overcharge being traced. In the case of copying fees, the number of words shall be entered, and in the case of mileage, the number of miles.
- In every case the Registering Officer, who is responsible for levying the fee, must determine in the first instance what the fee is. After it has been paid, the presenting party may, if he is dissatisfied, refer the question to the Registrar, who shall, if he thinks there has been an overcharge, order the Sub-Registrar to refund the difference between the proper fee and that levied. If the decision is an adverse one, and the party is still dissatisfied, he may make a further reference to the Inspector-General.
- Fees for attesting Powers of Attorney. Sections 77 and 78.
24. If a Power of Attorney is executed by several persons, a separate attestation fee shall be levied on every signature which requires attestation.

Instructions regarding Money Orders.

1. Payment of any Money Order must be obtained before the end of the Fourth Calendar month after that in which it was issued, (for instance, if issued in January it must be paid before the end of May,) otherwise a new Order will be necessary, for which a second commission will be charged. And if the Order be not paid before the end of the Twelfth Calendar month after that in which it was issued (for instance, if issued in January, and not paid before the end of the next January,) all claim to the money will be lost. *After once paying a Money Order, by whomsoever presented, the Office will not be liable to any further claim.*

II. If the Money Order form be clipped or mutilated, there may be difficulty as to paying it.

III. For the alteration of name of the Payee, or for the transfer or re-payment of an Order, an additional commission is charged, which must be paid in cash to the Officer in charge of the local Treasury who will refund the amount in case of re-payment, or issue a fresh order if alteration of name or transfer of place is required.

IV. For the issue of a Duplicate Money Order or for renewal, the applicant must send his application to the Head Office and either remit with it the amount of commission in postage stamps or pay such amount into the local Treasury, taking an acknowledgment from the Treasury officer. A single fee only is charged when an application contains more than one head of the above service.

V. To save time and prevent errors, the Public are advised to furnish in writing to the Issuing Officer, at the time of application, the full particulars of every Money Order required, and to ascertain, before quitting the Issuing Office, that the Order corresponds with those particulars.

VI. The receipt on the Money Order must be signed in the manner there described.

VII. Whoever presents a Money Order for payment, whether the rightful owner, or otherwise, must give full information as to the Name, Surname, and Address of the party who originally obtained it, unless such party be a Firm, when the name of the Firm, together with its Address and Occupation will suffice. *The only exception to this Rule is—*

When a Money Order is presented through a Bank of the town upon which it is drawn, in which case it will suffice that the Order being properly signed, be also crossed with the Banker's name.

VIII.—These Regulations have been laid down to secure, as far as practicable, that payment be made to the rightful party, and all Officers have been instructed to enforce them as far as a due regard to public convenience will permit.

IX. As, however, *after once paying a Money Order by whomsoever presented, the Office will not be liable to any further claim:* the public are strictly cautioned,

1st.—To take all means to prevent the loss of a Money Order.

2nd.—Never to send a Money Order in the same letter with the information required on payment thereof.

3rd.—To be careful, on taking out a Money Order, to state correctly the name of the person in whose favor it is to be drawn.

4th.—To see that the Name, Address, and Occupation of the person taking out a Money Order are correctly known to the person in whose favor it is drawn.

X. Neglect of these instructions will risk the loss of the Money, besides leading to delay and trouble in obtaining payment.

XI. Money Orders are issued and paid at most Offices during the hour the Treasury transacts business, *i. e.*, from 10 in the morning till 3 in the evening (except on Saturday when the Treasury closes at 1.) The Commission (to be paid on issue) is as follows—

4. No Overland Money Order can exceed £10, or contain the fraction of a penny.

5. The amount chargeable in India for an order payable in the United Kingdom can be ascertained from any Money Order Office. This receipt will be retained by the remitter ; all that he has to do being to write to the payee in England, informing him of his (the remitter's) name as entered in the receipt. The payee in England will receive the Money Order direct from the London Office.

7. Orders for remittances from the United Kingdom, payable in India, will be forwarded without charge for Postage by the Post Master, Bombay, to the payee in India ; and, if there be no Money Order Office at his address, the Post Master of Bombay, before issuing the order, will require of him as to the office at which payment can most conveniently be taken. These orders will be in the same form and subject to the same rules in respect of payment, as ordinary Inland Money Orders, except that the payee will not be required to give information respecting the address, of the remitter in Britain, but only in respect of his surname and Christian name.

3. Officers empowered to "denote" may at their discretion "denote" the stamp on any Instrument which is drawn up by Solicitors or in the English form, and in regard to which the use of the impressed bi-color Stamp would obviously be inconvenient.

4. The method of "denoting" shall be as follows:—

Special adhesive stamps of different colors and patterns for each value are to be applied by the denoting officer to documents brought to be stamped by the public, and the stamps, after being applied, are to be defaced by a stamping machine before documents are returned. As a further precaution against fraud, the denoting officer should, in all cases in which the value of the stamp is Rs. 20 and upwards, append his usual full signature on the document, immediately under the stamp.

5. Officers empowered to denote stamps are reminded that it is no part of their duty in exercising that power, to determine, for the parties bringing instruments to be stamped, the amount of stamp-duty properly chargeable on such Instruments. For such determination a regular application under Section 39 of the Act should be made to a competent officer.

Every ex-officio or licensed vendor shall, at any time on the demand of the Collector or other officer duly authorized by the Board of Revenue or Government, deliver up all stamps remaining in his possession, and if such stamps have been paid for, shall receive back the value thereof, less any discount which may have been allowed.

The Conservancy Establishments for the planting and preservation of Forests in South Canara, Coimbatore, Malabar, Salem, Madura, Tinnevely, Cuddapah, Kurnool, Bellary, Nigiris, Wynaad, North Arcot, South Arcot, Ganjam and Vizagapatam Districts are now formed into one Department, for one entire Presidency. An extensive Teak Plantation exists on the banks of the Nelambur River in Malabar. Periodical sales of Timber by auction take place on account of Government. Means have been taken to stop the destruction of Forests by fire and stray cattle. Nurseries have also been established. The attention of the Special Department is being engaged in extending the fuel plantations and reserving the Forest tracts along the North and South-west lines for the future wants of the Railway Locomotive Department.

General Instructions to the Forest Officers.

1. To keep a Diary of work done.
2. To obtain a complete knowledge of the quantity and quality of Timber in each Forest of the District, and to prepare a Forest Chart according to a fixed scale, indicating as far as possible the number and size of the more valuable Forest Trees within their respective ranges.
3. To prevent any kind of depredation or damage being committed in the Forests, to aid in which the Civil authorities will give every support in their power. It will be the duty of the Assistants also to make circuits of the Government Forests, and to prevent private individuals cutting or damaging trees of any description in them, and to complain to the nearest Police Official against all who violate the order, to be dealt with according to the offence.
4. To improve the Forests by clearing, planting, and by unremitting attention to young trees. To see that Teak and other fine timber is carefully seasoned, and to take care that no trees are felled except under the orders of the Forest Department, and when felled that the timber is properly protected. If Forests are being worked by contract to watch against injury to seedlings and undersized trees, also to see that trees are cut near the root (always within two feet) and to guard against wastage of timber from any cause whatever.
5. To present to the Officer in charge of the Central Office, Monthly Returns Half-yearly Statements of the work done, and other periodical Returns.
6. To supply Tabular Statements of the quantity and description of the seasoned and green timber contained in their respective Districts. Personally to pay the Establishment and to take every care of the health of the employees. Also to report every instance of neglect on the part of their Subordinates.
7. To give details of all sales effected whether by notifications or otherwise.
8. To transmit to the Central Office, as opportunity offers, any new or remarkable production of the Forests.
9. The services of the Assistants belong entirely to Government, and they are strictly prohibited from engaging in private transaction of any kind whatever.

(Signed) H. F. C. CLEGHORN, *Conservator of Forests.*

QUEEN'S MILITARY FUND.

Regulations of the Queen's Military Widows' Fund, for the benefit of the Widows and Children of deceased Officers in Her Majesty's Service in India, established in 1820

Under the protection and countenance of the Most Noble the Marquis of Hastings, Commander in Chief in India, the above-named Fund was established in the year 1820 for the purpose of sending Home, in comfort and portability, the Families of deceased Officers in Her Majesty's Service in India, and of preventing the painful and degrading practice of appealing to the public for subscriptions on such occasions, and also of providing relief in such case as may require it until they can be conveniently sent Home.

Modifications of the original Rules have at different times become necessary, and they have been adopted with the approval of the subscribers and the sanction of the Commander in Chief for the time being.

On the present occasion the Committee of General Management, having observed the daily increasing disproportion which the allowances, as granted by the Regulations hitherto in force, bear to the increased Expence for travelling throughout India, deemed it necessary to bring the circumstances to the notice of the subscribers at large, at the same time submitting for their consideration a series of alterations which they believed would remedy that discrepancy.

The Committee are gratified to find that their suggestions have been almost unanimously accepted, and the same are accordingly embodied in the following Code of Revised Regulations for the Government of the Fund, which will come into force on the 1st September 1866.

As Officers, on first landing in the country, may not have convenient access to the books of Local Regulations, the following extract is here printed from the first volume of Standing Orders, showing the benevolent object with which the Fund came to be originally instituted and the benefits to be derived from supporting it.

Simla, 1st August 1866

G. O., 25th June 1820. "1. With reference to the Circular Letter from the Adjutant General of His Majesty's Forces to Officers Commanding Regiments, dated the 22nd October 1819, His Excellency the Commander in Chief, with a view to give further aid and facility to the management of the Fund for widows and children of His Majesty's Officers, is pleased to publish for general information of all concerned, that the Most

Noble the Governor-General has signified his consent to become Patron to the humane institution now in progress to establishment and His Excellency the Commander-in-Chief will consider himself as President, and has been pleased to order a Committee of General Management to be formed at Head Quarters, with which the Presidents of General and Regimental Committees can communicate on all subjects touching the object in view. It will be the business of the Committee of General Management to examine the accounts quarterly, and to order the sums in hand to be deposited in Government Security and that the Paymasters of Regiments make the remittances at the periods prescribed in the printed Regulations, &c., &c."

G. O., 28th November 1826 "The Commander in Chief is pleased to publish, for the information of the Officers of His Majesty's Army serving in India, the following General Order, No. 371 of 1826, issued by the Supreme Government

"Port William, 17th November 1826. In order That the full wing paragraph of a Military General Letter from the Honorable the Court of Directors under date the 27th of May 1826, be promulgated for the information of the Officers of His Majesty's service in India

59 and 61 The grant of passage money to the widow of Lieut Twomberton, of His Majesty's 44th Regt. to enable her to return to England, reported as a special case

"Para 16 "It appears from the documents annexed to these Proceedings that Lieutenant Twomberton had been a short time in India that he was probably not aware of the Fund established for the relief of the widow and families of Officers of His Majesty's service, dying in India, and consequently had not submitted to it

"17 "We desire that you will take measures for acquainting all Officers of His Majesty's service, with the existence of this Fund, immediately on their arriving at any of the Presidencies, and with our determination not to provide maintenance or passage hereafter for the widows or families of any of His Majesty's Officers dying in India"

"The Commander in Chief is requested to issue such instruction for making all Officers of His Majesty's service, on their arriving at any of the Presidencies, acquainted with the determination of the Honorable Court, expressed in the foregoing extract, as may appear necessary to His Excellency"

G. O., 20th April 1829 "The Commander in Chief in directing the publication in General Orders of the accompanying statement of the Fund of the Institution for the relief of widow of Officers of His Majesty's service, request to find, that an institution so beneficial to all (whether married or single) and supported within the means of the most limited incomes, should not meet with that universal support which it claims His Lordship is satisfied that there are many who have, from want of attention only, omitted to return their names as subscribers, and confident that such omissions have only to be pointed out to be remedied, but he considers it a duty which he owes to the Army to inform them by the publication of the accompanying letter, in the sentiments of which he most fully coincides, that it now remains for the service generally to consider whether they will support the institution, or allow the widows and children to appeal to individual charity for the means of enabling them in their distress to return to their homes. Such an addition to their misfortunes may be removed, and their respectability maintained, by so small a subscription to the Fund, of at most two Rupees a month from a Subaltern, and from other ranks according to the moderate scale laid down in its Regulation"

Letter from the Secretary to Government, Military Department, to the Commander in Chief, No 195, dated 13th December 1825

"The annexed extracts (paragraphs 2nd and 11th) of the Honorable Court's Military General Letter to Madras, under date the 14th May 1828, prohibiting the grant of passage money to the families of Officers of His Majesty's service returning to England, having been forwarded to the Supreme Government, with an intimation that these orders are equally applicable to this Presidency, I am directed to request, that you will lay the same before the Commander in Chief for His Excellency's information

Extract of Military Letter to Fort St George, dated 14th May 1829

"Para 2nd We have had repeated occasions to comment on the Regulations of your Government granting passage money to the families of King's Officers on their return to England, but we regret to find that our instructions on this point have not been attended to with their desired effect at your Presidency

"3rd The cases which have arisen divide themselves into two classes —

"1st Widows and orphans of Officers dying in India

"2nd Wives and children of Officers returning to England

"4th To provide for the conveyance to England of widows and orphans, who are left in destitute circumstances, a Fund was established in the year 1820 by Officers of His Majesty's Regiments serving in India. The principles and objects of this Fund have received our concurrence, and a subscription of 6,000 Rupees a year has been authorized by us towards its support

"5th	*	*	*	*	*	*	*
"6th	*	*	*	*	*	*	*

"7th. The Officers in our service, who have been appointed of late years, are all required to contribute to the support of the institution established for the relief of their widows and children, and we would hope that some rule, which shall be equally effectual for the support of this Fund may be adopted by His Majesty's Officers.

"8th. In the subscription we have made, we have done as much, if not more, in proportion for His Majesty's Officers, as we have done for the Officers of the Company's Army, in our subscriptions to their Funds; and as we never provide for any individual case of distress, which may arise on the part of the widow and children of an Officer of our own Service, we must likewise decline to make any such separate provision, in any future case, for the widow or children of an Officer of His Majesty's Army.

"9th. His Grace the Commander in Chief has observed on this subject 'that if the Officers of His Majesty's Army will contribute, the Fund will be sufficient to remedy the inconveniences which now exist; if, on the other hand, they decline to subscribe to it, it must be understood that they are willing to rely, in the event of their death, upon charity for the removal of their families to England.' If therefore, any widows or orphans of His Majesty's Officers be left destitute, it will be from the fault of their husbands and fathers.

"10th. We, therefore, positively prohibit any further advance of money on your part to enable such widows and orphans to return to England.

"2nd. Wives and children of Officers returning to England.

"11th. We had contemplated the advantage of including these cases among the objects to be provided for by the Fund; but on further consideration, we are of opinion, that every Officer must be left to make his own arrangement, independent of any charitable institution, or of the assistance of the State. The Funds, to which we contribute for the advantage of the Company's Officers, make no provision for such cases, and no allowance from the Government is ever granted to defray the private expenses of Officers on this account. We must, therefore, absolutely prohibit the grant of passage money to the families of the King's Officers returning to England."

G. O., 29th May 1814 -- "In conformity with instructions from the Right Hon'ble the Secretary at War, under date the 6th March 1814, the Commander in Chief desires it may be distinctly understood, that all Officers refusing to become subscribers to the 'Military Fund for the benefit of the widows and children of Officers of Her Majesty's Regiments serving in the East Indies,' their widows and families can have no claim to be relieved, either by the East India Company or by the British Government, from any expense they may incur in returning to England."

A. G.'s Cir., No. 54, 28th September 1866. -- "On two occasions recently, it has come to the notice of the Commander in Chief, that charitable contributions have been solicited from the public at large in aid of the widows of Officers of Her Majesty's service in India, whose husbands have neglected to subscribe to the Queen's Military Widows' Fund.

"The origin of the Fund was to obviate such appeals, and at the same time to prevent what used to be not an uncommon spectacle, the reduction to the most painful state of destitution of ladies who, during the life-time of their husbands, were enjoying great comfort, perhaps even affluence.

"Apart from other considerations, His Excellency thinks it very unfair to the unmarried Officers of the Army, a large proportion of whom have already consented to tax themselves in support of this Fund, that they should be thus called on to pay a further contribution in aid of the families of those who were too improvident, or too negligent, to become members of it in their life-time.

"His Excellency therefore hopes that married Officers will recognize the advantages of this institution, and which the Government deems worthy of its support, and that they will bear in mind the hardship and suffering to which their widows may be exposed by a neglect on their part to entitle them, by the present payment of a small contribution, to a participation in the very substantial benefits which the Fund confers."

In the event of there not being three subscribers at once available to form a Committee, the Commanding Officer of the Station or Corps may avail himself of non-subscribers, to avoid the delay which would be entailed in assembling a Committee composed wholly of subscribers in the usual manner. It shall also be competent for the Commander in Chief at either Presidency to assemble a Special Committee to report on the case of any lady who may become a widow, whilst the Regiment to which her husband belonged shall be at another distant Station, or on Service beyond Sea.

Rule 12th.—That such Station, Regimental, or Special Committee, as the case shall be, having duly examined into the circumstances, shall report their opinion on, and recommend the amount to be granted for Passage money and Maintenance, strictly in conformity with the Regulations annexed. Rule 14th.—The Sub-Committee will, on drawing for any sum on the Honorary Secretary, in cases of special awards, transmit the Report of the Station Committees, as well as their own opinion and explanation of the award, as a voucher; and they will afterwards, as soon as possible, transmit the proper receipts and certificates, showing that the money has been appropriated in the manner and for purposes for which it was awarded.

Rule 15th.—But to prevent doubts and misconceptions which might possibly arise hereafter, it is distinctly declared that no widow permanently residing in this country after the death of her husband, can expect any provision or pension for herself or children from the Fund, further than is stated in Rule 29. It is also declared, that no widow under any circumstances, shall be entitled to any assistance from this Fund, unless the application shall be made in the usual form within six months after the demise of her husband.

The Capital amounts to Rupees 1,44,130. The Government Securities are lodged in the Bank of Madras in the joint names of Captain H. G. Pritchard, Military Secretary to the Governor, Mr. W. Pike and Lieutenant D. Lissenburg. The amount paid in Pensions exceeds Rupees 2,32,746-14-0.

The following is a brief abstract of the Rules of the Fund:—

Entrance Donations in both branches, may be paid at once or by twelve equal monthly instalments.

Increased payments in one sum are required from persons joining the Widows' Branch after the age of 40, and no person can be admitted or transferred to a higher class after the age of 55 years; delay in joining after being admitted by the Committee necessitates a fresh medical certificate being submitted. Subscriptions in the Children's Branch commence from the date of application to subscribe for the child, and continue until the age at which pensions terminate. Transfers from a lower to a higher class are permitted (on production of the prescribed medical certificate) on payment in one sum of difference of donation and of subscription according to age. Subscribers to the Children's Branch must also belong to the Widows' Branch.

The pension in the Children's Branch is secured as soon as entrance donation is paid in full. In the Widows' Branch full and reduced pensions are respectively secured when

the total payments in that branch amount to the sums specified in the foregoing table, irrespective of that paid for admission after 40 years of age. Subscribers are allowed at any time, on furnishing a medical certificate in the prescribed form, to pay in one sum, or by such instalments as they may find convenient, the difference required to entitle their Widows to immediate pension.

Pensioners may reside at any station or in any country they choose. Widows marrying, lose pension during coverture, but revert to the Fund on again becoming Widows. They also receive a portion of a second pension if the second husband also had been a subscriber at the time of his death. Pension is forfeited by incontinence. No pension is paid to families of subscribers who die with six months' subscription in arrears, and subscribers' names are struck off the books when twelve months in arrears. Subscriptions due for a period exceeding six months are not received unless accompanied by a medical certificate.

The Regulations at length may be had on application to the Treasurer—from out-stations, one Anna postage stamp must be sent to cover postage.

It is hereby notified that the following Rules have been made by the Honorable the Chief Justice of Her Majesty's High Court of Judicature at Madras, under the power given by Act No. XVII of 1864, entitled "An Act to constitute an office of Official Trustee."

[*General Rules for the guidance and government of the office and duties of Official Trustee of Madras.*]

I. The Official Trustee appointed under Act XVII of 1864, shall forthwith give security for the due execution of his office, in the sum of Rupees 50,000 in one or other of the modes following, viz., by the joint and several bond or bonds of himself and two or more approved sureties in the sum of Rupees 50,000; or by the deposit of Government securities for that amount; or partly by the deposit of Government securities and partly by the bond or bonds of himself and two or more approved sureties. Every such bond shall be entered into with the Chief Justice for the time being by his name of office, and his successors in the said office, or the Judge who shall at any time be performing the duties of Chief Justice.

II. The like security shall be given by every person who may be appointed to officiate in the absence of the Official Trustee under Section 7 of the Act.

III. The Official Trustee shall, with due diligence, cause all capital moneys and trust funds received by or vesting in him to be invested by Government securities, unless otherwise ordered by the Court or provided by the deed or will creating the trust.

IV. Whenever owing to doubts or disputes as to the person or persons beneficially entitled, or for any other cause, there shall remain in the hands of the Official Trustee a cash balance of Rupees 500 belonging to any trust estate, he shall without delay invest the same in Government securities.

V. The Official Trustee shall procure all Government and other securities which may be issued or given to him on account of any trust estate, and every transfer of the same, whether by endorsement or otherwise, to be made in his name of office.

VII. All Government Securities and Bank, Railway, or other Shares coming into the possession of the Official Trustee shall forthwith be lodged by him in his name of office as Official Trustee with the Bank of Madras and there kept for safe custody; except when it may be necessary for the Official Trustee to retain such securities or shares for a temporary purpose.

VIII. The Official Trustee shall make remittances on account of persons in Europe to the Treasury at the India Office by Government Bills at the rate of exchange settled for the re-payment of advances made in India.

IX. The Official Trustee shall keep the following books of account :—

January 9th, 1865.

C. H. SCOTLAND.

Rules of the High Court of Judicature at Madras, passed on the 3rd August 1871.

1. A Respondent in an Appeal shall not be entitled to raise an objection to the decree or order in question unless he shall have filed in the Registrar's Office a Memorandum stating such objection (properly stamped) eight clear days before the day of hearing, and shall not, without the leave of the Court for special cause, be heard in support of such objection unless he shall have served a copy thereof on the Appellant or his Advocate or Vakil the same number of days before.

2. Every application by an Appellant for leave to file a Memorandum of an additional ground of appeal shall be made by petition ten clear days before the day of hearing, and, when granted, the Appellant shall not, without the leave of the Court for special cause, be heard in support of such ground unless he shall have served a copy thereof on the Respondent or his Advocate or Vakil eight clear days before.

3. It shall not be sufficient in a Petition or Memorandum of Appeal or Memorandum of Objection filed in an Appeal to state as a ground of objection that the decision appealed from is contrary to law or usage, or that there has been substantial error or defect in the procedure or investigation of the case, or to the like effect; but the Petition or Memorandum shall set forth specifically the error of law, breach of usage, or defect in procedure or investigation meant to be relied upon: and an Appellant or Respondent will not be permitted to raise at the hearing of the Appeal any legal objection not so set forth.

4. No Petition or Memorandum of Appeal or of Objection which contains such a general statement without setting forth any other ground of appeal or objection shall be received in the Registrar's Office on the Original or Appellate Sides of the Court.

5. No Petition or Memorandum of Special Appeal or of Objection by a Respondent in a Special Appeal which may appear to the Registrar or, in his absence, the Deputy Registrar, to be defective in not stating specifically any objection which is an admissible ground of Special Appeal under Section 372 of Act VIII of 1859 shall be received and registered until a Judge shall so order.

6. Every such Petition or Memorandum of Appeal or Objection shall be referred by the Registrar or, in his absence, the Deputy Registrar, for the consideration and order of a Judge unless the party by or on whose behalf it is presented acquiesce in the opinion of the Registrar or Deputy Registrar and desire to amend it: in which case the Petition or Memorandum shall be returned for correction by substituting an admissible ground of objection, and the time allowed for that purpose shall be three clear days.

7. Every such reference shall be set down for hearing and determination by the single Judge whom the Chief Justice may from time to time appoint to sit for the purpose, and his determination must be drawn up in the form of an Order of Court under Section 25 of Act XXIII of 1861. Notice of the day of hearing shall be given by affixing a list of the references to the public notice-boards at the Court-house two clear days before the day of hearing.

8. Rules 5, 6 and 7 shall come into operation on the 20th day of October next.

XX.—Previous to the Official Assignee exhibiting and delivering in open Court his Schedule in pursuance of the preceding Rule, he shall lay the same together with the accounts of each estate and the Vouchers relating thereto before the Master, in order that such Schedule may be examined and the several Vouchers compared with the accounts of the estates therein described.

XXI.—In all cases where the Courts shall direct that the estate and effects of any Insolvent shall be received by the Official Assignee and any Special Assignee or Assignees jointly, all Monies, Jewels, and Securities for Money belonging to such estate shall within seven days after the receipt thereof be paid or delivered and be kept in deposit in the Bank of Madras, and no part thereof shall be withdrawn therefrom but upon the order in writing of all such Assignees, or of any two of them, of whom the Official Assignee shall be one.

XXII.—The Chief Clerk shall, immediately after the hearing of any Insolvent upon his Petition, and after adjudication of the Court thereon, deliver over to the Official Assignee the Schedule of the Insolvent which shall be thereafter kept in the Office of the Official Assignee. Provided that, if the Schedule be required by the Chief Clerk for any temporary purpose, it shall be delivered out to him as often as may be necessary, and shall be restored to the custody of the Official Assignee so soon as such purpose has been fulfilled.

(„) W. W. BURTON

Additional Rules for regulating the Proceedings in the Court for the Relief of Insolvent Debtors at Madras made and passed by the Supreme Court of Judicature there and read in Court on the 9th day of September 1853.

That henceforth the following Rule be substituted for Rule VII.—

Notice of the filing of every Petition and Schedule and of every adjudication of an act of Insolvency where an adjudication has been pronounced and of the time and place appointed for the hearing of the matters of the Insolvency and that an order has been made by the Court for vesting the estate and effects of such Insolvent in the Official

Assignee shall be given to Creditors and Persons claiming to be Creditors, whether such debts are admitted or disputed in the Schedule in the following manner. In cases where the Creditors or Persons claiming to be Creditors are resident within the local limits of Madras, such notice shall be served personally upon such Creditors or Persons claiming to be Creditors and also upon the Attorney of any detaining Creditor suing by Attorney twenty-one days at least before the day of hearing. In cases where the Creditors or Persons claiming to be Creditors reside beyond those limits in any part of the territories of the East India Company, such notice shall be sent by the ordinary post. And in all cases notice to the like effect shall be published in two successive numbers of the *Fort St. George Gazette* which shall be published next after the making of the vesting order or of the appointment of the day for hearing, unless in any case the Court shall otherwise direct.

Proviso to be added to Rule XI. Provided always that the Court in its discretion may allow other grounds of opposition to be gone into

XXIII.—That every Insolvent shall file with his Schedule a general Balance Sheet of his receipts and expenditure, which account shall in no case commence later than twelve Calendar months before the filing of the Schedule. But if at any time subsequent to the date of the earliest debt in the Schedule any property shall have gone from the Insolvent by sale, assignment, mortgage, distress, execution, or by any means other than the ordinary course of trade or living, the account shall commence so as to include all such transactions, and every Insolvent shall also state in the said general Balance Sheet the cause of his present insolvency and the amount of debts, if any, still due by him under any prior insolvency.

XXIV.—That no dividend shall be reserved for any disputed claim or debt that shall not have been substantiated before or at the sitting of the Court at which the dividend shall be declared, unless the Court shall direct such reservation to be made.

XXV.—That the Court in its discretion, and if it thinks fit to award any costs, may do so against, or to any Assignee, any Insolvent finally discharged, any Petitioner for revocation of adjudication, any Creditor or any Person interested in an Insolvent estate applying, opposing, or appearing on any application, and either out of the estate or out of the private moneys of any such Person or Party, and may direct to what amount, how, when and in what manner, and by whom the same shall be paid, recovered, or retained.

XXVI.—That the Official Assignee shall be at liberty to apply to the Supreme Court or to the Insolvent Court to permit him to proceed in Equity or at Law, or in the Ecclesiastical, or Admiralty Jurisdiction, or to defend any suit or action, or take or defend any proceedings without the payment of any fees of office to the Officers of the Supreme Court or Insolvent Court in respect of any demand, claim, or right against or belonging to any Insolvent estate, wherein no assets have been received, and wherein there are no assets expected or recoverable except such as shall be the subject of such suit or action. Provided always that such fees shall be a primary charge on and payable out of the assets recovered therein.

TABLE OF FEES.—From and after this date the folio in the Table of Fees shall be deemed to consist of 90 words instead of 72, and all charges by the folio shall be made at the rate of 5 Annas per folio instead of 8 Annas as heretofore.

The Table of Fees of the Court for the Relief of Insolvent Debtors.

Madras Screw Pile Pier.

This important work has been completed by Mr. Frederick Johnson, Civil Engineer of North Street, Westminster, London, pursuant to the terms of a Contract entered into between the Council of India and himself, under date the 9th of November 1858.

The dimensions of the structure are as follows:—

Extreme length, from high water-mark, 1,000 feet.

Breadth throughout, 40 feet. Besides its main body, the Pier has a cross of T-shaped head, 160 feet long by 40 broad. The work is constructed of Mitchell's Patent Screw Piles, of solid wrought iron, respectively 6 inches and 8 inches in diameter, placed in rows of four abreast, and at distances of 10 feet between the centre of each row.

These Piles are screwed down into the sand to the depths undermentioned, that is to say—the first 25 rows, 11 feet; the second 25 rows, 13 feet; and all the remainder, 15 feet.

The whole structure is securely tied together by transverse T-braces of wrought iron, and by longitudinal tension rods of the same material.

Commencing at the inner part side of the Pier Head and continued 200 feet on each side of the main structure, the iron Piles are protected by fender piles of timber placed at short intervals, and secured to the Iron Screw Piles by strong wrought Iron Bands.

Originally the platform was composed of beams of creosoted Baltic Timber covered with teak planks, six inches broad by four inches thick, with spaces between the planks. This has now been replaced by beams of teak covered with mangoe planks, three inches thick, placed close together and the seams caulked in the same manner as the deck of a Ship.

Four lines of railway are laid down along the main Pier, with the necessary Turn-tables, &c., and the rest of the space available fitted up for the service of foot-passengers.

The Pier Head is furnished with six fixed cranes, varying in their lifting power from 3 to 10 tons, and 8 moveable cranes of 30 hundred weight each are placed on the railways traversing from point to point as necessity arises.

It is proposed to dispense with the Screw Moorings provided for in the Contract, and in lieu of them to put down Bridle Moorings with one arm Anchors.

The total cost of the works, as agreed on in Mr. Johnson's Original Contract, was £1,03,616, but a second Contract was subsequently entered into for the extension of the structure shoreward a length of 80 feet, at an extra charge of £4,332.

The Pier was damaged in the Cyclone in May last by a native vessel drifting through it, in the same place as was damaged on a former occasion by the "St. Bernard."

Amended Rules for the better management of Boats and Canoes plying for hire at the Out-Ports of the Madras Presidency.

The following Rules for the better management and control of Boats and Catamarans, plying for hire at all out-ports under the Madras Presidency to which they may be extended by an Order of the Governor of Port Saint George in Council, published in the *Port Saint George Gazette*, have received the sanction of the Government of India, and will come into force on the 1st day of October 1867.

I. No person, either as owner or servant, shall use any Boat, Canoe, or Catamaran, to carry goods or passengers to or from any ship or vessel at the port, unless such person shall have previously received a license, and unless the Boat, Canoe or Catamaran which such person shall so use has been registered, as hereinafter mentioned. And in case any person who has not received such license shall use any Boat, Canoe, or Catamaran for the aforesaid purpose, or such Boat, Canoe, or Catamaran shall not have been so registered, such person shall be liable to a fine not exceeding the sum of (50) fifty Rupees, or, in default of payment, to imprisonment for a term not exceeding (3) three months, and the Boat, Canoe, or Catamaran shall be liable to confiscation, on conviction before a Magistrate or Justice of the Peace. This rule is not to be considered as interfering with Ships' Boats or Pleasure Boats taking off or landing passengers and their baggage, or Ships' stores, all of which, however, must be embarked or debarked within the limits assigned by the proper authorities, in default of which a fine will be imposed under Clause X. The right of withdrawing this indulgence will be vested in the Master Attendant or Collector of Sea Customs, or other Registering Officer appointed by Government, should it appear that the interests of Government require it.

II. The Master Attendant or Collector of Sea Customs, or other Registering Officer appointed by Government, on being satisfied that a Boat, Canoe, or Catamaran is sea-worthy and fit for the service of the port, will, on application of the owner or owners, who must first subscribe to a declaration in writing that he or they fully understand these Rules, grant a license to such owner to use the Boat, Canoe, or Catamaran, for the aforesaid purposes, such license (if a Boat or Canoe) expressing its dimensions and the number of the crew, as well as the number of passengers and quantity of cargo, it is to be permitted to carry. And, to enable the Registering Officer to grant a correct license, he shall survey, or cause to be surveyed, any such Boat or Canoe in presence of the owner, or any person deputed by him, the fee for such survey being regulated at each port by order of Government.

III. And as often as the property in such Boat, Canoe, or Catamaran shall be transferred, the owner must produce his license to the Registering Officer, that the requisite alteration may be made, the new owner subscribing to a similar declaration, respecting his comprehension of these Rules. In wilful neglect or default of which notice of change of ownership for the space of six days after such may have taken place, the original owner shall forfeit a sum not exceeding (25) twenty-five Rupees, or, in default of payment, to imprisonment for a term not exceeding (6) six weeks, on conviction before a Magistrate or Justice of the Peace.

IV. Every owner shall paint in black English figures not less than six inches in length, upon a white ground, on a conspicuous part of the bow in one side, and of the quarter on the other, the number mentioned in the Register and license of his boat. And if any person shall fraudulently paint, or cause to be painted or counterfeited, upon any Boat or Canoe, not having been duly registered, any such figures, every such person shall be liable to a fine not exceeding the sum of (100) one hundred Rupees, or, in default of payment, to imprisonment, with or without hard labor, for a term not exceeding (6) six months, on conviction before a Magistrate or Justice of the Peace, and every such Boat or Canoe shall be confiscated.

V. For the better prevention of fraud and omission in painting the figures above provided to be used, the Registering Officer shall cause the number to be cut or branded in the most common Native character in some part of every Boat, Canoe, or

Catamaran, on its being registered; and if the owner should refuse to keep cut, branded, or painted, the figures assigned, or should hide or obliterate them, he will be liable to a fine not exceeding (50) fifty Rupees, or, in default of payment, to imprisonment for a term not exceeding (3) three months, on conviction before a Magistrate or Justice of the Peace. And if any person, not being an owner, shall be guilty of, or shall assist in, altering or, erasing any such figures, he shall be liable to a fine not exceeding (50) fifty Rupees, or, in default of payment, to imprisonment for a term not exceeding (3) three months, on conviction before a Magistrate or Justice of the Peace. All numbers painted or branded on a Boat, Canoe, or Catamaran are to be effaced by the Registering Officer on the license being withdrawn.

VI. All men employed as Tindals or Boatmen shall be registered in the Office of the Master Attendant or Collector of Sea Customs or other Registering Officers appointed by Government, and no others shall be allowed to ply in Registered Cargo Boats, Canoes or Catamarans, unless on emergency, and with the permission of the Registering Officer. Any offence against this rule will subject the owner to a fine not exceeding (10) ten Rupees, or, in default of payment, to imprisonment for a term not exceeding (14) fourteen days, on conviction before a Magistrate or Justice of the Peace, for each man so engaged in his Boat; and the Lascars so employing them selves will forfeit all title to hire.

VII. All Boats, Canoes, or Catamarans must be manned with such number of crew as may be determined on by the Registering Officer and noted in the license; and any owner allowing his Boat, Canoe, or Catamaran to ply without the requisite complement of men, will be liable to a fine not exceeding the sum of (50) fifty Rupees, or, in default of payment, to imprisonment for a term not exceeding (3) three months, on conviction before a Magistrate or Justice of the Peace. And all Boats, Canoes, or Catamarans, must carry such number of passengers and quantity of goods as shall be expressed in the license, a refusal to take, which will subject the owner to loss of hire, and suspension of license, if considered necessary.

VIII. If any Boat, Canoe, or Catamaran be loaded with passengers or cargo beyond what is specified in the license, the Tindal of such craft shall be liable to a fine not exceeding (5) five Rupees, or, in default of payment, to imprisonment for a term not exceeding (8) eight days, and the owner of the Boat to a fine not exceeding (10) ten Rupees, or in default of payment, to imprisonment for a term not exceeding (16) sixteen days on conviction before a Magistrate or Justice of the Peace, for every surplus passenger and candy of goods. And every other person who shall be guilty, either as principal or accessory, of the like offence, after having been duly warned by the Tindal or owner, shall be liable, on conviction before a Magistrate or Justice of the Peace, to a fine not exceeding (10) ten Rupees, or in default of payment, to imprisonment for a term not exceeding (16) sixteen days for every surplus passenger and candy of goods.

IX. All owners of licensed Boats, Canoes, and Catamarans must conform to the rules laid down by the Master Attendant or Collector of Sea Customs, or other Registering Officer appointed by Government, for regulating the hours between which they are to ply to and from the shore, who shall be at liberty to prevent any such craft from leaving the shore when, in his judgment, danger would be incurred by so doing; and in case any Tindal offend against this clause, he shall forfeit all hire, and the owner be subject to suspension of license.

X. All owners of licensed Boats, Canoes, or Catamarans shall submit their Boats when called upon to do so, to the inspection of the Registering Officer, or any person duly authorized by him, who is empowered to order such repairs to the Boats as, in his judgment, are required to render the establishment efficient. Any owner refusing to attend to such orders shall be subject to suspension of his license, and, if such refusal be continued beyond one month, to an entire withdrawal of the license.

XI. All goods are to be landed or shipped off from within certain limits that may be pointed out by the Master Attendant or Collector of Sea Customs, or other Registering Officer appointed by Government; and any person engaged in shipping off or landing goods without such limits, unless the sanction of the Master Attendant or Collector of Sea Customs, or other Registering Officer appointed by Government, shall have been previously obtained, will be liable to a fine not exceeding (50) fifty Rupees, or, in default of payment, to imprisonment for a term not exceeding (3) three months, on conviction before a Magistrate or Justice of the Peace.

XII. All owners of licensed Boats, Canoes, and Catamarans shall, under penalty of having their licenses withdrawn, be subject to the control of the Master Attendant

or Collector of Sea Customs, or other Registering Officer appointed by Government, and shall submit to such rules as he, under the approval of the Collector of the District, shall think fit to impose, and the nature of the services required of them shall demand.

XIII. The rate of hire will also be determined by the proper local authorities; and if any owner, or person deputed by him, shall demand a rate beyond that sanctioned, he shall, on conviction before a Magistrate or Justice of the Peace, be liable to a fine not exceeding (10) ten Rupees, or, in default of payment, to imprisonment for a term not exceeding (16) sixteen days for each offence, together with the forfeit of the amount of such hire.

XIV. Any owner of a licensed Boat, Canoe, or Catamaran, or person deputed by him, refusing to let on hire such Boat or Catamaran, without assigning reasonable and satisfactory cause for such refusal, shall be liable, on conviction before a Magistrate or Justice of the Peace, to a penalty not exceeding (10) ten Rupees, or, in default of payment, to imprisonment for a term not exceeding (16) sixteen days for a first offence, and (30) thirty Rupees for a second, with withdrawal of license.

XV. And if any Boatman serving in any such licensed Boat or Catamaran shall, by wilful neglect or desertion of his duty, cause any impediment to the service of such Boat, he shall be liable, on conviction before a Magistrate or Justice of the Peace, to a penalty not exceeding (10) ten Rupees, or imprisonment for a term not exceeding (16) sixteen days, or to receive corporal punishment not exceeding (3) three dozen lashes for a first offence; and for a second, or if in either case life may have been endangered, he shall be liable, on conviction, to have the punishment increased to commitment to hard labor for a term not exceeding (6) six months, according as, in the opinion of the Magistrate or Justice of the Peace, before whom he is cited, the nature of the offence should warrant.

XVI. If any owner or person deputed by him shall be guilty of taking off or landing cargo without having previously received the permission of the Master Attendant or Collector of Sea Customs, or other Registering Officer appointed by Government, he shall, on conviction before a Magistrate, or Justice of the Peace, be liable to a fine not exceeding (50) fifty Rupees, or, in default of payment, to imprisonment for a term not exceeding (3) three months.

XVII. The Master Attendant, Collector of Sea Customs, and all Magistrates and Justices of the Peace, or such person as they shall duly authorize for that purpose, shall be empowered to search all parts of any Boat, Canoe, or Catamaran for prohibited, unaccustomed, or smuggled goods, and to examine into all packages, boxes, or baggage, of whatever description, in such Boat, or landed therefrom, provided they shall have good reason to suppose that smuggled or prohibited goods are contained in such package, box or baggage. And if any person shall resist or impede such lawful search, he shall be liable, according to the circumstances of the case, and the quality of the party offending, on conviction before a Magistrate or Justice of the Peace, to a fine not exceeding (100) one hundred Rupees, or to imprisonment, with or without hard labor, for a period not exceeding (6) six months.

MADRAS LIGHT HOUSE.

The Light House at Madras is immediately to the Northward of the Walls of Fort St. George, and the light from it was first exhibited in January 1844. The Light is elevated 28 feet above the mean level of the Sea,—and may be seen from the deck of a Ship at the distance of 20 miles. The Light is of the "Flashing Description," and the duration of the Flashes to that of the Eclipses or Dark periods is in the ratio of 2 to 3,—but as the nature of the motion is Reciprocating instead of Rotatory, the above ratio merely expresses the average proportion of the Light and Dark intervals which are themselves variable according to the position of the spectator. The rapidity of movement is so adjusted, that the duration of the Flashes will vary from 0' to 48" and that of the Eclipses from 0' to 7" the sums of the duration of Light and Darkness bearing however in every position the constant ratio of 2 to 3. From the South-Eastern extremity of the Pulicat Shoal the Light House bears S. 23° W. and is distant 13 miles, but no Ship or Vessel when hauling in from the Northward for the Madras Roadstead should bring the Light to bear to the Southward of S. 28, W. or S. S. W. $\frac{1}{2}$ W.—unless her position is well ascertained. Commanders of Vessels are warned of the serious risk they incur by incautiously approaching the dangerous vicinity of the Pulicat Shoal, as hazy weather or other causes may obscure the Light,—true Soundings therefore and a vigilant look out are imperatively called for. The limits of the Madras Roadstead (in 8 or 9 fathoms) are comprised within the following bearings, viz., from the Northward the Light House will bear S. 56° W., and from the Southward N. 81 W. or from S. b. W. to W. $\frac{1}{2}$ N.

The Light House at Madras is in Latitude 13° 5' 0" North.
And in Longitude 80° 20" East of Greenwich.

The Dimensions of the Light House are as follows:—

From the ground to the vane.....	125 Feet.
Light above the ground.....	117 "
Do. do. Sea, about.....	128 "
Diameter at base to column.....	16 "
At neck of do. below the capital.....	11 $\frac{1}{2}$ "

10. Should any difference or dispute arise between the Owner or Owners of Boats and Catamarans let on hire, and any person or persons hiring the same, as to the amount of hire for services performed, the party or parties may refer the case for adjustment to the Master Attendant or his Deputy, in which case each party shall sign a paper agreeing to abide by the decision of the said Master Attendant or his Deputy, and such paper shall be retained in the Office of the said Master Attendant.

Rules for the Grant of free passage by Sea to Civil Officers.

The Governor-General in Council is pleased to prescribe the following Rules for regulating the provision of free passage by Sea for Public Officers in Civil employ, in substitution of the Rules contained in Financial Notification, dated 15th December 1865, No. 3,524,* published in the *Gazette of India* of the 30th December 1865, page 1348:—

Officers and other public servants on the permanent Establishment of a Department will be allowed a free passage when proceeding on duty by sea, in cases in which they would receive travelling allowances if proceeding on duty by land. Military Officers in Civil employ will, in addition, be allowed a free passage when, being employed at a station beyond Sea, they may be obliged to return to their Presidency in progress to Europe or to a Hill Station, on leave on Medical Certificate, also when they rejoin their station on return from that leave.

For every Covenanted Civil Servant, Military Officer in Civil employ and Uncovenanted Officer of higher rank than Clerk, who may thus be entitled to a free passage, the entire charge for a 1st Class passage will be paid by Government, who will recover from such Officer either the full or a half rate of table money for the number of days occupied in the passage, according as his salary may or may not exceed Rupees 600 a month.

The full rate of table-money shall be reckoned at 8 Rupees a day on vessels in which the cost of a free passage includes, but at 4 Rupees a day where it is exclusive of charge for wine, beer, spirits and soda-water.

For Public Servants messes at the Warrant Officers' or Engineers' table, viz., for Warrant Officers of every grade, European Non-Commissioned Officers attached to Departments or Public Offices, Subordinate Accountants and Clerks of Departments of Public Offices, who are entitled to a free passage, and for the families of these classes, 2nd class accommodation, including generally a screened berth will be provided; and the entire cost of the second class passage, without any deduction from the passengers on account of table-money, will be borne by Government.

Passage for servants and luggage, within the limits prescribed by the rules of the Quarter-Master General's Department prevailing at the port of embarkation, will so be allowed and paid for by Government, in cases where a more liberal scale is already authorized on special grounds.

(4) That provisions fuel and water have been placed on board of good quality, properly packed and sufficient to supply the passengers on board during the declared duration of the intended voyage according to the scale hereinafter contained

13 No such Ship shall carry any greater number of passengers than, together with the Master and crew, shall amount to the proportion of two persons for every three tons of the registered or estimated tonnage of the Ship

14 The Master of any such Ship before departing or proceeding on any such voyage from any Port or place in British India, shall sign two lists, specifying (as accurately as may be) the names of all the passengers, and stating the number of the crew, and shall deliver them to the officer aforesaid, who shall thereupon (after having first mustered the passengers and compared the number and names of such passengers with the lists) countersign and return to the Master one of such lists

The Master shall note in writing on each list mentioned list, and on any additional list to be made under this Act the full and supposed cause of death of any passenger who may die on the voyage, and shall forthwith on the arrival of the Ship at her destination at any Port at which it may be intended to land passengers and before any passenger is allowed to land place the list, with any additions hereto made, to any person lawfully exercising Consular authority in behalf of Her Majesty at the Port of arrival if it be a foreign Port or to the Chief Officer of Customs, or the Officer (if any) appointed under this Act at any Port or place at which it shall be intended to land the passengers or any of them

In case of non-compliance with any of the requirements of this section on the part of the Master, and if any false entry be wilfully made by him in any such list the Master shall be liable to a fine not exceeding five hundred rupees for each offence, or to imprisonment for a term not exceeding three months, or to both

15 If after the Ship shall have departed or proceeded on any such voyage any additional passengers are taken on board at a Port or place within British India or the said dominions appointed under this Act for the embarkation of passengers

or if such Ship shall upon her voyage touch or arrive at any such Port, having previously received on board additional passengers at any place beyond British India or the said dominions the Master shall obtain a fresh certificate from the officer at such Port and shall make lists of all such additional passengers, in all the provisions hereinbefore contained in that behalf shall be applicable to any certificate granted or list made under this section

In case the Master fail to obtain any such fresh certificate, or to make any such list of additional passengers he shall be liable to a fine not exceeding five hundred rupees, or to imprisonment for a term not exceeding three months, or to both

17 The Chief Officer of Customs or the officer (if any) appointed under this Act, at any Port or place within British India at which the Ship shall touch or arrive, shall, with advantage to the requirements of this Act, transmit any particulars which he may deem important respecting the Ship and the passengers conveyed thereon, to the officer at the Port

Information to be transmitted to Ports of embarkation

from which the Ship commenced her voyage, and also to the officer at any Port within British India or the said dominions where the passengers or any of them embarked.

18. In any proceeding for the adjudication of any penalty incurred under this Act, any document purporting to be a report of such Report of Consul, &c., particulars as are referred to in the last preceding section, or a copy of the proceedings of any Court of Justice duly authenticated, and also any like document purporting to be made and signed by any person lawfully exercising Consular authority on behalf of Her Majesty in any Foreign Port, shall be received in evidence, if the same appears to have been officially transmitted to any officer at or near the place where the proceeding under this Act is had.

19. Whenever, in the course of any legal proceeding instituted under this Act at any Port or place in British India, the testimony of any witness is required in relation to the subject-matter of such proceeding, any deposition that such witness may have previously made in relation to the same subject-matter before any Justice or Magistrate in Her Majesty's dominions (including all parts of India other than those subject to the same Local Government as the Port or place where such proceedings are instituted) or any British Consular Officer elsewhere, shall, if authenticated by the signature of the Justice, Magistrate or Consular Officer, be admissible in evidence on due proof that such witness cannot be found within the jurisdiction of the Court in which such proceedings are instituted:

Provided that, if the proceeding is criminal, such deposition shall not be admissible unless it was made in the presence of the person accused, and the fact that it was so made is certified by the Justice, Magistrate, or Consular Officer.

It shall not be necessary in any case to prove the signature or official character of the person appearing to have signed any such deposition; and in any criminal proceeding such certificate as aforesaid shall, unless the contrary is proved, be sufficient evidence of the accused having been present in manner thereby certified.

20. Within British India, the Local Government may, by any proclamation to be from time to time issued for that purpose and published in the Government Gazette (if any), or in one of the public newspapers, declare what shall be deemed, for the purposes of this Act, the duration of the voyage of any Native Passenger Ship from any Port or place in British India or the said dominions to any other Port or place.

21. Every Native Passenger Ship, at the time of departure from the Port or place at which passengers shall be embarked under this Act, shall have on board good and wholesome provisions for the use and consumption of the passengers, over and above the victualling of the crew, to the amount or in the proportion following, that is to say, a supply of water to the amount of five gallons to every week of the declared duration of the voyage for every passenger on board, such water being carried in tanks or sweet casks, and a supply of rice, flour, oatmeal, or bread-stuffs to the amount of seven pounds weight to every week of such duration voyage for every such passenger;

Provided that, when any such Ship shall be destined to call at a Port or place in the course of her voyage for the purpose of filling up her water casks, a supply of water at the rate before-mentioned for every week of an average voyage to such Port or place of calling, shall be deemed to be a compliance with this Act.

The provision of this section regarding food shall be deemed to have been complied with in any case where it shall appear that, by the special authority of the Local Government, any other articles of food were substituted for the articles above enumerated as being equivalent thereto.

Provided also that, in the case of Steam Ships provided with a condenser, the officer authorized in that behalf may, if under the circumstances of the case he thinks fit, reduce the amount of water to be provided under the requirements of this Section to an amount not less than four gallons to every week of the declared duration of the voyage for every passenger on board.

22. The requirements of this Act respecting the supply of provisions for passengers shall not, except as to the supply of water, be applicable to any passenger who may have contracted to furnish his own provisions.

Contract by passengers for supply of their own provisions.

23. If any Ship, bringing passengers from any Port or place east of the Cape of Good Hope and not within British India or the said dominions to any Port or place within British India or the said dominions, shall have on board a greater number of passengers or persons than in the proportion prescribed by this Act, the Master of such Ship shall, in addition to any other penalty which he may have incurred under the provisions of this Act, be liable, on conviction, for each person in excess of such proportion to a fine not exceeding fifty rupees, or to imprisonment not exceeding one month, or to both.

24. In the case of every Native Passenger Ship sailing from any Port within British India to any Port in the Red Sea, the officer whose duty it is to grant a port-clearance for any such Ship, shall not grant such clearance unless and until the Owner, Agent or Master of such ship and two sureties resident in British India shall, by a joint and several bond, have become bound under the Secretary of State for India in Council in the penal sum of rupees five thousand, conditioned to be void if the said Ship touches at Aden on her outward and also on her homeward voyage and does not leave that Port without having obtained from the proper authority a clean bill of health.

Ships sailing to or from a port in Red Sea to touch at Aden.

or sailing from any Port in the Red Sea to any Port east of the Cape of Good Hope, shall touch at Aden, and shall not leave that Port without having obtained from the proper authority a clean bill of health.

Every Master of a Ship offending under this Section, shall, for every such offence, be liable to a fine not exceeding two thousand rupees, or to imprisonment not exceeding six months, or to both.

25. Every Ship carrying more than thirty passengers being Natives of Asia or Africa and sailing from any Port east of the Cape of Good Hope to any Port in the Red Sea, shall be liable to a fine not exceeding two thousand rupees, or to imprisonment not exceeding six months, or to both.

26. No bill of health shall be granted under Section twenty-four or Section twenty-five in case the Ship has on board a greater number of passengers or persons than in the proportion prescribed by this Act.

26a. Whenever a Convention shall have been entered into between the Government of Her Majesty the Queen and the Turkish Government that every Master of a Native Passenger Ship leaving a Turkish port or place and bound for any port or place in British India, whether such ship be owned by a subject of Her Majesty or not, shall execute a bond binding him in a penalty to touch at Aden, and not to proceed thence without a clean bill of health obtained in the manner provided in Section twenty-five, any Master of any such ship, whether he be a subject of Her Majesty or not, who shall come into any port or place in British India without such clean bill of health, may be taken by the officer in charge of such port or place before any Magistrate having local jurisdiction, and on proof that such Master has come from a Turkish port or place, such Magistrate shall presume that such bond was duly executed by such Master, and in default of production of such clean bill of health, shall presume that the penalty mentioned in such bond has been incurred, and may award the full amount or any part of such penalty against such Master, and, in default of payment of such penalty, may recover it as though it were a fine imposed under this Act.

Chapter III. Coasting Steamers.

Certificates to be furnished to coasting Steam Vessels intended to carry passengers.

Certificates to coasting Steam Vessels how to be granted, &c.

27. Steam Vessels intended to carry passengers on coasting voyages from or to any Port or place within British India, shall, before proceeding on such voyages, be furnished with certificates granted in manner hereinafter provided.

28. Every such certificate shall be granted at the discretion of an officer authorized by the Local Government to grant the same, and shall remain in force for the period therein specified, unless sooner revoked.

The officer so authorized shall not grant such certificate, or suffer the same to remain in force, unless he is satisfied, by inspection or survey (to be made at least twice in each year at the expense of the Master or Owner, and upon payment of a fee not exceeding twenty rupees,) that such Steam Vessel is sea-worthy and properly equipped with boats and otherwise, and that the engines and machinery are in a fit state to enable her to proceed on her voyage.

The certificate shall state the limits (if any) within which the Vessel is to ply, and the number of Native Passengers which the Vessel is permitted to carry: such number to be subject to such conditions and variations according to the time of the year, the nature of the voyage, and the cargo carried, as the case requires.

29. The Owner or Master of any such Steam Vessel shall put up in a conspicuous part of the Ship, so as to be visible to persons on board the same, a copy of the said certificate, and shall cause it to be continued in such position so long as the certificate remains in force; and in default, such Owner or Master shall, for each offence, be liable to a fine not exceeding two hundred rupees, or to imprisonment for any term not exceeding a month, or to both.

30. If such Steam Vessel has on board thereof any number of passengers which, having regard to the time of the year and other circumstances, is greater than the number allowed by the certificate, the Owner or Master shall, for every passenger over and above the number allowed by the certificate, be liable to a fine not exceeding twenty rupees, or to imprisonment not exceeding one week or to both.

31. If any such Steam Vessel shall proceed on any such voyage without such certificate as aforesaid, the Owner or Master shall be liable to a fine not exceeding five hundred rupees, or to imprisonment for any term not exceeding three months, or to both.

32. In the grant or revocation of any certificate under this Act, the Officer granting or revoking the same shall be subject to the control of the Local Government or of any intermediate authority which that Government may appoint.

Chapter IV. - Miscellaneous.

33. If any Native Passenger in any Ship shall be landed at any Port or place other than the Port or place at which he may have contracted to land, unless with his previous consent, or unless such landing is made necessary by perils of the sea or other unavoidable accident, the Master shall, for each offence, be liable to a penalty not exceeding two hundred rupees, or to imprisonment for any term not exceeding a month, or to both.

34. Nothing in this Act contained shall take away or abridge any right of action which may accrue to any Native Passenger, or to any other person, in respect of the breach or non-performance of any contract made with the Master or Owner of the Ship or his Agent.

35. All offences against this Act shall be punishable in a summary manner by a Magistrate.

If the person on whom any fine is imposed under this Act is the Master or Owner of a Ship, and the fine is not paid at the time and in the manner prescribed by the order of payment, the Magistrate may in addition to the means prescribed by law enforcing payment, direct by warrant the amount

remaining unpaid to be levied by distress and sale of the said Ship, her tackle, furniture and apparel.

36. For the purpose of the adjudication of penalties under this Act, every offence here-under shall be deemed to have been committed within the limits of the jurisdiction of the Magistrate of the place where the offender is found.

37. The penalties to which Masters and Owners of Ships are liable by this Act, shall be enforced only by information laid at the instance of the officers appointed to grant certificates under this Act; or, at any Port or place where there is no such officer, by the Chief Officer of Customs.

By whom proceedings for penalties to be instituted.

Application of fines.

which such fine is imposed, or in or towards payment of the expenses of the proceedings.

39. Nothing in this Act shall affect the provisions of Act XXV of 1859 (to prevent the overcrowding of vessels carrying Native Passengers in the Bay of Bengal).

Saving of Act XXV. of 1859.

Rules relating to Quarantine for the Ports mentioned in Schedule A hereto annexed.

The following rules, made by His Excellency the Governor of Madras in Council, with the sanction of the Governor-General in Council, in pursuance of the provisions contained in Act I, of 1870, are hereby promulgated for general information:

I.—The Master or other person in charge of any vessel about to enter any of the ports mentioned in Schedule A annexed hereto, in which any case or cases of cholera, yellow fever, Asiatic plague, small-pox, or other disease dangerous to the general health, may have occurred within a period of ten days previous to the date of the arrival of such vessel at any of the ports aforesaid, shall notify this fact by hoisting a signal, which signal shall be in the day time a yellow flag at the fore, and in the night time two lighted lanterns, one over the other, at the same mast-head; and such Master, or other person as aforesaid, shall not take up anchoring ground within the said port without having obtained the previous sanction of the Master or Attendant or other officer in charge of the port, nor without such sanction shall he hold any communication with the shore, or with any shipping within the port.

II.—Whenever the Master or other person in charge of any vessel about to enter any of the ports aforesaid is unable to produce a clean bill of health obtained from the proper authority at the port last visited, he shall notify this fact to the Master Attendant or other officer in charge of the port by hoisting a signal as aforesaid; and thereupon the Master Attendant or other officer in charge of the port may, on the report of the Port Surgeon or other officer appointed by Government in that behalf suggesting or warranting the adoption of such a measure, refuse to permit the master or other person as aforesaid to anchor his vessel within the ordinary limits of the said port, and may forbid all communication between the vessel and the shore, until a quarantine of observation, not exceeding twenty-four hours from the receipt of the report of the Port Surgeon or other officer appointed by Government in that behalf, shall have been enforced.

III.—It shall be the duty of the Port Surgeon or other officer appointed by Government in that behalf to proceed without delay on board any vessel about to enter any of the ports aforesaid in which any case or cases of cholera, yellow fever, Asiatic plague, small-pox, or other disease dangerous to the general health, shall have occurred within ten days previous to the date of the arrival of such vessel as aforesaid, or whenever the Master or other person in charge of any vessel is unable to produce a clean bill of health from the port last visited; and such Port Surgeon or other officer as aforesaid shall inspect the crew and passengers of every vessel as aforesaid, and make careful inquiry as to the nature of the diseases then existing on board every such vessel, and make a report thereon to the Master Attendant or other officer in charge of the port. (a)

(a) Note.—“The Port Surgeon or other officer appointed by Government under Rule 3, shall, in proceeding to visit an infected vessel hail the vessel, from the weather side in the first instance; and if he is satisfied from the information he may thus obtain that it is necessary to place the vessel under quarantine, he shall refrain from going on board, and shall report the result of his inquiry to the Master Attendant or other officer in charge of the port. Such report shall be deemed to be a report within the meaning of Rule 3.”—*Proceedings of the Madras Government, Marine Department, 20th August 1872, No. 206, para. 9.*

IV.—Upon the receipt of the report of the Port Surgeon or other officer appointed by Government in that behalf, the Master Attendant or other officer in charge of the port shall determine whether any passengers or merchandize may be landed, or whether the master or other person in charge of such vessel shall be required to take the vessel to a quarantine anchorage, or to put it out to sea, or to anchor it beyond the limits of the port in such place as may be appointed for that purpose by the Master Attendant or other officer in charge of the port, or to undergo a quarantine of observation.

V.—Whenever cholera, yellow fever, Asiatic plague, small-pox, or other disease dangerous to the general health, shall be actually prevailing amongst any of the crew or passengers of any vessel as aforesaid, and none of those diseases shall exist at the time in the neighbourhood of the port which the said vessel is about to enter or has entered, it shall be the duty of the Port Surgeon or other officer appointed by Government in that behalf to report this state of facts to the Master Attendant or other officer in charge of the port. Thereupon the Master Attendant or other officer in charge of the port shall require the master or other person in charge of such vessel as aforesaid to take the said vessel out to sea for a period of ten days, or to anchor it at any place to be appointed for that purpose for a period of ten days.

VI.—All persons on board vessels in quarantine are hereby prohibited from communicating with the shore beyond the limits of any place which may be set apart for performing quarantine on shore, or with any vessel in the roadstead, or vicinity of the roadstead, unless the permission of an officer duly authorized by Government in that behalf shall have been previously obtained; and all persons are hereby prohibited from going on board any vessel in quarantine, unless the permission of an officer duly authorized by Government in that behalf shall have been previously obtained.

VII.—It shall be lawful for every officer duly authorized by Government in that behalf to appoint a sufficient number of subordinates for the purpose of enforcing these rules at the expense of the owners of such vessels; and the masters or other persons in charge of such vessels shall pay the subordinates so appointed and defray all expenses incurred in pursuance of this rule. It shall be the duty of the officer in charge of the Custom House to refuse port clearance to such vessels until all such demands be discharged.

VIII.—It shall be lawful for every officer duly appointed as aforesaid, with the sanction of Government, to appoint as many places for performing quarantine on shore as may be required, and to provide accommodation at such places for passengers on board any vessel to which these rules are applicable, at certain fixed fees to be determined from time to time by Government, which fees shall be payable by the master or other person in charge of such vessel. No person shall be permitted to leave the place so appointed within ten days from the date of the last case of the disease for which quarantine was enforced, unless with the previous sanction of the said officer duly authorized as aforesaid.

IX.—Disobedience to any of the above Rules Nos. I, II, III, IV, V, VI, and VIII, will subject the offender and all persons aiding or abetting him, to a prosecution under Section 271 of the Indian Penal Code.

MADRAS CYCLONE CODE.

SECTION I.—METEOROLOGICAL DEPARTMENT.

I. It will be the duty of the local Superintendents of the Meteorological Stations at Masulipatam, Negapatam and Trichinopoly, to telegraph promptly to the Government Astronomer and Meteorological Superintendent at Madras, in accordance with detailed instructions which have been issued by him to them, all abnormal, barometrical, temperature, and wind variations, which may indicate the likelihood, approach, prevalence, or passing away of a Gale or Cyclone. Arrangements have been made for similar information being furnished from Trincomallee and Pondicherry.

II. On the first observation, and during the continuance of "suspicious" or "dangerous" weather, the Government Astronomer will telegraph to his local Superintendents at all out-stations any observations, inquiries, directions, and warnings regarding the weather, which he may consider of possible utility. Orders have been given to ensure priority of despatch before all ordinary messages to his telegrams and their consequent replies.

III. Whenever the Astronomer shall have reason to apprehend the advent of a Gale or Cyclone he will at once, by telegram or otherwise, communicate warning to the Master Attendant, and during the prevalence of such Gale or Cyclone he will continue to give such information regarding its varying phases as may be deemed by him to be of possible utility.

IV. As Cyclones after passing over Southern India from East to West have been known to be destructive to shipping on and beyond the West Coast, the Government Astronomer will communicate to the Master Attendant such information as may be by him obtainable regarding the inland direction and progress of any future Cyclone, in order that timely warning of the apprehended danger may, when possible, be given to the local authorities along that coast, and may by them be given to the shipping.

SECTION II —MARINE DEPARTMENT.

I. The Marine Department will enforce, as far as possible, a strict observance of the Port Rules in regard to the anchorage and berthing of ships, &c. A copy of these Rules will as heretofore be given to every Master of a Vessel arriving in the roads. From the middle of April till June, and from the middle of September till January, each Commander will also be furnished with a copy of Circular marked A, appended to this Code, regarding the precautions to be taken at the periodical changes of the monsoons.

II. As on the occasions of wrecks at Madras, the establishment of communication between the shore and stranded ships is, without the aid of rockets or other Artillery projectiles, sometimes practicable, two sets of life-saving apparatus, complete with hawsers, &c., (but without rockets,) will be kept in charge of the Master Attendant, who will be responsible for their being in a constant state of readiness and efficiency, for their periodical inspection, and for his boats' crews being trained to their use.

III. The Master Attendants at the Out-ports on the Eastern Coast of this Presidency will despatch by telegraph to the Master Attendant at Madras prompt intimation of apprehended dangerous weather, and during the prevalence of such weather will continue, when practicable, to furnish information regarding its changes. Such information, when of an important character, as well as that which may be obtained by the Marine Department from ships or steamers, tending to establish the probable direction and progress of a cyclone centre, will be promptly forwarded by the telegraph or otherwise by the Master Attendant to the Government Astronomer.

IV. Whenever the Master Attendant, or in his absence the Senior Officer of the Marine Department present at Madras, shall have reason to apprehend the advent of dangerous weather, he will as hitherto direct the hoisting of "a white flag with a blue cross," signifying "the weather is suspicious. Prepare for running to sea." Information of this will be given to the Brigade Major and also to the Superintendent of the Marine Police, who will at once place himself, Serjeant, boats' crews, and catamaran men under the orders of the Marine Department.

The following arrangements will also be made —

1. All Officers of the Marine Department will be in attendance.
2. The Boat and Catamaran men belonging to the Marine Establishment will be assembled and held in readiness for immediate service.
3. The Marine life-saving apparatus will be run out by the boatmen, so as to be ready for use either independently or in co-operation with the Ordnance rocket parties.
4. The boats' crews for night service will be mustered before dark, and will remain in the lower verandah of the Marine Office.
5. The Pier Establishment will remain during the night at the Pier Office and will keep a good look-out along the Pier.
- V. During the prevalence of "suspicious or dangerous weather" any important barometrical variations and any other information or advice that may be of possible utility will be, by signal or otherwise, communicated to the shipping by the Master Attendant.

VI If it is decided by the Master Attendant, or Senior Marine Officer present at Madras, that the shipping shall be ordered to sea, the "red flag with swallow tail," signifying "out or ship" will be hoisted at the Marine Office. If the indication of the approach of the storm should occur after sunset, three good lights will be hoisted, one at the mast head, and one at each yardarm of the Master Attendant's flagstaff. These signals will be repeated at the Fort, and intimation thereof will be sent to the Brigade Major, who will in either case order seven (not more than number as heretofore) guns to be fired seawards with an interval of five minutes between each gun. It is however open to any Ship Commander to put to sea before the signal is made, should he deem such a course to be prudent with regard to his own ship, and the signals, moreover, not to be considered an imperative order. Each Commander must know best the fate of his own ship, and must exercise his own judgment as to whether he ought to remain at his anchors or proceed to sea.

VII When from a change in the direction or increased violence of the wind from observing that ships are beginning to drive or from any other reason the Master Attendant deems that imminent danger of actual wreck has arisen he will intimate the fact to the Superintendent of Marine Police and to the Brigade Major who will order the "wreck signal" to be fired. The signal will be two guns fired landwards in quick succession and twice repeated with an interval of three minutes between each pair of guns.

VIII The Senior Officer of the Marine Department will keep his officers and men together, or will distribute them along the beach as occasion may require. He will also point out to the Ordnance to ket parties those ships which first require assistance to the Senior Officer of the troop, where and how the military working parties can be most usefully employed, and to the Senior Officer of Police where his men are likely to be most needed.

IX The officers of the Marine Department will wear their distinctive dress or uniform on wreck occasions.

X The Master Attendant at Madras will telegraph to the Master Attendants at the other ports on both coast of Southern India such warnings and indications of the progress of cyclones as may be of possible utility.

SECTION III. POLICE

I On information from the Master Attendant through the Superintendent of Marine Police being received by the Commissioner of Police of the suspicious weather signal having been hoisted, the latter will telegraph to Vellore, Salem and Coimbatore warning Police Officers to hold their respective reserves in readiness. On the receipt of a second telegram each of these reserves will be despatched by first train to Madras, where officers as to their duties will be issued to them.

II The Commissioner will also send intelligence to St. Thomas' Mount where the Police reserve will be held in readiness and await further orders.

III Information will be at once circulated by the Commissioner to Divisional Inspectors, by whom boats will be immediately extended and other duties so arranged as to enable them to collect at their respective central stations certain forces which in all will amount to about 500 men.

IV The Marine Police boatmen on the suspicious weather signal being hoisted will with their Superintendent and European Sergeant be at once placed under the orders of the Master Attendant.

V On the Superintendent of Marine Police being informed by the Marine Authorities of imminent danger of wrecks occurring or on hearing the wreck signal he will promptly send intelligence to the Commissioner of Police who will distribute marching orders to the Divisional parties. Unless special circumstances should require a change of arrangements, the First and Second Divisions and reserve will assemble under the Reserve Inspector at the Commissioner's Office and await further orders. The B and C Divisions will be marched without delay to the Pier under the Deputy Commissioner. The D Division will be marched to the Beach near the Fort and the E Division to the Ice House. Each party will be accompanied by two Sowars or mounted men.

VI Should the services of the Police not be at once required, the party at the Pier will be sheltered in the verandah of the Custom House, that at the Pier in the arcade of the Grand Arsenal, and that at the Ice House at the Inspector General's Office.

VII The entire Police Force will be under the Commissioner who will consult the Marine Officers on the spot as to where the services of his men are likely to be immediately required. The Commissioner will issue whatever detailed orders may be requisite.

VIII The Police will be mainly restricted to their own proper duties, i.e., the maintenance of order, protecting person and other property washed on shore, supervising the conveyance of the shipwrecked crews and passengers to the nearest shelter, and as soon after as circumstances will permit to the hospital, Bala Home, or other places of refuge, bringing back the hammocks, clothes, and sick cuts, bundling or removing the dead, &c. They are not to be employed in hauling ropes or recovering wreckage or cargo, are in emergency circumstances, where there are no or insufficient military or other working parties on the spot.

IX. The Commissioner of Police will see that duties are so apportioned as to enable the men to be relieved from the reserves as frequently as circumstances may render requisite.

X. All officers and men will be in uniform.

SECTION IV.—TROOPS IN GARRISON.

I. The Ordnance Department will as hitherto have charge of and will work the Rocket and life-saving Apparatus, but portions of the Garrison Battery will be instructed and occasionally exercised in its use under the orders of the Commissary of Ordnance in charge of the Grand Arsenal.

II. The two-day Marine Signals to the shipping signifying "suspicious weather" (white flag with blue cross) and "cut or slip" (red flag with swallow tail), and the night signal of the approach of dangerous weather (three good lights, one at the mast head and one at each yardarm) will be repeated at the Fort flag-staff. On the first signal being hoisted the Brigade Major will warn the Ordnance, Medical, and Commissariat Departments of the fact, in order that all concerned may be held in readiness. On either of the last two signals being hoisted seven guns will be fired from the sea face of the Fort with an interval of five minutes between each gun. No further action will, however, be taken by the "Troops in Garrison" consequent on any of these signals.

III. In case of intimation being received from the Marine Department by the Brigade Major of imminent danger or of actual shipwreck, or in case of such danger or shipwreck being observed from the Fort, the "wreck signal" will be fired. It will be two guns fired in quick succession from St. George's Bastion, which will be twice repeated at intervals of three minutes.

IV. When the "wreck signal" is rendered necessary, the Brigade Major will send intimation to the Troops in Garrison and to the Ordnance, Medical, and Commissariat Departments; and the following arrangements will be carried out:—

1. Two mounted Non-Commissioned Officers and six Troopers of His Excellency the Governor's Body Guard will proceed to the Fort and place themselves under the orders of the Brigade Major. They will be used as orderlies, as occasion may require, and when not actually wanted will be kept as much under shelter as convenient. Twelve additional men of the Body Guard will remain in their lines with their horses saddled in case their services as patrols may be needed to watch ships driving to points at some distance from the Fort, and to convey prompt intelligence of wreck or applications for aid along the extended line of beach to the Officers Commanding Troops and other authorities on the spot.

2. The Royal Artillery and British Regiment garrisoning the Fort will fall in in fatigue dress, and working parties will be detailed and promptly despatched to the scene of action as required. Before, however, the working parties leave the Fort inquiry will be made at the Arsenal as to whether any assistance in men from the Royal Artillery is required to supplement the Ordnance rocket parties; and application will, under the orders of the Officer Commanding Troops in Garrison, be made at the Arsenal for a supply of boat or firehooks, ropes of moderate length and thickness, grappling irons, &c., which will be under charge of the Officers Commanding the working parties, and will be used in saving life and property from the surf. Lanterns will also be applied for should the wrecks take place at night.

3. Half of the Native Infantry Regiment at Royapooram will at once fall in, and accompanied by its Medical Officer with medicines and surgical appliances, will march to the beach in fatigue dress. The remaining Native Infantry in Garrison will be restricted to their respective lines and await further orders.

V. It is not anticipated that the Police will be unable of themselves to keep perfect order along the beach, and adequately to perform all their appropriate duties, and, therefore, the action of the troops may be directed towards saving life and property; but they will be ready to keep the ground or aid the Police in any way that may be required.

VI. The Officers Commanding Troops, will, wherever possible, consult with the Officers of the Marine Department on the spot as to where and how the services of their men can be most usefully employed, and the advice of the Marine Officers will be met with marked attention.

VII. Arrangements will be made for the relief, food, &c., of working parties by the Regiments and Departments concerned.

VIII. The Officer Commanding Troops in Garrison will make emergent requisition on the Officer in charge of the Camp Equipage Depot for such tents as may be required to shelter shipwrecked people.

IX. Officers on wreck duty will be in uniform, and mounted Officers will have their horses with them.

SECTION V.—ORDNANCE DEPARTMENT.

I. The Commissary of Ordnance, Fort St. George, will be responsible that three sets of life saving apparatus, with rockets, &c., complete, are at all times kept packed in carts ready for use in the arcade of the Grand Arsenal, and that the Warrant and Non-Commis-

sioned Officers, &c., of the Department are instructed and periodically drilled to the practical use of the whole apparatus.

II. Inconvenience, danger, loss of life, and much damage of property were sustained in the cyclone of May 1872 by there being no available means of dragging from the sea the logs, pieces of wreck, bales of goods, &c., which were dashing to and fro on the edge of the surf. There will, therefore, be held at all times in readiness by the Commissary of Ordnance a supply of boat and firehooks, grappling irons, and ropes of short lengths for issue as required to the military working parties. Lanterns will also be kept ready for wreck night duties.

III. On the Commissary's receiving intelligence from the Brigade Major that the "suspicious weather" signal has been hoisted, he will make arrangements to have one rocket party of Europeans with a Detachment of Store Lascars in the Arsenal night and day till the danger passes off, or their services are required.

IV. On the "wreck signal" being fired, or on receiving intimation from the Brigade Major of imminent danger to the shipping, the Warrant and Non-Commissioned Officers will be formed by the Commissary of Ordnance into rocket parties with Detachments of Store Lascars; and, as speedily as possible, one, two, or three of these parties (as may be required) will proceed to the point or points where their services are most urgently required. These points, and the ships to which aid is to be first given, will be decided on by the Commissary in consultation with the Marine Authorities on the spot, by whom he will be guided in the matter. If the rockets are used in the rescue of any ship's crew, the whole apparatus attached to the rocket cart will, under ordinary circumstances, be employed and be worked by the men of the Ordnance Department.

V. Two trollies, drawn by mules, have been ordered on occasions of wreck to be placed at the disposal of the Commissary of Ordnance by the Commissariat Department. They are intended to be used for the conveyance of rocket apparatus, hawsers, &c., should any wreck or wrecks take place at a distance from the Fort, such as at St Thomé or the Adyar; but, should they not be required for this purpose, they may be employed under his orders for any other necessary use connected with wreck work.

VI. The Commissary of Ordnance will, in communication with the Officer Commanding the District, arrange for the instruction of Detachments of the Battery of Royal Artillery in the use of the rocket and life-saving apparatus.

VII. He will apply to the Brigade Major or Officer Commanding Royal Artillery, Fort, for any aid in men which he may emergently require in the case of a cyclone.

VIII. When hawsers are necessarily left attached to wrecks, the Commissary of Ordnance or Senior Ordnance Officer will inform the Police of the fact.

IX. All Officers, Warrant and Non-Commissioned Officers and Store Lascars will be in uniform on wreck occasions.

SECTION VI.—MEDICAL DEPARTMENT.

I. On the "wreck signal" becoming necessary, the Brigade Major will send intimation of the fact to the Fort Surgeon and the Resident Assistant Surgeon at the General Hospital. The latter will warn the Surgeon and the Physician of the General Hospital, and similar warning will be given to the Superintendent of the Eye Infirmary at Vepery and to the Surgeon of the 1st District at Royapooram by the Officers Commanding the Regiments at these places.

II. On hearing the guns of the "wreck signal," or on receipt of intimation from the Brigade Major, these Medical Officers (except the Physician), taking with them a portion of their establishments and the medicines and surgical appliances, which have been detailed by their Departmental Head, will forthwith proceed to the beach, and, in consultation with the Senior Marine and Military Officers on the spot, will distribute themselves to the various scenes of wreck or apprehended wreck, as occasion may require.

III. The Physician of the General Hospital will remain at the institution to receive and afford medical aid to all such as may be sent there from the beach for treatment.

SECTION VII.—COMMISSARIAT DEPARTMENT.

I. On intimation being received from the Brigade Major of imminent danger to shipping, or on the "wreck signal" being heard, two trollies drawn by mules will immediately proceed under a Staff Sergeant to the Grand Arsenal and there await the orders of the Commissary of Ordnance.

II. Two other trollies, drawn by mules, each under care of a Warrant or Non-Commissioned Officer, and each containing an assortment (which will always be held in readiness in waterproof covers or cases) of blankets, towels, flannel-bonnets, flannel-drawers, biscuits, brandy, water and drinking vessels, will be taken in the first place to the Marine Office, and thence, as directed by the Marine Officer, to the scenes of shipwreck, where the contents will, if required, be issued and used for the relief of shipwrecked persons under the orders of the directing Medical, Military, or Marine Officers present. As many sets of bearers as are available with hammocks slung on poles will at the same time be sent to the beach and will be placed at the disposal of the said Officers.

III. The Executive Commissariat Officer will also despatch a supply of draught bullocks with drivers to the Camp Equipage Depot for sick carts, which, under the orders

of the Warrant or Non-Commissioned Officer in charge, will be taken to the beach as soon as the violence of the weather permits, and will also be placed at the disposal of the said officers.

SECTION VIII. - QUARTERMASTER GENERAL'S DEPARTMENT.

The Quartermaster General will give directions that the Officer in charge of the Camp Equipage Depot will in cases of wreck promptly comply with emergent requisitions in writing from the Commissariat Department for munched, doodies, sick carts, &c., and with similar requisitions from the Officer Commanding Troops in Garrison for tents for the shelter of shipwrecked people.

A.

CIRCULAR.

The periodical season of uncertain weather on this coast having now arrived, the undersigned would hereby earnestly caution all Commanders of Vessels in these roads to keep their ships as much as possible prepared in every respect for standing to sea, at short notice, should the necessity arise for doing so.

1. Top gallant masts, &c., with their rigging also, must be got on deck, flying jib-boom sent in, topsails and courses kept ready reefed, and everything on deck and below so arranged as to admit of being quickly secured on emergency. A good slip rope and buoy should be attached to the riding cable, and, as an additional precautionary measure, a stout warp also, to be used as a spring in canting the vessel, if found necessary, on being required to put to sea.

Masts to be sent down, and other needful preparations to be made.

2. A prudent distance from the shore in respect to anchorage must now be observed, as a vessel lying nearer in at the time of bad weather here is, from exposure to the heavy ground swell, necessarily far less able to ride easily and securely than one well out.

3. Too much care cannot be paid in maintaining a perfectly clear berth, and Commanders should be mindful to keep their ships at as great a distance from each other as can conveniently be managed in order to avoid risks of collision by driving, or when slipping to stand to sea.

4. Every attention in the way of observation and look out will be paid by this Department, and the usual warning and other signals promptly made, as need may call for. In order to prevent misapprehensions on the subject of signals, especial attention is requested to the circumstance that (during the prevalence of foul weather, however, only) when a *private* signal is intended to be made to a single vessel, besides hoisting her number in the first instance, No. 1 will be kept flying at the opposite yard arm. All other signals in which this said distinction is not made use of are to be considered as general, and obeyed accordingly.

5. It is very desirable that, during the prevalence of suspicious or threatening weather, Commanders should stay at nights on board their respective vessels, and also remain by them as much as possible until the uncertain period has been fairly passed over.

6. In event of wreck occurring, the usual appliances as put forth by the Board of Trade are adopted here, but should it be observed the rocket apparatus is not at once forthcoming, a line should be *immediately* sent on shore from the vessel by some kind of buoy, or other handy means, to which the tail block and double line on shore, or signals made as to what other steps must be carried out.

Commanders are *not* on any account to await display of signal for putting to sea.

7. In conclusion, Commanders are earnestly reminded that, as intimated in the Port Instructions, "Commanding Officers are not to wait the display of signals if they deem it prudent to put to sea," it being in no way whatever obligatory for them so to await directions from the shore for standing to sea.

ABSTRACT FROM GENERAL RULES.

1. The Secretary is authorized to certify by his signature all Deposits and Withdrawals.
2. The Bank opens for the transaction of business at 10 A. M. and closes at 3 P. M., Saturdays at 1 P. M., for receipts and payments every day. Holidays excepted.
3. Every Depositor or Withdrawer is expected to transact business in person. In the cases of individuals unable to attend at the Office, the Secretary will exercise his discretion in regard to payments of Deposits to parties authorized by such absentees to receive the same.
4. No Money will be received or kept in Deposit except in the name of the actual Depositor, who should attend at the Bank in person on making the first Deposit to give his or her name and other particulars in his or her own hand-writing in a book kept for that purpose.
5. No sum less than one Rupee, or more than 2,500, can be lodged. All Deposits will be regularly entered in a book at the time they are made and issued to the owner. This book is to be brought to the Bank whenever any sum is deposited or withdrawn. The account thus kept will be closed on the 31st March of every year, and the balance of interest due at that period will be paid to the Depositor upon his or her receipt being duly taken in the Pass Book, or carried to account, thenceforward to accumulate at compound yearly interest until it shall amount to 2,500 Rupees, when no further Deposits will be received; but interest will be added to the Deposit till it shall amount to 3,000 Rupees after which no further interest will be allowed.

6. Compound Interest at $3\frac{1}{2}$ per cent. per annum, or at such rate as may be authorized by Government is allowed on deposits. No interest, however, is allowed for broken periods of a month, nor is it calculated on fractions of a Rupee; but deposits during the first four working days of a month, are dealt with as having been made in the preceding month, in regard to the interest due thereon.

7. No person or persons to Deposit money for the benefit of any other person or persons, except Parents on behalf of and on account of their Children, being minors. If such Deposits are made in the Children's names, they cannot be withdrawn during the minority of the Children, nor without an authority from them after they have come of age. No trust will be allowed to appear on any Deposit. Provided however that the Rule shall not be construed to prohibit individuals resident out of Madras, or Females who, according to the manners and customs of the country, do not usually appear in public from making their deposits in their own names, by the hands of other persons as agents on their behalf.

8. Depositors will be at liberty at any time to withdraw any sums or portions of sums deposited by them, receiving interest calculated up to the end of the month preceding that in which the withdrawal is made; *but no person will be permitted to Deposit or withdraw money more than once during the month.* An exception will however be allowed in cases in which good and sufficient reasons may be assigned.

9. Receipts for sums withdrawn exceeding twenty Rupees should bear a stamp of one Anna, in conformity with the provisions of Act X of 1862.

10. On the death of a Depositor, the balance and credit will be paid to the Executors or Assignee; but should there be no Will forthcoming, then, in accordance with Act XXVI, of 1855, or on a Bond of Indemnity, under the orders of Government. Should, however, the Depositor have been in the Army or Navy, the balance will be paid in conformity with the Rules of the Service to which he may have belonged.

11. All Pass Books of Depositors, both at the Presidency and in the Mofussil should be sent to this Office at the end of every official year (i. e., 31st March) for the purpose of adjusting the interest.

12. Money tendered for Deposit by married women in their individual names will not be received without an authority from their husbands in the subjoined form, executed on a Stamped paper of the value of eight Annas, agreeably to instructions from the Government Solicitor. A copy of this Form may be had on application at the Bank of Madras.

13. With the exception of European Soldiers on the effective strength of the Army, for whom other provision has been made, all classes, including Native Soldiers, Non-effective Staff, Pensioners, Invalids, and the Wives and Children of Soldiers, may deposit their savings, in the Bank, provided the amount of the deposit be not less than one Rupee, or in excess of Rupees 2,500, or consist of fractions of a Rupee, except when a draft on a Government Treasury is tendered.

14. Persons residing in the Mofussil may effect the Deposit and Withdrawal of their savings either through the Civil, Hoozoor, or Divisional Paymasters' Treasuries, but no remittances are received from them direct at the Presidency Office.

15. Should a Pass Book be lost, another will be supplied by the Bank on the identity of the applicant, as the owner of the missing book being satisfactorily established; and after the lapse of a Month, a fee of one Rupee is charged for the new book.

16. Should a Pass book be so defaced or torn as to render the entries therein illegible, it will be retained by the Bank, a new one supplied, and a rupee charged for the same.

Lost Notes, obtainment of duplicates.

Loss of a Government Promissory Note is reported to the Comptroller General, Calcutta. It is then stopped in the Loan and Interest Books of the Public Debt Office, and the applicant for a duplicate note is required to advertise the loss in three successive issues of the *Gazette of India* as well as the *Government Gazette* of the Province where he resides. Should the note have been encased for payment of interest at any other Treasury than Calcutta, the loser is required to give the necessary information to the Treasury concerned, and two years after the date of the last advertisement of loss he has to apply to the Public Debt Office for a Duplicate note.

Should the note alleged to be lost not be forthcoming, and the title of the claimant be fully proved, the owner and two sureties be approved of the Solicitor to Government are required to execute a bond of indemnity, and on the receipt of such bond of indemnity, the Controller General submits the case, with his opinion, for the orders of the Government of India. In case, however, there be any doubt as to the title of the claimant, the case is in the first instance forwarded to the Advocate General.

As a general rule, duplicate notes will not be issued until ten years after the last correct advertisement of loss, but meanwhile, interest will be paid on the lost notes after the lapse of two years under a Bond of indemnity.

INDIA, CHINA AND JAPAN LINES.

The Company's Steamers leave Marseilles on the Sunday; 4th January, 18th January and every two weeks from the 4th January, at 8 A.M.

Passengers from Paris, London or Rotterdam should start from —

Paris, on the Saturday morning previous; } These indications are subordinate to the
 London, on the Friday evening previous; } changes which may take place in the hours
 Rotterdam, on the Friday morning previous. } of departures of railway trains or other conveyances used for the journey to Marseilles.

At Point-de-Galle a steamer waits for the passengers going to India. This steamer leaves Galle after the transshipment with the steamer coming from Marseilles; she calls at Pondicherry and Madras, and stops at Calcutta. The trip from Marseilles to Calcutta is regularly accomplished within 30 days.

The steamer coming from Marseilles proceeds to Singapore where she is due on the 30th day after her departure from Marseilles, thence to Saigon, where she is due on the 34th day, thence to Hong-Kong, where she is due on the 37th day, and finally to Shang-Hae where she arrives on the 43rd day.

Passengers for Yoko-Hama take at Hong-Kong the steamer of the Japan line *direct from Hong-Kong to Yoko-Hama*. This latter boat, which sails a short time after the arrival of the main line Steamer performs, in seven days, the trip to Yoko-Hama, where she is due about the 46th day after the departure from Marseilles.

Passengers for Batavia embark at Singapore on a branch Steamer which leaves a few hours after the arrival of the packet coming from Marseilles. The trip from Marseilles to Batavia is regularly performed in 32 days.

The branch Steamer plying between Hong-Kong and Yoko-Hama leaves Hong-Kong but after the arrival of the boat from Marseilles.

On the homeward trip, the days of departure from the ports called at by the main or branch line Steamers, are as follows:—

From Calcutta: the Tuesdays, 20th January and 17th February; and every four weeks.

The days and hours of departures from Marseilles, Yoko-Hama, Shang-Hae, Batavia and Calcutta are the only fixed dates, subject however to the alterations occasioned by changes in the monsoon. The days of departures from, and arrivals at, the other ports be subordinate to the length of the passage.

In case the Yoko-Hama boat is delayed on her trip, the departure from Hong-Kong

* The departure from Aden to Mauritius is subordinate to the arrival of the China boat.

of the main line Steamer may be postponed 48 hours after the arrival of the branch Steamer.

The boats on the Calcutta and Batavia lines cannot leave Point-de-Galle or Singapore before the arrival of the Steamer from Marseilles.

During the S. W. monsoon, from April to September, the departures from Yokohama, and Shang-Hae are anticipated 5 days, from Batavia 4 days, from Calcutta 2 days.

During the N. E. monsoon, from November to March, an allowance of 4 supplementary days is made on the passage from Marseilles to Japan.

In the Ocean ports, the hours of departures are regulated by the tides.

Objects of the Company

The object of this Company is to afford a railway communication to the important provinces of Southern India lying to the south of the existing Madras Railway, including Tanjore, Trichinopoly, Madurai, Tinnevely, Combaratore, Erode and Travancore, being the most populous and fertile districts in the Madras Presidency.

An amalgamation will shortly be effected between this Company and the Carnatic Railway Company, and it is expected that from the 1st of July 1874, business will be conducted under the title of the South Indian Railway Company.

[illegible]

1. **PASSENGERS** can be booked at intermediate Stations only on condition that there shall be room in the train and class of Carriages for which their tickets shall have been issued. To ensure being booked, Passengers should be at the Station at least 15 minutes before the time mentioned in the tables. The door of the booking office will be closed punctually at the hours mentioned. Passengers cannot be re-booked at Road-side Stations, to proceed by the train in which they have arrived.

2. **TICKETS.**—The tickets given to Passengers on payment of their fares, will be required to be produced to the Company's servants, or given up to them whenever demanded. Passengers unable or refusing to produce their tickets are liable to be charged the fare from the most distant Station from whence the train started. The tickets are not transferable, are only available for the Stations named thereon, and can only be used on the day of issue.

Tickets which have been torn or mutilated, particularly when the date or progressive number is off, will not be recognized, and the holder will be charged full fare.

"Any person who shall attempt to defraud the Company by travelling or attempting to travel upon the Railway without having previously paid his fare, or who shall in any other manner attempt to evade the payment thereof, is subject to a penalty not exceeding Rupees Fifty."

Passengers are requested to examine their tickets before leaving the booking-office counter, as mistakes in tickets or money cannot be afterwards recognized.

3. **CHILDREN** under three years of age travel free, and above that age are charged full fares.

4. **PASSENGERS** travelling in their own private Carriages will be charged First Class fare in addition to the charge made for the Vehicle.

5. **PASSENGERS' LUGGAGE.**—First Class Passengers will be allowed free of charge 112 lbs., Second Class Passengers 25 lbs., and Third Class 15 lbs. All baggage in excess of this (whether in the owner's charge or not) will be charged at 2 pies per pound per mile.

All Luggage must be pre-paid at the Booking Station, and to insure being booked, it must be delivered at the Station 20 minutes before the time stated for the departure of the train.

N. B.—Act No. 18 of 1854, Clause 9 :—*"No such Railway Company shall in any case be answerable for loss or injury to any Passenger's Luggage unless it shall have been booked and separately paid for."*

No Luggage is allowed in the Carriages except small packages which can be placed under the Seats occupied by the owner. Guards are required to remove all Packages which cannot be deposited under the Seat.

6. **LOST LUGGAGE.** Articles found in the Carriages or on the Railway are placed in a Lost Luggage Office at the Negapatam Station where application should be made for lost articles. A fee of two annas will be charged for each article of Luggage when claimed at the Lost Luggage Office; but if not claimed within one month, an additional storage charge of annas 4 per month after the first month, will be made. All lost Luggage if not claimed within six months, will be sold by the Company to pay expenses.

7. **THE COMPANY WILL NOT BE RESPONSIBLE** for loss of, or injury to, any Gold, Silver, Jewellery, Writings, Securities and Valuable Papers. Plated Goods, Pictures, Glass, China Articles of Ivory, Ebony, Sandal-Wood and such like Valuables; Silks, manufactured or unmanufactured, Wrought or not wrought up with other materials; Shawls, Laces, Cloths, Tissues embroidered with the precious metals, or of which such metals form part, unless the same shall have been accepted by an authorised servant of the Company, and an increased charge or charges paid.

8. **SPECIAL OR RESERVED ACCOMMODATION** in the Ordinary train may be had on application to the Assistant Traffic Manager, Trichinopoly, on 24 hours' notice being given.

9. **TO PREVENT ACCIDENTS** it is requested that no Passenger will lean upon, or open the Carriage door, or step from or into any Carriage when the train is in motion; any person doing so, is liable to be prosecuted for a breach of the Company's Bye-Law, No. 6, viz :—

Any person attempting to get into, or upon, or to quit any Carriage after the train has been put in motion, is liable to a penalty of Twenty Rupees.

10. **PARCELS** are received and booked at all Stations on the line. **Parcels and packages** under 56 lbs. weight each, are conveyed by **Passenger Trains exclusively** at Parcel rates, and all parcels weighing above 56 lbs. each, are likewise forwarded by **Passenger Trains** and charged at parcel rates, if "*Per Goods Train*," be not distinctly marked thereon.

N. B.—*Parcels must be delivered at the Station 30 minutes before the departure of the Train.*

11. **HORSES AND CARRIAGES.** As Horse boxes and Carriage trucks are only kept at the principal Stations, notice should be given the day previous of such being required; and Carriages and Horses must be at the Station 30 minutes before the time mentioned in these tables. Each horse must be in charge of a Horsekeeper who will be conveyed free.

12. **DOGS** must each be provided with a *Muzzle, Collar and Chain*, without which the Company will not be answerable for their safety. Dogs will be conveyed in a compartment of a Carriage provided for that purpose, and under no consideration will they be allowed to accompany Passengers inside the Carriages.

M., and Messages are received from the public between those hours for transmission to any place at which a Government or Railway-signal Station has been established. Established, upon condition that the Company is not held responsible for the accuracy of the message, or for any delay in its transmission or delivery, from whatever cause it may arise.

14. **SMOKING** in Carriages, or at Stations, is prohibited under a penalty.

15. **FIRS.** The Company's servants are prohibited from receiving any gratuity under pain of dismissal.

16. **COMPLAINTS.** It is requested that any incivility, want of attention or any other irregularity, may be immediately notified to Mr ALFRED STANTON, Assistant Traffic Manager, Trichinopoly, or to the undersigned.

TABLES OF COINS, WEIGHTS AND MEASURES.

(Extracted from the Times of India Almanac, 1873)

MONEY.

SILVER is the legally constituted medium of exchange in all money transactions throughout the British Indian possessions. Gold coin was intended to be a legal tender, at a fixed value of 16 rupees for the Gold mohur of Calcutta, and 15 rupees for the Gold rupee of Madras and Bombay; but it is not demandable in payment, and is left to find its current value in the market.

An Order in Council was promulgated January 1841, authorizing officers in charge of public treasuries freely to receive gold coins struck in conformity with the provisions of Act XVII of 1835 establishing the 15-rupee pieces. Thus continued till December 1852, when the swelling tides of California and Australia began to pour their rich treasures over the globe, and, in apprehension that India would be inundated with gold, the proclamation of 1841 was hastily rescinded, and gold henceforth debarred from entrance into any of the public treasuries. Since then the sovereign has been made a legal tender for 10 rupees.

In a line with the annas in the left hand column, and in the same column with the pies at the top, the decimal is found. Thus the decimal corresponding to 7a. 5p. is .4635; and conversely, for .64, the value is found to be nearly 10a. 3p.

The value of a Rupee is generally assumed as equal to 2s. sterling. At the Calcutta Mint price of silver it is worth 2s. 0.035d., at the commercial par of Exchange 1s. 11.51d., and at the London Mint price of silver it is worth 1s. 11.04d.

The Rupee weighs 180 grains troy, or one tola, and consists of 11 parts of silver and 1 of alloy. The Gold Rupee is of the same weight and standard. The Copper coins are the half-anna weighing 200 grains; the quarter anna or paisa, 100 grains; the half paisa, 50 grains; and the pie, 33½ grains.

In Bombay, accounts are still often kept in Rupees, quarters, and raees,—25 raees making one anna.

In Madras, accounts were formerly kept in Star Pagodas, fanams, and cash, and are still used in some parts of the Presidency.

80 Cash..... = 1 Fanam or panam.

42 Fanams..... = 1 Star Pagoda, Hun, or Varaha.

The Pagoda was of gold, 19½ carats fine, and intrinsically worth 7s. 5½d.

INDIAN WEIGHTS AND MEASURES.

In the latter part of 1867, Colonel Strachey and the Hon'ble M. J. Shaw Stewart made proposals relating to the introduction of a new system of Weights and Measures, differing from that of Regulation VII of 1833. And on the 1st April 1870, "The Indian Weights and Measures Act, 1870" (No. XI) was passed. It fixes the standard of weight as a Ser, equal to the French Kilogramme; as a standard of measure the French Metre; and for measures of capacity the unit is to be of contents equal to a Ser of water at its maximum density (Temp. 39° 2 Fahr.)

Thus the new Ser will be 1.0716908 of the British Indian Ser of 1833, or 2.20462 lbs. avoirdupois; the Metre is 3.280899 feet; and the Ser of capacity is 1.760773 pints or 61.027046 cubic inches.

The British Indian weights established by Regulation VII of 1833, and now for upwards of a quarter of a century in use in Bengal, are founded on the tola of 180 grains as a unit.

8 Passeri, or 10 Sers	= 1 Man or Maund	82 ² / ₇ lb. "	37.3242 "

The man is exactly equal to 100 lbs. Troy.

The ser weighs 80 tolas or rupees, or 36 annas in copper coins.

Also 35 sers are equal to 72 lbs. avoirdupois; and 49 mans are equal to 36 cwt.

The pound avoirdupois weighs $38\frac{3}{8}$ tolas; and the pound troy 32 tolas.

The tola weighs 11·6638 French grammes; the man 37 3212 kilogrammes or New Sers; the gramme weighs 0·08573526 tola; and the kilogramme, equal to the New Ser, weighs 1·0716908 British Indian ser, or 85·73526 tolas.

The Factory weight, adopted by the Bengal Government in 1787, is sub-divided as in Bazar weight, only lighter; 49 of any denomination of Bazar weight being equal to 54 of the same denomination of Factory weight; and $1\frac{1}{2}$ Factory mans being equal to 1 cwt., or 1 Factory man equal to $74\frac{3}{8}$ lbs. or $\frac{3}{4}$ cwt. Hence 1 Factory man = 0·9074074 Bazar man; 3 Factory mans = $\frac{1}{2}$ cwt. It is now chiefly used for Metals, Silk and Saltpetre.

The "pakka ser" is $1\frac{1}{3}$ lbs. avoirdupois, or 72·59 tolas. At Panvel the ser weighs 72·83 tolas.

The British Indian ser and man are 2·9347755 Bombay sers and mans respectively; and the Bombay man is 0·3102778 British Indian mans.

The Bombay ser weighs 317·51485 grammes, and the man 12·700594 kilogrammes.

The Bombay Ser and Candy weight must not be confounded with the Ser and Candy measures.

The ser is 80 Ankushi rupees or 76·66 standard tolas, or 1·9714 lbs. avoirdupois, or 2·33604 lbs. troy = 9583 B. I. sers. The weights are the same as the British-Indian, only 1-21th part lighter.

In the Khed, Purandhar and Bhimathadi talukas, the ser weighs 76 tolas; in Shiwner and Indapur, 76 $\frac{1}{2}$; in Pabul, 77; and in Mawal, 75 tolas.

AHMADNAGAR AND SHOLAPUR.

The British Indian Weights are in use.

At Ahmadnagar the Palla is $2\frac{1}{2}$ mans.

At Sholapur: 1 Manki = 4 dharas = 12 sers.

SATARA.

The ser varies in different localities from 92·75 tolas at Kolch to 115 tolas at Mandapur. In Satara city it is 93·25 tolas.

SINDH.

The British-Indian Weights were declared by proclamation, 1st August 1853, to be the only legal standard.

SURAT.

The Surat ser of 35 Surat tolas is variously stated from 36·4583 to 37 tolas, and the man from 37½ to 38 lbs. avoirdupois, the former being probably the more accurate determination, from which—

1 Surat ser = 455729 Brit. Ind. sers. | 1 Brit. Ind. ser = 2·1942857 Surat sers.

The Khandi for Cotton is 21 mans or 7 cwt. 3½ lbs.

The Madras man is sometimes stated at 30 lbs. troy or 0·3 Brit. Ind. man, equal to 24·6857143 lbs. avoiz., which makes the Palam exactly 3 tolas and the khandi 6 Brit. Ind. mans.

The Mangolin for pearls is 6 grains. 18 Mad. Chows = 55 Bombay Chows.

The Pagoda Weight = 52·56 grains.

Mashas, ratas, dhans are employed in the native valuation of assay of the precious metals: thus "10 mashas fine" signifies 10-12ths pure, or the same as "10 oz. touch."

3.—MEASURES OF LENGTH.

The gaz or unit of lineal measure not only differs in different provinces of India, but also, like the ser, in the same province for different purposes. The English yard, however, is rapidly becoming the only standard unit, especially where English education has obtained a firm footing.

3 Jau..... = 1 Angli..... ¾ in. or 19·05 mm.

2000 Danda = 1 Kos or Kros..... 4000 " 3657·5 "
4 Kos = 1 Yojan 9¼ m. 14630 "

In Bombay the half hath is called Vent; and the measuring rod or Kathi for land, according to Jervis, is 9·3644 feet. In Gujarat 5 hath make 1 Vaso or Kathi. In Western India almost every village has its own Kathi.

The Kos of the Ayin-i-akbari was about 2·58 miles, or 4540 yards, or 4150 metres.

The Bengal Kos contains only 1,000 danda or dhanu. In surveying, 80 hath = 1 Rasi.

In the N. W. P.—Delhi, Ludhiana, Ferozpur, and part of Berar:—33 inches = 1 Ilahi gaz, 3 il. gaz = 1 Bans or gante, and 20 bans = 1 Jarib. In Benares and Ghazipur the gaz used by Mr. Duncan in the settlement of 1795 was 33·6 inches. The true Ilahi gaz probably measured 32·6 to 32·8 inches; in Bareilly, Bulanshahar, Agra, &c., it is reckoned at 32·5 inches.

In Orissa the padika or rod is 10·4355 feet; in Tirhut the lagi is 9½ feet; and in Jyntia the destidari hath is 18·87 inches, and 16 haths make 1 null.

6 Bigha	= 1	Rukeh.
120 Bigha	= 1	Chahur.

If the Bombay Kathi of 5½ haths be exactly 9·3644 feet as stated by Jervis, this bigha will contain 3897·422 sq. yds. = 0·805253 acre, but in other places it varies with the Kathi, which is the only real measure ever used in the central and southern parts of the Bombay Presidency. In some places the survey chain of 33 feet has taken its place, and —

16 Annas or links	= 1	Gunta or chain.
40 Guntas	= 1	Acre.

NORTH-WEST PROVINCES.

In Delhi, Patna, Shahabad, Saran, Bhagalpur, and Monghyr, the bigha of 3,600 square Ilahi gaz = 3,025 sq. yards or 0·625 acre prevails, and is divided as follows —

20 Uswansi or Nanwansi ..	= 1	Saswansi.....	245025 sq. in.

20 Biswa ..	= 1	Bigha ..	3025 " "

1 Acre = 1·6 Delhi bigha. The Orissa bigha is 1 acre or 4,840 square yards.

The Tirhoot bigha is 400 sq lagi = 4,225 sq. yds. = ·872934 acre.

MADRAS.

20 Gandeh	= 1	Chhatauk	5 sq yds.
16 Chhatauk	= 1	Kattha	80 " "
20 Kattha	= 1	Bigha	1600 " "

The Bengal bigha is $\frac{129}{1}$ or 0.3305785 of an acre.

The Benares and Ghazipur bigha contains 3,600 square Benares gaz, or 3,136 square saids, or 6479.34 acre.

5—LIQUID AND DRY MEASURES

India, properly speaking, does not possess dry or liquid measures. Where these are employed they originally represented the size of the maund weight. The value of any vessel of capacity rests solely on the weight contained in it. In S. and W. India an equal mixture of the principal grains is taken, and a vessel formed to hold a given weight of it.

BENGAL

In Bengal the following are used for grain —

5 Chhatauks	= 1	Kunki
16 Chhatauks	= 1	Sci
4 Kunki	= 1	Rek
4 Rek or 5 Sci	= 1	Payah, or dhon
4 Pahi	= 1	Man
20 Payah	= 1	Soali

BOMBAY DRY MEASURE

36 Janks	= 1	Jipari	21 5701 c in 11½ or av of com'n rice
2 Jipari	= 1	Sci	49 1409 " 1 lb. 6 oz av "
4 Sers	= 1	Payah or Adhah	196 5632 " 1 " 9 " "

25 Pharas	= 1	Muda	45 5007 c ft 59 qrs 1 bushel 4976.

The mudri is used only for rice in the husk. When a phara measure is not used for measuring grain, but the pyhe only, it is customary to allow more than 16 pyhes to the phara, according to the sort of grain to be measured, in order to compensate for the difference in using a small measure.

17½ Payahs	= 1	Phara of rice	3145 0112 c in 11 3426 gallon
17½ Payahs	= 1	Phara of other grain	3145 0112 " 11 3426 "
8½ Payahs	= 1	Phara of lime or chunam	

These Pharas are not regulated on any authoritative basis.

Formerly heaped measures were used and are still occasionally to be seen, but all the new authorized measures are struck measures.

The dry Sci measure is a cylindrical metal vessel 3½ inch deep × 4 inch dia.

The Pyhe of similar shape 6 7/16 inch deep × 6 1/8 inch dia.

The Phara is a square box deep × ×

BOMBAY LIQUID MEASURE

60 Standard Tolas weight of water is reckoned to give the capacity of a vessel to contain 1 Ser measure of milk, ghee or spirits.

The milk Ser is a lota shaped vessel. In the Konkan the Ser of milk is only 30 tolas weight of water.

The Bombay Gallon used for spirits is computed at 5/8 of an Imperial British gallon, but the Bombay gallon measure contains 5½ spirit Sers and about 5 dry measure Sers of water, which gives 8.125 lbs as the weight of a Bombay gallon of water.

For oil the Ser measure contains only 30 Tolas weight of water.

The Pharo for salt contains 1607.61 cub inches and there is a ser for liquids of 60 tolas, or about 12.78 cub. inches, that is, 1.2313 pints.

According to Sykes, a ser in the Dekhan contains 2·44934 lbs. av. of Jervel rice, for 1·0417 quarts. The Adholi is the largest measure in common use.

The measures are all heaped; and equal quantities of five sorts of grain give the equivalent weight in tolas.

11.—ANGULAR MEASURE.

Most nations divide the circle into 360 degrees, the Chinese, however, divide it into 365½, and the French, since 1792, into 400. The common method is termed the *sexagesimal*, and the French method the *centesimal* system.

60 Seconds (")	= 1 Minute (')	30 Degrees	= 1 Sign (s)
60 Minutes	= 1 Degree (°)	90 Degrees	= 1 Quadrant.
60 Geographical Miles or 69·045 Statute Miles nearly	} = 1° of the Terrestrial Meridian.		

The circumference of a circle is 3·1416 times (very nearly) the diameter; and the diameter is $\frac{1}{3.1416}$, or 0·31831 of the circumference.

Every year of the *Christian era* of which the date is divisible by 4, without a remainder, is a *Leap-year*, or has 366 days, except those *centuries* which are not divisible by 4. Thus 1752 and 1864 were Leap-years, because the numbers 1752 and 1864 are divisible by 4 without remainder, but the years 1800, 1900 are not Leap-years, because the centuries 18 and 19 are not so divisible without remainder. In 400 years there are 97 Leap-years. The Calendar is called the *Gregorian*, from Pope Gregory XIII who introduced it in 1582. It is used by all the nations of Europe except Russia. The *Gregorian* year is 365 d. 5 hrs. 49 m. 12 sec.

With the exception of July and August, both of which have 31 days, the months are alternately *long* and *short*. In Bissextile or Leap-years February has 29 days, in common years only 28 days.

The months are—

USES OF THE PRECEDING TABLE

1.—When Government 4 per Cent. Securities sell at 76, what are the equivalent values of the 5 and 5½ per cent. loans?

In the table opposite 76 in the first column are 95, the value of the 5 per cent. loan, and 104½ the value of the 5½ per cent. loan,—the interest in all the three cases being 3.263 or 35.19 per cent.

2.—At what price should I purchase 4 per cents. to obtain 5½ per cent. for my money?

In the fourth column opposite 5½ or 5.5 in the column for 4 per cent. stands 72.27 or 72.85 required.

3.—At what would I gain, by selling out Rs. 10,000, 5 per cent. Government loans at 104 and raising 5½ per cent. at 112?

In the third column opposite 104 in the 2nd, is

114.4

112

2.4

on Rs. 100 of Capital

and in the fourth column, opposite 112 in the 3rd, is 1.911 per cent.

" " 104 " 2nd, 4.808 " "

Difference, or gain per cent. per annum on Capital. .0103 " or fully 1.10 per cent. being Rs. 10.50 on 1,000 invested.

4.—To find the equivalent of four and 5½ per cent. Securities when 5 per cents are at 103½, or 102

Opposite 103 in the 1st column are 82.4 and 113.3 in the 1st and 3rd, and among the "proportional parts" column are 375 or 64 in the 5 per cent. column.

Hence 82.4 + .3 = 82.7, the equivalent price of 4 per cent., and 113.3 + .413 = Rs. 113.713, or Rupees 113.713.

Other uses of this Table will readily occur to brokers and others.

II.—A Chaplain absent from his Station on any gazetted leave will forfeit his conveyance allowance.

III.—A Chaplain officiating for another at a Station to which a conveyance allowance is attached will draw that conveyance allowance for the period during which he officiates.

IV.—A Chaplain officiating at a Station to which a conveyance allowance is not attached without being relieved of the charge of his substantive Station will draw, for visiting the former station, the same travelling allowance which he would receive if it were an Out-station.

V.—A Chaplain may exchange the mileage admissible to him under Rules I and IV for an allowance of Rupees six per diem for the period of absence from his principal Station.

CHAPLAIN'S REGISTER OF HIS VISITS AND SERVICES IN HOSPITAL.

PORT ST. GEORGE, 31st October 1863, No. 87.—Government having directed that the following Rules are to be observed in every Military Hospital, they are published accordingly for general information:—

I. A book shall be placed in every European Military Hospital to be entitled "The Chaplain's Register of his visits and services in the Hospital."

II. This book is to be provided by the Chaplain, and each visit and service performed at the Hospital is to be entered in it.

III. It is to be kept for the information of the Bishop, and is to be open to the inspection of the *Military* and *Hospital* authorities.

IV. It is not to be removed from the Hospital, the Medical Officer in charge is to arrange for its safe custody and production when required by the Chaplain or for inspection.

SPIRITUAL CHARGE OF TROOPS ON BOARDSHIP.

Fort St. George, 11th June 1863, No. 141.

Read the following Despatch from the Right Honorable Sir C. Wood, Bart., Secretary of State for India: to His Excellency the Honorable the Governor in Council, Fort St. George, dated India Office, London, 21th April 1863, No. 6.

I have resolved in Council that, whenever a Chaplain, about to return to his duty in India, may be willing to undertake the Spiritual charge of Troops on boardship, he may be permitted to do so, and that the Governments in India, on receiving from the Officer in command of the troops on board, a statement testifying to the due discharge of his duties by such Chaplain, be empowered to pay to him the sum of one hundred Pounds (£100); it being clearly understood that the leave of absence of the Chaplain is not to be prolonged on this account, and that the time so spent on boardship is not to count as service in India.

2. The principle of this Rule is applicable to the case of Chaplains returning to this country from India; and you are accordingly authorized to permit any Chaplain on the regular establishment, who may be proceeding to England, to undertake the Spiritual charge of Troops and their families on the voyage to this country, on the understanding that on his arrival in this country, the sum of one hundred Pounds (£100) will be paid to him on the production of the requisite Certificate from the Commanding Officer of the Troops on board.

CHAPLAIN'S VISITS TO OUT-STATIONS.

Extracts from Court's Despatch, 12th April 1842.

"Section 27 of the Regulations respecting leave of absence and deputation and travelling allowances which we have recently approved, you will find a Rule on the subject of travelling allowances on joining a station, and when any change takes place except at the desire of the Chaplain or Assistant Chaplain.

3. But to avoid inconvenience and guard against the possibility of misunderstanding, we think it desirable that for every circle of stations, the Lord Bishop should be requested to frame a plan determining the periods at which each place shall be visited by the Chaplain or Assistant Chaplain officiating in such circle, which plan being approved by Government shall continue in force till varied by the same authority. As minute local information will be necessary to the successful formation of such plan, we can only offer a few suggestions on the subject. The frequency of Ecclesiastical visits should be governed in a great degree by the extent of the Christian population of the place to be visited. A place may contain not more than three or four members of the English Church, and though it might not be right to exclude those few persons from the benefit of Christian ordinances, it is obvious that in the present state of our Ecclesiastical Establishment such a place could not be visited frequently without injury to others of greater importance. An annual visit might in some cases be all that could reasonably be afforded; while to others, visits twice, three or four times a year, might be expedient; and to others again, which might be more populous, it might be desirable that visits should be made once in six weeks, or once a month.

4. When a circle of Stations may, from the deficiency of our Establishment, or any other cause, be left without a resident Clergyman, we are of opinion that the Chaplain or Assistant Chaplain of a neighbouring district should, as desired by the Lord Bishop, be appointed to visit the Station thus deprived of clerical services. In such cases the most convenient course will be for the Lord Bishop to bring the subject to the notice of Government, and submit a plan of visitation. Such plan being approved, the Chaplain or Assistant Chaplain who can most conveniently discharge the required duty, should be specially appointed thereto, and thenceforward be entitled to draw travelling allowances in conformity with the provisions of the plan, and in accordance with our Financial Despatch of the 30th October 1839.

5. We should lament that the practice of visiting Stations at which no Clergyman is permanently resident should be discontinued, and it would be unjust to subject the Clergy to the expense attendant to such visits. Under these impressions we deem it proper to sanction the payment of such reasonable charges not exceeding those authorized in our Despatch of the 30th October 1839, before referred to, and we are encouraged in this view by the fact that although Chaplains and Assistant Chaplains when absent from their duty are subject to the same deductions as Civil Servants, no charge is incurred in providing for the duty of the absentee. The deductions may thus be regarded as a fund, meeting to a certain extent the extra charges incurred by occasional or provisional visits of the Clergy to Stations in which they do not reside."

The revised Plan, determining the Circle of Out-stations for the several Chaplaincies under this Presidency, is published for general information in lieu of the one sanctioned under date 19th October 1852.

RULES RELATING TO BURIAL GROUNDS FOR THE DIOCESE OF MADRAS.

FORT ST GEORGE, 29th October 1866.

I. The Chaplain of the Station shall have the care of the General Cemetery. It shall be his duty to apply to the proper Officer, when the walls want repairing; to see that weeds, grass, or jungle be cleared away, and the remains of dilapidated tombs be removed, and that the Cemetery be kept in proper order.

In the absence of the Chaplain, the Lay Trustees shall have the care of the Cemetery.

N. B. —These Rules apply in places where there is no Chaplain, to Ministers of the Additional Clergy Society, and to any other Clergymen who are appointed to the charge of English Congregations, and are in receipt of part of their salary from Government.

II. The Sexton or Lascar in charge of the Cemetery, shall be borne on the Church Establishment, and shall be paid by Government through the Chaplains, with whom the appointment and dismissal of this servant shall rest.

III. In every station, a portion of the Cemetery shall be set apart for the use of members of the Roman Catholic congregation. For the use of any body or bodies of Christians at such station, not being members of the Church of England, nor of the Church of Rome, another portion of the Cemetery shall be appropriated, should they desire it, for the sole use of such congregation, or for the joint use of such congregations. The portions thus set apart shall not be fenced or walled off, but simply divided by a pathway, from the rest of the Cemetery, and shall be added to, or reserved from, the existing Cemetery, according as such Cemetery has, or has not, been consecrated according to the rites of the Church of England. The whole Cemetery thus divided shall be surrounded by a wall, and shall have but one gate of entrance. The entire Cemetery shall be under the care of the Chaplain, for the purposes specified in Rule I. The key shall be kept by the Sexton or Lascar acting under the Chaplain's directions, so that access to the ground may be had by those having a right thereto, easily and without delay.

IV. The Chaplain shall provide that one or more graves be kept ready for cases of sudden emergency; such graves shall be covered with planks or boards. No grave shall be less than six feet deep.

V. A scale of charges for ordinary masonry-graves, headstones, tombstones and tombs, to be submitted by the Undertakers at each station, and approved by the Chaplain and District Engineer, shall be affixed to the Cemetery gate, or to the wall of the Church Porch, or exhibited in some other suitable place.

VI. Inscriptions intended for monuments to be placed in that portion of the Cemetery devoted to the Church of England, and for tablets to be placed in Churches shall be submitted to the Chaplain for approval; if not approved, such inscriptions shall not be allowed to be engraved on such monuments or tablets. But any party considering himself aggrieved by the Chaplain's decision may appeal to the Bishop.

VII. Stone or brick monuments shall not be placed over any but masonry graves; such monuments, unless built over masonry work, are liable to fall in during the rains. Brick monuments are to be discouraged, as they soon fall into decay in this climate.

VIII. The dimensions of no monument shall be allowed to exceed nine feet in length, and four and a half feet in width. In special cases, where more space is desired, a fee calculated at the rate of Rupees 3 for every square foot, shall be charged by the Chaplain. The sum collected shall be placed to the credit of the Fund for improving the Burial Ground, and repairing the monuments in it and the Church.

IX. The Chaplain shall communicate with the friends of the deceased when a monument requires repair. Should a monument fall into a ruined condition, and no

one be willing to undertake its restoration, the ruined monument shall be made level with the ground, and any slab it may have contained shall be placed over the grave.

X. Every reasonable effort shall be made by the Chaplain, not only to keep the Cemetery in decent order, but to preserve the sacred associations of the place, by suggesting appropriate designs for monuments, and by planting the ground with suitable trees. The money obtained by the sale of the grass, and the fees above-mentioned, shall be laid out in the improvement of the Cemetery.

XI. The Cemetery shall be inspected once a year by the Chaplain, in company with the Executive Engineer, and a report made to the Archdeacon; such reports shall be recorded in the Ecclesiastical Record Book of the station, and also in the Engineer's Office.

XII. The Collector, or one of his Assistants, shall annually, or as occasion may require, visit all Cemeteries in his District, as well as those disused as those still in use, and shall make suggestions to the Clergymen or Lay Trustees in charge, and, if necessary, shall make a brief report to the Government or Archdeacon, regarding the condition of such Cemeteries.

XIII. Officers Commanding Regiments or Detachments shall cause a report to be made to the nearest Civil Officer of graves dug for Commissioned Officers, for Non-Commissioned Officers and Soldiers dying on the line of march, in order that measures may be taken for the effectual protection and preservation of such graves.

XIV. At stations where there is no Chaplain or other Clergyman in the pay of Government, the Lay Trustees will perform all the duties assigned to the Chaplain by these rules, with the exception of the approval of the inscriptions, which are to be forwarded to the Chaplain of the station or, during a vacancy, to the Archdeacon; such inscriptions shall not be engraved till the sanction of the Chaplain or Archdeacon is obtained. The Lay Trustees in stations where there is no Chaplain, shall place the key of the Cemetery at the disposal of the visiting Chaplain, on the occasion of that Minister's periodical visits to his out-stations. In the absence of a Clergyman of the Church of England, one of the Lay Trustees, or some Officer appointed by him, shall read the burial service at the interment of all persons entitled to burial according to the rites and ceremonies of the Church of England, and shall forward a return of the same, in duplicate, by the first post, one copy to the Registrar of the Diocese, Madras, and the other to be deposited in the Office of the Collector of the District. Forms can be obtained by application at the Office of the Diocesan Registrar, Madras.

CHURCHES AND CHAPELS.

The following P. W. D. Standing Order, No. 37 of 1865, regarding the expenditure of public money on Churches and Chapels in Military and Civil stations, is, we learn, to be considered applicable to the Madras Presidency:—

Churches and Chapels in Military and Civil Stations.

The following general principles and rules regarding the expenditure of public money on Churches and Chapels are published for general information, and must be strictly adhered to by local Governments and Administrations in considering proposals for such works, and in according sanction to them:—

I.—In the case of purely Military stations, where there is no European population excepting the troops, such as the Hill Sanitaria at Dugshai or Subathoo, &c., applications for Protestant Churches, will not, as a rule, be entertained by the Government, and a Regimental School-room or other large suitable building should be made available for divine worship.

II.—Where, however, a Military station is of a permanent character, and there is also a Civil European community, Protestant Churches are desirable, and will be constructed by the Government.

III.—Roman Catholic Chapels will be provided by the Government to the extent required for troops in those Military stations in which sanction is accorded to the erection of Protestant Churches.

IV.—The amount of the Government Grant for a Protestant Church will, in no case, exceed such a sum as will suffice to provide a plain substantial building adapted to its special purposes and large enough to contain the whole congregation which may ordinarily be expected to attend together with such plain furniture as is essentially necessary for the proper performance of the service according to the ritual of the Church of England. It will rest with private individuals to furnish

the means of imparting ecclesiastical features, and architectural decorations to the building, should they desire it, and also of supplying additional furniture, or furniture of a more costly description, and means of lighting.

V.—The same principles with regard to the extent of accommodation and amount of the Government Grants will hold good in the case of Roman Catholic Chapels.

VI.—At the chief Civil station of a district, the Government will be ready to provide a small Protestant Church, on scale commensurate with the probable congregation to be accommodated, whenever the community of the station is willing to bear a portion of the expense, the share taken by the Government being calculated on the principle above laid down, viz., that the Government will provide the cost of the solid and essential parts of the fabric, while it shall rest with the community to supply the means of giving to the building the special architectural character and the distinguishing features of ecclesiastical form, which it is desirable Churches should possess.

VII.—The following sums are fixed as sufficient to provide places of worship on the above principles for the various details of troops and for Civil stations. The scale of size for Military stations, and of expense for all Churches or Chapels, now laid down, are in no case to be exceeded without a reference to the Government of India, even though the proposed expenditure may be within the power of sanction, vested in the local Government or Administration.

RULES RELATING TO THE OFFICE AND DUTIES OF LAY TRUSTEES IN THE DIOCESE OF MADRAS.

FORT ST. GEORGE, 29th October 1867.

I. Two Lay Trustees are appointed to each Chaplaincy or station where there is property belonging to or held in trust for the Church of England.

II. At Civil Stations, or Joint Civil and Military stations, the Senior Civil Servant should be appointed a Trustee, provided that he is a communicant of the Church of England, and has no objection to hold the office. At Military stations the Officer Commanding the Cantonment or Garrison under the same provisos. When these Officers are unwilling to hold the office, the officer next in seniority (Civil or Military as the case may be), if qualified as above, should be nominated.

III. The second Trustee may be any communicant resident at the station, nominated by the Chaplain, and approved by the Bishop.

IV. When the office of either Trustee is vacant, the Chaplain should report the circumstance to the Lord Bishop, for the information of Government, and at the same time nominate a duly qualified person to fill the vacancy.

V. The duties of the Trustees are in many respects similar to those of Church Wardens in England. They are appointed to see that the Church and Churchyard or Cemetery,* are kept in good order and repair, to provide for the preservation of the property belonging to the Church, to present to the Bishop or Archdeacon, either on their visitation or immediately by letter, whatever is wrong or irregular on the part either of the Chaplain or the congregation, and to aid and assist the Chaplain in the performance of his duties.

VI. During the absence of the Chaplain or other licensed Clergyman, one of the Lay-Trustees is, in ordinary cases, the proper person to read the service and a sermon on Sundays, and to take charge of the Register and other books connected with the Chaplaincy.

N. B. It is to be borne in mind that Lay-Trustees have no power to interfere in the administration of Divine Service, but merely to represent to the Ecclesiastical authorities whatever they may deem objectionable. Their office in this respect is one of observation and complaint, not of control.

VII. The Lay Trustees, in conjunction with the Chaplain or Minister, form a Committee of Management on all Church matters, and should meet for business once in each month, or oftener if necessary. The assignment of seats in Church and (in places where they are authorized) the collection and disbursement of pew rents, the management of school and charity funds should be supervised and arranged by the Committee at their Meetings.

VIII. All indents, letters, proceedings and other papers emanating from a Church Committee, are to be signed by both the Lay-Trustees (unless for special reasons, which are always to be assigned), as well as by the Chaplain; and all indents, letters, &c., received or sent are to be entered in a correspondence book distinct from that of the Chaplain, and should be produced for examination at meetings of the Committee.

IX. The Chaplain or Officiating Chaplain or Minister present, as a mark of respect due to religion in the person of its Minister, presides at all Meetings of the Committee of Management and signs proceedings and letters as President, and the two Lay-Trustees in the order of their relative rank.

X. The Church Committee are responsible that no alteration is made whether in the Church or Churchyard without representing the matter to the Archdeacon, who will, except in matters of trifling importance, bring it before Government for their sanction.

XI. When any addition, alteration, or improvement to a Church or other Ecclesiastical building is considered necessary, or when any new building is required, the subject should be brought with full explanation to the notice of the Bishop, who, if approved by him, requests the Archdeacon to submit the same for the consideration and orders of Government, on whose approval the necessary plans and estimates (if not previously furnished) are called for from the Public Works Department.

XII. All ordinary repairs to Ecclesiastical buildings in the provinces, the cost of which does not exceed Rupees 50, are effected, and all trifling articles within the same limit are supplied on the direct application of the Church Committee in the provinces by the District Executive Engineer, and at the Presidency by the Barrack Master. Contingent charges for the supply of matting, blinds, and other articles of

a similar kind necessary for each Chaplaincy, not exceeding 50 Rupees per annum, will be entered in a Contingent Bill, which should be submitted for the approval of the Archdeacon.

RULES IN REGARD TO THE LEVY OF ECCLESIASTICAL FEES.

ECCLESIASTICAL, *Simla*, the 29th September 1869, No. 482.—The following amended Rules for the levy of Ecclesiastical fees throughout India, which have been framed by His Excellency the Governor-General in Council, are published for general information in supersession of the Rules which appeared under Notification No. 548, dated the 18th September 1868:—

I.—No fees are charged for the performance of the rite of baptism or burial, or for the registration of the performance of these offices.

II.—In addition to the fee for the Surrogate's license, a fee of Rs. 10 shall be charged on all marriages by license, except the marriages of Officers and others in the Military or Naval Service of Her Majesty.

III.—The fee for the Surrogate's license shall be Rs. 50 both at the Presidency Towns and in the interior. No fee will be charged on marriages by banns.

IV. When registers are searched and copy of any entry given, a fee of one Rupee shall be charged for the first year,* and four Annas for every additional year over which the search may extend, as well as a fee of one Rupee for the certificate. Soldiers, Sailors, and Non-Commissioned and petty Officers are exempted from payment.

V.—A fee of eight Annas for every square foot of ground occupied shall be charged for the construction of any masonry grave in a burial ground.

VI.—A further fee of one Rupee per square foot shall be levied on the erection of a monument in a burial ground. provided, however, that for a simple headstone or flat slab of the size of an ordinary headstone, an uniform fee of Rs. 15 only shall be charged. A fee of Rs. 75 shall be levied on a faculty for the erection of a monument in a Church.

VII.—The fees levied on the construction of masonry graves and the erection of monuments, shall form a fund for keeping the burial ground and Church compound in order, except in Calcutta, Madras and Bombay, where they will be credited to Government. *Vide Appendix.*

VIII.—British Soldiers and Non-Commissioned Officers are exempted, with retrospective effect, from the payment of any fee for the construction of masonry graves, or for the erection of monuments in burial grounds to the memory of their comrades, wives or children. No monument, however, either regimental or private, shall exceed six square feet, and no masonry grave shall occupy more ground than an area of eight feet by four. The simple stone slab or headstone should be generally adopted.

IX.—The Chaplain may at his discretion reduce, or altogether remit in cases of extreme poverty, the fee for searching registers and making copies, as well as the fee leviable on the construction of masonry graves, but not for the erection of monuments.

X.—The fees prescribed in these Rules should be paid to the Chaplain, or, in the absence of the Chaplain, to the Officer in charge of the burial ground, and shall be duly accounted for.

Appendix to Rule X

By a resolution of the Government of India, dated 3rd September 1870, No. 3,015, it is ordered, that the fees for masonry graves shall be paid into the Treasury for repairing the walls, gate and paths, and that the fees for monuments in Churches shall be paid over to the charitable objects to which the Bishop assigns them, when his faculty is issued. It is further ordered that the fees for Cemetery monuments in all Burial Grounds, except those in the presidency Towns of Calcutta, Madras and Bombay, shall be retained by the Chaplain to form a fund under the management of himself and the Church Committee, for the decoration of the Cemetery, by planting trees and shrubs and for repairing tombs.—*Vide Proceedings of Madras Government, 12th October 1870, No. 165.*

Orders for the performance of Funeral Rites on verdicts of Coroner's Inquests.

NOTIFICATION.—*Fort Saint George Gazette*, June 11, 1850, page 623.

The Right Honorable the Governor in Council is pleased to rescind the Order of Government of 5th April 1842, which directs a copy of the verdict of the Coroner's Inquest to be furnished, when practicable, to the Clergyman who is to officiate at the interment of a body on which an inquest may have been held, and the Reverend Chaplains will in future consider the warrant of the Coroner for the interment of a body on which an inquest has been held to be a sufficient authority for their performance of the Burial Service over it, if it would be their duty, under ordinary circumstances, to perform that service.

2. In the provinces where no Coroner's jurisdiction exists, the same course will be observed by the authorities appointed to inquire into the causes of sudden death, and the same deference will be paid by Clergymen to their certificates of Warrant.

Order for the burial of a Roman Catholic when refused burial by the Roman Catholic Priest.

By the Orders of the Government of India, dated 21st December 1855, communicated to the Right Reverend the Bishop, 15th January 1856, and quoted by the Chaplain of Cannanore, Chaplains of the Church of England are, on the requisition of the Officer Commanding a Military station, bound to bury a Roman Catholic according to the ritual of the Church of England when the Roman Catholic Priest of that station may have refused to bury the deceased.

Parties desirous of being married should apply direct to some Surrogate residing near them; but from places where there is no Surrogate, application should be made to the Registrar, who will procure a commission under the Episcopal Seal, authorizing some persons to administer the usual oath and grant the necessary license. None but a Clergyman of the Church of England can marry by virtue of Episcopal license. Parties who cannot on account of distance obtain the services of a Clergyman to marry them must state the fact, and apply to the Brigade Major, Fort Saint George, who will obtain the permission of the Right Honorable the Governor for their marriage under which the Senior Judicial Officer of any station is authorized by Government to marry them.

In the case of a minor in H. M.'s or the Honorable Company's Services, the written consent of the Governor must be obtained previous to the publication of Banns, or the grant of a license.

Further information respecting marriages can be obtained on application to the Acting Registrar of the Diocese, J. O. Wright, Esq., M. A.

General Assembly's Institution and Schools of the Free Church of Scotland,

Commenced by the Rev. J. Anderson, in Black Town, 3rd April 1837.

Free General Assembly's Institution, Esplanade, Black Town, for Native Education and for raising up Native Teachers and Preachers, under the superintendence of the Missionaries and Dr W. Carslaw. The Mission in 1856 opened a new Branch School in Black Town, under the superintendence of Mr. Hutton and the Missionaries; this School is now attended by upwards of 147 boys and 80 girls. Mr. Zynal Abdeen has charge of the Station at Chingleput. His circle embraces many villages which he regularly visits. Mr. S. Gabriel is laboring in Conjeeveram. The Educational operations at Nellore are in charge of the Rev. John Macmillan.

Eight Branch Schools for males exist in connection with the Parent Institution. These are in Black Town, at Conjeeveram, Trivellore, Wallajahbad, Rajampettah, Iyempettah, Chingleput and Nellore. The average attendance at all these schools during 1873 has been about 1,500 Hindus and Mahomedans, on a roll of about 1,700. The Hindu pupils are of all castes and classes, from the Brahmin to the Pariah, no distinction being made by the Missionaries.

The Female Institution for Convert and Boarding Girls is under the charge of a European Lady, assisted by a Native Matron. There are besides 8 Day Schools for Hindu and Mahomedan girls in connection with the Mission. These Schools contain about 900 pupils, making the entire number of pupils on the roll about 2,700.

The education given embraces a knowledge of the Scriptures and all the branches of an enlarged regular course of instruction. The essential character of the Central Institution, with its nine Branch Schools for youths and eight for girls, is that of being Seminaries for giving a full Christian education. This is communicated through the medium of English, Tamil, Telugu and Hindustani; and instruction is

also systematically given in these tongues, by competent Munshes. The Central Institution educates young men up to the standard of the B. A. Degree of the Madras University. Visitors are received on Fridays from 11 A. M. to 4 P. M.

The Free Church Mission employs upwards of 20 Christian Agents, Evangelists and Teachers. It also employs in its Schools 130 Teachers.

London Missionary Society's English Institution for Native Youths,

ARMENIAN STREET, BLACK TOWN, MADRAS.

This Institution was established in 1851 for the purpose of giving a good general and scriptural education to the native youths of Madras, as well as for the training of Preachers, Catechists and Teachers to assist at the numerous stations occupied by the Society in Southern India.

The studies pursued in the highest classes of the Institution are those required for the Matriculation examination of the Madras University. The studies in the other classes are arranged accordingly. Every boy in the school is daily instructed in the sacred Scriptures by a Christian teacher. The number of scholars is 450. School fees are paid according to the rates recently fixed by Government.

There are also two Branch Schools in the immediate neighbourhood of Madras connected with the Institution. In the Institution and its Branch Schools there are 550 native youths receiving Christian education.

A native congregation comprising 154 souls and 66 communicants has been formed in connexion with this part of the Mission. The plan of the Institution provides for a special service adapted to native youths every Sunday morning after the Sunday School.

Vepery District.

Connected with this Branch of the Mission is another native congregation of 107 souls, and 39 communicants. The Mission supports a Boarding School for girls and five girls' day schools, four of which are attended by caste children to the number of 278. The total number of girls at present is 334.

The Mission was commenced in 1836, and has been supported by unsolicited contributions from Christian friends both in England and in this country.

The work of the Mission is chiefly confined to preaching the Gospel in the Vernacular (Telugu) excepting the English preaching on Sunday evenings, and an English School conducted by the Messrs. Beer, and which now numbers 135 pupils including a few boarders.

There are five Village Schools. A Girls' Boarding School conducted by Mrs. Heelis numbering 45 boarders and a few day scholars, also a caste school for girls and very small boys, under Mrs. Bowden's charge. BANGALORE FREE COMMUNION BAPTIST CHURCH.

(FORMED 26TH NOVEMBER 1854.)

Pastor—EDMUND MARSDEN.

Place of Worship—*Ebenezer Chapel, Commissariat Road.*

(OPENED 18TH AUGUST 1867.)

Times of Service.—Lord's day, 11 A. M. and 6 $\frac{1}{2}$ P. M.—Thursday, 6 $\frac{1}{2}$ P. M.

This Church was formed on the above date by the Rev. T. C. Page, (formerly of Madras,) then temporarily residing at Bangalore. It enjoyed the pastoral superintendence of that esteemed servant of Christ for the first few months of its existence, but was for some time subsequently to his departure from the station without a Minister. On the 30th March 1856, Mr. Marsden, who had been a short time previously set apart for the work of the Gospel Ministry at Madras, became its Pastor.

Besides watching over this Christian Society, Mr. Marsden devotes a considerable portion of his time to evangelistic visitation among the residents of Bangalore, *particularly the Military*, of whom there is always a very large number at the Station. Last year there were in this way about 640 persons come into contact with, and plied and pressed with the Gospel offer, nearly five-sixths of whom had never previously been operated upon, and during the seventeen preceding years, about 9,180 persons. A very large proportion of these were *Soldiers*. Though not bearing the name, Mr. Marsden, to the fullest extent of his ability, is doing the work of a TOWN MISSIONARY.

Previous to the erection of the Church the Armenian community performed Divine Service in a temporary place, built of timber, on the North, or Monument Esplanade, opposite Fort Saint George, by the late Honorable East India Company, who also paid for the support of the Priest (50) fifty pounds annually for 7 years, agreeably to a Treaty entered into by the said Company with the Armenian nation, dated London, the 22nd day of June, A. D. 1688, and in the fourth year of the reign of King James the Second. The present Church was built by the Armenian community at their own expense in the year 1712, and alterations and additions made to it by them from time to time. In the year 1813 the British Government was pleased to grant the sum of Rupees (5,000) five thousand from the late Lottery Funds, for the repairs of the Church ; out of which Funds the community was enabled to erect a substantial and extensive Verandah, 148 feet in length by 10 in breadth, on the east side of it. Government was further pleased to grant a donation of Rupees (2,000) two thousand from Dr. Woolley's Estate to the Church in the year 1819.

Except in the case of schools aided on the "payment for results" system, it will be essential to the consideration of applications for aid, that the schools, on behalf of which they are preferred, shall be under the management of one or more persons, who, in the capacity of Proprietors, Trustees, or Members of a Committee elected by the Society, or Association, by which the schools may have been established, will be prepared to undertake the general superintendence of the schools and to be answerable for their permanence for some given time.

2. Every application for a grant must be accompanied by a declaration that the applicant, or applicants, are prepared to subject the Institution, on behalf of which the application is made, together with its current accounts, list of establishment, time table, scheme of studies and registers of attendance, to the inspection of a Government Inspector, such inspection and examination relating only to the general management and to the secular instruction and having no reference to any religious instruction which may be imparted.

3. Except in the case of Normal Schools for training teachers, and of female schools, grants will be restricted to those schools, in which a monthly schooling fee, of an amount to be approved by the Director of Public Instruction, and which in general is not to fall below one Anna, is paid by at least three-fourths of the pupils.

[It is not permissible for a teacher to draw a salary grant in one school and at the same time to serve as a Master in another which receives a grant upon the system of payment for results.] — *Order of Government, 2nd December 1868, No. 410.*

In other cases, the grants will be made only for specific purposes, and not in the form of contributions in aid of the general expenses of a school; and it will be essential to the payment of the grants, that the proportion which, under the following rules, the Managers are required to contribute for the purpose for which the grants may have been sanctioned, shall have been duly paid. Subject to the conditions prescribed in these rules, a grant, not exceeding in amount the sum contributed by the Managers of a school, will be given in aid of the salary of each Schoolmaster, or Schoolmistress, who may have obtained a certificate of qualification from the Director of Public Instruction. A grant, not exceeding one-half of the sum contributed by the Managers of the School, will be given in aid of the salary of each Schoolmaster or Schoolmistress, in regard to whom the Managers may satisfy the Director of Public Instruction, either by the report of a Government Inspector of Schools, or by such other means as the Director of Public Instruction may consider sufficient that the said teacher is fairly qualified to perform the duties which are entrusted, or which it may be proposed to entrust, to him or her; provided that, in such cases, the amount of the grant to be given shall bear a due proportion to the amounts sanctioned to the following rules for teachers holding certificate, and that the exact amount to be assigned in each case shall be determined by the Director of Public Instruction.

Grants to Schoolmasters.—8. The certificates to be awarded to Schoolmasters will be of five grades, and, as regards the general education test, candidates for certificates of the first three grades will be required to have passed one of the Madras University Examinations according to the grade of certificate which the candidate may seek to obtain, viz:—

9. The general education tests for the 4th and 5th grades of Schoolmasters will be those specified in Schedule C.

Certificates of the other grades will render the holders eligible to the following grants, provided that the amount of the grant shall not exceed the amount contributed by the Managers of the school, and that it shall be competent to the Director of Public Instruction to assign a grant lower than the maximum, with reference to the manner in which the candidate may have acquitted himself in the certificate examination.

11. In the case of Masters employed in schools intended mainly for European or East Indian pupils, the examination for certificates of the 4th and 5th grades may be conducted in English, and in such cases the language test for the 5th grade shall be that which is prescribed in the Schedule as the English test for the 4th grade.

15. The examination of Schoolmasters, candidates for certificates of the first three grades in the theory of school management, and the examination of all other candidates in all their subjects, will be held once a year in July, or at such other time as may be hereafter appointed.

16. All grants-in-aid of the salaries of Schoolmasters and Mistresses will be paid monthly. Their continuance will depend in each case upon the Annual Report of the Inspector of the Division, that the school or class under the Master's or Mistress's charge has been satisfactorily conducted during the previous year.

17. Grants made to elementary schools on the results of periodical examinations of the pupils, as provided for in Schedules A B, will be paid annually, half-yearly or quarterly, as the Director of Public Instruction may decide in communication with the Managers of the school, provided that the amount to be given for a single year shall not exceed the rates entered in Schedule B.

(d) — Grants for the provision of books of reference, maps, &c., will be made in money. Applications for such grants must be accompanied by a list of the books required: and on the Director of Public Instruction satisfying himself of the propriety of complying with the application, prospective sanction will be given for the issue of the grant, which will be paid on the Government Inspector reporting that the articles have been procured and are ready for use.

21. A grant for the provision of school books will be issued to *bona fide* pauper schools at a rate not exceeding 8 Annas a head upon the average attendance of the preceding three months, the Managers of the schools contributing in every case an equal amount. - 2nd.—That satisfactory evidence shall be adduced of the necessity for the erection, purchase, repair or enlargement, in aid of which the grant is sought.

- 6th.—That in the event of any building, towards the erection, purchase, or enlargement of which a grant may have been made by Government, being diverted, prior to the lapse of twenty years from the date of issue of the grant, to other than educational purposes, the Manager at the time of the diversion shall refund to Government such portion of the grant allowed them as shall be determined by Arbitrators, who, in making their award, shall take into consideration the length of time the building has been used as a school-house and its consequent deterioration; but in the event of such Managers failing to make such refund, then they shall sell the building to Government at a valuation to be determined by Arbitrators, who, in making their award, shall deduct from the price such portion of the grant as may seem equitable, regard being had to the length of time the building has been used as a school-house and its consequent deterioration.
- 7th.—That the Arbitrators referred to in the last preceding rule shall be three in number, one of whom shall be nominated by Government, another by the Managers of the school, and the third by the two Arbitrators so appointed; and, in case of the Arbitrators differing in opinion, the award of the majority shall be binding and conclusive on all parties.

24. Grants for the provision of school furniture will be made once in five years, on condition that the Managers of the school shall contribute in equal sum for the same purpose, and that, in the event of the school being permanently closed within five years from the date on which the grant may have been made, the Government shall be at liberty to purchase the furniture, towards the supply of which the grant was given at a valuation to be determined, as in the case of school buildings, by Arbitrators, credit being taken in each case for the amount of the grant, allowing for depreciation due to wear and tear. All applications for grants must be accompanied by a list of the furniture required. A furniture grant will be paid on the Director of Public Instruction being satisfied that furniture to the full amount proposed to be expended, including both local contributions and the Government grant, has been made up and placed in the school.

25. Application for grants-in-aid of Industrial schools, for the rent of school houses, the wages of school servants, the contingent charges of schools, school prizes, and for other purposes not provided for in this Notification, will be disposed of on their merits, each case being determined, as far as possible, by the analogy of the foregoing rules.

(a) For English and Eurasian children, the English language may be taken as the Vernacular ; and, in the place of English as an extra language, one of the Vernaculars of the Presidency—Tamil, Telugu, Canarese, Malayalam and Hindoostanee—may be brought up.

(b) In the case of girls' schools the grants will be 50 per cent. higher ; and in addition, a grant of Rupees 2 will be given for tolerably fair plain needle-work, and one of Rupees 4 for decidedly good work of the same description. A capitation grant of one Rupee a head will also be allowed, as a temporary measure upon the average daily attendance during the year.

Only one examination, within an official year will be claimable by a school ; but, to meet the case of indigenous schools, half-yearly examinations will, when practicable, be given to such schools, and half the prescribed annual grants will be issued upon the results of each examination.

2. To be eligible for examination, a pupil must have attended six months at the school in which he is reading ; and, to count a month's attendance, a pupil must have attended at least 15 days in that month.

3. A pupil is not to be presented for examination under any standard who has already passed for that standard at another school.

4. Where the inspection of a school is made annually, a pupil will not be allowed to pass more than once under any standard, save the fourth or highest. For the fourth, a pupil will be permitted to pass twice at the same school.

5. Where the inspection of a school is made half-yearly, a pupil may pass twice for each of the first, second and third standards, and four times for the fourth standard.

6. In the case of half-yearly examinations, the first may be made somewhat less severe than the second.

7. An application in the annexed Form (C) must be made to the Inspector of the Division by the Managers of a school seeking aid under the system of payment for results ; and, at the same time, a copy of the application must be forwarded by them to the Office of the Director of Public Instruction. An application, for inspection, under the system, must reach the Inspector at least three months before, in the course of his ordinary tour, he will visit the district in which the school is situated. If this condition is not fulfilled, the Inspector will be at liberty, should his arrangements render it decidedly inconvenient for him to visit the school, to let the application stand over till the following year's tour. In this case, the Inspector is to send a memorandum of the course pursued by him to the Managers of the school, and a copy of the same to the Office of the Director of Public Instruction.

8. When the preliminary conditions are fulfilled, the Inspector will examine the children presented to him according to the standard specified by the Managers of the school. After examination he will furnish the Managers with a memorandum showing the pupils examined and passed under each standard, and the grant claimable in consequence. This memorandum is to be submitted to the Director of Public Instruction by the Managers, with an application, requesting that the sum stated by the Inspector to be claimable may be paid to them. On receiving the application and memorandum, the Director of Public Instruction will take immediate steps to pay the money.

9. Schools receiving aid under the salary-grant system cannot claim assistance under the " payment for results" system and *vice versa*.

10. All schools receiving aid under the system of " payment for results" will be similarly to schools under the salary grant system, have to furnish such returns and statements as may be called for by Government.

11. To pass at an annual examination for any head belonging to a standard, a pupil must occupy one-half of the marks assigned by the Inspector to that head. The Inspector is at liberty, however, to allow a small deficiency under one head to be compensated for by superior proficiency under another.

The object of this Institution is to afford a thoroughly liberal and Christian education. The generous bequest of the late Captain Doveton, united with the funds formerly collected for a Protestant College, and considerable grants-in-aid from Government has enabled the Committee to make an arrangement for the efficient carrying out of the object they propose.

In the Primary School the instruction is elementary: in the High School, it is the attempt of the Masters to give a thorough classical and mathematical education equal in every respect to that given in the public schools in England.

The Collegiate Department was re-opened in February 1866. The curriculum embraces the subjects specified by the Synhate for the F. A. and B. A. Examinations of the University, together with Theology.

The following gentlemen are the Educational Officers of the Institution --

The following is the new form of the Scholarship Rules as proposed by the Sub-Committee of August 1871 and amended and adopted by the General Committee, November 9th, 1871.

Scholarship Rules.

The Committee of the Doveton Protestant College with the view of encouraging and aiding students to prepare for and to join the degree of Bachelor of Arts in the University of Madras, resolve to confer scholarships on pupils who have passed the entrance examination of the University and who shall promise to pursue their studies for four years thereafter in the Doveton College.

The following are the Rules, in accordance with which the scholarships shall be given and held.

1. That four scholarships shall be given each year to the students who are commencing their Collegiate course, and that each of these scholarships shall be tenable for four years under the rules hereinafter laid down.

2. That two of the scholarships shall be given to Christian pupils who have matriculated from the Doveton Institution according to the order in which they may have passed the University Matriculation Examination provided they also attain to a certain fixed standard in scriptural knowledge, and produce satisfactory evidence of moral character.

3. That the two remaining scholarships shall be given to Christian pupils coming from other Institutions on the same terms provided such pupils hold higher places at the University Matriculation Examination than Doveton students excluding those holding scholarships.

4. That the scholarships shall be Rupees 10 each per mensem during the first and second years of the College course, and Rs. 20 or 15 per mensem during the third and fourth years of the said course according as the holder shall be placed in the First or Second Class at the First Examination in Arts.

5. That should the holder of a scholarship fail to pass the First Examination in Arts at the end of his second year, the scholarship held by him shall lapse; should such holder of a scholarship, however, pass the First Examination in Arts from the Doveton College in a subsequent year the Committee may at their discretion grant him a scholarship during the third and fourth years of his course.

6. That unauthorized absence, continued absence for three months from whatever cause or misconduct shall involve forfeiture of scholarship, and that a scholarship thus forfeited shall be available for other students in the same year of the course according to the principles laid down in these Rules.

7. That scholarship not conferred by the Doveton Protestant College shall be held on such conditions as may be prescribed by their founders, subject however to the provisions laid down in these Rules.

8. That the scholarships shall cease or be liable to diminution, if the state of the funds render such a course necessary, and that these Rules may be altered by the Committee on sufficient grounds.

9. That the Committee reserves to itself the right of withholding one or more of the scholarships if it deems fit.

This Institution, under the title of *The Refuge*, was commenced in 1860 by Mrs Morehead, by whose exertions sufficient money was raised to purchase the premises at St Thome which it now held, subsequently the Trustees of the property of the late Mrs Gordon, of the Mount, endowed it to the extent of about Rs 1,000 a year, on the condition of its assuming its present title.

The design of this Institution is to afford Refuge to those perfectly destitute children of European descent who are not eligible for either the Military or the Civil Orphan Asylums. A large number of children has already been rescued from the demoralizing influence of the Pacheries, many of whom have also been settled respectably in life, and the number now in the Refuge is 60.

The Masters are connected with the Madras University, and the Mistresses hold Teachers' Certificates. There are upwards of 70 boys and 100 girls attending these schools. The Standard of Education in the Boys' School is up to that of the University preparatory Matriculation Examination, while the Girls are yearly sent up to the Teachers' Certificate Examinations.

WESLEYAN ANGLO-VERNACULAR INSTITUTION, ROYAPETTAH.

Nearly 400 youths are now taught in this school which was founded in 1850, with the object of giving a superior Christian education to Hindus of all castes. For the last nineteen years it has been managed by a European Missionary, who has devoted the greater part of each day to its interests. The Bible is taught an hour daily in all the classes that can read it, and the elementary truths of Christianity are conveyed, through the medium of the Vernacular languages, to the minds of the younger pupils. The standard of secular instruction is equal to the requirements of the F. A. Degree of the Madras University. More than thirty of the students have already matriculated from this Institution, besides several others who have passed the F. A. and B. A. Degrees respectively.

WESLEYAN GIRLS' BOARDING SCHOOL.

This school was established in 1848. It is under the superintendence of the European Missionaries. It contains at present Thirty Boarders, who are fed, clothed and educated chiefly at the expense of the Mission, with the aid of local contributions. The girls are nearly all taught English as a language, but their lessons are mostly given in Tamil, special attention is paid to needle-work and to instruction in the duties of domestic life. An experienced Matron, Mrs. Franklin, lives on the premises.

WESLEYAN CASTE GIRLS' SCHOOL.

Three Caste Hindu Girls' Schools are supported by the Mission. One in Royapettah, the other two in North and South Triplicane. These schools number one hundred and ninety-four (194) scholars. The languages taught are Tamil, Telugu and English. Two of these schools are partly supported by Government Grants-in-aid.

BLACK TOWN WESLEYAN TAMIL SCHOOL.

A Tamil Boys' School numbering upwards of 30 scholars are taught in the Parcherry by a Christian Teacher. Another school of a similar kind is established at Teyoor. Both of these are supported entirely by the Mission.

S. P. G. ANGLO-VERNACULAR SCHOOL, VEPEY.

The Anglo-Vernacular Mission School, in connection with this Society, was opened on 1st February in the year 1864, in the block of buildings near St. Matthias' Church, formerly known as the Vepery Grammar School, and subsequently as the Government Normal School.

C. W. Pearce, Esq., *Principal.*

and twelve other Native Masters, with one Tamil and two Telugu Moonshes.

The great object of the School is to give a sound education, based upon Christian principles. Each boy is instructed daily in the Bible. The School receives Government aid, and most of the Masters are connected with the Madras University, for the requirements of which, the instruction given is adapted.

MADRAS NATIVE FEMALE EDUCATIONAL SOCIETY,

ESTABLISHED 1829.

The object of the Society is to provide an elementary vernacular Education upon a Christian basis, and to carry on zenana work.

The Society at its foundation maintained some 15 or 16 Village Schools, but owing to the gradual failure of funds during the last few years, the Society has been obliged to curtail its operations. It has one flourishing school called the Central School in Poplam's Broadway, Black Town.

This Society, which has been established nearly a quarter of a century, owes its existence in great part to the exertions of Dr. Wight, formerly a Surgeon in the Madras Army, and whose valuable contributions to Botanical Science have gained for him a widely-spread and well-earned celebrity.

The Company's gardens are situated opposite to the chief entrance to the Cathedral, and an additional piece of ground on the east of the Cathedral was purchased in the year 1856-57. This is at present chiefly employed as nursery for young plants and for experiments in Agriculture and Horticulture.

The Garden occupies a space of about 71 acres, which were originally granted by the local Government. It is laid out in a highly ornamental manner, and contains a magnificent collection of tropical plants, from various parts of the world, which is constantly being increased by exchanges and purchases. It is open at all times to the public, and forms a healthful place of recreation for the inhabitants of Madras.

A nursery for seedlings and cuttings of useful and ornamental trees, is maintained to meet the requirements of the Members who are supplied from it gratis. European vegetable and flower seeds are also similarly distributed; but all these advantages are open to the general public on payment.

A portion of the ground is now being laid out as a Botanical Garden, to illustrate the various tropical families of plants. This addition will be of great service to those who may wish to acquire a practical knowledge of botany.

The general affairs of the Society are managed by the Committee who meet on the 1st Wednesday at 6½ A. M. in each month, and compile annually, in the month of March, a Report of the year's Proceedings which is submitted to a General Meeting of the Subscribers at large. Publicity is also given to the Proceedings of each Meeting of the Committee in the Newspapers; and they are afterwards published and distributed to Members.

Persons of all nations are eligible as Members of the Society, and have a voice in the annual election of the Committee and Office-bearers.

The rate of subscription is 7 Rupees a quarter; no entrance fee being demanded, and the subscription being allowed to lapse, temporarily, should a Member be absent from Madras.

Up-country Subscribers are entitled to all the advantages of Members, which it is possible to place at their disposal.

An annual show is advertised to be held about the end of February, when a large number of prizes will be awarded for ornamental flowers of various kinds, fruits, vegetables, and several articles of importance in connection with botanical science. The Society has also made arrangements to award prizes for agricultural produce.

Lists of the prizes to be then distributed, and all information may be obtained on application to the Honorary Secretary or Superintendent, by whom lists of Members, Rules of the Society, &c., will be supplied gratis to any one anxious to peruse them.

SECRETARY & TREASURER.—W. Plumbridge Williams, Esq.

The object of this Association is to make provision for Widows and Orphans by means of small monthly payments.

Its chief characteristics are:—Mutual assurance—members may reside in any part of the world without involving an increased rate of subscription—members have a vote in framing new or altering old Rules, and in all matters affecting the interests of the Fund—claims paid immediately on proof of death—5 months' grace allowed in paying subscriptions—Funds invested in Government Securities only, in the joint names of the Trustees.

The Fund has worked successfully for the last 37 years. It has hitherto contributed more than thirteen lakhs of Rupees towards the support of Widows and Orphans, and during the last ten years its capital has nearly doubled and is yearly augmenting. It has two branches of operation, the Widows' and the Children's.

WIDOWS' BRANCH.

The following statement exhibits the subscriptions and donations payable by members in this branch of the Fund and the pension to which Widows become entitled by virtue of such payments.

The payment, in one sum, of the entrance donation shown in columns 3 and 4, secures a pension to the Widow *absolutely and certainly, immediately* on the death of the husband whenever that may occur; but the payment of the donation by small instalments, as indicated in column 5, *defers* the title to pension for a period of 40 months, and if the Subscriber meanwhile die, his widow gets no benefit whatever. At any time in the interval, however, a Subscriber may, on production of a medical certificate of health, make up the amount entered in columns 3 or 4, paying the difference between it and his previous aggregate payments. This will entitle his widow to an immediate benefit. Should those who pay the donations, as entered in columns 4 and 5, survive sufficiently long to make their total payments to the Fund, *i. e.*, donation + subscription at the time of their death equal or exceed the amount entered in column 3, then their widows also receive the full rate of pension. The deduction of 1-6th from the widow's pension, is added to her husband's payments until the sum entered in column 3 is made up, when she draws the full amount of pension.

A Subscriber may remove from a lower to higher class, by paying the difference of the donation between the two classes, as entered in column 5, and a bonus equal in amount to 2 years' subscription of the higher class.

- *N. B.* - The two first grades of the 1st Class have not yet been entirely formed, but names are required on the express condition, (1) that neither of the grades shall be considered to have come into operation until 50 Subscribers shall have been admitted into it, and (2) that if a Subscriber admitted to either of these grades dies before it come into operation, the pension of the 3rd (the present first class) viz., 60 Rupees shall be given to his widow, subject to the Rules of the Fund, and all sums paid by him over and above the amount paid by him to secure that pension, shall be returned to her.

CHILDREN'S BRANCH

The rate of subscription in this branch ranges from 4 Annas to 10 Rupees, and the donation payable is 12 times the amount of the subscription; exclusive of the special donations on account of age, &c., which are 50 and 25 per cent. of this sum as in the widows' branch, vide columns 7 and 8. The pension to the children is four times the amount of subscription; or when deprived of both parents, six times that sum, provided they be enrolled during the life-time of their mother. Boys receive pensions until the age of 18, girls until 21 or marriage, whichever may first occur. The pensions may be extended to a further period on payment of a special premium.

 M. Venkataswamy Naidoo, and

The 2 Visiting Members for the month
et-officio.

The Executive Committee sits once a month for the audit of accounts and the transaction of business.

THE MONEGAR CHOULTRY is an Institution which affords shelter, food and raiment to the Native poor, lame, halt and blind of Madras, without reference to caste. It was founded in the year 1808, and why named as above cannot now be ascertained. The Institution is supported by public contributions aided largely by the Government. The management is placed under the supervision of a Committee selected annually by Government, from amongst the European and Native gentlemen of Madras.

In its early days, large contributions were made by Lord William Bentinck, Colonel Martinz, Mr. D'Monte and Pollum Arnachellum Chetty. The nature of the Institution having been explained to His Highness the Nabob of the Carnatic, he munificently agreed to subscribe 300 Pagodas a year, which sum is still continued.

In 1868, Sir Stafford Northcote kindly remitted a sum of money through Lord Napier to be distributed amongst the Charitable Institutions at Madras. His Lordship kindly sent the sum of 1,000 Rupees to the Directors. Two wards, Male and Female, have been furnished with bedding for 25 Patients, and are called "NORTHCOTE SURGICAL AND MEDICAL WARDS."

The late Doctor Wyllie, C.B., of the Madras Medical Establishment, bequeathed the sum of 18,025 Rupees for the poor of this Institution.

Lord Napier has kindly furnished bedding for 12 Patients, which is called the "NAPIER WARD." His Lordship, with the Honorable R. S. ELLIS, has also undertaken liberally to build a School-room which is now completed to educate the Foundlings, the children of the Paupers in the Institution, and the poorer children in and about the neighbourhood.

The Honorable Gajapathi Rau has kindly contributed 1,000 Rupees, which was applied for furnishing a Ward for 8 Patients, and which Ward has been designated as that of the family of "SIRRE GODAYS." This contribution is in addition to 400 Rupees annually granted by this charitable Native gentleman.

The Maharajah of Vizianagrum has also lately very liberally placed the sum of 10,000 Rupees at the disposal of the Directors for the erection of a Ward, for Bed-ridden Paupers. The Ward is now completed and will contain about 20 Beds and designated after the name of the Maharajah.

The Zemindar of Kalahstry very kindly sent a donation of 2,000 Rupees after visiting the Institution, as indicative of his satisfaction and good-will towards the charity.

The new buildings in the Choultry are now completed, viz., 3 blocks; 2 blocks are to contain 25 Paupers each, and the other 30 Paupers. The improvements are now complete.

The Choultry is undergoing great improvements. The old Alms House has been pulled down, and three new buildings in separate blocks have been completed.

The block to accommodate 25 Paupers is already finished. The Native Infirmary attached to the Choultry has also undergone great improvements. Several of the old buildings were removed, and three new blocks have been erected. Two other blocks have been built by Government on the north-west of the Infirmary, for the reception and treatment of contagious diseases. By the above improvements and additions, the Infirmary can now accommodate 100 Patients, and the Contagious Wards 20. The Native Infirmary is undergoing further improvements. Mr. D. Sassoon of Bombay has kindly through Lord Napier given 4,000 Rupees for the Institution, out of the sum it is proposed to build an Operating room and Surgery over the present Surgery. This building is now completed.

In the year 1867 the Venetagherry Rajah built a Choultry to the east of the Monegai, which cost about 9,400 Rs., in which 70 Paupers are fed daily and clothed, besides 108 out-door poor receive 2 shocks of Rye rice per diem. The Rajah contributes annually Rupees 5,000 to meet the expenses of this branch of his charity. The Rajah has forwarded to the Directors the sum of one lac, the interest of which is to support this Institution.

PEOPLE'S PARK,

INSTITUTED IN 1859.

(CUSTODIANS—MUNICIPAL COMMISSIONERS FOR THE TOWN OF MADRAS.

Mr. James Hay Ellis, Superintendent.

We owe the People's Park to Sir Charles Trevelyan. It is not at all improbable that the idea of some such place suggested itself to many a man in power before his day. It would be singular indeed if Europeans should, for a hundred years, have seen a large native town growing up on the site of a small village—a vast population massing together with lungs to be fed with fresh air and limbs to be allured to exercise and health—without sometimes thinking it possible that the “village greens,” “commons,” and “parks” of his native land *might* perhaps be re-produced with advantage within reach of Black Town. The monotony of Indian life, and the lack of sympathy between the classes of Indian society, may be regarded as the causes why such an idea, if suggested, was never carried into execution. While the “upper ten thousand” could have their drive along the Beach and round the Island, it mattered little to them that the “masses” (unfriendly phrase) who could not drive, or were to be stimulated to recreation, had no place convenient for health, exercise and amusement.

But then Sir Charles Trevelyan was a man not given to routine; and somewhat wide in his sympathy. So the idea of the people's want suggesting itself to him, and he having the power as well as the will—the people got their Park. Thousands who know nothing of the step that cost him a Governorship, will hold his name in memory by the People's Park.

But when Sir Charles was re-called, the scheme was in a most elementary state. The plan was on paper; but never adopted. Little else was done, and little else would have been done if the inheritors of Sir Charles Trevelyan's dignity had not also inherited his sympathy with the people. We owe it to the various gentlemen who have been entrusted with the execution of the scheme, that the “plan” was not thrown into the official waste paper basket, and the idea, recorded as one of Sir Charles' amiable follies. It is in unison with Sir William Denison's career, previous to his arrival in this country that he should have shown a hearty approval of an undertaking so intimately connected with the health and pleasure of the middle class population.

There can be no doubt that the Park has been a success. Any one may convince himself of that by a visit morning or evening. The place has already fixed its character as a popular resort, and it is certain that it will be so in a much greater degree when the attractions of the ground are fully developed. It is pleasing to see that the native population appreciate the pleasure provided for them, and when the sternness of social life amongst them is relaxed, we may expect to see not only the Ramasawmies, but the Lutchmies of Black Town taking their ease in the fretted shade of well grown trees.

But we must suspend any further remarks, and lay before our readers a brief description of the Park.

The gate adjacent to the Hospital Bridge is the main entrance. The trees are planted in avenues and groups. Twelve lakes of various dimensions and shapes are completed; and various other things have been achieved: but we cannot do better than print the following description (though brief) of the Park, kindly furnished by the Superintendent, which will convey a clear idea of the Park.

In the North-west angle of the Park is a Serpentine lake with two large raised islands one at each end. One of these is 30 feet above the water, and is well-calculated for a large basin, from which cascades might hereafter be made to fall over the sides. The second or Victoria lake, with a central island, is situated almost midway between the Band-stand and the northern end of the Park. The island is approached by two bridges of ornamental design, measuring respectively 150 × 4,

and $200 \times 4\frac{1}{2}$ feet. The third is a small lake on the west side, elliptical in shape, and contains good drinking water for cattle. The fourth is a small lake close to the Aviary. The fifth a similar one. The sixth is a semi-lunar lake near the Band-stand, with a gravel walk around it. The seventh is a medium lake, between the Band-stand and the Superintendent's house. The eighth is an irregularly shaped lake, with a central island and two small rustic bridges on each side of the main road, gravel walks are completed round the lake and on the island, and trees of various sorts have been planted. The ninth is a large lake on the west side of the main road. The tenth is a medium lake west of the last-mentioned. The eleventh is a medium lake, with a central island at the south end. The twelfth is a small lake, near the Bear-shed.

There are two masonry basins, one elliptical, measuring 170 feet \times 73 feet, and $4\frac{1}{2}$ feet in depth, formed of solid masonry with brick-on-edged foundation and central fountain; the latter, of ornamental design, galvanized. The roads of the Park, embracing $5\frac{1}{2}$ miles, are complete.

The sheds for Zoological specimens are as follows. —

A large shed with four cages contains 2 Tigers, 3 Cheetahs, a Lion and Lioness

The Committee and the Public are much indebted to Colonels Carpendale and Wilkieson; also to Dr. Mudge, the late Honorary Secretary, for the addition of the two last popular and attractive specimens of Natural History. Dr. Mudge, while on sick leave to England, succeeded in effecting an exchange with the Clifton Zoological Society for Tiger Cubs.

The Tiger Cubs were provided by Sir William Denson and Hon. J. D. Sim, C.S.I.

The Zoological collection in the Park consists of the following specimens: — 2 Black Bears, 1 Kangaroo Rat, Guinea Pigs, 2 Black Panthers, 1 Nylghan, 8 Spotted Deer, 6 Elks, 1 Emeu, 4 Black Swans, 16 Monkeys of different species, 1 Wild Dog from Burmah, 1 Porcupine, 3 Muskints, 1 Rhinoceros, 2 Striped Hyenas, 1 Boa Constrictor, and a variety of Rabbits.

The Aviary contains a great variety of handsome Ornithological specimens, too numerous to detail here.

The area of the Park is 68 lawnes or 116 English acres.

It is, in some measure, self-supporting, and will be almost so in time. The principal source of revenue just now is the hay, which is cultivated with much success, and obtains ready sale at Rupees 50, 1st Class, and Rs. 35, 2nd Class, per ton.

Newly-built Sheds.

1 Shed for Lions, 1 Shed for Elephants, 2 Galvanized Aviaries from Europe.

Additions to the Zoological specimens are as follows:

1 Elephant, 1 male Emeu, 2 Black Bears, 2 Cheetahs, 1 Hog Deer, 1 half-bred between the Hog Deer and Spotted Deer, 3 Spotted Deer, 1 Black Panther.

All the hay sold this year, 50 Rupees per ton.

Two new Europe Aviaries covered in

A new Shed and enclosure built for Abyssinian Goats and Gazelles, presented to the People's Park by Major B. F. Heysham.

A new Boat-house built.

A new Shed and enclosure built for the small breeds of Zebu cattle.

The following buildings were completed during the year. One for Bears, one for Deer, two for the Lions, two for Birds, and a large shed is now completed for Cattle, Poultry and Game of all kinds, which latter will be sold to the Public. The Park has had many new Lamps put up, which are now lit with Kerosene oil.

A large building has been built on the west side of the Park for milch cows and calves and working cattle with store rooms, and calf pens attached.

Through the instrumentality of the President of the Municipal Commission, channels have been cut, tanks deepened, and tanks connected with each other to preserve all the rain water; and the surplus of water from the Shoolay tank and Sydenham road are brought into the Park, which gives water to a very large number of native families, and that *gratis*.

Increase of various Animals.

Of the young Lions that were born in the Park on the 25th September 1868, the male Lion lost his tail; it was bitten off by the Tiger; they are growing and doing well. The Lioness cubbed the second time on the 19th of August 1869, three were born dead and one alive, all four are now dead. The Cheetahs are all breeding freely.

Free Visitors to the Animals of the Park without fee.

Colonel McMaster presented to the Park one Sun Bear, 1 Hog-Deer, one Wild Dog, and a number of other animals and birds.

Major B. F. Heysham presented two Abyssinian Goats and two Gazelles.

Nullathore Shunmoogaroaya Moodelliar presented a pair of large working Bullocks.

Cavatee Nuggarum, Zemindar, presented two young Tigers, one Lynx and one Morphotide Sheep.

Increase of Stock

One large Sarus Crane, four Australian Black Swans, two White Swans from Europe, brought out by Dr Shortt, two Australian Ducks, one Cockatoo, Pea and Jungle Fowls, a number of other birds, one Nylgha, two Aden Monkeys, two Porcelain Vases for the Band-stand, three pairs of Malta Pigeons, and one Mowing Machine brought out from Europe.

THE NAPIER PARK.

Madras owes so much to the administration of the nobleman whose tenure of office is so near its end, that it is very fitting that some permanent and palpable token of the public approbation of his labors should remain in our midst, at once to stimulate succeeding Governors to walk in Lord Napier's steps, and to remind generations to come of how much the sick, the suffering and the poor must always owe to one who has initiated so great improvements in all our public charities that their effect must long continue—blessing those who are too weak or poor to help themselves. The Napier Park is such a memorial. Its very position is most fitting. Standing midway between Government House and one of the most squalid quarters of Madras, its beneficent influence will rest upon both. Its site had been for scores of years a pestiferous swamp, covered for months in each year by salt and stagnant water, the overflow of the filthy Cooum. Within was a wretched parcherry, notorious for its liability to epidemic disease, that spread from thence throughout the city. To partially remedy the evil, the Municipality made it a depôt for street sweepings, so that in time its level might be raised sufficiently to ensure its being free from water. This while amending one evil created another—placing on the borders of a dense population masses of putrescent matter that could not but be very injurious to both the water and air of the locality. This grew to be such an evil that the Sanitary Commissioner at last put a stop to the discharge of sweepings on the land. It was, however, impossible to build on such a spot and the whole remained a useless “dismal swamp.”

At present all is changed. The level has been raised by material dug from ornamental tanks. Trees of useful and beautiful kinds have been planted, and are rapidly growing to their full height. Roads and side-paths have been laid out, and in the midst a band-stand will probably be erected. Parks are things of slow growth, and it must be years before this can be worthy of the name it bears, but it is hoped that before Lord Napier leaves our shores, the whole of the area will be ready for the public—a boon that cannot but greatly influence for good the whole population of Chintadrepettah and Nursingapooram.

The Park contains an area of about 18 cawnies. A great part of this was formerly the property of Government, but was generously given to the town on condition that the Municipality purchased the rest from the native owners. For this purpose the Municipality has expended several thousand rupees, and the total cost previous to the public opening will not be less than twenty thousand Rupees. The river-face of the Park has already been protected by a simple elegant fence palmyra and laterite, while a new road divides the northern side from Chintadrepettah. The design and laying out the park are the work of Mr. Standish Lee, the Municipal Engineer, who deserves great credit not only for this but also for the economical but yet effectual manner in which the whole work has been performed.

As a last gift Lord Napier has provided the whole of the funds required for erecting on the west side of the Park a handsome building for a girls' school in the Indian fashion. The cost will not be less than 6,000 Rupees. It is intended to be a purely national girls' school and to lead on through carefully gained experience to some mode of teaching which will embody the best western systems while not departing from Hindu customs any more than may be necessary. It is greatly to be hoped the scheme will move a benefit to the public while the school shall ornament the Park.

ST. PAUL'S CHURCH MISSION.

ESTABLISHED IN 1817

The present Church was built by the Rev. G. Trevor, and consecrated on the 31st March 1840.

An increase in the Tamil congregation having necessitated the enlargement of the Church in 1864, a Chancel was added with a Vestry, and the Church greatly improved and beautified through the exertions of the then Honorary Secretary, the Rev. S. T. Pettigrew, by whom also the very pretty compound wall was built.

The Mission premises, which are close to the Church, contain a residence for the Native Pastor, as well as School-rooms for boys and girls. The present Pastor, the Rev. G. Lazarus, was appointed in August 1870, in succession to the Rev. J. Eleazer. He is assisted by a Catechist; and there are also a Schoolmaster and Schoolmistress attached to the Mission. A Girls' Boarding School has been established in connection with the Mission, and is supported entirely by voluntary subscriptions.

The Mission has a Branch at Oossoor under the Rev. J. Eleazer, which numbers 50 souls, most of whom are converts from Heathenism.

The number of Christians in connection with the Mission in Bangalore is 474, and the average attendance on Sundays from 150 to 200.

The salary of the Native Pastor in charge of the Mission is provided by the Venerable Society for the Propagation of the Gospel, and the rest of the expenses of the Mission are met by local subscriptions and donations.

Subscriptions and donations will be thankfully received by the following Members of the Committee :—

- Rev. C. H. DEANE, Chaplain of Trinity Church
- „ H. FIGOT JAMES, Chaplain of St. Mark's do., *Honorary Secretary* -
- „ C. RHENTUS, Chaplain of St. John's Church
- „ G. LAZARUS, S. P. G., Missionary
- „ E. JERMYN, *Secretary, S. P. G., Madras*

HYDERABAD

Is the capital city of the Nizam's territories and the present seat of its Government. It is situated within 12 mile from the Fort of Golcondah, its distance from Calcutta is about 962 mile, from Madras 460, and from Bombay 470 miles. The Nizam's country contains an area of about 80,000 square miles, viz, that part under the sole management of His Highness's Government. Although no census has been taken of the population, yet it is generally computed at ten millions. It is situated having, Berar on the north, the Madras Presidency on the south, Bombay on the west, and the Central Provinces on the east. The population of the city of Hyderabad is supposed to be about (low) 4 millions. It is approached by numerous bridges, gates and posterns. The city itself being surrounded by a stone wall, which, however, is in a weak and ruinous state. Great improvements are, however, being effected in the city by widening the streets in several parts, and sanitary arrangements are being slowly introduced under the present enlightened minister, Sir Sulu Jung, G.C.S.I.

The Hill Fort of Golcondah was anciently the seat of its Government, and in the Fort, and outside near the Fort, are the famous Tomb of Golcondah, a series of splendid mausoleums built in **Oriental style** over the departed Sovereigns and Princes of the Hyderabad dynasty. The Tombs are greatly admired for their extent and beauty.

The Nizams' Government.

The last Highness Afzool ud Dowlah Bahadur, G.C.S.I., was the fifth Nizam or Ruler of the Deccan who was the descendant in succession from the celebrated Asaph Jah Nizam ool Mooll, the "First Nizam," or founder of the Hyderabad Dynasty since the 17th century. Asaph Jah Nizam ool Mooll died in 1748.

The late Afzool ud Dowlah, the seventh Nizam or Nawab of Hyderabad, departed this life on February 1859, after a reign of twelve years and has been succeeded by an infant son.

The infant Prince was placed on the Hyderabad Musnud on the 1st March 1869 as H. H. Nabob Meer Myboob Ali Khan Bahadur shortly after the demise of the late Nizam, Afzool ud Dowlah. During the minority of the present Prince, Meer Myboob Ali Khan Bahadur, a Regency had been appointed to conduct the affairs of the Hyderabad Government.

Regency

Nabob Mookhtiar ool Moolk Sir Sulu Jung Bahadur, G.C.S.I., Minister

Nabob Oomduh ool Moolk, "Shamsool Oomiah" Bahadur Ameri Kuboor

The reconstruction of the Government of the Nizam, during the minority of the present Prince, is one proof of the Minister's administrative ability and sound judgment, for which advantages this country will be indebted, and the benefit thereof will be fully appreciated in due course of time.

The undermentioned four Noble men had recently been selected as Commissioners to superintend the various departments of the City Public Service—

LIBRARY.

This Library is well provided with standard works in every department of literature and science.

The most useful and popular books of the day in every subject are procured immediately upon publication.

A Reading Room is part of the Institution, and in it are nearly all the magazines and principal newspapers.

The subscription is 3 Rupees 8 Annas a month, and an entrance fee of 7 Rupees, paid once for all, is required. The half-month's subscription is 1 Rupee 12 Annas.

A large and handsome building has been erected. The Committee have incurred a considerable debt in order to finish this building. The benefit of this Institution is fully appreciated by both the permanent residents in Ootacamund and visitors from all parts of India.

On behalf of the Committee,

J. BROUGHTON,
Honorary Secretary.

Mr. Wm. Thomas, *Superintendent of the Printing Press, Madras.*

The objects contemplated in the Establishment of this Institution are two-fold—first, to do honor to the memory of a great and good man, the late Sir Henry M. Lawrence, K. C. B.; second, “to benefit the children of the European Soldiery, by providing for them a refuge, both from the debilitating effects of a tropical climate and the demoralizing influence of a Barrack life.”

The amalgamation of the Madras Military Male Orphan Asylum with the Ootacamund Lawrence Asylum was effected in August last, on the completion of the new Buildings at Lovedale.

The number at present on the rolls are boys, 330 and girls 63.

The salubrity of the situation (which surpasses that of some of the healthiest public schools in England) is shown by the diminished percentage of sick in Hospital, and the robust appearance and healthy appetite of the children.

Although the Institution may be said to have been adopted by the State, it is not perhaps so generally known that Government has never contemplated doing more than furnishing it with a liberal *Grant-in-aid*. Contributions are earnestly requested that the benefit of the Asylum may be more widely extended to a *class* which has one of the strongest claims on British Subjects in India. Four years' annual subscription of Rupees 50, or a donation of Rupees 300, gives a title to nominate a child.

The boys receive such a training as will fit them for usefulness hereafter in various lines of life, whilst the girls are employed in such occupations as will tend to qualify them to become useful wives and mothers, should they be spared. The clothing and most of the in-door work in both branches is done by the children, and native servants are dispensed with as much as possible.

Contributions to the support of the Institution will be received by Messrs. Arbuthnot and Co., Madras, or the Bank of Madras, Ootacamund.

Provided that this indulgence may not be repeated for a year, save with the sanction of the Local Government, which should be given only when the sufferer has been posted in a notoriously unhealthy district.

The following to be added as Sec 2A

If an absentee makes over charge of his office before noon, his leave begins on and includes that date, otherwise it begins on the following day. But if the absence of the absentee does not involve the deputation of any Officer from another station, or any formal transfer of charge in the way of taking over money, or the like, then the local Government may, by a special order, permit the absentee to leave his station at the close of the last day on which the Office is open for business before his leave begins. In such case the execution of the duties of charge dependent upon the deputation of the absentee shall take effect from the close of the last working day aforesaid. But the leave of the absentee and the remuneration of allowances, if any, depending upon his departure shall begin from and include the first day thereafter on which the Office is open for business.

(b.) Provided that if the Officer was appointed to the Medical Service before the 7th November 1864, he shall receive an aggregate salary not less than his full batta pay.

In Sec. 1(a) omit "and" after the word Commissioner and add "and the Agents of the Governor-General in Rājputana and Central India" after "Hyderabad."

CIVIL PENSION CODE.

The words "not more" to be substituted for the words "rather less" in Sec. 119, clause(a).

The following to be substituted for Sec. 99:

Sec. 99- Service in the Railway Police on the East Indian Railway, and in Bombay, though such Police are either wholly or partly paid by the Railway Companies.

The following to be added as Rules 4(a) and 5(a) under Sec. 35:

4(a). The Officer must furnish all information that may be required from him by the Accountant General.

5(a). The salary of an Officer lent or transferred must, in every case, be fixed with the consent of the Government of India, and an officer must not accept any increase of salary without the previous sanction of the Government of India.

The following to be added to Sec 75

A recommendation of this nature must never be communicated directly or indirectly to the officer concerned until the reply of the Government of India is received

The following Rule to be added to Sec 23

2. Members of Office Establishments in the Railway Police in Bombay, who are wholly paid by the Railway Companies, are also exempted from this condition

The following to be substituted for Sec 20

Sec. 20 Press servants who are paid for piece work, and Section writers in Bengal, the North Western Provinces, and Madras are reckoned members of a permanent establishment if—

- (1) They are employed of casually but as a part of a fixed establishment, and
- (2) During the last 72 months of their actual employment they have been attached to one office uninterruptedly for 24 months, or it has not been through their own choice or misconduct that they have not been so attached

The following to be added to Rule 1 of Sec 40

But this concession shall not apply to an officer who was not in the service of the Mysore State before 1862, and who has not served continuously since that year

The following *Note* to be inserted under the heading of Chapter XXII

Note—The Rules in this Chapter are analogous to the Regulations for the grant of pensions to soldiers wounded and to the heirs of soldiers killed in action

The following to be prefixed to Rule 1, Sec 47

To pension an officer still capable of useful service is a waste of public money, and every underperson should always rather be tried to employ the officer otherwise accordingly—

The following to be inserted in Rule 2, Sec 47 after the words ‘cost of the appointment’

Particulars of the saving effected should be fully set forth in every application for compensation, pension, or gratuity. The saving should always exceed the cost of the pension or gratuity. Otherwise it might be better to postpone the reduction of Establishment or abolition of appointment

The words “or when the pensioner’s bill is found to be worn out” should be inserted after the words “filled up” in Rule 2 of Sec 80

In Sec 1(a) omit ‘and’ after the Commisaries and add “and the Assistants of the Governor General in Reputation and Central India” after ‘Hyderabad’

Rule 8 to Sec 55 An officer who is paid from a local fund may, on his appointment, with the permission of the Local Government, and upon production of a medical certificate under Sec 49, Rule 2, subscribe for a pension or gratuity under this section

The rules of the Code would then apply to such officer so long as he continued to subscribe for pension or gratuity, as if he were paid from the general revenues

The following to be substituted for Rule 1 of Sec 114

The heirs of native soldiers killed in action succeed in the following order—son, widow, daughter, father, mother

To a male the pension is given as follows—

- If the pensioner is under six years of age, till he is eighteen years old
- If above six and under fifty years, for twelve years
- If above fifty years, for life

To a female the pension is for life

This order need not be followed absolutely in the Civil Department, but it should not be lightly rejected

The pension of a male should not ordinarily be continued after he is eighteen years old. The pension of a female should last only until marriage, but on marriage she may have a dowry equal to five years’ pension.

The following to be added to Sec 24

Rule 1 The service of process servers before the Court Fees’ Act, 1870, was passed qualifies in the following cases—

In Bengal—

Service paid from the fund formed under Act V of 1863, Bengal Council

In the North Western Provinces

(a) Service under the Civil Courts after 31st December 1863

(b) Service under the revenue courts after 31st December 1865

In the Punjab—

Service rendered after 11th March 1859

In Oudh, the Central Provinces, and British Burmah—

All service

In Bombay—

Service paid from the Amiens' fee fund

(NOTE.—In Madras the service of process servers previous to their appointment under the Court Fees Act, 1870, did not qualify.

Rule 2. Rule 1 applies also to *muhazzim* who were on the same footing, in respect to the source of their pay as process servers.

The following para to be added to Rule 1 of Sec. 29

Provided that, if less than one fourth of any pension would under this rule be payable from another source, the whole shall be charged to the other source.

The following to be substituted for the first paragraph of Rule 1 of Sec. 23

Officers on establishments of Political Agencies are exempted from this condition. But when a political agency is established at the charge of a Native State, the members of the establishments, Government and Unconnected, must pay to the British Government, in respect to their pensions and absence allowances, a contribution equal to what would be levied from them under Sec. 35, if Sec. 34 applied to them.

The following to be added as Rule 1(a) 1(b) under Sec. 47

1(a) An Officer discharged with a compensation pension may not, on pain of losing his pension, refuse to accept any appointment which the Local Government thinks fit within six months from the date of his discharge to offer to him.

The salary of such new appointment must not, however, be less than enough to raise his total receipts under the operation of Section 9, to the amount which he received as salary immediately before his discharge. No should the new appointment be such as the officer may not reasonably and equitably be expected to accept.

1(b) Rule 1(a) applies also to the case of an officer entitled to compensation pension who is transferred to another appointment simultaneously with the abolition of his own appointment under proper authority. To such an officer a compensation pension may be simultaneously awarded.

The following to be added under head of Suspension

Subject to consideration of honesty and efficiency, men who have devoted their past lives to the public service have a moral claim on right to preferential employment, and that the Government expect their officers in every department to treat with full consideration claims based on long service to the State. G. O., Medical Department, No. 1,672 dated 18th October 1873.

POSTAL RULES

Under the head of Official Correspondence, Postage Rates page 290 substitute the following:—

No. 127, dated 30th September 1873. There is reason to believe that the special privileges in respect to postage of official correspondence are not everywhere understood, and that sufficient attention is not paid to economy in the official use of the post.

The special privileges of official correspondence which affect ordinary transactions are as follows:—

(1). An official cover, of which the weight exceeds half a tola, but does not exceed ten tolas, may be sent by letter post for one anna only.

NOTE.—For heavier covers, the charge by *packet* post is very much cheaper than by *letter* post.

Secondly. It costs the Post Office Department less to carry *packets* (which are sent by *banghy* post) than *letters*.

(2).—An official packet may be sent in a closed cover.

The postage on a *packet* is one-half of that on a *parcel*; and the only advantage obtained by sending an official cover by *parcel* post rather than by *packet* post, are (1) that a *parcel* is registered while a *packet* is not registered; and (2) that, as prepayment of the postage on a *packet* is compulsory, a *packet* cannot be sent "Service bearing."

The following rules should be observed:—

A. Attention should be paid to reducing the weight of official covers sent by post, whenever this can conveniently be done. For instance, a whole bundle of papers should not be sent when a *part* will suffice.

B.—A cover, of which the weight exceeds ten *tolahs*, should be sent by *packet** post, and not by letter post, unless it is important to save the extra time (never long) that it may, on some lines, and for long distances, take to transmit a *packet* by *langhy* post.

C. An official cover should never be sent by *parcel*† post, unless—

(1)—The contents are so valuable that, if sent by letter post, it would be registered, or

(2)—The postage is a proper charge upon the individual or public body to whom it is addressed, and not upon the general revenues.

Whenever an official cover is received in any office which is wrongly stamped, or which (its weight being over ten *tolahs*) appear to have been needlessly sent by letter post instead of by *packet* post, or which (whatever its weight) appears to have been needlessly sent by *parcel* post instead of by *packet* post, the receiving officer should invariably remind the despatching officer of the instructions contained in this notification. This may be done, simply, by the use of skeleton forms; and it is hoped that all public officers will soon be so trained as to need no further reminding.

A copy of this notification should always be posted in each office before the officer whose duty it is to despatch the correspondence of the office, and also before the chief ministerial officer.

The schedule of official postage rates is appended for convenient reference:

* NOTE.—It will usually be convenient to make it a standing order in every office, that no cover weighing more than ten *tolahs* shall be sent by letter post, without the express permission of the registrar or other chief ministerial officer, which permission should never be given without special reasons.

† NOTE.—It should probably be a standing order in every office, that no cover shall ever be sent by *parcel* post without the express permission of the registrar or other chief ministerial officer, which permission should never be given without special reasons.

THIS COMPANY was established in 1825, and is one of the largest and most successful of the Life Assurance Institutions of Great Britain. Its income exceeds **£700,000** per annum; and its Accumulated and Invested Funds amount to upwards of **Four Millions Sterling**. Its Profits have been very large, and persons assured have derived very valuable benefits from their connection with the Company. It has also acquired a marked character for liberal management, being the first institution which relieved Policies of Assurance from restrictive and unnecessary conditions, and gave such contracts increased value and stability in other ways.

PROGRESS OF THE COMPANY'S BUSINESS.

The business of the Standard Life Assurance Company since its institution has increased steadily year by year, until it has attained its present large amount.

In the last seven years (1866-72, both inclusive) the STANDARD has passed nearly 13,000 policies, insuring the sum of £79,455,364, or very nearly Eight Millions—giving an average of about £600 for each policy, and an average amount of business transacted during each of these seven years of £1,137,052 per annum. No other Scotch Office can show equal results, and in fact, the sum assured by the STANDARD exceeds by One Million sterling the result shown by any one of those Offices, within the same period.

Beginning in 1825 at *nil*, there are now subsisting Assurances to the amount of more than Seventeen Millions sterling; the annual Revenue of the Company is upwards of Seven Hundred Thousand Pounds; and the Assets are considerably upwards of Four Millions.

These results have not been attained by any other than constitutional means; and the Directors are satisfied that, large as the Business has been, no office can exhibit a better class of risks, the Assurances being to a great extent in connection with Family Provisions, Marriage and other Settlements.

INVESTMENT OF FUNDS.

The Funds of the Company, amounting to considerably upwards of **Four Millions Sterling**, are invested in Government Securities; in Loans on the security of Land, by bond or mortgage; in Landed property; in advances to the Company's Policyholders; and in other ways affording undoubted security.

DIVISION OF PROFITS AMONG THE POLICYHOLDERS.

One feature in the STANDARD LIFE ASSURANCE COMPANY, the operation of which has contributed in a marked degree to the great success of the Institution, is the liberal DIVISION OF PROFITS among the Assured, and the Directors request attention to the great advantages of the system. The Divisions are made at intervals of *five* years, and they are preceded by a most searching Investigation into the affairs of the Company.

AT THE DIVISION OF PROFITS IN 1870,

THE LARGE SUM OF

The additions to Policies of larger or smaller amount are in the same proportion.

Those who did not wish to add the amount of the Bonus to the Sum Assured were permitted to take the value of the addition in a present sum, or to apply its value to the reduction of the Annual Premium for five years.

**The next Investigation and Division of Profits will be made at
15th November 1875, and quinquennially thereafter.**

RESERVES.

While the Company have conferred these important benefits on the Assured, they have at the same time made very large reserves in estimating their Liabilities, so as to secure the future stability and welfare of the Institution. In valuing the Liabilities of the Company the Actuaries have adopted, as the basis of their calculation, a rate of Interest considerably below that which the Company can readily realise on the best security which the country affords. The rate of Interest assumed in the great bulk of the Company's calculations is 3 per cent. — In some cases $3\frac{1}{2}$ per cent. is adopted as more appropriate to the particular class of risks under consideration, and in others as high as 4 is the assumption, but on the whole there is a gain of above one per cent. on Interest alone, which, on upwards of Four Millions of Money invested, gives a large and handsome Annual Profit. But the large Reserve of the Company, consisting of the unvalued portion of the premiums payable, is the mainstay of the business, being sums set aside at the Investigations which the Company may calculate on receiving equally with the rest of the Premiums contracted for, but which are not taken into account in the calculations. That is to say, if an Annual Premium under a Policy is £100 per annum, £80 only may be valued, the difference being called the Reserve or Loading. It is not easy to explain this distinctly without fuller illustration than can be here given, but the effect is apparent, when it is stated, that the Company have set aside at 15th November 1870 about £100,000 per annum in this way, worth in present value not less than thirteen years' purchase. The Company have other large sources of profit arising from the selection of lives, surrendered and abandoned Policies, etc. etc., but enough has been stated to show that the Company's affairs are highly prosperous, while the benefits conferred on all interested are very large.

THE RATES OF THE COMPANY,

which have been calculated on data derived from the most authentic sources, will be found moderate, and, looking to the facilities and advantages afforded, they are undoubtedly more advantageous, and less expensive, than those of any other Office transacting the same class of business.

A STANDARD POLICY

is

UNCHALLENGEABLE

according to the resolution of 1861, on any ground whatever connected with the original documents on which the Assurance was effected, after it has endured five years, and that without application to the Directors or other forms, evidence of age having been produced.

GENERAL REGULATIONS AND CONDITIONS.

These have been framed with much care, with the view of making the Company's Policies available securities of the most perfect kind, and of allowing as much freedom to the Policy-holder as may safely be granted. The Directors invite particular attention to them.

Claims paid at home or abroad.

Policies with Profits purchased at any time after payment of one year's Premium, and Policies without profits for the whole term of life, after three years' Premiums have been paid.

Assignments of Policies recorded, and from the date of such recording, Assurances not subject to forfeiture on any ground whatever, except fraud, or non-payment of the Proper Premiums.

Age and Interest admitted on the Company's Policies in all cases where proof is given satisfactorily to the Directors.

Thirty days of grace allowed for payment of Premiums, yearly, half-yearly and quarterly and ten days' grace for monthly, and in the event of death taking place during the currency of these days, before payment of the Premium, the Policy will be as valid and effectual as if it had been paid.

Assurances forfeited may be revived within 13 months from the date at which the Premium became due, under certain conditions.

The Indian Military Rate covers the risk of war in the case of Officers in Her Majesty's service, while on the Indian Establishment.

Military Men holding appointments of a civil character, not requiring military service, charged the rate applicable to civilians, with certain exceptions.

Persons Assured through the Indian Branches of the Company have permission to reside in any part of the world, so long as they continue to pay the original rate of Premium stipulated in their Policies.

Persons Assured for the whole Term of Life returning to Europe or other climate considered equally healthy by the Directors, pay the reduced Premium applicable to Europe, according to the Company's published Rates (Table No. II), commencing with the first Premium due, after their arrival within such limits has been duly reported, and they receive a return of a proportion of the extra premium calculated by days for the period from the date of their arrival in Europe to the date of the next renewal Premium falling due, provided the return is then claimed. This rule, however, does not apply to the first year's Premium except in special cases.

Persons Assured paying a reduced rate of Premium for residence in Europe or elsewhere, desirous of returning to India, require to make application to the Directors for permission to do so, paying the original rate of Premium required in terms of their Policy. If desirous to proceed to any other part of the world instead of returning to India, the terms will be specially arranged.

No Expenses in connection with obtaining Policies; for the whole term of life, and all Medical Fees paid by the Company.

Assurances for limited periods can also be effected at moderate rates of Premium.

The Local Boards in India are empowered to accept Proposals and issue Policies; and every facility is afforded for the despatch of business.

Full particulars, together with Proposal Forms, Prospectuses, &c., will be forwarded on application being made to any of the Sub-Agents of the Company, or to

 THE HON. A. F. BROWN (Parry & Co.)

Medical Examiner,

J. LISTON PAUL, Esq., M. D.

Actuary,

A. H. BAILEY, Esq., of the London Assurance Corporation.

* * *

Agents in London,

Messrs. ARBUTHNOT, LATHAM & Co.

The Chief Characteristics of this Society are:—

Mutual Assurance.

Consequently there are no share-holders to be provided out of the premiums with a dividend.

Claims paid immediately upon a casualty being proved to the satisfaction of the Directors.

An official notice of death in any of Her Majesty's Government Gazettes is a sufficient proof of death.

Life Policies, (excepting those formerly issued at annually increasing rates of premium), when they have paid three years' premiums are saleable to the Society at rates specially prepared by the Society's Actuary in London.

For the convenience of policy-holders residing in Europe, an agency has been opened in London for the receipt of premiums at a fixed Exchange of Two Shillings per Rupee, and for payment of death claims at the current Exchange on Madras. In the event of policies thus transferred to the London Register, becoming claims by death, Indian Probate or Letters of Administration are not required.

Renewal premiums are payable half-yearly on the 1st January and 1st July.

One calendar month's grace allowed for payment of renewal premiums.

Claims arising whilst renewal premiums are due are not invalidated provided the premium be paid within the month's grace.

Policies voided by non-payment of premium may be renewed at any time within twelve months upon production of satisfactory health certificates.

The funds of the Society not required for current purposes, must be invested in Securities of the Government of India, or in Securities, the interest of which is guaranteed by the Government of India, or by the Secretary of State for India in Council.

All such Securities must be held in the joint names of three of the Directors of the Society. The Directors must be residents at Madras, and are elected by the Members.

Quinquennial valuations of all the Society's assets and liabilities are made by the Actuary of an Assurance Office established in London having a duration of not less than twenty years.

The Surplus Funds which by every such valuation are found to be held by the Society, are divisible, at the discretion of the Directors, rateably with the premiums paid during the expired quinquennium amongst the holders of life policies subsisting on the last day of the period embraced by every such valuation, and are applicable to the reduction of premiums becoming payable during the ensuing quinquennium.

The valuation to 31st December 1870 was made by A. H. Bailey, Esq., of the London Assurance Corporation, his report shows that the Society had on that date a clear Surplus of Rs. 5,42,183.

Premiums payable during the quinquennium 1871-1875, on policies that were subsisting on the 31st December 1870, have been reduced to the extent of sixty per cent. of the aggregate amount of premium paid on such policies during 1866-1870.

The following is an example of the effect of the Reduction. Policy No. 1011 for Rs. 20,000, age next birthday 44 years, civil rate, gross Annual Premium Rs. 56 per Rs. 1,000. Premiums paid thereon from 1st January 1866 to 31st December 1870

...	...	Rs. 5,600
-----	-----	-----------

Sixty per cent. of which amount is	Rs. 3,360
------------------------------------	-----	-----	-----------

Divided by five for so many years of ensuing quinquennium	Rs. 627
---	-----	-----	---------

gives an annual reduction during 1871-1875 of	...	Rs. 627
---	-----	---------

Gross annual premium	Rs. 1,120
----------------------	-----	-----	-----------

Less annual reduction as above stated	Rs. 672
---------------------------------------	-----	-----	---------

Net annual premium payable during 1871-1875	...	Rs. 448
---	-----	---------

Or at the rate of Rs. 22-6-5 per Rs. 1,000 annually.

The current quinquennium commenced on the 1st January 1871, from which date reduced premiums on new Assurances came into force.

The members of the Society consist of all persons who hold policies of assurance either on their own lives or on the lives of other parties, *for the duration of life*.

General meetings of members must be held annually.

Special general meetings may be summoned by the Directors or by twenty members.

An Annual audit of the Society's accounts is made by an Auditor elected by the members.

The Report of the Directors and of the Auditor, together with an abstract of the accounts for the previous year, are read at every annual general meeting.

Members holding policies for Rs. 1,000 or up to Rs. 10,000 have one vote, and an additional vote, not exceeding ten in all, for every additional Rupees 10,000.

The past experience of the Society leads the Directors to anticipate that the retention of the mutual principle, and the quinquennial distributions of Surpluses, will bring down the cost of assurance by this office, for life, to the lowest possible point.

Term policy-holders are not members, and are not entitled to share in the surplus funds of the Society.

Term policies are therefore issued at reduced, non-participating rates of premium.

Assurances may be granted on the lives of Europeans, East Indians or Eurasians, and Parsis.

In *India* and the *Colonies* it is extensively used to *prevent* taking complaints incidental to Tropical Climates, and as a *renovator of the system after sickness* is invaluable.

"A superior preparation that may always be relied on."—*Sir Astley Cooper.*

"The compound Decoction of Sarsaparilla acts as a DIAPHORETIC and ALTERATIVE, and is of the greatest service in CHRONIC RHEUMATISM, CUTANEOUS ERUPTIONS, the advanced stages of INDIGESTION, and many very severe LOCAL diseases ORIGINATING IN DISORDERS OF THE CONSTITUTION."—*DR. GRAHAM.*

Sold in pints, ½ pints, & ¼ pints. One pint is equal to 8 pints of the ordinary preparations.

This Company which is composed of over Two Thousand Shareholders, who have paid up more than *Two Hundred and Fifty Thousand Pounds* of Capital, was founded for the purpose of introducing a new system of Life Assurance and Investment, which confers several important advantages upon the Assured and Shareholders, never before presented to the public.

THE POSITIVE system, while it gives to Life Assurance a new and valuable character, by providing the highest order of security in the world for the Assured, sweeps away all the harrassing conditions and technicalities which surround ordinary Life Assurance,—it puts an end to policy forfeiture and provides the Assured with a negotiable property for every premium paid,—whilst the scientific principles on which Life Assurance has so long and safely rested are not disturbed.

The Office grants almost every description of Life Insurance. The rates for the following being contained in the published Prospectus of the Company :—

TABLES A. B. & C. contain the Premium required for the Assurance of Lives ranging from 20 to 60 years of age, the sum assured being payable at death, but option being given the Assured to pay Premiums up in 5, 10, 15, 20, 25, or 30 years, by yearly, half yearly, or quarterly instalments, instead of continuing a burthen throughout life.

TABLE D contains the rates for ordinary Assurances, the Premiums being payable yearly, half yearly, or quarterly, for the whole period of life.

TABLES E. F. & G. give the annual, half yearly and quarterly rates for short periods, the sum assured being payable should the life assured die within 1, 3, 5, 7, or 10 years, as may be decided upon.

TABLES H. I. J. and K. contain the rates for Endowment Assurances, whereby assureds can secure any given sum on attaining the full age of 50, 55, 60, or 65 years, as may be fixed on, the sum assured being payable to the representative of the assured, should he die previous to attaining the age indicated.

TABLE L gives the Annual Premium required for the Joint continuance of two lives, the sum assured being payable on the decease of the first.

The peculiar, and one of the most important, features of the system introduced by the "Positive," is the granting of Promissory Notes, or fully paid up Policies, on the payment of each Premium, such Promissory Note being in the exact proportion to the sum assured, that the Premium bears to the total amount that is to be paid, thus if a policy is taken out for Rs. 10,000 and the Premiums are elected to be paid for by ten annual instalments, on payment of the first premium a Promissory Note would be issued for Rs. 1,000 being *one-tenth* part of the sum assured, the Policy being issued for Rs. 9,000 only, the two sums making up the full sum assured, on the second payment being made, a second Promissory Note for a similar amount would be issued, and the Policy would be proportionally decreased, and this course would be pursued on all future payments, thus the policy would be reduced to nil at the expiration of the ten years, and the assured would hold ten Promissory Notes for Rs. 1,000 each, or Rs. 10,000 in all.

Did the assured discontinue his payments at the end of, say 5 years, then he would still hold the five Notes for Rs. 5,000, and such sum would be paid at his decease,

Should the life assured, however, die at any time during the due continuance of his Policy, then the full sum assured would be paid to his representatives.

The following are the rates for the particular class of Insurance referred to, being table A. of Prospectus, but Promissory Notes or fully paid up Policies are also granted in the case of Insurances under Tables B. and C. and H. to L. inclusive :—

TABLE A.

Showing under Columns No. I, the cost of, or the Annual Premium required for an Assurance of Rs. 1,000 payable at death, to be paid for by 5, 10, 15, 20, 25 or 30 Annual Instalments. No. II, the amount of Positive Promissory Note, or fully paid up policy, granted on the payment of each premium. No. III, proportion of premium to be invested in Government Securities, absolutely for the Assured. No. IV, the surrender value or amount redeemable at any time at the option of the Assured—and No. V, amount retainable for expenses, and profits and bonus to the Assured.

Rates for intermediate ages in proportion.

Premiums may be paid half-yearly or quarterly if preferred.—See Tables B. & C.

The rates of the Company are based on a whole world system, which, whilst being high for permanent residents in England, are moderate for those residing in India.

The special and general advantages offered by the Company, being based on the principle of absolute fairness and equity to the assured, provides that no premium shall be paid in vain—that when once a policy has been granted, nothing but the non-payment of premiums can vitiate it, wherever the assured may go, or whatever occupation he may follow; Policies that have been allowed to lapse may be revived without fine at any time on production of an approved medical certificate, and on payment of arrears of premium and interest.

That in retaining 20 per cent. only of each premium paid for expenses, &c., the Company grants perfect security to the assured, the remaining 80 per cent. being held in Government Securities in trust absolutely and solely for them—this it is deemed is amply sufficient to cover all claims as they may arise, but in view to any undue or unanticipated mortality occurring amongst the assureds, one-fifth part of the Capital of the Company is held in Consols in the Central Trustees names, to cover any such abnormal rate of mortality, and as it is fully anticipated that this amount, which already exceeds £50,000, will not be trenched on, at least for very many years, if at all, will with the sums to be added to it, as the Capital is increased, eventually form a splendid Reserve Fund. Premiums may be paid by yearly, half-yearly or quarterly instalments, 30 days of grace being allowed, within which to pay yearly and half-yearly premia, and 15 days when, premiums are payable quarterly, should the assured die, during the currency of these days of grace, but before the premium was paid, the full sum assured, would be payable, the premium due being retained on the claim being adjusted. Stamps and Medical Fees are paid by the Company, and no expense is incurred in obtaining policies beyond the actual premiums.

The security of the Assured is Guaranteed from the following three sources —

1st.—THE GUARANTEE FUND which consists of 20 per cent. of the Capital of the Company, and already amounts to £51,372. This amount is invested in consols in the names of the Central Trustees. The Right Hon'ble Lord SANDHURST, THOMAS HUGHES, Esq., Q. C., M. P., and M. H. CHAYTOR, Esq., Chairman of the National Discount Company.

2nd.—THE NET PREMIUM FUND which consists of 80 per cent. of all Premiums received.

(These sums are held absolutely for the Assurants, as they cannot be touched for any other purpose than to meet claims as they arise.)

3rd.—THE OTHER CAPITAL AND PROPERTY of the Company, which is primarily responsible for Assurance contracts.

The whole of the expenses in connection with the formation of this Company comes out of the Premiums paid for Shares, and not as is usually the case with other Offices from the Capital subscribed or first Premium income, consequently the Premium Fund of this Society remains intact from the very commencement, thus enabling the new system of investing 80 per cent. of all Premiums in Trust for the Assurants, to be carried out in its full integrity.

Thus it will be seen that the system adopted by the 'Positive' whilst providing for all the contingencies of Life Assurance, as ordinarily secured by other Offices, grants many other very important advantages, all in favor of the Assured, and which renders Life Assurances as safe, convenient, useful, and equitable as it is pos-

sible to be. In fact the system reverses the usual principles of Life Assurance, inasmuch as it places all power over a life policy in the hands of the Assured, instead of vesting it in the Company, and it grants 'positive' and 'indisputable' policies, in lieu of those issued by other Life offices, which absolutely lapse, and become forfeited from any of the following causes:—Non-payment of premiums in due time, whether it be in consequence of forgetfulness, temporary pecuniary difficulties, or any other cause; if the Life Assured proceed to, or travel beyond the limits provided for in his Assurance, without special permission, and the payment of an adequate extra premium: or if the Assured commit Suicide, or die by the hands of justice.

In addition to these, and many other advantages the 'Positive' Office, has adopted that system which is now, held to be the only true test of the solvency of a life Office, namely ample Security in Government paper, and Consols, which can at any moment be converted into 'Gold.' This is very different from the miscellaneous Securities usually held by other Assurance Offices, which, though possibly appearing of great value on paper, if forced on the Money Market on any given day, it would be utterly impossible to predict the amount, which they would realize

HEAD OFFICE—KING STREET, CHEAPSIDE, LONDON.

EMPOWERED BY SPECIAL ACT OF PARLIAMENT.

Capital—One Million.

“Short Term” and “Whole Life” Assurances are granted.

In addition to ordinary Assurances this Company issues Policies by which the sums assured are made payable to the Policy-holder himself on his attaining a specified age or to his representatives in the event of his previous death. By this means Officers and others may both provide for their families and secure *Retiring Provision* for themselves.

Also “FREE” Policies are granted which can never altogether lapse in consequence of the non-payment of Premiums.

“Clergy Rates” have been recently prepared to enable Clergymen and Ministers of all denominations to assure their Lives in this Institution upon more favorable terms than in any other Office.

Premiums may be paid annually, half-yearly, quarterly or monthly as desired.

Thirty days’ grace are allowed for the payment of annual, half-yearly and quarterly premiums, and fifteen days for monthly premiums. The validity of the Policy will, in every case, be maintained by payment of the Premiums within the stipulated period, notwithstanding the death of the Assured may have occurred before such premiums shall have been received.

No extra rate is charged for sea-passages, and on arrival in Europe a reduction is made in the premium without the assured being required to pass any Medical examination.

Policies effected by parties on their own lives, and assigned as a *bonâ fide* security to others, will not be rendered void in the event of death by suicide, duelling, or the hands of justice. Claims will become payable within three months after satisfactory proof of death.
